ACKNOWLEDGMENTS)

We are indebted to Shri Harsh Kant Vashisth for his help and assistance provided in bringing out this book. We would like to place on record our sincere thanks to Shri A.S.Sharma for guiding us to accuracy and update the knowledge about Urdu as a language along with certain facts related to the project in hand. This acknowledgment would be incomplete if we do not put our appreciation on record for the efforts made by Shri Vibhu Kant Goswami (Vastu Shasrti), Shri Ribhu Kant Goswami (Astrologer), and Miss Nishtha Vashisth who provided timely administrative support in the completion of this work. We would also like to take this opportunity to convey our thanks to our wives Smt. Hem Goswami and Smt.Preeti Sharma who quietly and patiently bore all the inconvenience that our preoccupation with this work caused them.

We are thankful to Shri P.K.Vasudev and Shri Umesh Sharma (Director-Astrology Point) who were indispensable for their valuable suggestions which have been incorporated in the book. Sh. Vasudev immensely helped us in checking the proof of the book. We would also like to express our thanks to Shri Saurabh Sagar, the publisher of the book and Shri Narender Sagar propriter Sagar Publications who extended total support and cooperation without which this work would not have been possible.

This work could not have seen the light of the day, had Smt.Swatantra Sharma W/o late Shri Avtar Krishan Sharma had not provided the notes of the departed soul to us, which had immensely helped us in probing deeper into the subject and to prove the validity of the work. In fact, the entire work should have been dedicated to the departed soul.

PREFACE TO BE READ

The study of the positions of celestial bodies and their consequent cosmic influence/effects on biotic and abiotic entities on Earth in general and human affairs in particular, may be defined as astrology.

A band of the celestial sphere which extends about 8° to either side of the ecliptic represents the path of the principal planets, the Moon, and the Sun. This band of seven celestial bodies which influence human affairs and personalities are divided into 12 equal parts called signs, each 30° wide, bearing the name of a constellation (a visual formation of stars perceived as a figure or design, especially one of 88 recognized groups named after characters from classical mythology and various common animals and objects) for which it was originally named but with which it no longer coincides owing to the precession of the equinoxes. Dragon's head (Rahu) and Dragon's Tail (Ketu) are shadow planets, but they have an astounding effect on the native.

We call names of days in a week in our day-to-day life but most of us perhaps are not aware that this seven-day system is based on the ancient astrological perceptions that the seven celestial bodies revolving around stationary Earth influence what happens on it, and that each of these celestial bodies control the first hour of the day named after it. This system, according to western thought, was brought into Hellenistic Egypt from Mesopotamia, where astrology had been practiced from times immemorial and where seven had always been a propitious number. In A.D. 321, Emperor Constantine the Great, grafted this astrological system onto the Roman calendar, made the first day of this new week a day of rest and worship for all, and imposed the following sequence and names to the days of the week: Difs $S\frac{1}{2}$ lis, "Sun's Day"; Difs $L\frac{1}{2}$ nae, "Moon's Day"; Difs Martis, "Mars's Day"; Difs *Mercuri*^o, "Mercury's Day"; Difs *Iovis*, "Jove's Day" or "Jupiter's Day"; Drfs *Veneris*, "Venus's Day"; and Difs *Saturn*^o, "Saturn's Day." This new Roman system was adopted with modifications throughout most of western Europe: in the Germanic languages, such as Old English, the names of four of the Roman Gods were converted into those of the corresponding Germanic Gods. Therefore in Old English we have the following names (with their Modern English developments and day Lord according to Western/Indian Astrology): *Sunnandæg*, Sunday (Lord *Vishnu*); *M $\frac{1}{2}$ nandæg*, Monday (Lord *Shiva*);

T^owesdæg, Tuesday (the god Tiu, like Mars, was a god of war; *Hanumanji*); W^½dnedæg, Wednesday (the god Woden, like Mercury, was quick and eloquent; Goddess *Durga*); Thunresdæg, Thursday (the God Thunor in Old English or Thor in Old Norse, like Jupiter, was lord of the sky; Old Norse Th^½rsdagr influenced the English form; Lord *Brahma*); Fr^ogedæg, Friday (the goddess Frigg, like Venus, was the goddess of love; Goddess *Lakshmi*); and Saeternesdaeg, Saturday (*Bhairon*).

Lal Kitab was presented to late Dr. Goswami Giridhari **Lal** in 1966 by Major **Verma** who was posted in the Ministry of Home Affairs for his research institute on Astrology. As Goswamiji had sound command over *Vedic* Astrology, he did not use it for predictions and the book remained just like any other book in his Astrological collection.

In 1983, **Lal Kitab** was suddenly in news when an astrological magazine "Fate and Fortune" published **Lal Kitab's** remedies in one of its issues. Soon the market was flooded with **Lal Kitabs** and its numerous versions. Although, we have come across a number of reproduction/versions of **Lal Kitab**, none of the writers has mentioned as to which particular issue of **Lal Kitab**, his work is based on. Some authors have traced its mythological origin to Aran, the Charioteer of Lord Sun. Others claim that it is based on some prophesies made to Pt. Roop Chand Joshi by God. We even have those so-called transcontinental astrologers who have linked its origin to the Arab/Muslim world.

The oceanic knowledge of occult science is being practiced in the hilly area of **Jammu-Kashmir**, Himachal Pradesh, Uttar Pradesh where perhaps this ancient system was given to them by our Holy Saints. The book is replete with Vedic/Sanatan references namely Gayatri **Mantra**, **Stotra**, Gods, Ganga etc. which prima facie rules out its Arab/Muslim origins. Islam does not talk of Astrology nor relies on its validity. The fact that colour photographs of all the Lords of nine planets were depicted in 1952 edition again refutes any connection, whatsoever to Islamic Fiqh. We also have no hesitation in denouncing those who have traced **Lal Kitabs** origin to mythology. The script of the book and the style used by the author vindicates our inference.

We would subscribe to the popular and generally accepted view that the actual author of **Lal Kitab** was Pt. Roop Chand Joshi who hailed from Pharwala in United Punjab under British Rule. Panditji was an accountant

in Royal Indian Army during the British Rule. During his tenure in Army, he received some old manuscripts from one of his colleagues who often ventured into Palmistry. Certain predictions made by the amateur palmist in respect of his seniors proved meticulously right.

The soldier was encouraged by his seniors to record his knowledge on paper, which would go a long way in strengthening the faith and trust of the common man in Astrology and Palmistry. Since the soldier was not a man of letters, he pleaded with Pt. Roop Chand to translate his acquired knowledge in black and white. Thus, the foundation of a great book was laid. The maiden issue which was titled "**Lal Kitab Ke Farman**" (1939) was not a comprehensive one and therefore, was not able to acquire popularity and acceptance among the astrologers and palmists in particular and public in general.

In a sequel to his maiden work "**Lal Kitab Ke Farman**", Pt. Roop Chand Joshi brought out its several issues titled "**Lal Kitab Ke Arman**". This book was published in 1940 and was supplement to the earlier book. In 1941, "**Lal Kitab Part III**" was published and gained fame as "**Lal Kitab Gutka**". In 1942, "**Lal Kitab Ke Farman**" and after 10 years of it (1952), the final work of Pt. Roop Chand Joshi was published in the name of **Lal Kitab** which was published after compiling the previous issues of the books.

The reason that drove us to translate the five issues of **Lal Kitab** was our desire to put an end to all controversies cropping up about the origin of work and its validity. Secondly, since the books were readily available with us in Urdu language we could endeavour to check indiscriminate commercialisation in the name of **Lal Kitab** and also make efforts to convey to the masses the reality or facts about the original work in an international language like English.

The first volume of **Lal Kitab** deals with the grammar of the book. In the first volume we have dwelt with the grammar of **Lal Kitab** quoting illustrations in such a lucid way that even the beginners can make good predictions. The different states of the planets, items related with them have been explained through different tables. Father's debt have been dealt in detail and the remedies for it have been advised accordingly. Readers are, however, advised to go through the grammar portion (volume I) thoroughly otherwise they cannot make full use of this field of occult science.

In the beginning of the book we have discussed the palmistry and phrenology section in brief which could be used for rectification of the horoscope while preparing the Annual chart or predicting the natal chart. Preparation of natal chart through palm have been discussed through which one can make a natal chart though, date, time, and place of birth of the native is not available. In this regard we would like to emphasize that before casting a horoscope through palm one should have good experience in this field. For some predictions help of phrenology could be taken.

The second volume of the **Lal Kitab** is all about interpreting the horoscope, suggesting the remedies by using the grammar given in the first volume of the book. Before suggesting any type of remedy for any evil or debilitated planet, one should see the reason for the problem and suggest remedy accordingly.

While predicting, one should take care of the planets in their fixed houses. Suppose Venus is posited in 2nd house, which is its fixed house and no planet gets debilitated in 2nd house. Its house lord Venus brings rapprochement and peace. Venus is called reincarnation of Goddess of Wealth. Here respect for one's spouse will be a beneficial remedy for the native because Venus is also wife; but if the same Venus is posited in the House No. 4, fixed house of Jupiter, it will give rise to chances to meet women, cover up liaisons, flirtations and romance but marital bliss will not be available. Wealth will be destroyed and children will be few and far in between. Here the remedy would be establish Moon or throw Jupiterian things into a well. Have a small pond of water on **roof top** to end the evil effect of Venus. Here establishing Moon is recommended because according to zodiac signs fourth house belongs to Cancer whose lord is Moon and it is fixed house of Jupiter as per **Lal Kitab**. To understand this point one more example can be quoted of House No. 11 which is fixed house of Jupiter but as per Zodiac Signs House No. 11 belongs to Aquarius whose lord is Saturn. Hence, it could be said that land belongs to Saturn and building is constructed by Jupiter. Therefore, Saturn must have some impact over this house.

According to traditional Indian astrology, Rahu & Ketu cannot be conjoined in position; but only do so by aspect in the latter house where second evil is posited. For example, if they are posited in H. No. 1 & 7, they would be considered conjoined in H. No. 7.

This condition of Rahu-Ketu being 1 to 7 from each other does not hold for a chart based on Oceanic Thought. They can even be together. Whenever they are separate, wherever they are together by aspect, their combined effect for that house will be considered. Based on this principle, their conjoined effect for 12 houses has been given in this part of **Lal Kitab**. Knowledge of grammar of **Lal Kitab** is must given in first part of the book to understand this volume of **Lal Kitab**.

Lal Kitab Astrology is very much based on the articles, relations, business/profession and other miscellaneous things related to the planets which changes according to the houses of the chart. All the living and non-living things have been divided by **Lal Kitab** under nine segments. Such as brass (Sun), silver (Moon), soil (Venus), Gold (Jupiter), Iron (Saturn), elder daughter (Mercury) etc. One should bear in mind that whenever it is indicated that a planet in a particular house has malefic effect, it would be advisable to refrain from items relating to that planet. For example, Venus in H.No.9 generally causes financial losses. Hence, whenever in an annual chart Venus is in H.No.9, if a white cow is purchased, it will cause heavy losses. Similarly, if items relating to particular house are established, their benefic or malefic effect will be as per transiting planet in that year.

A common misconception attributed to some authors of **Lal Kitab** in its various forms is that one can establish any planet in his/her desired house. Nowhere **Lal Kitab** subscribes to this theory. However, it do emphasis that "doubtful planet" can be remedied. A planet is considered 'doubtful' if it is posited in a sign other than that (i) the one owned by it; (ii) or a sign in which it gets exalted or debilitated; (iii) or its fixed house; (iv) or else it is in company of another planet with which it has house exchange relationship. The benefit of its 'doubtfulness' can be availed to obviate its malefic effects. Any planet, which is in house of exaltation or debilitation, or its fixed house or its own sign, such a planet would have a pre-determined 'cosmic effect'. It would be futile to make efforts to change its malefic effects, which is simply beyond human purview.

We would like to underscore that some people take the **Lal Kitab's** remedies easy and do not follow them in letter and spirit. The reason underlying may be that these remedies fall short of their faith and devotion because some **Lal Kitab's** astrologers recommend them without proper

knowledge of the grammar of the book or they are not much costly in comparison to the remedies recommended by the astrologers of different schools. Secondly some people have apprehension that **Lal Kitab** is not a part of *Vedic Astrology*, which is totally wrong. If one really wants to be benefitted from the **Lal Kitab's** remedies, one should have faith in **their** effectiveness and follow them with devotion as prescribed by their astrologer.

As **Lal Kitabs** were written in five parts between 1939 and 1952 AD, some 50-60 years ago, some predictions have been made in the then contemporary frame of mind. Therefore, it is advised that while predicting the horoscope, an astrologer should keep in mind the country which the native belongs, the period in which he was born, and the corresponding economical, social and political status of the native.

In our work efforts have been made to compartmentalize the rare aspects found in the five editions available in order to make them accessible to the masses and the astrologers so that they could make optimum use of this faculty. In this book we have left a number of Hindi technical terms related to Palmistry untranslated in English in order to avoid misunderstanding there actual purport. And to tackle this particular aspect Sagar Publications have brought out **Lal Kitab Gutka** which is a verbatim translation of **Lal Kitab Part-III**. As this is more of a translation work and the Urdu words used in **Lal Kitabs** have been translated into English in verbatim.

We would again like to thank our readers for subscribing to our work and hope that this will go a long way in establishing a common man's faith in this ancient **Occult Science**. We look forward to your valuable suggestions, which we would certainly try to incorporate in our forthcoming works.

LAL KITAB

(RED BOOK OF ASTROLOGY)

(VOL. I)

INTRODUCTION

God Ordains Fate

**The man is governed by his own fate,
Ordained by God which manifests on its own
No dispute of intellect (Mercury) or fate (Jupiter)
Destiny is written during period of divinity
Secrets of birth and death are concealed therein.**

A man's fate is ordained by God in which secrets of his life, death and course of events are hidden. He has also ordained to take care of the ungrateful. The subject of the aerial thought would undoubtedly indicate the day of death or secret of sex of a child in the mother's womb. Nevertheless, it is inadvisable to forecast the same before time. While there is remedy for illness, there is no escape from death. Astrology, being the knowledge of the Unknown, is not magic nor a *mantra*. It comprises of all worldly considerations without any claim to divinity. It is to some extent a source of help for personal protection and tranquillity of the soul. It is not a weapon to be used against others. In the arena of fate, if the drain water (fortune) is obstructed, then, with the help of Astrology, appropriate effort could be made to set the course of events right by removing obstructions. But no increase or decrease can be made in the quantity of water (Fortune). It is possible at times to raise a protective wall with the help of Astrology before a rapacious lion (evil events) assaulting a person so that the lion may not cause any harm. Even if the lion assaults with ferocity, without trying to cage it, a wall (of protection) with spiritual help could be raised. The lion would get exhausted, abandon the idea of assault and the man would get exhausted, abandon the idea of assault and the man would automatically be spared.

The **Lal Kitab** (Red Book) is auspicious if it is bound in red colour. All other colours (excepting red) would prove inauspicious.

This treatise is based on “**Samudrik Shastra.**” It has been written in the form of different Commandants (Chapters). Repeated reading of the book would unfold the secrets of the subject.

There is no remedy for doubts and suspicion. To start raising doubts,

even before testing anything, would not prove helpful for proper understanding of the subject. Secrets of a subject can be unravelled only if our approach is positive.

Casting a horoscope and ascertaining its correctness may be attempted only after understanding of the subject. In the meantime, experience may be gained from the horoscopes made on the principles of traditional Astrology. However, trying to understand the subject through one's own horoscope would prove to be counterproductive

The real friend is one who points out the defects. Pointing out infirmities of the subject, in fact, would be helpful in augmenting knowledge.

One should refrain from speaking ill of any other expert on the subject of Astrology. There is no doubt that ill feelings dominate the polluted minds of men with limited knowledge and foolish satirical kings. However, it would be humane and kind to give the benefit of the knowledge of the subject to other friends in good faith; since goodness breeds goodness.

Prudence demands that one should not take cudgels against destiny. One cannot author one's own fate. The most auspicious course of life is the one, which has been pre-ordained. The most powerful, the brave and the ambitious cannot achieve results despite hectic efforts except those, which are destined and predetermined. One is, at times astonished to see marvelous things happening in a few magic moments and one is left wondering as to what is the secret of this entire marvel. Indeed, the answer to this is simple. When destiny (Jupiter) shines, a beggar becomes a king, notwithstanding the fact whether he has the strength where-withal or the need there of.

DIFFERENCE BETWEEN THE NEW AND THE OLD SYSTEMS

**Lal Kitab makes a fascinating study of Astrology,
It awakens dormant fortune and gives remedy for doubt,
Its crisp and clear formulations cut matters short,
No constraint of Rahu/Ketu being 7th and birth sign,
Ascendant is First House, and chart ends at 12th
Neither it considers 28 constellations, nor ephemeris,
12 signs are ignored, only 12 Fixed Houses are taken,
Which alongwith 9 planets reveal the Secrets of Luck.**

This System is based on *Samudrik Shastra*. It helps in rectifying the Ascendant of the horoscope made in accordance with traditional Astrology. When traditionally, reference is made to three rounds of Saturn's evil transit of two and a half years each, events like snakebite, collapse or auction of the house, defects in eyesight, troubles upon paternal uncle bordering on death or loss of machines should indicate that Saturn is giving its malefic effects. Alternatively, it could be the sub-period of Sun in Sun Saturn; or 7-1/2 years of evil impact of transit of Saturn on Moon sign. It is better to base one's understanding on firm events rather than on mere speculation. By correcting the horoscope with the help of palmistry, supplemented by the knowledge of events of life, Annual Charts unto 120 years of age can be made with the help of matrix given in the second part of the **Lal Kitab**.

In cases of 'doubtful' condition of planets, very simple and inexpensive remedies have been suggested which have been found to give results at opportune times.

The subject of Astrology is very vast. Hence, only those issues have been discussed which are of very serious and grave nature. Instead of talking of simple fever or minor troubles, it is better to feel concerned about TB, epilepsy, paralysis; or life or otherwise of a person. In short, every effort has been made to remove various doubts and apprehensions.

In traditional Astrology, if Rahu (Dragon's head /Ascending Node) is in the House No.1, Ketu (Dragon's tail/Descending Node) would always be in the House No.7. Mercury too would be moving around Sun in its proximity . But such restrictions on planetary positions have not been

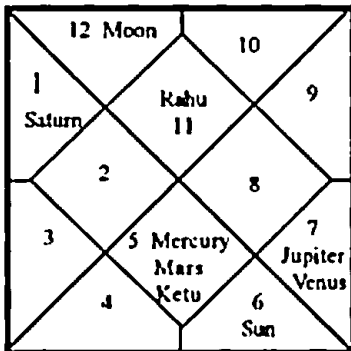

LAL KITAB

taken in this treatise. Hence Rahu and Ketu could as well be nearer or farther, and at times they could even be together. Similarly, Mercury is not treated as tied with Sun. In fact, each planet has been presumed to be free to move or take a position of its own and would have its full distinct individuality, as per Annual chart.

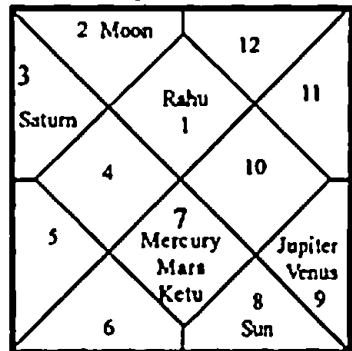

In this system, while analyzing a horoscope, considerations of Signs and Constellations have been done away with. The Ascendant has been taken as H. No. 1, and the rest of the Houses are counted next in an anti-clockwise fashion in the order of sequence. However, the position of planets remains the same as in the traditional chart. The effect of different planets is read as per their positions in respective numeral houses. There is no need to resort to lengthy calculations based on ephemeris. Constellations Signs, Lordship of various Houses are no longer necessary. The effect of planets is considered by articles, business or relationships related to them.

For example, if traditional horoscope (north Indian/south Indian/east Indian/western (European/American) reads as per charts given below, for this system it would be read as per example C-II thus the concept Rashies as distinct from house has been done away. Rectification of the horoscope according to Lal Kitab is explained in the chapter No.7 of this book alongwith Major Period (Maha Dasha) and Moon Chart.

Traditional (North Indian) C-I

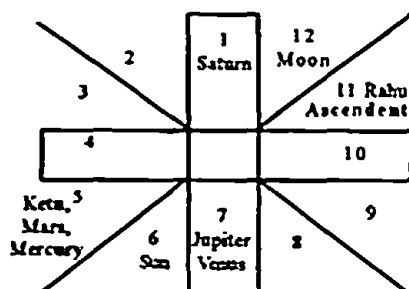

According to Lal Kitab C-II

In place of Sign No. 11 (Aquarius)- House No.1 has been given. Remaining houses have been numbered sequentially from 1 to 12. For analysing the horoscope, effects of Rahu No.1, Moon No.2, Saturn No. 3, Mercury, Mars, Ketu No. 7, Sun No.8, Jupiter, Venus No.9, would be taken.

In that case Moon would be in House No. 8 and Mars would be in House No. 4 It is not necessary that every planet should form from the border its line. The same condition would apply to the signs on the hand. For example, Mars was formed by fixing other lines from all sides. If the same shape is formed after joining the hair lines on the hand which are scattered on the hand, they would form Mars and none other planet.

METHOD OF CASTING HOROSCOPE FROM THE HAND

In this part we provide with some curious interpretations of lines in Astro-palmistry as discussed in the **Lal Kitab** (Urdu version). Some of the interpretations are so curious that one hardly believes, but when interpreted them in actual practice, the results are marvelous and very accurate.

This method is quite different than provided in different works of Palmistry and needs practice. This may be used in for rectification of horoscope at the time of transiting of planets in Annual Chart. When any line starts from an area and ends in another area the planet in which area the line ends will be found in the relevant House of the Horoscope. As for example if a line starts from area of Cancer or mount of Moon and ends in area of Capricorn, Saturn will be found in fourth House. The planets can be placed on this basis in the horoscope from the hands, but the signs, symbols and marks must be noted on the different areas of the hands. When a particular sign has been found in a particular area, that planet will be found in the same house or Sign. As for example when we find sign of Jupiter in the Mars area, it will indicate Jupiter is posited in Aries.

No lines have been assigned to Rahu or Ketu. Only signs and marks are assigned to these shadowy planets. Where in the palm their sign is located, these planets would be in that house. If no sign of Rahu  and Ketu  is located then Rahu would be in House No.12 and Ketu would be in House No.6 in the natal chart. When fish is found on the hand, Rahu is found in third or sixth houses and Ketu in ninth or twelfth houses which are known as their places of exaltation. The debilitation signs of Rahu are ninth or twelfth houses where as Ketu in third or sixth houses.

Now we provide a few points and marks which will indicate the position of planets in different houses of the horoscope with reference to lines and signs on hand discussed in the coming pages.

In the following table there are some signs which are found on the right hand of the native and would give auspicious results.

PHRENOLOGY CONNECTED WITH ASTRO-PALMISTRY

The study of the shape, protuberances and mental vibrations of the skull of a native and the mental capacity and character they reveal is called phrenology. The strong mental vibrations are controlled by Rahu and the structure of the brain is controlled by Mercury. From the ear at 90°, (see Fig. No.3) towards the eyebrows and head, mind is divided into 42 divisions (see Fig No.1). This division of 90° separates forehead from the mind. The first division is to the right side and the second is to the left side of the face (see Fig. No.2). Each of the 42 parts is connected with one or the other planet (please refer to the table on page No.56). In some cases more than one planet have a dominant effect over the other planet. These 42 divisions are also twelve houses of the natal chart (See Fig. No. 6).

The divisions of the brain are complete at the age of 7 years and it is presumed that the 7 mounts on the palm had made their place in the natal chart. At the age of 35 all the planets complete their first circulation. The structure of the mind is same on the left and right side (see Fig. No.5). The 42 divisions are the 42 years duration of Rahu which controls the mental vibrations. It may be noted here that division no. 27 to 42 are the results of division no. 1-26 which are not given that much importance in the oceanic knowledge.

Normally the left side of the brain remain active. However, at the time of annual transit the right side comes out of its dormant state which results in some malefic effect. These divisions of the mind are judged from the palm or the natal chart of the native. The left side of the mind is judged from the right hand and right side from the left side.

These 12 divisions of the mind are like 12 houses of the natal chart which are known as signs. The planet transiting those houses of natal chart activates those impulses or qualities of the mind. The divisions of the mind are same in the left and right side (See Fig. No.2 and 5). After giving No. 1 to the house of ascendant, 2 to H.No.2 and 3, 4 to other houses in anti-clockwise direction, fix the planets in the 12 division of the mind to judge the mental vibrations of the native active at that time. For example:

Planet	H.No	Owner of which mental division
Jupiter	4	21 -related with Moon, a well-wisher
Saturn	8	14 -related to Mars negative thinking everybody inferior to his ownself

H. No. of the natal chart	1	2	3	4	5	6	7	8	9	10	11	12
Connected to Mental division no.	20	2	17	21	15	16	1,18 *V-M	8	19	13	35	14

Effect :- After preparing the natal chart according to **Lal Kitab** it should be checked, which planet is posited in which house and which mental division is connected with it to judge the strong mental traits of the native active at that time. * (V-Venus, M-Mercury)

CHAPTER 1

FATE IS DETERMINED BY NATURE

1. How Fate is Determined by Nature

When the Almighty so ordains a child is born;
It brings its destiny scribed on its palm.
Secrets of life and death bound by sky and ocean,
Like a precious rosary of fortune and success.
The Nine planets are the 'jewel of luck'
12 signs become the 'spiritual accomplishments'
Multiplied together, they form the rosary of 108.*
The two evils Rahu and Ketu effect all planets
Jupiter moves them, they move in the ambit of Mercury.
Whether planets are 7 or 9, real, 'evil' are only two
Irrespective of position, Rahu and Ketu are the cause
of all conflict (a)

If they (RK) are ignored, only seven planets are left.
And 7 planets moving in 12 Hs. form 'Hell of 84'.
As palm of infant opens, sky becomes full of air.
Motion forms heat, heat produces fire, fire gives water,
From water dust is formed and dust forms Universe.
Right hand becomes birth chart; left-Moon chart
For a female, her left hand reveals her destiny,
Effects of signs and planets, however, remain the same.
Knowledge of Astrology reflected in Lal Kitab.
Movement of nine (9) planets in 12 signs form the destiny.
As suspicious winds flow, the Universe reverberates.
Air of Jupiter obliterates the past and Sun dawns
In intellect/fate dispute, wisdom of Jupiter prevails.

*R-Rahu, K- Ketu, S- Saturn *12 x 9 = 108*

2. When a child is born, his fist is closed. It generally keeps it so and does not allow anyone to see its palm as if he does not want to reveal his secrets and the treasure concealed in his tiny fist. The empty space in the fist is nothing but a replica of the sky. It contains nothing but air. With the movement of the fist, inside air

comes into motion. Motion produces heat, heat generates fire, fire produces water, water creates dust, and dust gives birth to Universe. When the fist is opened, the Palm and the fingers appear apart. Separate lines and signs are found on different places and several parts of the fingers and the palm. They are separate, yet when blended together, they become one. The palm of the hand is described as the 'great continent of the land' or 'open universe'. The portions protruding above like small mountains in a pond are called "mounts". Lines are like as water rivulets with surging waves moving hither and thither. Some one of them is named as the line of age the other one as that of Fortune, and lastly put together and merge and, they all form an ocean. **Hence, this system is called the knowledge of the ocean.**

3. **Where are the Decrees of Nature Concealed?**

**The divine fist appeared through the planets,
Whose reflections then manifest in the mind.
Impressions of mind are reflected on the hand.
Sun and Moon become the fulcrum of the world.
The planets give out the secrets of the Astrology,
Which get revealed in the lines of the hand.
Mind is reflected in hands - left and right.
Decree of God comes through closeted fist.**

4. The God Almighty has decreed destiny of a man and scribed it on his palm. This has been dispatched in such a manner that it is never lost, neither changes nor forgery could be affected in it, but benefit can be derived from 'doubtful' ambiguous conditions of planets/lines. Protruding mounts on the palm help in preventing/supplementing malefic or benefic effects of each other depending on their respective height, width and strength. Similarly, the effect/movement of water (destiny) depends on the depth, cleanliness and smooth passage in the streams of the rivers (the lines). If the stream and the river are shallow and narrow, they not only have less water (luck) but even the speed of their flow (effectiveness) is also slow. Different signs on the lines are obstacles in the flow of rivers. The river (line) brings along with it the effect of the soil while passing through the mountain (mounts). Strong, slow, sweet

and bitter effects of the air and medicinal planets growing on and around the mounts also get blended in the water. Exactly in the same way, similar conditions of the H. effect a man's life. If a horoscope is compared to the plan of the palm, the direction of sight and mutual relationship of the planets get connected with lines. The Chart serves as an indicator of bringing about changes from the surge of waves created from personal friendship or enmity of planets and their effect. These often coincide with the fixed periods of planetary transits. The fingers and the plain of the palm have been divided into 12 parts. Mounts have been split into 9 parts. These 9 planets (unknown power) and 12 signs (man's strength) together form the basis of this knowledge. In addition to planets, Hs. and lines, places of abode, dreams, cattle, friends and omens are essential aspects of this subject.

As soon as the Unknown reflects itself in different parts of the mind, and appear as flow water in the lines of the hand and long continuing chain of mounts becomes apparent, the breathing of the child takes its course. The mounts on the plain of the palm (9 planets) and 12 parts of the four fingers (12 Hs.) are exactly like those in the horoscope. If anything is separate, it is only the thumb. It is found without any direction and is designated as indicator/measure of Good and Evil.

Doubts about Birth Time and Intricacies of Combination of Stars

Planets effect all living beings alike, be it birds, cattle or men etc. A man's destiny is determined at the time of his birth. He himself can do very little to change it.

The child comes into the womb of his mother -created and shielded by supernatural powers, and then it reaches this world from the closed chamber. The union of the divine and the earth creates child's breath (life). He gets exposed to the long and tortuous hypocraisies of the world. Duality becomes apparent. Based on the Knowledge of Palmistry, the course of life can be interpreted with the aid of Astrology. Doubts, however, arise as to how the lives of the people born at the same time, whether in the same family or city or in different parts of the world, do not follow the same exact

course of events. Similarly how calamities like earthquakes, accidents and floods have the same simultaneous effects on thousands born at different points of time and having different charts. Confusion also persists as to why the life of a child upto the age of 12 remains uncertain but after the age of 18 it becomes firm and clear. Thus, both systems of knowledge (Astrology and Palmistry) have been combined in this treatise to find out the results and interpretations. Knowledge of the fundamental principles is a prerequisite for such an exercise. In order to derive benefits from this, different chapters of grammar, effect of planets and their conjunctions have been given which are based on **Lal Kitab** (Red Book) Astrology. However, wherever needed a passing reference has been made as per the principles of palmistry.

8. **Religion and Mercy remain far above.
It is the planets, which give charity.
Evil brings adversity as ordained by God.**
9. In the beginning, there was empty sky in the universe. It was in shape of Mercury. It was all dark, and Saturn ruled. Then light, in form of rays of Sun appeared along with light (Sun) and darkness (Saturn), air (Jupiter) was found both in darkness as well as light. For example, a box contains air in its empty space as well outside. It means that the glass like Mercury would permit both light and darkness from inside and outside vise versa, but it would not allow air to move in or out. This is the main cause of enmity of Jupiter with Mercury. The planet of Mercury, which controls the empty space of sky, has the strength to keep Sun and Saturn together and apart. It is this glass box of Mercury, which caused knots in sphere of Jupiter. This knot called 'the planetary conflagration' is the force of tying together air (Jupiter) and sky (Mercury) that determining the fate of the child. In fact, each mount on the palm or each step (mount) of the nine months in mothers' womb is known as a planet. The real essence of power of nature is in planets. That is why each of the mounts at the roots of fingers and folds of the palm form the basis of Palmistry.

CHAPTER 2

HOUSES AND PLANETS

1. Houses in a Chart

There are 12 Hs. and 9 planets. Those 9 planets move in 12 Hs. of the chart. Like human beings, they too have mutual friendship and enmity, get exalted or debilitated and are capable of giving benefic or malefic results at appointed times. The general disposition of Hs. is given below:

1-4-7-10	Indicate Inherited fortune.
9-11-12	Indicate Parental and childhood conditions.
2-3-5-6	Indicate Children, old age
8	Indicate Sickness, misery and death.
14-7-10	100% effective, brings fortune
3-5-9-11	50% effective, gets from others
2-6-12	25% effective, gets from relatives.

2.

House No.	General Manifestations
1.	The general condition of life.
2.	Entry and exit gate of birth and death
3.	The exit gate from 'illusions' of the world
4.	Mother's lap.
5.	Future. Birth of children
6.	Infernal subterranean
7.	The platform of flowers and fruit
8.	Death, extinction of life, exit from the world
9.	Affairs of the world, past life, spiritual affairs.
10.	Tenth gate. Mental platform.
11.	Wealth, entry gates to the world, earning, time of birth.
12.	Last phase of life, desolation.

3. The numbers and order of various Hs. have been fixed. There are 12 Hs. for the 12 signs. The 9 planets will take their position in these 12 Hs. The remaining Hs. have influence of Jupiter because the empty space gets filled with air.

Planets

4. Planets, Colours, Artificial Combination

SL No.	Planet	Colour	Artificial combination
1.	Jupiter	Yellow	Sun-Venus together (in hollow condition)
2.	Sun	Bright like copper	Mercury-Venus together
3.	Moon	Milky White	Sun-Jupiter together
4.	Venus	White like curd	Rahu-Ketu together
5.	Mars (positive) Mars (negative)	Blood red Rusted Red	Sun-Mercury together Sun-Saturn together
6	Mercury	Green	Jupiter-Rahu together
7.	Saturn	Black	Venus-Jupiter (Ketu like) Mercury-Mars (Rahu like)
8.	Rahu	Blue	Mars-Saturn together (exalted) Sun-Saturn (Debilitated)
9.	Ketu	Mixed Black and white (like cat's eye)	Venus-Saturn (exalted) Moon-Saturn (Debilitated)

5. Different parts, aspects of the Universe have been given different names once for all. Instead of repeating these names specifically, given name is mentioned. For example, a woman, cow, money and dust have and are represented by only one name: 'Venus'. Wherever Venus is mentioned it would denote a woman, cow, money or dust. However, no numbers have been fixed for planets and zodiac signs. Planets are of following kinds:

Kinds of Planets

Male Planets	Jupiter, Sun and Mars
Evil Planets	Rahu, Ketu and Saturn. Rahu and Ketu are the real evils. Either of them makes Saturn an evil. All together RKS are the three evil planets (R-Rahu, K- Ketu, S-Saturn)
Female Planets	Venus (wealth), Moon (mother)
Eunuch	Mercury (Emasculated -all take a go in it).
Mars (Positive)	Mars positive is like honey
Mars (Negative)	and Mars Negative is like poison.

6. Fixed H. of Planets

- (a) H.No.1 - Sun, No.2- Jupiter, No.3-Mars, No.4-Moon, No.5 Jupiter, No.6-Ketu, No.7-Venus and Mercury, No.8- Mars and Saturn, No.9- Jupiter, No.10- Saturn, No. 11-Jupiter, No.12-Rahu.
- (b) Rahu and Ketu have not been given any permanent place of ownership separately. They are masters of the waves. One holds the man from the head and the other from the feet and thus automatically they get their places. And Mercury (with Ketu who is the master of nobility) is in H. No.6- Infernal subterranean and Jupiter (with Rahu, which controls evil) is in H. No.12 in the Sky. The Universe is the joint result of both Jupiter and Mercury and Rahu and Ketu take their place with them (Ketu with Mercury, Rahu with Jupiter). RK (i.e. Rahu and Ketu) are known as the real evils.

7. Different Times/Days of Planets

Planet	Hour of the day	Day of the week
Jupiter	first part	Thursday
Sun	second part	Sunday
Moon	Moonlit night	Monday
Venus	dark night	Friday
Mars (positive)	peak noon	Tuesday

Planet	Hour of the day	Day of the week
Mars (negative)	Noon-time	Tuesday
Mercury (positive)	Afternoon (4 p.m.)	Wednesday
Mercury (negative)	Afternoon (4 p.m.)	Wednesday
Saturn	Pitch dark night and dark day	Saturday
Rahu	Peak evening	Thursday evening
Ketu (positive)	Dawn	Sunday morning
Ketu (negative)	Dawn	Sunday morning

8. Dominating Positions of Planets during the Day

2 hrs. Before sunrise	Ketu
From Sunrise to 8 a.m.	Jupiter
8.a.m. to 10 a.m.	Sun
10 a.m. to 11 a.m.	Moon
11 a.m. to 1 p.m.	Mars
1 p.m. to 4 p.m.	Venus
4 p.m. 6 p.m.	Mercury
Sunset till appearance of stars	Rahu
Sunset after appearance of stars	Saturn.

9. Enemy Party

Sun is enemy of Saturn, Venus of Sun, Jupiter of Venus, Mercury of Jupiter, Moon of Mercury, Ketu of Moon; Mars negative of Ketu; and Rahu is enemy of all.

10. Friendly Party

Moon is a friend of Sun, Jupiter of Moon, Mars (positive) of Jupiter, Rahu of Mars (positive), Mercury of Rahu, Saturn of Mercury, Venus of Saturn, Ketu is a friend of Venus.

11. Different Parts of Body are Controlled as Under

Liver (Mars), Heart (Moon), Torso (headless body) (Ketu), Brain and tongue (Mercury), Sight and assessment (Saturn), Head (Rahu) and Neck (Jupiter). Thus, Jupiter (neck) controls the entire humanity (Rahu-

Head, Ketu-Torso) i.e., this world and the world thereafter. It combines strength of all planets of the known world. Hence, it does not have enmity with anyone. Rahu is guide of head, Ketu grips the feet.

12. Mutual Friendship and Enmity of Planets

Sl. No.	Planet	Even/Equivalent	Friends	Enemies
1.	Jupiter	Rahu, Ketu and Saturn	Sun, Mars, Moon	Venus-Mercury.
2.	Sun	Mercury (which would become dormant with Sun)	Jupiter, Mars, Moon	Venus-Sat-Rahu (Full eclipse with Rahu, partial eclipse with Ketu).
3.	Moon	Ven, Sat, Mars, Jupiter	Sun, Mercury	Full eclipse with Ketu, Partial eclipse with Rahu.
4.	Venus	Mars, Jupiter	Saturn, Merc. Ketu	Sun, Moon, Rahu
5.	Mars	Venus, Saturn, Rahu (Rahu is dormant with Mars)	Sun, Moon, Jupiter)	Merc.and Ketu
6.	Merc.	Saturn, Ketu, Mars, Jup.	Sun, Venus, Rahu	Moon
7.	Saturn	Ketu, Jupiter	Merc.Ven. Rahu	Moon
8.	Rahu	Jup, Moon (Moon will partially fade out with Rahu)	Merc. Sat, Ketu	Sun, Ven, Mars
9.	Ketu	Jup, Sat, Merc and Sun (Sun will partially fadeout with Ketu)	Venus, Rahu	Moon, Mars.

Notes :-

- i) Moon and Venus are even/equivalent, but Moon is inimical to Venus. Mars is even with Saturn, but Saturn is inimical to Mars, Jupiter

is even with Venus, but Venus is inimical to Jupiter, Moon and Mercury are friends, but Moon is inimical to Mercury.

- ii) Jupiter is 'silent' with Rahu but will not disappear. But if Rahu or Jupiter are in H. No.2, Rahu would be subordinate to Jupiter.
- iii) Though Mercury is the enemy of Jupiter and Moon is inimical to Mercury, but in H.Nos. 2 and 4 Mercury or Moon (whether Mercury-Jupiter, or Moon-Mercury) would be fully helpful (instead of being inimical) for financial matters.

13. Periods of Planets

S1. No.	Name	Days	Average Yr.	Life Yr.	Main Period yr.	Transit Yr.	Effective Period	Speed of effectiveness
1.	Jupiter	32	16	75	16	6	Middle	Lion
2.	Sun	22	22	100	6	2	Beginning	Chariot
3.	Moon	24	24	85	10	1	Towards end	Horse
4.	Venus	50	25	85	20	3	Middle	Ox
5.	Mars(+) Mars (-)	24 32	13 15	28} 90}	3} 4}7	2} 4}6	Beginning Beginning	Leopard Panther, Deer

7.	Saturn	72	36	90	19	6	Equal throughout	Fish
8.	Rahu	40	42	90	18	6	End	Elephant
9.	Ketu	43	48	80	7	3	End	Dog, Pig
	Total	364 367			120	35		

(+)—Positive, (-)—Negative

Note: 364 with Rahu and 367 with Ketu

Calculation of Period

- (a) During a day, each unit is of 40 minutes.
- (b) Every planet shows its full effect at the half or $\frac{1}{4}$ th of its period.
- (c) Rahu has its effect till 42, Ketu till 48, but jointly both are effective till 45 years.
- (d) Solar eclipse (Sun-Rahu joint) and lunar eclipse (Moon-Ketu joint) reduce life by 3 yr. each
- (e) Saturn gives benefic results at 10th, 19th and 37th year of life. It would give malefic results during 9th (wealth) and malefic during 18th (father) and 27th (Property, house and Cattle). But it would give moderate results from 36 to 39th yr. of life
- (f) As per its position in horoscope, Mercury gives good luck at 23rd and Mars 31st year of life. Other planets would give results at their scheduled times.
- (g) If a year is divided into three parts, each part would have 4 months, in which the effect will be of middle position of planet (as given below). For example, Jupiter, if in accordance with annual chart is in H. No.5, it would give Ketu's effect (as positioned in the chart) for the first four months of that year. In next four months, Jupiter's effect would be as its own as in the annual chart. During the last four months, Jupiter would give results of Sun as positioned in the annual chart. Thus each planet have effects of 'Intermediary Planets' mixed in it as given below:-

I4. Intermediary Planet

House	Beginning (1-4 Months)	Middle (5-8 Months)	Last (9-12 Months)
Jupiter	Ketu	Jupiter	Sun
Sun	Sun	Moon	Mars
Moon	Jupiter	Sun	Moon
Venus	Mars	Venus	Mercury
Mars	Mars	Saturn	Venus
Mercury	Moon	Mars	Jupiter
Saturn	Rahu	Mercury	Saturn
Rahu	Mars	Ketu	Rahu
Ketu	Saturn	Rahu	Ketu

Effective Age of Planets

15. Full Form (Alive/Unpolluted)

- (a) A planet in full form (alive/firm) whether it is the master of its own full strength, whether it is in exalted condition or debilitated condition, or lord of a fixed H. or other H. (that it is not affected/polluted by any other planet) would give its effects for its full age. For example, Jupiter for 16 years, Sun for 22 years, Moon for 24 years etc. Total period of all planets put together is 120 years.
- (b) Otherwise, (if friendly or inimical planets affect a planet) its effective age would be reduced/different like that of Jupiter-6 years, Sun-2 years, Moon-1 year etc.
- (c) Each planet would be effective in the beginning, middle or last of the scheduled period. But every planet will also be having mixed effect of 'intermediary planets'. (List of intermediary planets has already been given previously).

16. Age of Planets

Planet	If conjoined with	Age in that case
Jupiter	May be with any planet	16 years
Sun	May be with any planet (excepting R.K.) with Rahu 0, with Ketu 11.	22 years
Moon	Jup, Ven, Merc, and Rahu Saturn other planets	12 years 8 years 24 years
Mercury	Sun or Mars with others	17 years 34 years
Venus	Jupiter Sun Mars (Positive) Other planets	60 for wealth 34 8 25
Mars (positive)	any planet	13}

Mars (negative)	Any planet	15} 28
Saturn	i) Jupiter	18 (Father's age)
	ii) Jupiter	27 (wealth)
	iii) Sun	24
	iv) Mars and Venus	12
	v) Mercury	45
	vi) Other planets	36
Rahu	Mars (Positive)	00
	Ketu	45
	With other planets	42
Ketu	Jupiter	40
	Sun, Saturn, Mars (positive)	24
	Rahu	45
	Other planets	48

40 Days of Grace

The effect of benefic or malefic planets cannot come before the scheduled time and neither can it remain so after due time. However, the effect of help given by benefic planets can continue even after due time. 40 days of grace from the end of the effect of one planet till the beginning of another (i.e. even after 40 days after due period), the effect of malefic planet can still be felt. Generally, benefic and helpful planets effect can be considered to have started 40 days before schedule. The cumulative effect would be valid only for 40 days and there would be no separate effect of 40 days for each of the planets. These are called 40 days of grace. On this basis, 40 days after the birth of a child and 40 days after the death are observed with piety.

17. In order to obviate lengthy mathematical calculations of 28 constellations and 12 signs generally 40 days (28+12) or at the most 43 grace days are considered as the period of completion of a remedy. This reflects itself in the form of occurrence events connected with benefic planets or adverse effect of evil planets. For example, if any annual period ends on March 31, next year would start from the 1st of April. If the last year was extremely bad, hopes of good period on the basis of position/movement of planets of next year surface. Supposing Moon comes in House No.2 or Jupiter in No.4 (which generally give benefic

results). Rahu in H. No.8 or H. No. 11 and Mercury in H. No.8 or H. No.3 mostly give malefic effects. If the current year was affected by malefic planets, the same would continue after 31st of March also. The indication of evil planets (Rahu, Ketu and Saturn like-theft, deception, misappropriation, false litigation, tragedy, or humiliation (courtesy Rahu), losses during journey or on the way; (aberrations of Ketu) malefic effects on machinery, Hs. etc.(through Saturn) would continue to have their effect and would cause malefic events in the month of April and mid May also. It would then mean that the coming year starting from 31st of March till 40 days afterwards would continue to give malefic effect as in the last year. Contrary to that, proof of good turn, because of Moon or Jupiter would begin to surface through items of friendly planets like that of Moon i.e., Sun, Jupiter, Mars (Separate articles of each planet are given in a separate list). It would then mean that the benefic effect of the coming year has begun to appear 40 days earlier (from Feb 20 onwards). It would then mean that the next year would certainly give good results. Many times, during half or V^* period of remedy (40 Days) itself, benefic effects begin or appear.

18. Measure of Strength in Case of Confrontation of Remedy

The comparative strength of all planets in the descending order is Sun, Moon, Venus, Jupiter, Mars, Mercury, Saturn, Rahu and Ketu. When a planet in transit or being posited in First H. gets into confrontation (whether inimical or friendly) with any other among the remaining 8 planets, then Sun's strength would be 9/9, and Moon 8/9, Venus 7/9, Jupiter 6/9, Mars 5/9, Mercury 4/9, Saturn 3/9, Rahu 2/9 and Ketu 1/9. This measure of strength would be helpful in measuring increase or decrease of effect as a result of 'confrontation', as well as for the measure of remedy of any planet and the time of remedy.

19. State of Planets-Planet Effect (Fixed) and Sign Effect (Doubtful)

A planet is considered of 'doubtful' affect if it is posited in a sign other than (i) the one owned by it; or (ii) a sign in which it gets exalted or debilitated; or (iii) its fixed H.; or (iv) else it is in company of another planet with which it has H. exchange relationship. The benefit of this 'doubt' can be availed to obviate its malefic effects. Contrary to this, if

it is in H. of exaltation or debilitation, or its fixed H., or its own sign, such a planet would have 'planet effect' which would have been permanently determined. It would be fruitless to make efforts to remedy its malefic effects. It would rather be beyond human strength. Only a few Gods' men may have the ability to alter the course of destiny. That too would be limited to a state of exchange, meaning erasing another animate or worldly thing or strength from its existence and exchanging it with an another animate, worldly thing or strength. Even then, no new numbers can be created accepting at a time when such personalities are prepared to destroy themselves or their own strength in their efforts to ward off trouble for others. This condition would be like a divine effort. Something cannot be created from nothing. It can be mere exchange. If we call planetary effect (fixed) as king, sign effect (doubtful) would be like the Minister. To obviate malefic effects of planets, some remedies have been suggested later.

20. 35 (Thirtyfive) Year Circulation

All planets complete one round of transit in 35 years circulation. Those planets, which give malefic effect in the first round, would not do so in their second period of round after 35 years. But that does not mean that they must give benefic effect. This circulation period of planets is called 35-year circulation.

Jupiter	Sun	Moon	Venus	Mars	Mercury	Saturn	Rahu	Ketu	Total
6	2	1	3	6	2	6	6	3	35

- (a) The 35-year circulation of planets and the circulation of native's 35 years of age can be two different periods. Supposing Jupiter's circulation started from the birthday of the person. The effect of other planets would follow thereafter, Jupiter (6 years), Sun (2 Years), Moon (1 year), Venus (3 years), Mars (6 years), Mercury (2 Years), Saturn (6 Years), Rahu (6 Years), Ketu (3 years). During the circulation of 35 years, all the planets have completed first round in 35 years of the age, but it is also possible that the first planet could be say Saturn (instead of Jupiter) then period of Jupiter would start from the 7th year instead of atarting from the birthday. All the planets would complete their circulation in 35 years. Now from the day (41 years complete) the second circulation of planets begins i.e. from the day the starting planet which had given malefic

effect earlier would not do so during the 2nd rotation. It is not imperative that benefic effect would follow; though generally benefic results do come. The only thing certain is that malefic effects would not come.

- (b) This sort of 35 years circulation period can visit a person thrice in the average age of 120 years.
- (c) If the right side (Hs.) start their effect in the first part of life, the effect of the left would follow later on.
- (d) Mutual relationship of father-son circulation would end after 70 years.
- (e) Full account of 35 years circulation is incorporated in the Matrix for Annual Charts.

21. Period of Each Planet during 35 Year Cycle

Cycle	Jup. 6yr.	Sun 2yr.	Moon 1 yr.	Venus 3 yr.	Mars 6 yr.	Merc. 2 yr.	Saturn 6 yr.	Rahu 6 yr.	Ketu 3 yr.
Beginning	Ketu (2 Y)	Sun (8 M)	Jup (4M)	Mars (1Y)	Mars (2Y)	Moon (8M)	Rahu (2Y)	Mars (2Y)	Saturn (1Y)
Middle Part	Jup (2Y)	Moon (8M)	Sun (4M)	Venus (1Y)	Saturn (2Y)	Mars (8M)	Merc. (2Y)	Ketu (2Y)	Rahu (1Y)
Last Part	Sun (2Y)	Mars (8M)	Moon (4M)	Merc (1Y)	Ven (2Y)	Jup (8M)	Saturn (2Y)	Rahu (2Y)	Ketu (1Y)

Y=Year, M=Month

22. Ruling Planet of Birth Day/Time

The ruling planet of birthday would be 'Birthday Planet'. The ruling planet of the time when birth takes place would be Birth Time Planet. The names of days like the planets of the week are Sunday (Sun), Monday (Moon), Tuesday (Mars), Wednesday (Mercury), Thursday (Jupiter), Friday (Venus), and Saturday (Saturn). Every evening is 8th Rahu and every dawn- 9th Ketu. According to British system next day start from 12:00 hrs midnight, but in this system, next day starts from the time of sunrise.

23. Timing of Planets in One Day

The first part of the day after sunrise is called the time of Jupiter. After morning till noon, it is time of Sun. The Moon -lit night is time of

Moon. Midnight would be Venus time. Peak of noon is of Mars. After full noon's day but before peak evening, would be Mercury time. Pitch dark night or looming black clouds would be Saturn time. Peak evening but before night would be Rahu's time. The dawn (before sunrise) would be Ketu's time.

24. Mutual Relationship of Planets in Accordance with Birthday and Birth Time with Reference to Day of Birth and Time of Birth.

- (i) The planet of birthday is considered as the fortune-raising planet (in fixed H. of day planet). It is 'doubtful' and can be remedied. The planet of birth time is called planet of luck. It is of 'planet result' (benefic or malefic) and no remedy is feasible. Planet of birth time would be treated to be in the fixed H. of the birthday planet.
- (ii) For example, if birth is on Monday and birth time is peak evening, the concerned day planet would be taken as Moon and the planet concerning time would be Rahu. Now planet of birth time will be considered to be in the fixed H. of the said planet of birthday. That is, now Rahu (planet of birth time) would be in H. No.4 (which is fixed H. of Moon-planet of Birthday). As the concerned planet concerning birthday would be remediable, thus for Rahu No.4, articles, business relations concerning H. No.4 will not give malefic effect with respect to H. No. 4. If it does give malefic effects the same can be turned into benefic with the remedy provided for Moon.

Planet, House and Corresponding Day

Planet	House No.	Day
Jupiter	9	Thursday
Sun	1	Sunday
Moon	4	Monday
Venus	7	Friday
Mars (Both)	3	Tuesday
Mercury	7	Wednesday
Saturn	10	Saturday
Rahu	12	Peak evening of Thursday
Ketu	6	Dawn of Sunday

H. No.2 (religious place), 5 (offspring), 8 (Death) and 11 (Religious court) would always be considered separate.

Evil planets : Would be always mean the three: Rahu, Ketu, and Saturn.

Pure evil : Only Rahu and Ketu

25. Two Parts of Mars: Positive (Benefic) Negative (Malefic)

Sun-Mercury joint (Mars benefic) carry the temper of Ketu.

Sun-Saturn (Mars malefic) carry the temper of Rahu.

26. Mercury

Sun-Saturn (day-night together) make a blank Mercury. If these are in malefic Hs. or in such Hs. where either Sun or Saturn is malefic, not only Sun (for 22-years) and Saturn (for 36 years) would be considered as debilitated, even Mars would be Mars (negative) and Rahu too would be malefic (irrespective of position of Rahu and Mars and even if they enjoy high and exalted position).

27. Blind Planets

If H. No.10 is being vitiated due to mutual enmity of posited planets or debilitated planets, then that horoscope would comprise of blind planets and all planets, including Saturn itself even posited in exaltation Hs., would give results like the blind (for details see Saturn in H. No. 10).

28. Half-Blind Planets

These are such planets, which are like the human beings which can see during the day but become blind at the night. For example, if a chart has, fourth Sun and seventh Saturn, it would be called a chart of half-blind planets.

29. Pious Planets

Saturn, Rahu and Ketu are three evil planets, but Rahu and Ketu in H. No.4 swear before Moon that they would abandon sin. Saturn in H. No.11 in obeisance to Jupiter decides about the sins committed by Rahu and Ketu. That is to say, if Rahu or Ketu be in H. No.4 or any other H. along with Moon, and Saturn is in H. No. 11 or any other H. with Jupiter,

in such a chart both Rahu and Ketu will not give malefic effects. All other planets would be pious / religious, but that does not mean that evil planets in such a condition will definitely give benefic results. The certainty is only to the effect that they will not commit sins (give malefic results).

30. **Companion Planets**

When planets are posited in exchange relationship by virtue of their designated sign or in houses in which they get exalted or are united though their roots with respect to their fixed houses, they are called 'companion planets'. For example, Sun's fixed H. is No.5 and that of Saturn is No.10. Now if Saturn be in No.5 and Sun in No.10 then both are called 'Mutual Companion Planets', (and would give results like conjoined/joint planets). The dividing line of each House of the Chart is porous for neighboring planets if they are friendly, but it keeps the enemy planets apart. Friendly planets posited in adjoining houses also become companions. They will not harm each other, but two enemies in adjoining houses would be kept apart by the dividing lines.

31. **Planets in Confrontation**

If friendly planets are so posited that either or all of them get polluted through their roots by an enemy planet, then they would be called to be in a state of confrontation.

32. **Scapegoats of Planets when Under Assault by Enemy Planets**

When planets come under assault from enemies, then instead of their taking or beating themselves, they make scapegoats of other planet to save their skin.

Saturn

To protect itself against the enemy planets, Saturn has commissioned Rahu and Ketu as agents who scout and expose sacrificial goats in the place of Saturn. Rahu and Ketu together are considered as artificial Venus. Thus, when Saturn is in trouble from Sun, then in its own place, it will get Venus (wife) damaged. (In Saturn-Sun confrontation, the wife gets affected). Neither Sun nor Saturn would let itself be destroyed since both are father and son. For example, Sun being in H. No.6 and Saturn in H. No.12 would mean that such a man would keep losing his wife one after another.

Mercury

For its own protection, Mercury has developed friendship with Venus. It, too, would pass on its own troubles to Venus.

Mars

Mars (positive/brother) passes its troubles to Ketu (son). The lion will get the dog killed. For example, Sun in H. No.6 Mars in H. No.10, son after son or nephew (Ketu) would be killed.

Venus

Venus (woman) is of diabolical nature. It would drag its own troubles to Moon i.e., the mother of the native. If Moon and Venus are in confrontation, mother may become blind.

Jupiter

Jupiter has kept its friend Ketu for sacrifice. For example, if Jupiter is in H. No.5 and Ketu in some other house, and if Jupiter's main period comes on, the effect of H. No.6 (of Ketu) would be Malefic. The offspring/represented by H. No.5 would not be effected. Instead, maternal uncle will suffer for 7 years (period of Ketu).

Sun

At the time of its own troubles, Sun would pass its malefic effect onto Ketu.

Moon

It would pass on its troubles to its own friendly planets (Jupiter, Sun and Mars).

Rahu & Ketu

Rahu and Ketu would acquit themselves on their own. Business or articles related to Rahu and Ketu would be under tremendous adversity.

Note: Sun, Mars and Jupiter being Masters of Justice will help others too and cannot tolerate anyone doing any excess on another. But when they themselves are in difficulty, they get poor Ketu killed.

33. Religious Places

A religious place is one, which is the sacred place for worship. For Muslims it is Mosque, for Sikhs-Gurdwara, for Christians-Church, for Hindus-Temple. And for all (including atheists), flowing water of a river water-stream a crossing where 4 paths cross or energy is for Saturn would serve as Religious Places.

34. Alive Planet (Unafflicted)

A planet is alive if it is upright in all respects and has its own clear effect without the polluting effect of any enemy planet (i.e., through ownership of any sign having any enemy's effect or due to pollution of its house, due to aspect of enemy planet or company of an enemy planet).

35. Planets in Its Own House

A planet positioned in its own sign, for example, Mercury in H. No. 3 and 6.

36. Planet of a Fixed House

A fixed house (in accordance with the list) for the purpose of friendship-enmity-equality, exaltation/debilitation will be called that planet's House. For example H. No.7 for Mercury.

37. Friendly Planet-Enemy Planet

In accordance with list of friendship -enmity-equality, planets are friends\ enemies as in the list. Their friendship/ enmity would not be through any other means. The list of exaltation, debilitation, and equality per section and as per fixed houses is given separately. An exalted planet would mean the one, which has full 100% capacity to give results. A debilitated planet would mean one whose strength has been completely or partially damaged. An even / equivalent planet would mean the one which has even strength.

38. Adult and Non Adult Planets

There is no reliability of child's lines upto age of 12 years. It is accepted that there is no change in the line after 21 years. A child's lines though not fully reliable are considered probable. If the closed fist of a

child i.e., centrist Hs. No.1, 4, 7 and 10 are blank or occupied by evil planets or by Mercury alone such a chart would be considered as comprising of 'non-adult planets'. The condition of such a person upto age of 12 would remain uncertain. In such a state, the lord planet of the fate of the non-adult child would be as follows: To see the H. No. as regards to his age, if any house is blank in the Chart then the Lord Planet of the blank House Number wherever posited would be taken. The principles of interpretation would be same as followed for adult planets.

Age of the child having chart of non-adult planets	Planets of houses, which will be help full in determining fate	House Lord
1	7	Venus
2	4	Moon
3	9	Jupiter
4	10	Saturn
5	11	Saturn
6	3	Mercury
7	2	Venus
8	5	Sun
9	6	Mercury+Ketu
10	12	Jupiter+Rahu
11	1	Mars
12	8	Mars

If in a chart, Sun is in H. No. 1, 5, 11 or Mercury in H. No. 6, such a chart would be 'adult'.

39. Effects of Planets on Age and Houses

- There is no certainty of life upto 12th year and after 70th
- When in an annual chart a planet is malefic, it will give its malefic effect in the month which falls after birthday. For example, Sun No.7 will give malefic effect in 7th month after birthday
- If H. No.7 is blank, destiny shines after 24th year or after marriage, but if a planet is in confrontation with planet posited 8th to it, there may be delay in destiny getting awakened.
- Sun, Saturn, Mercury, Mars if together in a house would give result as if they are in H. No. 1.

- (e) Planets of H. No. 3 save No. 9 from malefic effect. They themselves may, however, be getting polluted by planets of H. No. 11.
- (f) Planets of H. No. 4 are awoken at night. A lone planet in H. No. 4 does not show enmity with Moon. If Sun, Jupiter and Moon are together, their effect goes to H. No. 4 Jupiter-Sun together give effect like the Moon.
- (g) H. No. 5 represents age, progeny and health, planets in H. No.3, 4 and 9 when getting polluted give their malefic effect in this H.. Sun or Jupiter if in No.10 also pollutes H. No.5. The effect of H. No.5 is as the Sun is. If friends of Jupiter, Sun are in this house, they give benefit to mother's side. If they are enemies of Jupiter, Sun, they cause fear of fire.
- (h) If Mercury, Venus are together in H. No.7, Saturn becomes benefic. There is no dearth of wealth. This house will give effect as of Venus. If there is no planet in No.1, No.7 becomes dormant. Hence to awaken it, wear items belonging to this house in the neck.
- (i) When a planet of No.8 comes to H. No.2, it awakens the destiny. Venus will give effect as the Mercury is. Mars decides temper of No. 8.
- (j) Effective year Sun-22, Moon 24, Mars 28, Mercury 34, Jupiter 16, Venus 25, Saturn 36, Rahu 42 and Ketu 48.
- (k) If Sun is in H. No.4 the native will get a job at 22 years of age with comforts of house, conveyance. If Sun in H. No. 4 is malefic, it causes discomfort in job, business, house, conveyance and mother.
- (l) If Moon in H. No. 7 is strong, it will cause marriage at the age of 24.
- (m) If Saturn is in H. No. 4, it will give property at the age of 36.
- (n) If Rahu is in H. No. 9 destiny shines after 42.
- (o) Planets of H. No.5 and H. No. 9 generally give benefic results. If Moon is strong in H. No.3, 6 and 11, it gives benefic effect. If it is weak, it gives discomfort and enemies.

CHAPTER 3

WHY THE SOUL ASKED THE IDOL FOR ITS HOUSE (FIXED AND JOINT HOUSES)

**Sign is master of Fate, or else it is constellation.
Both give effects be it Birth Chart, or Moon Chart
1st H. lives 100 years, 3rd, 10th and 12th live 90*
85 is the age of 4th and 7th, whilst it is 80 for the 6th.
The houses of Jupiter give an age upto 75
Common denominator of houses, planet gives age,
Jupiter gives 75 years, Mercury and Ketu 80.
Venus and Moon give 85, Saturn, Mars and Rahu 90.
Collation of female planets with males gives 96.
And with evil planets or Mercury give 85.
Sun is lord of full century and gives that long life.
But eclipse of Sun/Moon, reduces age by 3 yrs. each.****

* In the above, age of a house does not mean age of an individual. Supposing Jupiter is in 1st H.. Age of 1st H. is 100 yrs, and that of Jupiter 75. It would mean that Jupiter in 1st H. would be effective only upto the age of 75 (of an individual). Whether the effects are benefic or malefic, would be determined by the temper of Jupiter. Similarly, if Sun is in 6th H., age of Sun is 100 yrs, but of the 6th H. is 80 yrs.

** Thus the effect of Sun will last only for 80 yrs. Solar eclipse means Sun x Rahu. Lunar eclipse means Moon x Ketu.

2. Mutual Relationship of Planet and Sign

**Mars is master of Aries and Scorpio,
And Venus of both Libra and Taurus.
Master of Virgo and Gemini is Mercury;
Saturn is master of Capricorn, Aquarius.
Sagittarius and Pisces owned by Jupiter;
Moon owns Cancer and Sun rules Leo.
With Ketu in Virgo, Rahu goes in Pisces.
One end of evil ascends the Sky;
Its root lies in 'infernal subterrain'.**

Chart of Mutual Relationship, Lordship, Planet Effect, House Lord etc

House No.	Sign	Ruling Planet (Lord)	Planet of exaltation	Planet of debilitation	Fixed House Lord	Fate raising	Planet effect (fixed effect)	Sign Effect (doubtful)

11.	Aquarius	Saturn			Jupiter	Jup	Jup/Sat	
12	Pisces	Jup/Rah	Ven/Ketu	Mer/Rahu	Rahu	Ketu	Rahu	Mercury

Note:

- (a) Exalted planet means one, which has full powers and gives excellent results. Debilitated planet means weakened planet, which gives poor results. 'House Planet' means Sign Lord, which would give moderate results in that house.
- (b) There is no planet, which gets debilitated in H. No.2. It is joint seat of Rahu and Ketu. There is no planet of any 'doubtful effect'. Planets posited in this house give their own effect (neither exalted nor debilitated).
- (c) There is no provision for exaltation/debilitation in H. No.5. Planets in this house give results on the basis of self-earning.
- (d) There is no scope for exaltation in H. No.8 since death is unconquerable. Only Moon can be helpful which controls the heart and has spiritual powers.
- (e) No planet gets exalted/debilitated in H. No. 11. It is the house, which controls worldly transactions.
- (f) A planet, which is exalted in a particular house, would be debilitated in 7th from that. In H. No.1 if Sun is exalted, it would be debilitated in number 7. Moon is debilitated in H. No.8 and it would be exalted in H. No.2. In H. No.1 Saturn is debilitated, it would be exalted in H. No.7. It is a strange that $12 \times 7 = 84$ is cycle of rebirth. This gives rise to 84 lakh breaths. Planets give same effect for 7 yrs. resulting in same condition after every 8th year. The principle of taking combined effect of Planet and Sign is based on the same principle.

3. Rahu/Ketu

Rahu is shown as H. Lord of No.12 and also gets debilitated in the same. Rahu gets debilitated when in H. No.12 of Jupiter despite the fact that Jupiter and Rahu both are not outward enemies but are equal. Jupiter becomes dormant in company of Rahu. Rahu is known as sky (H. No.12) of blue colour. When the air of Jupiter gets the support of sky, it becomes lighter (as air rises, it becomes thinner) and useless for people to breathe, but when the same Jupiter's rare air comes down below, it comes close to Ketu (H. No.6) and is helpful for everyone. On

this principle, when Jupiter is with Rahu, not only effect of, Jupiter will be malefic but also suffocating. Contrary to this, if Rahu is fortunate enough to get open field in the empty sky of Mercury (in H. No.6) instead of empty sky of H. No.12, the effect of Rahu would definitely be excellent. If Rahu gets the support of Mercury or is in H. No.6 of Mercury, it will give benefic effect. Rahu is a friend of Mercury and thus with mutual support, both will give excellent results. While both in H. No.6 will give exalted result, either or both in H. No.12 will give malefic results. If we suppose Rahu is treated like an artificial Sky, it would tell Jupiter clearly-"O, Jupiter, You may remain on one side either in human world below me or in the unknown world, above me". It means that Rahu would push Jupiter on either side of these two worlds. Jupiter when in the company of Rahu, it remains the master of one side of the world, whether human or the unknown. That is the meaning of Jupiter remaining dormant.

In this way, when Ketu is with Mercury or in H. No.6 of Mercury it would be debilitated but when Ketu gets the support of Jupiter, it will give exalted results. Ketu gets the support of Jupiter, it will give exalted results. Ketu and Jupiter together give equal results. Since, Rahu and Ketu are always in opposite houses (7th from each other), Rahu, if exalted in H. Nos. 3, 6 of Mercury, Ketu therein (H.No. 3-6) would be debilitated. This is the same condition of Ketu i.e., if Ketu in H.Nos.9-12 (Jupiter Hs.) is in exaltation, Rahu would be debilitated in these houses. This is to say, Rahu and Ketu both move within the circle of Mercury.

Mercury

When Mercury is in Rahu's H.No.12, it would be debilitated as H. No.12 is of its enemy planet, Jupiter. When Mercury is in Ketu's H.No.6, it would be exalted as this sign No.6 is of Mercury's own. Mercury and Ketu both are mutually even/equivalent planets and both are friends of Venus. There would be no effect on Mercury but Ketu and Venus both would be debilitated in H.No.6. Rahu will behave like an elephant's trunk when with Jupiter or in Jupiter's house. It will give malefic effects and get debilitated. Ketu with Mercury or in its Houses will be like a mad dog and would be debilitated and give malefic results. As for joint H. Nos. 6 and 12 of Rahu-Ketu, they are Houses of Mercury and Jupiter respectively, where joint Rahu-Ketu got place in the natal chart.

- (i) Mercury and Ketu have been considered as joint in H. No.6. If H.No. 6 is blank and Mercury is in No.3 then the lord planet of blank H.No.6 would be Ketu. When Mercury is not in H.No.3 then for blank H.No.6, either Mercury or Ketu would be accepted as lord which out of the two is better placed in the chart.
- (ii) For H.No 12, Jupiter and Rahu have been taken as joint lords. When H. No.12 is blank and Jupiter is posited in H. No.9, then the lord of blank H.No. 12 would be Rahu. But when Jupiter is not in H. No.9 for the blank H.No. 12, Jupiter-Rahu joint (artificial Mercury) would be taken as the lords.
- (iii) Ketu in H.No 6 and Rahu in H. No.12 both are debilitated as well as lord of the House concerned. For their suspicious condition when Rahu gets assistance of Mercury and Ketu of Jupiter i.e., Rahu in H. Nos. 3-6 (of mercury) and Ketu in H. Nos. 9, 12 (of Jupiter), both would be in exalted condition otherwise, they would be in debilitated condition. That is, Rahu in Nos. 9-12 would be debilitated and Ketu in Nos. 3 and 6. In brief, there would be an identical effect of Rahu in H.No. 12 as of Mercury in the chart.

CHAPTER 4

12 FIXED HOUSES

Prepare the horoscope in accordance with traditional Astrology. Erase all Sign numbers given in it but leave the planets as written therein. The house of Ascendant is allotted House No. 1 and remaining houses are numbered from 1 to 12 in anti-clockwise fashion. In this treatise, these houses are known as the 12 fixed houses.

Fixed House No. 1 (Ascendant - The Royal Throne)

1" is Royal throne, essence of planetary confluence.

Ascendant -theatre of conflict of soul and illusion.

Exalted/benefic planets in it determine one's fate

If H.No. 7 is blank, all planets in H. No. 1 become doubtful

Planet in 1" is the Ruler, brings royalty to native

8th H. is its eyes, 11th moves the first house (c)

Single planet in H. No. 1, more in H. No. 7 make a king/ minister.

More in the 7th H. less in the first, damage the royal throne (a)

Planets in the first and the 7th house don't quarrel (d)

Others quarrel, some disappear after their age (b)

- (a) In the first house, Sun is in exaltation and Saturn is in debilitation. Mars will be House Planet (Lord) and would give moderate effect. In the seventh house Saturn is exalted, Sun is debilitated. Venus being the House Planet (Lord of 7th H.) gives moderate effect.
- (b) If Jupiter, Moon, Mercury and Rahu (4 planets) are in the first H. and Ketu alone in 7th H., Ketu will allow a male child to be born till the age of 34 (period of Mercury) or if born, it will die. Upto 48 (age of Ketu), only one Son will survive. If after 48 years another Son is born, it will result in destruction, destitution and humiliation of Mercury (daughter). *If such a person gives a portion of bread to four living beings (such as dog, horse, cow and parrot) male children would be born survive and from the day of birth of*

the son, Moon, Rahu, Jupiter and Mercury together will form a Royal combination otherwise, Moon- Rahu -Jupiter- Mercury together will cause curse and destruction all around.

- (c) When in a chart, in addition to original Mars, artificial Mars (negative) (Sun-Sat) or artificial Mars (positive) (Sun-Mercury) are both present, in that case H.No.1 will aspect H.No. 11; If H.No. 11 is blank, planets of H.No. 1 show effects like the gait of Ram (Male goat) and move like Mercury as in the chart. When H.No.8 is blank there would be no obstacles to eyes of planets in H.No.1. It will protect itself/move with its own eyes. For the planets positioned on the throne (H.No.1), House No.8 will be 'focussing glass' (eyes) and H.No. 11 would be 'regulator'.
- (d) When there are many planets in H.No.1, Venus would then be the decisive (*Munsif*) be it in H.No.1 or elsewhere.

The first house denotes: Self, body, strength, one's earnings, nature, horned animals, self-made house, seat of activity, vehicles, spiritual power, mental strength, anger, philanthropy, royal court, faith in traditions, period of youth, treasure of luck brought by the native at the time of birth, fame, relationships with males, boundary of the house, one's wishes and desires, one's image/reputation in life.

Mercury, Sun, Saturn, Mars will give their due effect. Sun in 1st house, helps other planets whether friendly or inimical. Rahu will give effect of its sign. Planets in First House give effect with the speed of Ram (male goat). This is platform for House No.7. Venus is the *Munsif* of this House (No.1). (*Munsif* means the planet which if in company of other planets in a particular house is with Sun, Ketu; effect of Venus No. 1 will override effect of Sun and Ketu etc. However, if there are more than one planet in No.1, Venus elsewhere would still be the *Munsif*). Sun's body will be like shining jaggery. It gives combined strength of different fields like a King and a Woman.

Role of Every Planet at the Time of Arrival in H. No. 1 and Its Measure of Strength as Compared to Other Planets.

1. H. No. 1 is called the Throne; and thus planets posited or transiting H. No. 1 are called Masters of the Throne or Rulers.
2. If Jupiter is present in H. No.1 it does no enmity with any other planet. Moon would be $\frac{1}{2}$, Venus $3\frac{3}{4}$, Sat $\frac{3}{4}$, Ketu $\frac{5}{6}$. Jupiter would itself be dormant at the time of Sun-Rahu but it would be benefic for 8 yrs. (half its age) even in company of malefic planets. Effect of enmity will manifest its effect in the later 8 years.
3. If Sun is present, it would never get debilitated. If Venus is conjoined with Sun, Venus would get debilitated but the union of two will form Mercury. That is, there would be flowers but no fruit. Ketu would be $\frac{1}{2}$, Mercury $\frac{1}{2}$, Saturn for itself or for wealth $\frac{2}{3}$ or for father $\frac{1}{2}$ or for property $\frac{1}{3}$.
4. No one nurses any enmity at the time of presence of Moon, though other planets' strength get debilitated. This planet itself shortens its own benefic effect by being with someone else. Rahu would be $\frac{1}{2}$ with Moon.
5. At the time of Venus, it does not debilitate anyone, others may show debilitation to it. With Venus; Moon is $\frac{1}{2}$ and Saturn $\frac{1}{3}$.
6. At the time of presence of Saturn, Moon will be $\frac{1}{3}$ and Ketu $\frac{1}{2}$.
7. At the time of presence of Mercury: Saturn $1\frac{1}{4}$, Ketu Vi and Moon $\frac{1}{2}$.
8. At the time of presence of Mars (positive): Venus, Saturn and Mars (negative) all the three $\frac{1}{3}^{\text{rd}}$ each; Ketu and Mercury both $\frac{1}{2}$ each, Rahu-zero.
9. At the time of Rahu: Sun would be zero and Moon would be $\frac{1}{2}$.
10. At the time of Ketu, Moon would be zero and Sun $\frac{1}{2}$ in strength.

Fixed House No. 2
(Place of Worship, Life Span, Old Age)

A planet transitting the 2nd becomes Planet of Luck
But if H. No.7 in Chart is blank, it becomes dormant
It is foundation of H.No. 9, if that 2nd has high mountains (a)
Conduct of Planets here is under control of Jupiter
Clouds of rain (luck) from H. No 9 strike with H. No. 2
And if H.No 8 is blank, auspicious results follow (b)
In beginning of life effect of No 2 falls on No 6
If its effect is benefic, it grows in old age
Foundation of H. No. 2 is H.No.4, and H.No 8 meets H.No 6 (b)
H.No 2 if blank, its spiritual effect is excellent (c).

- (a) H. No.2 is the foundation of H. No.9 (Ocean) and its planets but the foundation of H.No.2 itself is H.No.4.
- (b) Winds (of luck) will be as per position/strength of Jupiter as in the chart.
- (c) H.No. 8 aspects H.No.2 and in turn H.No.2 aspects H.No.6. Hence H.No.2 has indirect relationship with H.No 6 and No.8. If H.No.8 is blank, H.No.2 will be excellent. When H.No.2 is blank, everything becomes excellent. If Jupiter is in H.No.2 and H.No.8 is blank, then Jupiter will be poor. Winds of Jupiter will be ineffective and harmful. If we consider H.No.9 as originator of rainy clouds, then H.No.2 is like as string of mountains (where rain favourable results will fall).

Jupiter in H.No.2 becomes hollow since it is joint seat of Rahu and Ketu,

If aspect of No.8 is missing Jupiter is sacred of H.No 8
Joint planets do no harm when in Nos.1, 4,7 or 10.

H.Nos. 2 and 11 give own effects in place of worship.

H.No. 9 is ocean of knowledge, its planet effect early

H.No 2 is seat of RK, Venus is the H. lord.

Fortune is written on forehead where life/death meet.

Planets forming Mars negative (Sun-Saturn) and evil RKS do not give malefic effects to the native when posited in H.No.2. Even Rahu

posited here would be subordinate to Jupiter. All planets respect H.No 2. All planets (in H.No. 2) would give their results as of their position in H.No.9 towards the end of life. For example Saturn No.9 is effective for 60 years. It gives effects for 60 years, starting from birth. But if Saturn is in H.No.2 its effect of 60 yrs. will be counted backward from death.

This house controls one's fate, gifts from wife side, respect in laws, temperament, one's destiny, Guru's place, type of house, in laws house/family, trees grown out of saplings buried in earth, items procured from relatives through wife (dowry), sexual power, Jupitorean nature, hunger, avarice, temptation, sleep, noble wealth, gas, earthen items, honour, romance, gastric tastes, romanticism in old age, savings out of one's own earning, gate for birth and death, relations with women, gifts from relatives. Jupiter and Venus will determine these effects. All planets will be under the control of Jupiter. H.No2 is platform (foundation) of H.No.8. Mars (negative) is the Munsif of this house. Decision about Jupiter in H.No.2 will be made taking H.No.8 into consideration. Both planets like Mars (negative), Rahu will not give malefic results while in H.No.2. Even Rahu will be under control of Jupiter. Planets of this house (even RKS) give benefic results in the end of their life period. *Its direction is northwest.*

Place of Worship

The middle center of two eyebrows (the upper last parts of the nose the place of applying *tilak* on the forehead) is the real place of H.No.2. Leaving aside this place the other part of the forehead is H.No. 11. When H.No.2 in every respect is blank (also from aspect of H.No.8), H.No.2 is the place of *Tilak*. This House No.2 is considered as the joint seat of Rahu-Ketu or place of artificial Venus from the point of view of ***Samudrik Shastra***. The effect of H.No.8 goes to H.No.2 and H.No.2 aspects H.No.6. *Thus considering H.Nos.2, 6 and 8 together would always make the decision about H.No.2.* In other words, if we consider H.No.8 as joint seat of Rahu-Ketu with Saturn as house of death, H.No.2 would come to the joint seat of Rahu and Ketu in its gate. It does not have any concern of death on account of Saturn. The field of good or evil of Rahu and Ketu, is place of worship (Mosque for muslims, Church for Christians, Temple for Hindus or Gurudwara for Sikhs, etc., H.No.2).

Its fixed Lord, Jupiter is the owner of both the worlds. Sun and Moon are the two ends of Jupiter's empire (day/night). H.No.8 is exit from the world and H.No. 11 for entry into the world. Through H.No.5, Jupiter determines the future, and through H.No. 9 gives out the past. The present is H.No.1. Briefly, as the H.No.4 does not leave its goodness exactly that way H.No 2 does not break relations with the world. If the navel is the center point of the entire body and Centrists houses contain the secret brought in treasures of the child, unknown treasures reserved in the world for the child are concealed in H.No.2. The joint effect of the H.No.4 and H.No.2 becomes the charm of the fate. This can also be called the gist of planetary effect of H. No.2 and sign effects of H.No. 4. Moon gets exaltation in H.No.2 and Jupiter in No.4. Both joined together (mother-father) or single Jupiter (Father) meets Sun in No.5 and Sat. In H.No. 11 for helping the child. The length of this Jupiter is considered the length of all, whether of face (see H.No.6) or of forehead (see H.No. 11). In short, the place of *TILAK* is Jupiter's House No.2. It is the joint seat of Rahu and Ketu (together artificial Venus). Planets in H.No.2 have mixed effect of planet in H.No.8. If one has a triangle or mark of Ketu on place of Tilak or Ketu is alone in H.No.2, this makes one a famous ruler.

Fixed House No.3

(Last Station of Life Manner of Exit, Diseases etc.)

**Bloody is the Colour of this house so its effect
 A planet here becoming atrocious, causes discomfort
 But if RKS are benefic, discomfort of all is saved
 H.No. 12 is the footmark of male. No. 3 effect is in No.8.
 Debilitated planets in No. 3 do not harm the native
 With their bloody aspect they sprout poison outside
 If planet in H.No. 3 is malefic, No. 11 doubtful in early age
 Death from H.No. 8 is stalled when H.No.3 is occupied (a)
 Jupiter gives out indication and Mercury decides its effect
 Wealth coming from No. 11 evaporates through no. 3
 Temper of Mars in the chart determines its condition.**

(a) When evil planets (Ra-Ke-Sat) are in H.No.3, and H.No. 6 and 8 also get polluted and will cause death like havoc. A planet in H.No. 12,

even if it is inimical to planet in No. 3, will only help the latter. For example Mars in H. No.12, Ketu in H.No.3 form a Fish Line (abundance of wealth); even though Mars and Ketu are outwardly inimical. Similarly, if Mercury is in H. No.12 and Saturn or Jupiter is in 3rd, it will give all round prosperity. If Venus and Rahu are together in 12th, it causes widowhood at the age of 21/25 yrs but at that time, if Saturn is in H. No.3 (when Venus, Rahu are in H. No.12), Rahu will have no adverse impact on Venus, since Saturn will now help Venus. If there are joint planets in H. No. 3, then the mutual friendship and hostility of respective planets in H. No.3 and H.No. 12 will remain intact.

The nine planets from H.No.3 to H.No.9 reveal secrets of Trinity. Jupiter, the Lord of the Unknown and the Known, has made H.No.2 as its fixed H. The indications of death become available from H.No.8. Jupiter sends its message through a dog to H.No.6. As the dog barks, its sound is heard in H.No. 12. The aspects of Mars and Saturn become the carrier of this secret which takes it from H.No.3 to H.No.8 and to H.No.2. Jupiter detects this aspect (Carrier) and makes it known through Mercury. Jupiter detects the spiritual, Ketu detects and conveys message through Mercury to the house of prosperity. Both Jupiter and Ketu consider voice of Mercury as voice of God. Hence, Mercury gives out all secrets. If Mercury is benefic, Venus will not be malefic. Mercury passes its effect to Venus. That is to say that, without Mercury, Venus will be mad and without Venus, Mercury will be like a mad dog which if in H.No. 12, will bite its own master (damage him). Otherwise, it will desert its master. Mercury is privy to secrets of all planets and Jupiter oversees all planets. Both these planets can identify the head and feet of Rahu and Ketu. Both jointly have considered as conflagration of planets (Knots). Planets in H.No.3 will be saviours from the poor condition of H.No.8 even though these planets of H.No.3 may be in a malefic condition because of enemy planets in H.No. 11. or one can say that H.No.3 will not be malefic for the native provided items of its planets are polluted.

H.No.3 governs relatives like sisters, brothers, brothers-in-law, effect of evil sight, blood of liver, average condition of happiness, sorrow, and temperament. Rapacious lions, households of brothers, paternal uncles, decorative items of household, the trunk of tree, physical strength, deception, theft liaisons, love, loss, war, goodness, justice, duties, relations with elders, power of protection, increase in family lineage, youthfulness,

exit point of wealth, help from others, will be determined by the condition of Mercury, Saturn and Mars. Moon, Venus and Saturn are 'doubtful' in this house. If mount of Mars becomes full of fat, what will be the fate of Jupiter and Mercury? H.No.3 is platform (foundation) of H.No.11. Mercury (Green) and Mars (like a man-woman pair) will be Munsif of H.No.3. The effect of these items will be joint, like production of a child by man and woman. *It direction is west.*

Fixed House No.4 **(Like Mother's Lap)**

Planets of 4th awaken at night or in difficulty (a)
When none helps, they come to rescue, also in old age
A planet posited in No. 4 has the temper of Moon,
But its effect goes to the house where Saturn is posited
If Nos. 4 and 2 are blank, progress till death (b)
Even if Moon is polluted, No. 4 is still effective
If RK are in 4th, Mercury and Saturn become excellent (c)
And if Nos. 8, 3 and 6 are malefic, 4th is cause of death
When planet of H.No. 4 goes to H.No.1 and Rahu becomes
malefic (d, e)
Moon in H. No. 1, 4, 7, 8, 10, 11 alone planet No. 4 is not
malefic (f)
Planets of No. 4 and 9 revive the drying, (g)
Male planets No. 4 protect and nurture generations.

- (a) Works related to planets in 4th give benefit at night.
- (b) House No.2 gives excellent results like Moon in No.2 wherein it is exalted.
- (c) In this house, Saturn can be like a poisonous snake, and Mars may be destructively negative. But Rahu and Ketu will remain pious/dormant. But they do not promise to do mischief elsewhere. At times silence is harmful. Spare the rod and spoil the child.
- (d) If Moon is outside No.1, 4, 7, 10, and 4th is blank, then the effect of Moon on all other planets and itself will be benefic even if Moon itself is poor/malefic/debilitated.
- (e) If there is a single planet in H.No.4 and Moon at that time being

out of the Centric Hs. (H. No.1, 4, 7, 10) becomes malefic (for example in H.No.8 Moon debilitates or in H.No.11 Moon becomes zero, nonpartisan or malefic), then planet of No.4 will give benefic effect whether it may be a friend or a foe of Moon.

- (f) When Moon is in Nos. 1, 4, 7, 10 or 11, neither single nor even Mars (negative) posited, in 4th H. gets polluted.
- (g) If male planets, Sun, Mars, Jupiter and friends of Moon nurture the child in womb (H. No. 4) and enemies Rahu or Ketu are in 9th, then the Ocean throws out even **males**. So long as items of Rahu and Ketu are alive, they will give benefic results or else they will themselves get destroyed.

The fourth H. governs mother, heart, natural prosperity, general condition of health, horse, milch animals, animals of water, mother's side/aunts and their houses, vacant land, mother earth, travel by sea, happiness, Jupiterean pleasures, flower juices, work relating to clothes, spiritual power (related to Sun), youth, brought in items relating to Moon, relationships with males, items relating to earth. The house will give its results as per condition 'doubtful'. The effect will be like the speed of a crab. This is the platform for H.No. 10. Saturn is its Munsif. Mercury, Rahu and Ketu will do no harm if they are in this house of Moon. Planets in this house will give their results at night. They come to help when there is no help from anyone and in old age. *Its direction is northeast.*

Fixed House No. 5 **(House of Children/Future)**

If Jupiter is benefic, the offspring do not suffer.

**Rahu, Ketu and Saturn here make Jupiter malefic,
give miseries to kids**

Malefic Saturn or Venus or H.No.2 also add to their problems.

A benefic Moon herein gives its effect very quickly.

Cause of lightening is 3rd and thunder lies in 11th

It falls on blank 3rd from the 8th and vice versa

If No. 3, 4 or 9 are malefic, No.5 gives malefic effects.

Even No. 6-10 may be its friends but enemy gives poison

Future events are preordained, Sun moves the Jupiter.

Ketu benefic, all fine, malefic Rahu, others too so.

- (a) *To escape the poison of No.6 and 10, embed items of enemy planets of No.5 under earth (No.6) or at ancestral H. (No.10) provided 8th is not malefic. Do so only under earth if planet No.8 is malefic.* Since the speed of 10th H. is double, if 8th is malefic, the 10th will be doubly malefic (For more details See H.No. 10). For example, if Jupiter is in 10th, Venus in 11th, Ketu in 8th and Saturn, Rahu H.No 5 wife will have diarrhea. After her sickness, son will be affected.

Remedy: Bread equal to the weight of the child may be given for 25 days (Venus)/48 days (Ketu) to dogs to save mother (Venus) and son (Ketu).

- (i) Malefic results will quickly come if either or both Saturn or Venus are malefic but if Moon is benefic, it will quickly abort the evil effects.
- (ii) Health would be affected if Sun-Venus, or Sun or Jupiter are in No.5 and Venus or Rahu and Ketu transit No.1. If Venus, Mercury or anyone of evil (Rahu-Ketu-Saturn) is in No.5, then health would be poor whenever Sun or Jupiter comes in No.1. Sickness caused to self because of Jupiter in No.5 will disappear only after birth of a son.

H.No.5 relates to children, honour for and through children, their prosperity, fate, comfort, education, learning, houses, regenerative planets, soul, light, air, protection; one's reputation, comforts from brothers of mother if planet friendly to Jupiter or Sun are there; matters relating to forests and mountains, fear of fire if enemy planets of Jupiter and Sun are there. Glow of luck, honesty life from date of birth of children till old age, future life, items relating to children made from the help of others. Results depend on the position of Jupiter, Sun. Rahu and Ketu. Jupiter will be doubtful. H.No.5 is platform from H.No.9. Sun and Sun/Jupiter (bright yellow) will be Munsif of this house. *H. No.5 represents eastern wall.*

Fixed House No. 6

Infernal Subterranean, Root of the World Treasure of Mercy, Secret Help

No.6 is wicked subterranean seat of Ketu and Mercury
Enemy planets, if in this house, do not quarrel.

Ketu represents son, Mercury-daughter (tail goes with dog).

Relatives of mother/father, beneficial, travel, if blank
Mercury does not service Venus, even Ketu devices.

But if alone, both are excellent, together from face.

Mercury gives a round face; and Ketu handsome one.

Planets in 6th aspects centric houses.

Ketu here malefic for own items, but not from others.

If Mercury with Ketu, it is malefic for itself and others.

Child birth depends on Venus and Sun, Sun gives no wealth.

If Jupiter or Sun is next to Venus, effect of Venus goes to 12th

Mercury, Ketu and Venus determine results of 6th

Blank No. 6 always benefic, effect of No.2 falls on No.6 (a)

By itself, planets in H.No.6, gives poor results all life. (b)

No remedy can dilute adverse effects of planet effect. (c)

Whether alone or jointly with another in Nos. 1,4,7 or 10. (d)

Decision about 6th by aspect from 2nd and 8th

- (a) If No.6 is blank, planets of No.2, and 12 remain dormant. Hence if benefic planets are posited in No.2, and 12, it will be beneficial to activate No.6 so that benefic effects of No.2, and 12 become available. If H.No.6 is blank, planets of No.2 and 12 will be dormant. If No.2 and 12 have benefic planets, it will be desirable to awaken No.6. *The native should serve the family of his mother's brother or children of his daughter.* Planets in No.6 are like electric button for planets in No.2 and No.12 which will quickly start giving benefic results after activation of No.6.
- (b) The effective age of the planet and the effect of items related to the planet itself.
- (c) All planets other than Sun, Jupiter or Moon will be of 'fixed result'. Mercury and Ketu remain malefic till effective period, if planet in No.8. The effect of the planet in 6th may also go to the house where Mercury, Ketu or Venus are posited.

- (d) If Saturn is in 6th, it has inverse aspect on 2nd H. If Sun or Moon is in 6th, Mars of No.4 will not be Mars negative. Mercury and Rahu get exalted in 6th and will never give malefic results nor adversely affect to No.2 or planets in No.1, 4, 7 and 10.

This house governs relatives through Mother, father or children. A planet in 6th determines as to what planet the native belongs to. Condition of face, forehead, items relating to Mercury, false assurance, maternal uncle, daughter, enemies, fragrance or otherwise of flowers, tasteless water, neighbours, conditions of nails, items surrounding house/sympathy, tanginess, size of hands and fingers, trunk, nose forehead including joint Jupiter-Mercury, Jupiter-Ketu; birds, dung, maternal house, general conduct, money lending, vegetables, flowers, physical strength regarding Sun, condition of those left behind after death, taste, intuition, type of disease, period of things procured from relatives - all these will be determined as per the condition of Venus, Mercury and Ketu. Mars and Saturn will be doubtful. Ketu governs prosperity and nobility. H.No.6 is platform of H.No. 12. Its *Munsif* is Rahu. *Mercury will give excellent results*. Ketu's effect on its own items, malefic and on other things is good but when Mercury is with Ketu in 6th, Ketu becomes malefic not only for its own items but also for others. Mercury will have good effect on its items. Decision about H.No.2 and 6 will be made by taking H.No.8 into consideration.

H.No.6 is the root of the world, items of underground, mercy and secret help. *Its direction is north*.

Fixed House No. 7 **(Theatre of Everyday Life)**

Mercury and Venus are two stones of H. No.7 for livelihood

Both rotate around an axle of iron rooted in No.8 (a)

If No.1 is blank, No.7 becomes dormant.

When planet in H.No.8 comes to No. 2, Sun (fortune) shines (b)

Friends of Venus support, its enemies tend to halt (c)

Mercury keeps machine rotating , its friends support (d)

Base wheel gives same effect as in Venus.

Others give own effect, companion is more powerful

With more than two in No.7 females act like males (e)

Irrespective of mixing, planets No.7 effect a male.

- (a) When planets of 8th H. come to H. No.8 or H. No. 1 in transit, they will give results as per their mutual friendship and enmity.
- (b) The Sun of fate will awaken from age of 5 yrs.
- (c) Planets Mercury, Saturn and Ketu (friends of Venus) in 7th will give their effects pertaining to livelihood and savings while moving (this would be remediable). Planets Sun, Moon and Rahu (enemies of Venus) will be of fixed result and irremediable.
- (d) Instead of two stones of a grinding machine at times even one stone gives effect like that of a mason. For the purposes of family, Mars or Jupiter will give results (like a single stone). The house lord in which Venus is posited, will (by virtue of ownership or having a fixed H.) control/guide the grinding machine or its circle.
- (e) Female planets are Moon and Venus. Male planets are Jupiter, Sun and Mars. Mixing means degree of aspect. Generally, female planets effect the females and the male planets effect the males but when in H. No.7, when there are more than two planets, female planets should be reckoned as male planets for effect. For example, if Moon in No.7 is posited with any other two planets, then in view of mixing or aspect whatever effect planets in No. 1 or No.7 give on Moon, the same would be taken as on male planet, Jupiter. That is, if, there appears to be any effect on Moon (mother), the same effect of any other planet alongwith Moon (to become more than two when taken all together) would be on Jupiter (father). In this way Venus in No.7, if with any two and more than two planets will have an effect on the male instead of a female. In this condition, instead of the effect on the wife of the native, the effect would be on the body of person himself and that would be relevant to all the three Jupiter, Mars and Sun.

H.No. 7 represents place of birth and residence, items of Venus, marriage, prosperity, skin, pores of the skin, condition of palm, temperament, wife, daughter, sister, items of Mercury, grand daughter, glow of face, cow, woman's house, house of relatives of daughter, dust particles, plaster and white wash of house, construction of houses, birds born out of egg, spiritual power, w.r.t. Mercury and Venus, progeny, business, intuition with respect to worldly matters, youth, land, treasures brought along, will be determined as per the condition of Mercury and

Venus. Here, Jupiter and Moon will be doubtful. H.No.7 is the platform of No.1. *Munsif* of No.7 will be Mars of same colour as white Mercury flower, seed of Venus. *Its direction is southeast.*

Fixed House No. 8 **(House of Mortality and Justice)**

Saturn causes death within boundaries of Mars and Moon (a)
If Mercury and Mars are not malefic, no death is caused if No. 3 is occupied (b)

When H. No.8 is malefic H. Nos. 2 and 6 also join it (d)

H. No.12 even if it is enemy decides fate of H. No.8. (c, e)

Mars (Negative) is most malefic, Mercury, Rahu-Ketu-Saturn too not benefic(f)

A planet in H. No. 11 causes the roof to fall.

- (a) Normal justice includes an element of discretion and kindness but 'reckoning' would mean only tit for tat. Supposing, someone is killed by another. The victim is one among 5 brothers but the killer is the only son. As per tit for tat, the killer will be hanged even if results in total destruction of the family line.
- (b) H. No. 8 will neither aspect forward (on 12th) nor backward (on 2nd), if Sun, Jupiter or Moon singly, doubly or collectively are posited in 8th H.. The effect of 8th H. will remain restricted to that house only. That is to say, Sun, Jupiter and Moon would conquer death.
- (c) If Saturn, Mars or Moon are alone in 8th H., they will give benefic results. Any two or three are together then Saturn will bring death, Moon will destroy health and wealth and Mars will bring in malefic effect of H.No. 2 and 6, (Mars negative will only bring in embarrassment/ridicule). Mercury alone will be generally poor and Mars generally malefic but Mars and Mercury together will be excellent, so long Saturn is not in No.2. In that case, death in battlefield is indicated by Mars which will be Mars negative.
- (d) If either H.No.8 or H.No.6 is malefic, both will become malefic.
- (e) Last appeal will be on Moon.

- (f) If a planet posited in 11th H. (of the natal chart) comes to No.8 or No. 11 in annual chart, then anything relating to that planet if purchased or brought home, will destroy health and wealth both. The root of malefic effect of No. 8 will be in No.4 via No.2. So long as No.2 is blank, the malefic effect will remain restricted to the 8th house only. If planet in 11th H. is inimical to planets then the malefic effect of the same will not go to 2nd H. but remain restricted to 8th H. only. If planet in H. No.8 is inimical to planets of H. No.2 and 11; then planet of 8th H. will, as per aspect, destroy those in H. Nos. 2 and 11 whenever the opportunity comes.

H. Nos. 8 and 11 have connection of Saturn with Rahu and Ketu. H.No.8 is the headquarter of Saturn wherein Rahu and Ketu inform Saturn of the good and bad deeds. If a male planet singly or jointly with male planets (Sun, Mars, Jupiter) is posited in 8th H., it no longer remains the house of death. In such a case, the entry gate to funeral site will be closed and there would be no deaths. The Lordship of 8th H. is that of Mars and no planet exalts in this house. Its own mother, Moon has debilitated this house and made it a house of death. Heart controls body and life but Moon also becomes water and goes to 6th H.. Fear of death scares Moon (mother) which hides in the sea. At the time of death (end period of Saturn), one carries only half of one's good/bad earnings. As the inimical effect of enemy planets of Rahu and Ketu increases, one falls for superstitious beliefs and practices.

Eighth house represents evil of Saturn, Mars (negative), father's brothers death, funeral site, burning of coal, type of sickness, fiery temperament, enmity, roof of house, poisonous scorpions, back, camel, destruction of trees, cloth, raw fat, Venusian strength, malefic condition of Mercury, liver diseases due to heat, indigestion, bitterness, every evil deed, outside of world; all will be decided as per effect of Saturn-Mars-Moon. Moon will be doubtful. H.No.8 is platform of No.2. Its Munsif is Moon. Dark red colour. The decision of No.2 and No. 6 will entail consideration of H.No.8. *It represents the southern wall.*

Fixed House No. 9

(Start of Luck)

**Planets in H.No.9 are the foundation of luck. (a)
 The rain of fortune falls on No.2 from No.9 (b)
 Effects of 3rd comes first, and then of No. 5
 Centre of house chart, planet in 9th rules all.
 Which when awakened, starts giving effect from its age.
 If debt of father is reflected, it causes a desert
 H.No. 5 aspects H.No.9, determine number of kids.
 When Sun or Moon is in 9th, its aspect is reversed (c)
 Ethereal knowledge, effective in first half of life
 2nd house indicates old age where white flag flutters.**

- (a) The planet of House No. 9 is originator of luck. Whenever H. No.3 and H. No.5 are blank house H.No.9 will awaken via H.No.2. Whenever H. No.3 is dormant, H.No.9 will start giving effects after age of three.
- (b) If a planet in the natal chart is dormant, and becomes effective when it comes to H.No.9, then it will give benefic results till the end of its effective age. When Sun No. 8 comes in 9th, it will give effect from age of 22 for 22 years i.e. upto age of 44. Similarly other planets whenever they come to 9th all will give their effect, Mars of No.2 from 28 to 28 years. Saturn No. 8 from 36 to 36 years will give excellent results with following exceptions:
 - i) Venus of No.12. It is malefic only for 25th year when it is polluted by aspects from houses No.3 or No.5. Otherwise it will give benefic effect.
 - ii) Mercury No. 3 is malefic for 17 years from age of 17 if it is malefic for other considerations. Otherwise excellent.
- (c) In such a condition, evil planets in House No.5 will not give malefic effect on children. For all other things which we shall consider effect of evil planets, which is with respect to Sun and Moon.

The articles relating to planet of No.9, will awaken the planet if *Tilak* is applied at mid eyebrows.

Fixed House No. 10
(Field of Foundation of Luck)

A planet posited in No. 10 is twice malefic

Even if its friends are posited in No. 6 or 8.

It is also doubtful and of double strength

2nd H. is its eyes, and dreams in No. 12

If H. No. 2 is blank, H. No. 10 becomes dormant

H. No. 10 awakens when Sat transits H. No. 2.

- (a) Whenever a planet comes to 10th H. during annual chart, it becomes 'doubtful', i.e., it can go either way (benefic or malefic). Its effects will be doubly malefic if 8th and 2nd H. are both equal. Benefic effect will come first and malefic later. If there is no planet in H.No.8 and No.2, planets in H.Nos. 3, 5, 11 will be helpful to the ones in 10th. If these (H. Nos. 3, 5, 11) are also blank, then Saturn will decide the fate of the 10*. If there are inimical planets in 10th H., they will move one like a blind person. In such a condition, Moon will decide its results. If Moon is benefic, results will be benefic. If Moon is malefic, results will be malefic. If there is no planet in 10th H., then the planets in H.No.4 cannot give any benefic result, *even if planets in 4th have capacity to make the person very wealthy. Then meeting one's parents will be helpful. Catering food (not Money) for 10 blind people together at one time wash off the poison of planets of 10th (if they are poor, or in mutually inimical position).*
- (b) Rahu, Ketu and Mercury will always be of 'doubtful' nature in this house. They will move as per dictates of Saturn. If Saturn is benefic, they will be twice benefic, otherwise, the reverse.

If useless planets are posited in 10th H., the chart will be blind even though all planets including Saturn are in houses of exaltation. All will give results as if they are blind. H. No. 10 represents inheritance from/ to father, houses, property, grief, discomfort, darkness, *khaki colour*, father's age, a house of stay for 3 continuous years, **black/brown** animals, seat of body, Saturnian spiritual power, sliminess and cleverness, items of food, iron, wood, bricks, stones, barbed wire, consultation, attitude towards relatives, time of marriage and vigour of youth, imagination, items brought along, treachery. All these will be determined by position/

strength of Rahu-Ketu-Saturn. Moon is *Munsif* of 10th. Its direction is west.

Fixed House No. 11
(Place of Justice, Seat of Guru)

Rahu Ketu alone in H.Nos. 3, 5, 9 and 11 has singular effect. If Saturn be along, its effect becomes 11 fold (in 11th)
Effect of malefic here excellent when comes to No.1 (a)
The planet of fate if in 3rd, and gets no help from 5th
No. 1 if blank, H.No. 3, 1 dormant, Saturn dictates destiny. (b)
When 3rd is malefic, 11th becomes doubtful in early age.
Even if 3rd malefic, 11* stalls death from 8*
While evil rock the boat, but do not drown it.
Things of planet in 11th brought home, bring death along. (c)
Whatever planet comes in 11th H., it has the temper of Saturn (d, e).

The personal condition of the man (income, earning, birth time), his relationship with the entire world and the field of joint luck of all houses is governed by H.No.1 1. In this house, with the presence of Ketu, Moon is destroyed, and with the presence of Moon, Ketu is destroyed. In the same way, with the presence of Jupiter, in this house, Rahu is destroyed and with the presence of Rahu, Jupiter is destroyed.

- (a) 11, 23, 36, 48, 57, 72, 84, 94, 105, 119 years age.
- (b) If friends of Jupiter (i.e., Sun, Moon and Mars) are in H. No.3, H. No.11 will always give excellent results.
- (c) Death is brought by items relating to planet in H.No.8. If Venus/Rahu (friends of Ketu) are in 3rd, H.No.1 I will always give benefic results.
- (d) House No. 3 always aspect H.No. 11 but the effect of H. No. 11 will be considered full only if there is some planet in both No.3 and H. No.11.
- (e) If H.No. 8 and H.No.11 are mutually inimical in a chart (natal or annual), then, items relating to planet in H. No.11 are of no use to the native. It will give evil effect like a broken backbone. Hence,

always bring in things (along with those belonging to planet) belonging to any other friendly planet so that its evil effect can be contained. Supposing, Saturn is in 11th, items of Ketu should be brought alongwith that of 11th. *If you construct a house, keep a dog along. If you buy a machine, buy toys with it. In such cases, Saturn will not give malefic results* but benefic results instead. For example, Mercury in 11th, Saturn in 12th, Jupiter and Venus in 7th indicate happy family life but Sun in 11th, Saturn in 3rd, Jupiter in 2nd indicates debts.

Planets of H.No. 11, excepting evil planets, would be in a condition of unreliability. If H.No.3 is blank, benefic effect will generally start from the day of coming on the throne (H.No.1) and malefic effects at the time of coming in H.No.8. If planet is in malefic condition, after completion of appointed age of the concerned planet, remedy of items relating to planet in 11th H. or of its friendly planets would be helpful provided according to annual chart, none from among evil planets (Rahu-Ketu-Saturn) is at that time in H.No.1. *If any evil planet is in H.No.1, the remedy would be from concerned items of the planets coming in H. No. 9. If H.No. 9 is blank, the remedy of Jupiter would be helpful.*

The effect of 11th H. is on Jupiter. It denotes cumulative earnings of all planets. *To know and interpret the results of this house, complete knowledge of **Lal Kitab** is necessary.* This is a house of earning and not of savings. This house will not determine the sum totals of savings. Efforts of all planets to debilitate this house have failed. After all, Saturn brought pitcher of water as a good omen so that benefit of water (Moon) becomes available to it. It is the seat of fortune. Each planet has got its share already and drops of water (from pitcher represented by 11th H.) become the cause of struggle and fight. These drops will go to the one who is lucky. Even though Saturn may be vigilant and possessive about this pitcher, Jupiter determines the distribution of water (luck). Saturn presents itself in the court of Jupiter alongwith deeds/misdeeds of Rahu and Ketu; and then Saturn takes the decision with the concurrence of Jupiter. Rahu and Ketu, when in 4th H. both swear by Moon not to indulge in any mischief. Rahu or Ketu alone in 11th will be effective as one unit but together their effect will be 11 times. If both are in No. 3-9 or No.5-11, only one unit effect is felt in 11th but if Saturn is also with

either of them, its effect will be 11 times (benefic/malefic). H.No.11 is inward gate of the world. Excepting evil planets (Rahu-Ketu-Saturn), other planets will be like honeybees and give benefic results as long as it is dark but in light, they will suck honey and fly away which causes suffocation. *In bad times, treatment of items relating to the planet in 11th will be beneficial. Treatment of planets friendly to the planet in 11th will also be beneficial provided evil planets (Rahu-Ketu-Saturn) are not in H.No.11 as per the annual chart. If anyone of these evil planets (Rahu-Ketu-Saturn) is in 11th, then treatment of items relating to the planet in H.No.9 will be effective and beneficial. If H.No.9 is blank, Jupiter's treatment will help.*

The 11th house is field of fortune, time of birth, condition of parents at the time of birth, earnings from parents, greed, life long earnings, condition of nails and colour, forehead other than area in between the eyebrows, upbringing, Saturn's nature, purchase of built up houses, pomp and show, entry gate to the world, double mouthed snake, Saturnian planets, and income with the help of others. All these will be as per condition of Saturn and Jupiter. The decision about wealth will be by Mars. It is platform of H.No.3. **Sun-Jupiter** of deep colour will be *Munsif* of this house. Alone Rahu-Ketu-Saturn will give single effect but together will give 11 times effect. If Rahu-Ketu are in No.3, 5,9,11, only single unit effect in 11th H.. If Saturn is alongwith 11 times effect whether good or bad. *It controls the Western Wall.*

Condition of Unreliability of Planets of House No. 11 Effect of Planets in House No. 11

Planets in H.No.11	In benefic condition	In Malefic Condition
Jupiter	Even snakes will salute till the native's family remains joint and father is alive.	Would become extremely weak and helpless if separated from father and loose in character, or in business of malefic planets as in natal horoscope or deeply involved with relatives concerning malefic planets.
Sun	Excellent life for those devoted, Spiritual-minded and simple in living and dress.	Would become/remains childless if one takes meat and liquor (items of Saturn)

Moon	No dearth of wealth and children till mother is alive and if Jupiter and Ketu are excellent	No male child would be born, till mother is alive.
Venus	Treasures of wealth till wife and brother are alive or Mars is excellent in chart.	Otherwise foolish, timid and emasculated and would be deprived of wealth
Mars	It will follow Jupiter's steps. One gets his desired things by traversing the dark nights like a brave tiger and attains his heart's desires.	Otherwise like <i>Hanuman</i> falling from cyclone with glazing tail in search of water of the ocean and searching for his own livelihood.
Mercury	Would have the capacity to rescue the repressed and depressed (beaten by Moon, Jupiter and Saturn) from the day of birth. After passing through the unknown darkness of the world, would rescue even	A man of such blunt intelligence, who would exterminate the plant from the root and himself would die after having been caved in by its fall (self destructive).
Saturn	Would have the capacity to annul God's decree to someone to remain childless and would order for the birth of the child. He would singly safeguard himself fully by fighting against his enemies and venoms of the world & would demonstrate himself to be true in his faith.	Such a person would go to sleep in the deep middle of the ocean, in a crowded boat and thus leave his entire family in the lurch & die. No human being would be helpful to him even after hearing their painful sighs.
Rahu	Proud and conceited. Not accepting even a pie from his parents. Earning himself and minting gold but gold earned before his birth would be destroyed. He would have neither regard for Jupiter (father) and nor for Rahu (in-laws) even if they are going to jail but he himself would enjoy the effluence of God on mountain top in his dreamy world.	May destroy his father/grandfather with poison, opium even before birth. No one would know about the birth of such a person. But he would be always present to see this spectacle of miserable deaths.
Ketu	Fruit of the desire of the children and Ketu's things, relatives or other business concerned things would be 11 fold and excellent provided Moon or Jupiter is not in H.No.5	Effect of Saturn, Moon and Ketu (i.e., children) would be extremely useless.

Planetary Movement in other Houses and Effect of House No. 11

Sl. No.	Planetary Movement	Effect of H. No. 11
1.	Ketu's moves in conjunction with Jupiter of H.No. 2 or H.No.2 through aspect etc.	In the same measure benefic effect Would be more.
2.	Ketu with Jupiter or in Jupiter Houses Nos. 2, 5, 9 & 12. The effect of No.8 goes to H.No.6 through No. 2.	Sharp intellect
3.	The lesser the link of Ketu with Jupiter of No.2 or H.No.2 itself	Benefic effect would be comparatively less.
4.	Effect of H.No.2 to go to No.12 through H.No.6.	The assessment power and character would be excellent.
5.	Effect of H.No.8 to go to H.No 2 through No.11 (see for detail H.No.8)	Power imagination would be directed towards good things of life
6.	Effect of malefic planets (Mars (-) etc.) of H.No.8 going to H.No.2.	May not avail the comforts of the dear ones and relatives.
7.	If an enemy planet of Jupiter (i.e., Venus or Mercury) is in H.No.2 or enemy planet of Ketu (Moon or Mars) in No.2.	Short age and danger in years of 8, 16, 24 ,32, 40, 48, 56, 64 (eight times)
8.	Malefic planets in Nos. 2 and 7.	Dacoit and murderer. Age 50 years
9.	Mars-Mercury or Sun-Mercury in No.2.	Short age.
10.	Rahu, Jupiter together in No.2 or solitary Mercury in No.2.	Auspicious. Brings good luck.

Fixed House No. 12 (Place of Rest and Dreams)

**Ineffective planets in No. 12, becomes effective in 2nd
 One has to take joint results of H.No. 2 and H. No. 12.
 One hardly decides anything, everything is in God's hands.
 Comfort, wealth, last breath and age are decided by Him.**

Essence, earth and air, sudden thoughts blessings and curse, sky shrewdness, uninhabited and barren places, bones, sharp tinge, blood line, nails of feet, connection with wealth through women, comforts of women and wealth, Saturnian strength of body, last time, exit gate,

association of man and women for their family life, things obtained from others, Saturn, Jupiter and Rahu decide these things. Mercury will be 'doubtful'. It is the platform of H.No.6. Dark blue colour will be Munsif of 12th H. Rahu will decide fate of Jupiter in both worlds. *Its direction is southeast.*

Appeal of all planets in the chart would be on H.No. 12. That is, the decision of H.No. 12 would be final but if there is a necessity of its own appeal (for H.No. 12), it would lie on H.No.2 or in case of difference, between H.Nos. 12 and 2, the decision of H.No.2 would be final. Generally No.11 is the first worldly ruler (as regards service) and H.No.1 is Ruler of the Chart but for H.No. 12 (in accordance with natal chart) after the lapse of age of planet of No. 1 (for example Sun in H.No. 1 -22 years). H.No.2 will serve as an appellate court whose last judgement would be given by Ketu. If in accordance with natal Chart, H.No.1 is blank or after the age of planet of H.No.1 (for example, Mars H.No.1-28 years) it becomes blank, then last judgement would be of Moon but within the age of H.No.1 last ruler would always be planet of H.No.1 for all other purposes.

The concerned relative of planet of H.No. 12 would possess God's strength in connection with creating comfort for the native and following this after establishing the concerned thing of that planet there would be a lot of peace and happiness. For example, if Jupiter is in No.12 during the life time of father/grandfather, native's nights would always pass off comfortably. After their death keeping things of Jupiter at night would bring about comfort.

If No.8 is malefic and No.2 is blank, or else when No.12 and No.8 have planets, which become malefic on Union, in such a situation instead of going to the temple for worship, keeping distance from the temple would be preferable. Otherwise, there would be evil confrontation between H.No.8 and No.12. For example, Mercury in No.8 and Saturn in No.12, the eyesight of the daughters would be destroyed if the father goes to a temple.

Bodily Strength

If there is one planet atleast in all the three H.Nos. 2, 6 and 11, the power of assessment and character would be excellent. Blank H.No. 10 would relate to a man's bodily strength.

Joint Houses

Treasure of wealth is 7th H. male planets speak in 6* H. 8th H. determines age, and 2nd makes palaces, body by 1st 5th is H. of progeny, 9th of elders, 11* of religion Wealth starts from 4* H. 10*, is field of livelihood. 3rd decides exit, notwithstanding 12* H. which gives dreams Fruits ripen with each others and so do 7th, 9* and 11th H. Mercury, Saturn and Venus are friends gangsters speak in the 1st H.

As Ketu has been taken to be posited in 6th H., its second partner Rahu takes position in 12th. Jupiter moves both Rahu and Ketu and takes position in No. 2. Effect of H.No.8 goes to No.2. H.No.8 is joint seat of Saturn, Rahu and Ketu and H.No.2 is joint seat of Rahu and Ketu. Thus, when effect of No.8 goes to No.2 the evil effect of Saturn will also be taken but when effect of No.2 goes to No.6, only evil effect of Rahu and Ketu goes to No.6. For this reason H.No.2 is of Venus since Rahu-Ketu (airy Venus) can be controlled only by Jupiter. When effect of No.6 goes to No.12 the effect of Mercury, which is circle of the sky, and is also found in it. Thus, there is a tussle and conflict in Nos. 2, 6, 8, 12. Saturn gets strength to strike in all directions because of tussle of Jupiter and Mercury. Mercury and Jupiter also side with Sun. Mercury and Jupiter are both outwardly inimical. Moon gets H.No. 4, which has strength on all four directions. Moon has quality of nobility. Mars (negative) shows enmity to H.No.4 and Saturn shows enmity to Moon which is the lord of H. No.4. Moon, because of possibility of good and bad, takes upon itself power to control life of all and is effective throughout life. Following planets give effect in opposite houses; Sun-Mars in No.1; Venus-Jupiter in H. No.2; Mercury-Mars in H. No.3, Mars-Venus in H. No.4, Sun-Jupiter in H. No.5, Mercury-Ketu in H. No.6, Venus-Mercury in H. No.7, Mars, Saturn-Moon in H. No.8.

Spiritual

The native would have fine intellect, vision and imagination, if there is a planet each in both Nos.2-8 and No.8's enemy effect reaches in H. No.2 (that it is not blocked by presence of enemy planet of H. No.8 in No.11). Blank H.No.2 is about the spiritual power. H.Nos. 1 to 3 are

considered from first stage of life (25 years). 4th to 6th from second stage (50 years), 7th to 9th from third stage (75 years), 10th to 12th from fourth stage (100 years).

Sensuality

Blank H.No.2 would be considered for sensuality.

For Blank Houses

Generally in case of a blank house, the house lord is considered. For H.No.6 and No. 12 alongwith Mercury and Jupiter, abode of Ketu and Rahu is also taken. When Jupiter is in H. No.9, master of blank H.No.6 would be Ketu. If Jupiter is not in any of H. Nos. 9 or 12, then in blank H.No. 12, Jupiter and Rahu (artificial Mercury) would be taken. If Mercury is not in any of the H. Nos. 3 and 6, then in blank H.No.6 Mercury, Ketu both can be taken as joint. It may be noted that wherever Mercury is powerful, Ketu would be weak. Thus, in such a case any one of Mercury or Ketu whichever is more powerful would be taken as lord of blank H.No.6. Since, H.No.6 is always taken in good sense, thus any weak or malefic planet of the two is not taken as its master. Lord of blank H.No.9 would be Jupiter and No.6 would be Mercury. For the remaining houses, house lords may be considered.

Dormant Fixed Houses or Dormant Planets in Fixed Houses/ Dormant House/Planet

**A single planet in 1" H. neither has enemy nor a friend.
Makes the subject neither a King nor a Minister.
Houses H. No.1 to 6, come first but called the right side.
Houses from 7th to 12th are taken to be on the left side.
No planets in H. No.1 to 6 remaining houses become dormant.
First six become dormant if no planet in remaining.
A house occupied by a planet is always active.
A blank house does not give any effect.
Whatever be the effect of aspect, weak or powerful,
Effect of a house without aspect goes not to another.
Jupiter awakens H. Nos. 9,11 and Moon does Nos. 2, 4 and 8.
Sun awakens the 5*, and Venus does the 7th.
Saturn awakens the 10*, Rahu the 6* and Mercury the 3rd,
Mars awakens the 1" and Ketu does so in the 12th.**

If there is no planet in a house and no aspect of any planet falls on that house, it is called a dormant house. Similarly an unaspected planet is in dormant position. A dormant planet or a house which despite having everything, will not give any benefic effect.

If a planet in the first six houses does not have any other planet in the opposite house, it itself becomes dormant.

House H. No.1 to 6 of the chart are considered to be the prior side and Nos.7 to 12 are called the latter side. If there is no planet on the prior side, the latter side (Nos.7 to 12) is deemed to be dormant but when latter side is blank, the first side would be dormant. Anyway, the effect of dormant planet would not go to next house. A house which has a planet in it would be treated as active. A planet in its own house (for example Venus in H.No.7 or Mars in H.No.3) will under all conditions be deemed as awake. When there is no planet in the prior Hs. (Nos. 1 to 6), planets of the other H. (No. 7 to 12) would be deemed as dormant. In such a condition, it would be necessary to find out the planet for awakening the fate and if the latter houses are blank, it would be necessary to identify remedy to awaken the House which is blank (awakening of planet and of H.No. are two separate things). If a dormant planet awakens automatically without effort i.e., begins doling out its fruit in the last year of general age of such awakened planet (for example Mars 6, Ketu 3 years). In the last year e.g. 3rd year after marriage (for Venus), such a planet would pollute effect of other planets irrespective of friendship or enmity.

H. No. of Dormant House	Planet which would awaken it
1	Mars
2	Moon
3	Mercury
4	Moon
5	Sun
6	Rahu
7	Venus
8	Moon
9	Jupiter
10	Saturn
11	Jupiter
12	Ketu

There would be no malefic effect of a planet if the relative of the concerned planet, which awakens a dormant house, is alive. For example, if Venus is in No.11 and No.3 is blank. Now if the woman's brother (before or after marriage) is alive, in such a situation there would be no malefic effect of self-awakened Venus.

If there is no planet in H.No. 10- Planets of H.No.02 would be dormant.

If there is no planet in H.No.02— Planets of H.No. 10 would be dormant

If there is no planet in H.No.02— Planets of H.No.09 would be dormant.

When would a Dormant Planet become Active on Its Own

Planet	Becomes active	At what age	Age, at the time of malefic effect
Jupiter	With the start of own business	After 16 years	6 th or 22 nd year
Sun	Govt. service or link with Govt.	After 22 years	2 nd or 24 th year
Moon	With education	After 24 years	1 st or 25 th year
Venus	With Marriage	After 25 years	3 rd or 28 th year
Mars	Relationship with a woman	After 28 years	6 th or 34 th year
Mercury	Business, sister or daughter's marriage	After 34 years	2 nd or 35 th year
Saturn	Relationship with a H.	After 36 years	6 th or 42 nd year
Rahu	Relationship with in-laws	After 42 years	2 nd or 48 th year
Ketu	Birth of offsprings	After 48 years	3 rd or 51 st year

CHAPTER 5

FRIENDSHIP, ENMITY AND ASPECT

Planetary Aspect

Planets posited in the 12 houses of a chart have capacity to throw effect on planets in other houses through specified routes (aspects) A planet in prior House Nos. 1 to 6 manifests its friendship/enmity with the planets of latter houses (No.7 to 12) as per aspect excepting House No.8 which aspects House No.2 from behind (inversely)

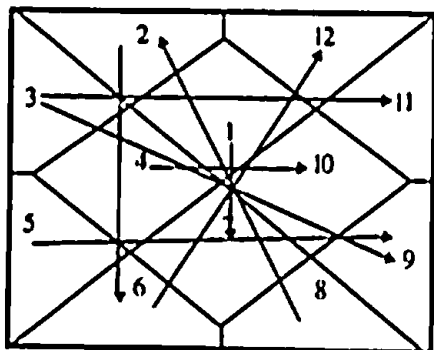

Normal Condition

Planets in No. 1,4,7,10 have full aspect (100%)

Planets in No. 3,5,9,11 have half aspect (50%)

Planets in No.2, 6,8,12 have ¼th sight (25%)

But criteria for Rahu and Ketu and Mercury are different.

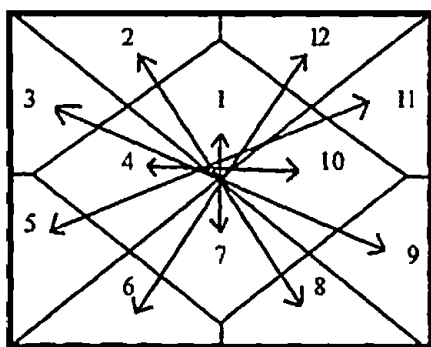

Start of aspect from H.No. (Arrow starts)	Aspect in H.No. (Arrow ends)
1 goes to	7 }
4 goes to	10 } 100%
3 goes to	9,11 }
5 goes to	9 } 50%
2 goes to	6 }
8 goes to	2 } 25%

(Both for natal and annual chart)

It can be seen that the arrows start from a particular house and end up in some other house. Arrows start from Houses No.1, 2 ,3, 4, 5, 6

and 8 and end in houses 7,6,9,11,10,9,12 and 2. Planets in the houses from where arrows start can mix their effect with that of planets posited in the houses where the arrows end. For example, one arrow from H.No.3 goes to H.No.11 and the other one to H.No. 9. It means that the effect of planet in H.No.3 goes to planet in House Nos. 9 and 11. If an arrow from a house has friendly planet and ends in a house which has a planet in it, the effect of the aspected planet would become ever more exalted. If the planet of the house from where arrow starts, happens to be an enemy of planet in the house where arrow starts, happens to be an enemy of planet in the house where the arrow ends, it may pollutes/spoils the effect of the planet posited there. **It may be kept in mind that the planet in the house from where arrow begins can effect (beneficially or malefically) a planet in arrow - ending house but not vice versa.**

Each house/planet has full aspect on the house/planet 7th to it (opposite/diagram below). House Nos. 1, 4, 7 and 10 have full aspect, H.No. 3, 5, 9 and 11 have half, H.No.2, 6, 12 and 8 have one fourth. In 100% aspect (prime) position planet become very close, almost one. In case of 50%, they are half the distance apart and only half their strength combines. In case of 25%, one fourth of power is transmitted/shared. The special route canal of Mercury, mutual aspect of Rahu and Ketu and H.No.2 and 9 is a different story.

Inverse Condition

H.No.8 invariably aspects the 2nd

Nos. 5 and 11 do not.

Mercury Nos. 3, 6, 9 and 12 are destructive

Saturn in H.No. 6 destroys the H.No.2.

(Saturn in 6th has inverse aspect, which is mentioned in Saturn H.No.6)

Aspects of Planets and Relationship with Houses

In order to understand this, let us consider a sign as a woman and planet as a man. The unification of planet and sign of the two or man-woman relationship prevails in the blank celestial Gemini Sign of Mercury because of family love of Venus in the Trinity of the world (3rd house of Mars). The temper of this couple may be considered as divided into three parts;

1. The lordship/ownership of the house or simple relationship of a man and a woman.
2. Of exalted condition which is beneficial for one and another.
3. Debilitated or inimical condition full of enmity or harming each other.

The effect of the ruling planet of each sign may be normal, exalting or debilitating whether for the sign or the planet. If a planet in transit goes to another sign, it would give its effect in transit as if it were originally posited in that position (sign).

Suppose the 12 houses of the horoscope are like the 12 little rooms of a big house. Consider each line of house as the wall of the room. It can be seen that the inside four houses of the chart are 4 rooms with 4 walls. They are also considered to have brought along with them the treasure of destiny. The rest of eight houses are 8 triangles of ½ houses with three walls each and these 8 half houses form the other half (4 full houses) of the chart. A child has full eight houses. The first house is of his birth and body and the eighth house is of death. The planets may be taken as lamps. The doors of all the rooms are open from some side or the other. The light of burning lamp (a planet) in a house is considered to be going to the other house from its door. This going of light to another house is called the aspect of the planet. In this treatise, when a reference is made that a planet from its own house aspects the planet of 7th house with 100%, 50%, or 25% of its strength, it would mean that, it much aspects the latter house or that much effect of its own house goes to the house which comes latter. This does not mean that it is dragging the effect of the 7th house following its own into its own house. The H. No. 8 (the house of death) aspects inversely i.e., it sends its own effect to House No. 2. This H. No. 2 is the joint seat of Rahu and Ketu (as the place of

sins and righteous actions) but in this H.No. 2, the effect coming from H. No. 8 is of all evil planets viz. Rahu, Ketu and Saturn. They cause havoc every 8th year.

The planets of houses can aspect the respective 7th house from their position (3rd aspects the 9th but the 9th cannot aspect the 3rd). In this way, 6th aspects the 12th but the 12th cannot put its effect in the 6th excepting Mercury in H. No. 12. Mercury is considered to be the sky and House No. 6 is infernal subterranean. In H. No.12 is the sky and blank space. Every 7th year can bring about a change in the situation. In H. No.8 of death planet of the house aspecting backward can bring about change in situation after every eighth year. The house aspecting the 7th after one's own are the following:

House No. 3 aspects H.No.9

House No. 6 aspects No.12

House No. 8 aspects H.No. 2 (through inverse sight).

The planet of Mercury has separate story. In short, Mercury aspecting H.No.9 from H.No. 3 or Mercury posited in H.No.9 or Mercury H.No. 12 aspecting H.No.6 renders the effect of all planets meaningless; whether those all on one side and Mercury alone is in confrontation; whether they are its friends or enemies; whether they are with it or on a different confrontation with it. The House No.8 aspects backward. On this principle No.8 aspects H.No.2 with 100% aspect, H.No.2 aspects H.No.6 by 25%. Thus, 25% effect of No.8 would go to H.No.6, H.No.6 aspects No.12 (100%) and thus 25% effect of No.8 goes to No.12 via H.No.6 Thus by inference H.No.2 aspects No.12 by 25%.

Difference Between 100% Effect of Aspect on Latter 7TH House

The house having 100% aspect creates its effect in the 7th house like sugar and milk. The seventh house creates the opposite effect in it next house i.e., it poisons the house next to it. In both conditions, the effect of aspect is 100% but the difference is that the houses having 100% effect are the inside houses, centric H.Nos. 1, 4, 7 and 10. The houses following them are the houses of the outside triangles. Inside the centric houses, the principle of the 7th from own position does not apply. It will also not work for 100% effect on the next houses for benefic results.

When a planet aspects a house latter than its own with 100% aspect, then the effect of aspecting planet gets mixed with the 'aspected' planet (not the house) in such a way as sugar mixes in milk. Such a mixing is called the mixing of Mercury. The effect of the aspecting planet will remain the same as it was in the house in which it is posited but when any planet aspects the House No. 7 the effect of aspecting planet in that house (not in the planet) will get mixed in such a way that a person with one leg gets a leg of another. Such working together of two things but keeping their identities intact is called the mixing of Mars. That is, the effect of aspecting planet (of the earlier house) would be quite inverse for the aspected (following one). If the aspecting planet had benefic effect in house of position, that benefic effect, after meeting with the latter house would become malefic for the latter house but the effect of earlier planet would remain the same for itself.

Effect of a Planet on another Planet and Effect of the House of other Planets and Difference thereof

The meaning of mixing of effect of a planet (of earlier house) with the planet (of the latter house) would be that the effect of the planets in latter house would become the same but this mixing does not mean to have any effect in the latter house as such (effect only on planet and not on the house). It is possible that there may be several planets in that latter house. When the effect of the planet of the earlier house gets mixed with the planets of the latter houses only, it is possible that all planets in the latter houses are its friends but it is possible that when:-

- (i) the 'poison' of the planet of earlier house gets mixed, then all of them or a few of them do not get together or may become even, or some may remain enemies.
- (ii) the effect of mixing may result in friendliness in case of some which were earlier inimical.

When we refer to mixing of effect of earlier planet with the latter house (and not the planet), it would mean that the planets of the latter house would remain as separate but despite being separate, they would give the proof (effect) of that mixing of Martian type. That happens so, because the nature of the house itself has been changed for all the planets posited in the latter house (i.e., H.No. for them has got changed) and they

all give different effect for aspects relating to that house but when the planet posited in the subsequent house is affected by mixing, its own effect gets changed. The effect of change would be on the items of the changed house. If there were many planets, the planets whose effect gets changed would give changed results only on those things, which are concerned with the planets in those houses. For example, the fixed house of both Mercury and Venus is H. No.7 in which effect of H.No.1 can join from above. Supposing, in H.No. 1 Sun is posited and in H.No.7 are Venus and Mercury. When Sun's effect mixes with the two i.e., Venus and Mercury, it would make them shine like the Sun. The effect of Sun for H.No. 7 will not be malefic. Instead of being exalted in its own first house, the effect of Sun will join Venus and Mercury like sugar in the milk. This is an example of 100% aspect.

In another example, supposing Venus is in H. No.6 and Mars is in H.No. 12. For purpose of aspect, 6th H. and 12th H. are 7th from each other. In such a case, effect of Venus in H. No.6 will be quite opposite on H.No.12. In H. No.6, Venus is debilitated but its opposite effect (i.e., auspicious) will go to H.No. 12 where Mars is situated. When effect of Venus goes over to H. No.12 from H. No.6, all the items relating to Mars in H. No.12 will be positively affected. The brother of the native (Mars) would have an excellent effect in form of worldly comforts but Venus of the native will remain debilitated.

In short, in case of 100% mixing, the native will be personally effected (benefic/malefic) but the effect of aspect on the 7th will be as given above. It will not have a straight effect on native. For example, in the subsequent house, if there is Venus as a result of 7th adulteration, there will be opposite effect on Venus. Its opposite effect will be on the in-laws of the native. If the first house is giving malefic effect to the native, the inverse of that malefic effect would be benefic. The concerned relative of the planet of native, who may be having relations with the native of the planet of the latter house, if there is Mars, would mean a brother, if it is Mercury, then it would mean a sister.

Effect of Aspect for Specific Things like Health, Illness, Marriage, Descendants, House etc.

House 5th to each other are friends, 7th are inverse,
 They confront when 8th -9th house is their foundation
 When separated (3rd from each other), meet through Mercury
 Being 10th become mutual enemies, deceptive and uncertain
 Male planets give effect in even houses, females in odds. (A)
 Mercury gives effect in H.No. 3 and 6, and RKS are silent in 2nd.
 (A - female planets - Venus and Moon)

Planets separated by an intervening house (3rd/5th) are mutually helpful whether they are friends or enemies. Planets of houses 5th/7th will have quite the opposite effect on the planets in the aspected house. (The position in respect of House Nos. 1, 4, 7 and 10 will be different). Planets of House 6th/8th would be mutually confronting, excepting No.2, in which case the confrontation like that of big mountain and ocean results in favourable rains. In addition, in the rest of the confrontationist houses, only malefic effects would come. Planets of 7th/9th will have normal friendship or enmity. Planets of $SV \setminus 0^{\text{th}}$ houses will have mutual enmity.

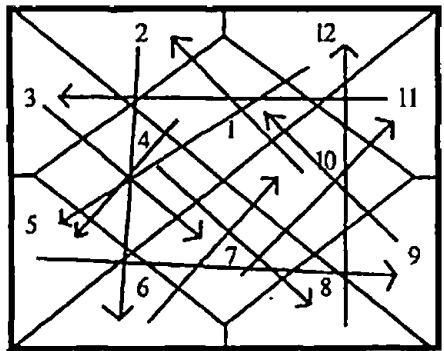

For example, there are 8 intervening houses between No.9 to No.6 (10 to 12 = 3) + (1 to 5 = 5); 3+5=8. Supposing Saturn is in 9th House (which would be very auspicious and effective for 60 years) and Mercury is in H.No.6 (Mercury which itself is exalted but if those belonging to House No.6 (maternal uncle of the native) do business relating to items of Saturn, it would lead to their destruction. By itself the fruit of Saturn will be most beneficial for those related to 9th (elders) and for those in No.6 (for uncles), works relating to Mercury would be auspicious. The native himself would not be effected by this enmity. If there is any malefic effect due to Saturn, it will be on those having relations with No.6 House (maternal uncles etc.). For example, there are 6 houses between House No.10 and 5 (for the purposes of aspect) i.e., House Nos. 11 and House No.12 to No.1 to 4 but for House from No.5 to No.10, there would be 4 intervening houses (No.6 to No.9). House No.10 can aspect No.5, but H.No. 5 cannot aspect H.No. 10, excepting Moon of No.5, which is poison for No.10. Generally, the planets of the prior houses aspect the planets of the latter houses (excepting House No.8). However, in case of blank houses, dormant houses or planets aspecting can be seen both ways (forward and backwards). H.No. 2-8, 2-9, 2-10, 11 and 3-8, 3-5-8 are considered joint.

Mutual Assistance (outward)

Planets in a house would be helped by the planet in the house 5th from it whether planets are friends or enemies (Chart I - page 69). In the chart of Yog Drishit, in front of House No.1 the word 'A' & 'B' and below mutual assistance in House No.1 before word 'A' number 5 is written and before 'B' number 9 is written. Word 'A' means that it can aspect the House No.5 meaning that House No.1 can aspect House No.5 for outward assistance. In this way, No.1 can be aspected from House No.9. That is House No.9 can give assistance to House No.1. In other words, the enthroned King (planet in H.No.1) can be helped by the planet of House No.9 whether those (No.9 and No.1) are mutual friends or enemies, and planets of H.No. 1 itself would help House No.5, whether mutual friends or enemies.

H. Nos. 9 to 1, H. Nos. 10 to 2,
H. Nos. 11 to 3,
H. Nos. 1 to 5.

General Condition

(1-7)

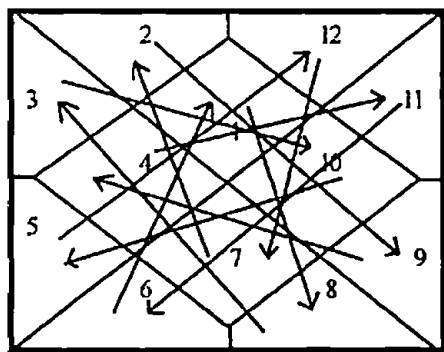

The principle of mutual friendship and enmity would be maintainable in aspect 1 to 7, 4 to 10, 5 to 9, 3 to 9 and 6 to 12.

H.Nos. 1 & 7, 2 & 8, 3 & 9, 4 & 10, 5 & 11, 6 & 12.

Confrontation

(6-8)

The planets of two different houses, whether mutual friends or enemies, would certainly generate mutual confrontation at the time of their position at 6th to 8th from each other. They would harm each other notwithstanding the fact of their friendship. Their confrontation would be ruthless to the extent of extermination. H.No.1 will confront H.No.8, No.6 will

confront No. 1 etc.

Foundation

(1-9)

Planets 9th from each other whether mutual friends or not would help each other full and have a common solid foundation. Or the planets of both the houses would be functioning and offering mutual assistance to each other on common mutual foundation.

Deception

(1-10)

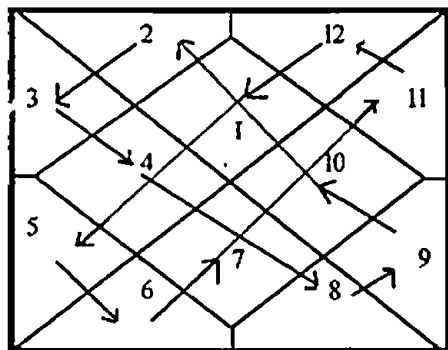

Now the format of the planet that would give double strength (malefic or benefic) is considered. The decision of the matter would be attributed to H.No.10 which is based on the principle of deception (10th to its position).

Joint Wall

Two friendly planets posited in two adjoining houses would be considered as mutually conjoined but two enemies in adjoining houses would always be considered as separate. The intervening wall of the houses of two friendly planets is not obstructive but the enemies cannot intensify the confrontation because of the wall but at the time of Yog Drishti, the planets of far distant houses would be counted exactly as posited in adjoining houses. In short, if mutual friends, they are united and if mutual enemies, they remain separate.

Planets of Prior or Latter Houses in the Horoscope

For the purposes of aspect and in view of series of No. 1,2,3 upto 12 respectively, the planets which come first and aspect planets posited in latter houses would be of the 'prior houses'. That is, planets which aspect others and be prior in serial order.

For example, as in the chart Sun is in H.No. 1, Moon in No.2, Rahu in No.3, Jupiter in No.4, Mercury in No.6, Saturn in No.7, Ketu in No.9, Mars in No.10, Venus in H.No. 12, Sun would be called of prior house (No.1) than Saturn (No.7). Jupiter (No.4) would be of prior house to Mars (No.10). How Sun, Jupiter, Saturn all the three

are in House Nos. prior to House No. 10 where Mars is posited but the meaning of the planet of a prior house to Mars for purpose of aspect would be Jupiter only. And Mars is of a latter house than Jupiter since Sun in H.No.1 and Saturn in No.7 cannot aspect Mars of No.10 on the principle of aspect. If a planet of a house aspects two other houses, for example House No.3 aspects House No.9 & No.11, in that case the planets of both the houses of No.9 & No. 11 would be considered as of the latter houses to the planet posited in House No.3. In the same way, when we say that Moon bears enmity with Venus it means that Moon is posited a few houses prior to Venus.

In a horoscope, the planet of the prior houses mix their effect with the latter houses excepting House No. 8 whose planets aspects backwards to mix their effect in prior to its own. In such a condition, until the malefic effect of the planets of the latter houses (from behind) does not stop or the scheduled period of the malefic planet of earlier houses does not end, benefic effect of the planets of later houses does not manifest. The same principle holds good for planets of H. No.8 w.r.t. House No.2.

Friendship/Enmity

A planet of prior house aspects latter house in a benefic or malefic manner excepting H.No.8 which aspects No.2 inversely.

Yog Drishti at the Time of Health and Illness

Male planets speak (give effect) in even houses. Female planets speak in odd houses. Mercury does in H.No.3 and 6. In addition, evil (RKS) are silent in H.No.2. At the time of mutual aspect of planets, quantity of their joint effect, trend of friendship and enmity would be the quantity of benefic and malefic portions (Chart I and II)

CHAPTER 6

DEBTS/COMPLICATED PLANETS

If a planet in 9th is in conjunction with Mercury through root. It indicates ancestor's/father's Debt, nullifies effect of all planets. When a companion cuts the roots, that conceals the aspect. Malefic planets in House No. 2, 5, 9 and 12 indicate Father's Debt. If a planet in 3rd is connected through root to latter Mercury, It will destroy both the houses, whether friendly or not. If Mercury be with it, 3rd would not be malefic, but changed.

A person having 'debt' will suffer from day of his birth or from a particular day. He will constantly and steadily face bad days for years and would not be able to face the rigors of time and keep up the circle of his life. *The effect of sins of male elders on the native is called 'Father's Debt'.* The sin would have been committed by some one, but the punishment would be inflicted on his progeny.

'Father's Debt' would be indicated in a horoscope, wherein an enemy planet has an evil effect on a planet while posited in the sign of the planet and connected to it through root, is itself polluted. General symptoms of such a situation are reflected in the horoscope of grandfather, father, son and brother when a malefic planet recurs in the same house or such other houses where that planet is counted as fully malefic. For example, Rahu in House No.11, Saturn House No.4 or House No.6, Mercury in House No.2, 3, 8, 11 or 12 may appear again in the horoscopes of such a family.

In reality this condition is reflected by the planets of House No.9. Planets in House No.9 (House of Jupiter) singly or jointly or being mutually antagonistic, spoil the power of Jupiter by mixing poison in the effect of Jupiter. Rahu is considered as the silencer of Jupiter. If it silences Jupiter, by being in Jupiter's houses or in fixed houses of Jupiter, it would reflect burden of Father's Debt.

In the same way, other planets too indicate debt. Deterioration in

Moon, can become the cause of Mother's Debt (on account of the mother). **The** planets of such a person may even be exalted. One would only witness malefic effects of the two planets and would require remedy for the both. Supposing the father of native killed dogs or got them killed without any reason. In such a case, the native will have Father's Debt of both Jupiter and Ketu. This would remain effective for a period of 16-24 years from date of adulthood.

In the same way remedy of the rest of the planets is considered. Remedy will be done of both the planets. First, one which itself has grown useless and secondly of that planet, which being in the Sign of that root is rendering it useless. For example, if Jupiter is in No.9 and Rahu in No.2 or No.11. One remedy is required for Rahu in No.2 or No.11 (in malefic condition) and second remedy would be to save Jupiter at the time of its destruction in No.9. The period of remedy is to be resorted for the amelioration of the entire family, care may be, however, taken that putting into practice two remedies at the same time will not be effective. By doing so the fruit of no remedy will be available. Therefore, it is necessary to resort to one remedy for 40/43 days / weeks, then leave a few days and further resort to **second** remedy for 40/43 days/weeks continuously.

If Rahu-Ketu themselves are in malefic condition or debilitated (Rahu No.12, Ketu No.6) with no helpful planet in No.2 & No.8, then in such a case of Father's Debt the native will only face difficulty in respect of worldly wealth. There would be no malefic effect from any other point of view. At the time of **Mother's** Debt planet itself which becomes malefic and the planets which destroys from the root Sign, the remedy of both and for scheduled period will prove helpful. In view of the relationship of the native and the kind of debt, the name of the debt would be determined which is incorporated in the table appearing on next page.

First Degree Debt to Father
(When Mercury is posited at the root)

Planet in H.No. 9	Mercury Position
Jupiter	No.12
Sun	No. 5
Moon	No. 4
Venus	No. 2 or 7
Mars	No. 1 or 8
Saturn	No. 10 or 11
Rahu	No. 12
Ketu	No. 6

Second Degree Debt to Father
(When an enemy planet is posited at the root of the concerned planet)

Jupiter anywhere other than in House No. 2, 3, 5, 6, 9 or 12	: And Saturn in No.2 as evil Venus in No. 5 or Mercury in No.9 or Rahu in No. 12, Mercury, Venus or Saturn as evil in No.3 - No.6.
Sun outside H.No. 1 or No. 11	Venus, Rahu, Ketu in No. 5
Moon -do- No.4	Venus, Mercury Saturn in No.4
Venus -do- No.1 or No.8	Sun, Moon, Rahu in No.2, No.7. Either alone or more than one.
Mars -do- No.7	Mercury, Ketu in No.1 & No.8.
Mercury -do-2 or No. 12	Moon in No.3 or No.6.
Saturn -do- No.3 or No.4	Sun, Moon, Mars in Nos. 10,11.
Rahu -do- No.6	Sun, Venus, Mars in No. 12.
Ketu -do- No.2	Moon, Mars in No.6

In both the stages as mentioned above in accordance to the horoscope if, debilitated condition of house No.2, 5, 9 or 12 be with it, it would be Debt to Father. Otherwise, there would be no debt to father or mother. *It may, however, be borne in mind that debt to Father would always be seen from the main horoscope and Annual Chart would have no concern with it.*

Remedy of Debt to Elders

In case of elders' Debt, a sin is committed by the elders and its result is to be borne by the present generation causing thereby damage to the things relating to the planet, relative or business to such an extent where a stage of total extinction may be reached. At such a time, all the family members or their blood relations such as daughters, grand daughters, wife, sisters, grandsons, grandfathers and forefathers (in short wherever the blood relationship extends) all have to contribute in the remedy, which would not only be helpful but also necessary. For a woman's parents (in-laws of native) there would be no requirement of contribution in the remedy of debt to elders but the contribution by native's daughters, sisters, sons or their children (whether male or female) is not only justified but also necessary. If for some reason, it is not possible or there is any doubt, it would be preferable that they too are made partners. In case any relative cannot contribute for some reason or due to infidelity or personal estrangement, it is necessary to apprise him that such a debt to the elders or the dirty burden on the family (like leprosy) would continue to flow in the veins of the family's members living away from the family. It would be the duty of the family members doing such a remedy to contribute their shares also along with his own but their shares would be ten times than the general share i.e., if the general share is one rupee, the share of such a misguided one would be ten rupees.

As would be clear from planet's movements said above, that as to which of the planets in the radical horoscope is a creator of debt of elders in the family. It would be considered from the malefic effect of the planet given below and their concerned activities that in reality, hallows the root of the family blood secretly, either sometime through tremore in family, fortune or black dust.

Effect of Evil Planets of Father's Debt and their Remedies

Name of the planet	Symptoms/Indicators of debt to elders
Jupiter	When a man's hair turns grey, his fate (gold) starts dwindling. A time may come that the hair further turns from grey to white. Exactly with these changes, gold turns into copper and copper to black iron, and that too rusted. As the blackness of the hair dwindles, deterioration of fate takes place. Worldly respect begins to turn into disrespect and humiliation comes without any reason. Works which were completed or being implemented automatically, would not bear any good fruit even by exertion to the utmost. There would be general complaint of whooping cough. Instead of relief, the forehead would be a source of headaches, trials and tribulations.
Remedy	One rupee from each member of the family having blood relation may be collected and given in a temple on one day. If there is a religious place, or <i>peepal</i> tree within 16 paces from exit on the left side of the family house, the same may be worshipped and respected.
Sun	As the youth attains adolescence, disfavours from those in authority, visit the young and growing. His body, head and feet will feel pestered by royal oppression. The budding youth would experience trouble and poverty. As hopes and aspirations of adolescence begin, the person faces litigation, recovery of loan, conviction without fault. In short, ability, aspirations and desires become muffled up within the body or wrapped up in the coffin from budding youth to the beginning of old age i.e., upto 48 years and with the weakening of the parts of the body, head begins to shake. The cool breeze of peace and solace would only show at a time when any child/grandchild attains the age of 11 months or 11 years.

- Remedy** **Solemnize a *Yagna* by taking equal and joint shares of all members of the family having blood relation**
- Moon** When any such person is concerned with education, or has milch animals, or any such woman (having affected Moon due to Father's Debt) begins to feed her child the adverse effect will show in the form of loss/depletion of silver, water, tranquillity of heart, relaxation at night, source of earning and milch stock. Help expected from friends or relatives will not come. The silken colour of the wall of luck will turn into dust white colour. Despite all possible effort and energy, the dream of education would remain an idle one. Saving would be waded on buying coffins, illness of relatives or other unjustified penalties. Occasions to feel jubilant, asking for milk or giving milk to other friends without asking will become rare. If at all, one would be tempted to deprive a friend of his belongings.
- Remedy** **Take equal share of silver from each member of the family having blood relation or lineage and throw in flowing river same day.**
- Venus** Such a person despite a pompous marriage fails to reap the fruit of marriage (male child). Instead skin diseases like leprosy and mourning would mar happiness (like a death around the time of marriage). Some misfortune or the other, which would pollute any success become common features. Cow and mother would bellow at night. People would start pitying such an unlucky couple.
- Remedy** **Feed delicious food to 100 unhandicapped cows in one day on the joint and equal expenses of the entire family.**
- Mars** With dawn of youth, flow of blood in the body increases, moustache appears (or menstruation starts in females). Thoughts of procreation come to mind. Desire to meet distant people also manifests. Enemy seems to be getting scared and friends raise hopes. Whatsoever came in the teeth gets grounded like the worm in the grind mill

alongwith the grain. In short, everywhere one's flag is high; be it in the battlefield, royal courts, among friends and females, or mother's family but abruptly a mysterious fire breaks out. Just a little short of reaching the roof, the rope breaks down, chest bones crackle and blood begins to decay. No friend helps. Flimsy grounds become cause of litigation. Mercury and justice turn away and one is almost cremated alive. One, however, continues to abide in his faith, depending on others but apparently the world treats him adversely. Not only one who appears to be useful or giving excellent results becomes victims of sudden death or are ruined altogether. The period from 28 to 36 years of age is found to be the most atrocious but no doctor could diagnose the cause of these sudden happenings and poisoning, despite his blood having so much strength and good condition. Not only once or twice, several times such things occur and all sympathizers shed tears of mourning. No trace is found out of this inopportune and serious condition. The dawn of youth proves to be the harbinger of death.

Remedy **Give some part of the work gratis to the person doing Saturnean work by collecting one rupee each from all the members of the family. Such person is allied with Saturnean works, such as artisan, experienced *Hakim* or house builder.**

Mercury A daughter is born. Her brother turns up and they sit together for a chit chat. Family friends rise up. A voice comes from the gashing of teeth that some obstacle has come. The cloth has got stuck. A call is given to slow down the grind mill and some say to 'switch off the current expeditiously as the man stuck in the grinding mill is being grounded'. Instead of being slowed down, it becomes faster still. The brain does not work. Instead of right, left is touched. Even a little word from the tongue causes more harm.

Then a male child is born and the family members celebrate

his birth with gratitude but the father does not know what misfortune has visited him which destroys all his wealth. Intestines begin to be pulled up and the teeth shake and the full blow youth collapses. Father's age is lessened and mother loses all hopes of life. The family is happy until the son was born but as soon as the male child is born, the man who became the father, sleeps with tears in his eyes. The secret of all that remains concealed. If the mother survives the birth of the son, she is seen to be crying and lamenting every night seeing her lamentable plight. The father steadfastly sees his business dwindling but he cannot identify as to where a worm is devouring up his personal and ancestral property and why his gleeful lyrics are being changed into sad lyrics. In the years round, some money is saved due to hard labours. At the end, before the start of the New Year, 75% of the expenditure is considered as waste. The only saving grace is that while wealth is lost, lives are spared.

The disloyal (Mercury) destroys a few families to such an extent that leaving aside the descendants of the family, even their own helpful cousins, the elderly mother's relatives or the living innocent children continue to lament but several times all these kind ones are seen stumbling in unknown pits and dying there. The only one apparently satisfied is one who has no speech and cannot express his difficulties. The network of evil deed is present everywhere. The hunter weaves the network, and he is not to be tracked. The teeth came, but are gone. The in-laws are finished or grounded. Uncles are knocked over or leave this world but the atrocious butcher's machinations in the secret of that hidden girl are not revealed. When the age reaches from 34 to 48 years or from adolescence to old age, the secret remains unknown despite hardest efforts. The efforts of all wise men to unravel the secret remain unsuccessful. It remains a secret known only to God. Ignominy for someone who does nothing, and oblivion for the one who does but limits of ignominy or oblivion remain undefined.

Remedy **By taking one yellow shell from each member of the family having blood relation and burn them to dust and flow the same in the river on the same day.**

Saturn Awakening from slumber, one hears a voice knocking at the door enquiring where those who had come for a deal about machines last evening had gone. They had given some advance. The expenses incurred on the walls of the factory were deposited in advance. The issue had not yet been hammered out when suddenly a particle of dust falls in the eyes. It causes headache and the entire story remains where it was. All are waiting, rains are brisk, all the paraphernalia of the house is being destroyed. Let us find out where that '*Sahib*' is.

In the meantime, a girl runs up and informs that the corner of the house where there was a store of kerosene oil and timber has been burnt to dust. The *chowkidar* having the key of water channel for extinguishing the two relatives get injuries in their legs and there is no arrangement for taking them to the hospital. It is mentioned that a snake has crept from a corner. All feel terrorized and this entire story appears to be a nightmare. The walls constructed without a roof begin to crumble because of intensity of rains. This is the first scene presented after rising from sleep.

Messages are received from the children's institute that unjustified feuds have cropped up with the police, local officer and responsible authorities of educational department. The boy is quite competent and fully aware of the medical profession, houses, engine, mountains and mines but nothing is known as to why the examiner gives him zero marks and expels him from the competitive test. The more wise and capable the boy is, the more he is humiliated. Palatial houses have been built with heavy expenses but when the occasion for living in these comes, no one finds any comfort. If any built up house is purchased, its staircase is found tattered in the middle or broken and needs new construction. Several times,

however, the owner who built the house could not enjoy sleeping in the new house even for a night. If, however, inadvertently he sleeps, he is not found alive next morning. Despite best of efforts, it is not found as to why the family cannot get peace in these houses or the paraphernalia of that house and why the family fortune dwindles there due to snakes, killers and undue poison.

Remedy

To feed the 100 fish of various places in one day on the joint and equal expenses of the entire family. Or Feed 100 labourers out of expenses of entire family.

Rahu

Evening comes and sleep overwhelms interspersed with weaves of dreams. Every type of comfort and safeguards against the enemies are provided but abruptly there is lightening. Decorated houses get ablaze disrupting the dream and sleep causing risk to life. It is not long before the multimillionaire and traders of costly diamonds are reduced to dust instantaneously. Gold is lost, theft takes place at various places. Dacoit, embezzlement and cases of swindling and deceit cause loss of wealth. Whosoever is related to the in-laws or attains the age of 16 and 21 is found to be wounded in head afflicted by vicious thoughts, unevenness in body, infested with disease and signs of decay and old age in childhood itself. The more he uses his wisdom, thoughts and intellect, the more he finds himself deprived of work, becoming poor and helpless. In the evening, he dreams of loneliness but cannot fathom as to why the gold unwillingly changes to rusted brown and then blue.

The members of the family, children and young ones, though handsome in appearances and beautifully high sized, begin to complain of breathlessness. The cases of asthma, epilepsy, whooping cough, breathing trouble, imprisonment without fault and ill-timed. Abrupt deaths begin to register increase whenever effect of the blood of the family goes. There is black storm everywhere despite the native being very gentle, poor and God fearing but the Judge imposes fines, imprisonment or compensation while disposing off

the case whether or not one is at fault. One is not even told what one did wrong. Everything is seen tumbling upside down. Even glancing from the earth to the summit of the roof, blue ocean and sky, one broods from morning till evening but one gets the same answer, that is only a whim, imaginary thoughts or madness to some extent which are creating mysterious punishment, catastrophe and mental disturbance.

Remedy

Collect one coconut each from each member of the family having blood lineage and flow them into the river in one day.

Ketu

Kids are playing in the ground, hopping hither and thither. Dog's puppies too join them. Suddenly, a passerby comes and slips and strikes at the dog's mouth. In order to save himself, the dog strikes at the innocent child. Out of fear the child flees away on the road but is trampled by a motor car. The mother who is bathing her child in the two storied house, rushes down seeing this happening leaving the second child there. The third brother of the dead child who has been basking in the Sun at the third floor of the house, sees the commotion below and falls down. The second abandoned child collapses in the water utensil there. The child who falls down, meets his death instantaneously. The harassed and baffled mother, finds her one child buried under the motor car, the other dead because of fall and third drowned in water. Her legs feel paralysis. No one's guidance is of any help. Her ears become deaf and her spinal cord breaks without anybody striking it. She had three children but no one is left. Whom to complain for these deaths?

In the entire family no one else has a male child. Anyone who reached his youth became deaf and involved in urinary disease or paralysis. If one's own family is saved, the maternal uncle's family is destroyed. If two pennies are saved in the house, loss of thousands of rupees is seen in travels. Firstly, there is no well-wisher or councillor. If relied upon, he would misguide and some storm is

raised on one pretext or the other but no trace is found out for the abrupt network of deceit and vicious results of the hypocritical and vicious dual world.

Remedy

To feed delicious food to 100 dogs on equal and joint expenses of each member of the family. Seek the blessings of a widow staying in the left house while entering the ancestral house.

Special

While doing the remedy for Father's debt it is necessary to include contribution from all who so ever fall in paternal lineage, Son, daughter, grand daughter, daughter in laws (if married in the same family), sister, sister's son, grandson, grandfather, paternal uncle and his progeny (Not necessary to include in-laws). If, for some reason, someone is not prepared to give his contributions, put 10 times his share from yourself, but warn him that he may continue to have evil effects if he does not contribute.

CHAPTER 7

PLANETS OF MAJOR PERIOD

"With treatment the disease continued growing, Causing scare until finally death came one day".

Planets at the time of Major Period (MP)

Mars aspects 4th and 8th, Jupiter aspects 5th and 9th.

Saturn aspects 3rd and 10th. They have full aspect When Mars, Jupiter, Saturn alone or joint in House No.1, 4, 7 or 10

Planets posited in 6th houses, aspect all around.

The period of continued vicious state of a planet would be Major Period and only one planet can be in full Major Period in the span of 35 years of life and such a period of 'eclipse' in a man's fate can extend to maximum 39 years in total life time of a person. The intervening period of two Major periods (one MP expires and the other starts) would not have the malefic effect of Major period.

- (i) Wherever a planet is posited if that house is taken as the 1st, from there, 4th or 8th house would be considered for Major Period. The duration of Major Period would be Jupiter 16 years, Sun-6 years, Moon-10 year, Venus-20 years, Mars-7 years, Mercury -17 year, Saturn 19 years, Rahu 18 years, Ketu 7 years. Total 120 years.
- (ii) Planets of destiny (ii) sign effect (doubtful) (iii) exalted, (iv) alive and (v) benefic are never in Major Period.
- (iii) There would never be Major Period of any planet if there is some planet in any of the Centric Houses (No. 1, 4, 7 or 10) and there is no exalted planet in the other houses like Moon in House No. 9, Rahu in House No.3, Mercury and Rahu in House No.6, Ketu in House No.9, Venus and Ketu in House No. 12, Moon in House No. 4 or Moon itself be benefic.
- (iv) During Major Period, Planet of deceit would create 'changed conditions' every 7th year through Rahu and every 8th year through - planet in House No. 8.

- (v) There would be no malefic effect of planets which have had Major period on other planets.
- (vi) During Major Period, personal effect of every planet which gives MP would be in accordance with Annual effect as given below.

Planet	Year in which its real effect would be restored.
Jupiter	10 th year in addition to the grace year and when Jupiter comes to House No.1
Sun	Odd years (1, 3, 5 etc.)
Moon	Even years (2, 4, 6 etc).
Venus	11 th year The first year of 3 years period of this circle is strong in Venus-Mars.
Mars	4 th year
Mercury	5 th year
Saturn	6 th year
Rahu	7 th year
Ketu	3 rd year

The general period of Jupiter is 16 years but in case of Jupiter, Major Period starts only from 9th year and this planet would give own effect in 1st, 2nd, 8th, 10th and 14th years during its MP. Being the *guru*, it would never give malefic effect in the first half period of its life i.e., upto 8 years, and its Major Period would start from the 9th year. The condition of the period of Major Period of the native and his wife would be seen from Moon Horoscope. Annual chart would also be made from the same.

Moon Chart

The house in which the astrologers have written the word Moon, that house be given the signs of Ascendant and remaining figures of 12 be completed in all houses. In this way wherever figure 1 occurs that would become 1st house of Moon Chart in this Science of Astrology (**Lal Kitab**). For seeing the Moon chart as per astrology (**Lal Kitab**) would be called as Birth Chart No.1 and the 2nd for Major Period would be Moon Chart No.3 The difference would be that in Birth Chart the position

of the Moon is in House No. 10 and in the Moon Chart the same Moon Would be No. 1. In both the conditions, Birth Sign is supposed to be **Scorpio**. The separate description of both the horoscope is to be seen **separately** due to the calculations of the "**Lal Kitab**". The difference would be that, the effect of Moon Chart would be sudden and apparent at times rarely and that would be the blank years of Major Period and deceitful years of deceptive planets. Whatever would happen would be 'doubtable' for which the benefit of doubt would be taken by calling it Sign Effect (The difference of Sign Effect and Planet Effect has been given separately).

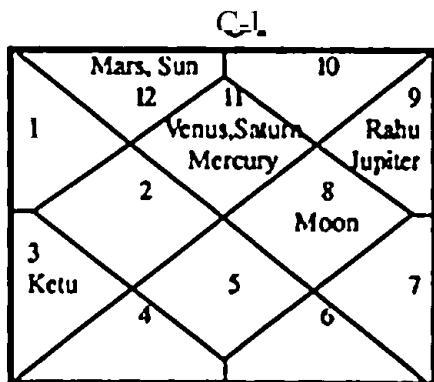

Example:

Birth: 14-3-36 on Saturday
Lahore Cantt. 5 A.M.

Corresponding to 1936. C-1 is normal chart.

Ascendant Aquarius (11),
Saturn, Mercury,

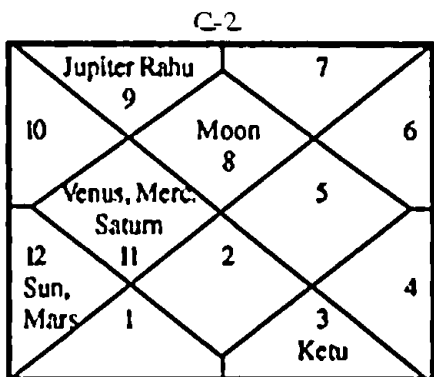

Venus in H. No.1, Sun, Mars
No.2, Ketu No.5, Moon No. 10,
Jupiter, Rahu No.11

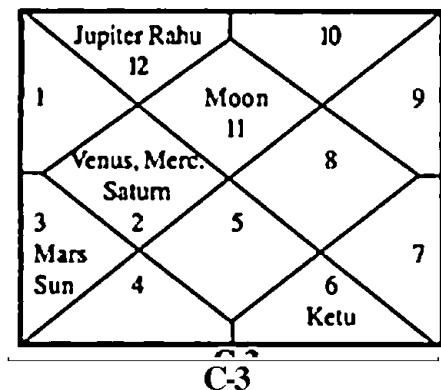

Example

Moon Chart According to traditional Astrology

In the house where Moon is posited as per traditional chart (C-1), transpose the number of Ascendant house (11) and complete remaining 12 house numbers accordingly. Whichever house gets No.1, that house will be the First House of Moon chart as per **Lal Kitab**. The C-1 is the birth chart. C-2 is the Moon chart according to the traditional system.

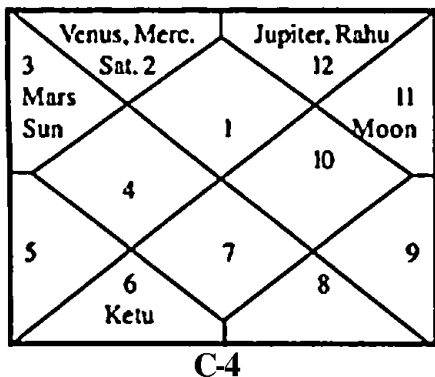

For the purpose of Lal Kitab, the Moon Chart will be formed by keeping Moon in the Birth Sign i.e. H.No. 11 (C-3) and then the chart is moved so that sign No. 1 becomes H.No. 1 (C-4). C-4 is the Moon Chart for Lal Kitab.

This Moon Chart (C-4) will give the condition of wife as seen for the individual from his birth chart (C-1). Annual result will also be seen accordingly. The only difference is that before marriage, Moon Chart (C-4) will indicate sudden and casual results. But after marriage, it will give full results w.r.t. his wife and be treated as of Sign Effect (remediable) for the native.

Moon Chart According to Lal Kitab

If even/equivalent planets are debilitated and poor, but the planet itself is not so, in that case whenever that planet comes to H.No.1 in annual transit, the month in which that planet also becomes debilitated and poor, that would be the beginning of Major Period. And if that planet itself is debilitated/poor in itself and even/equivalent planets are also poor ; Major Period would start from the day when that planet comes to house no.1 during annual transit. Friendly planets will not give any help during Major Period. Evil planets will aggravate malefic

4. The planet going in Major Period will have the same effect on other planets (through friendship, enmity or aspect) as what would have happened if it had not been in Major Period at that time.

At the time of Major Period, write 1 to 40 as below. (H.No.1 is for years 1, 13, 25, 37). Write Planet name at H.No.1 Write the remaining Planets in given order. Planets will bring change during Major period in the year numbers written below them. This table gives the number of year during Major Period irrespective of age of individual.

Planet of Deceit

The effect of a planet of deceit would be two fold, whether benefic or malefic. To decide whether planet of deceit would give malefic or benefic fruit, can be seen from details given for Fixed House No. 10.

Search for deceptive planet

For 120 year long life, write 1 to 12 (12×10 columns) as given on page no.155. Write Sun in H.No. as in the horoscope excepting when H.No.1 is blank, in the natal chart Sun No. 6 write Sun under H.No.9, for Sun H.No.9 in H.No.6, and Sun No.7 at H.No.5. Otherwise, write Sun wherever it is. Write the remaining planets as given on page in the table 153

Supposing in a chart Sun is in H. No. 3. Write Sun in No.3, Write Moon in No.4, Ketu in No.5 etc. The figure of the year on which a planet comes, that planet would be deceptive in that year number. To see its effect whether it would be benefic or malefic, see H. No. 10.

Order of Planets

Whenever a planet in H.No.10 comes to the same house (No.10) in Annual transit chart it becomes a deceptive planet. Planets as given in table on page no. 157 with reference to their original position in horoscope would also become planets of deceit if they come in House No. 10.

CHAPTER 8

HELPFUL REMEDIES

In the Soul-idol conflict, if a planet is taken as the 'soul' and sign as 'Idol' there is no scope for any remedy for the planets of 'fixed results'. The remedy of sign or a planet of doubtful nature, of sign effect or deceitful planets has been considered humanly possible. The expensive stone of Mercury (emerald) cuts and kills all, but itself is vulnerable to the soldering metal which is also an item of Mercury. In this way, the evil (Rahu-Ketu-Saturn) planets strike against all planets but in order to neutralize the sinner planets their own sin becomes effective. Ketu's remedy will render the malefic effect of Rahu as benefic and vice versa. **In Brief, the remedy for evil planets (Rahu-Ketu-Saturn) is to bring up, breed or look after, cultivate and donate items relating to them. It will be helpful to get their blessing or seek their pardon.** For example, items concerning Venus are cows, food of a common man or mixed cereals. For seeking help of Venus' give one's share of food to the cow. During Crow Line on palm, in order to save loss of wealth, (time of malefic effect of Saturn), give one's share of bread to the crow, give food to sister's son to seek benefit in getting progeny (Ketu)

There are two planets in the 'artificial condition' of every planet. Whenever any planet becomes malefic, for achieving benefic results, malefic constituent of that planet may be removed which would lessen the effect of the planet and render it benefic. For example, if Saturn is malefic, remove Jupiter from its artificial condition of Saturn (Venus-Jupiter). If Mercury is established, Jupiter will disappear and Venus will remain. Now with Venus in combination with Mercury, Saturn will start giving benefic results. The remedy of each fixed planet will be taken in accordance with '**Lal Kitab**' which is discussed in this chapter- Remove that component of artificial combination which is giving malefic results. When Venus gives malefic results Rahu may be removed from its artificial equivalent Rahu-Ketu (Venus), leaving Ketu only. That is to say, improve Rahu to get benefic effect of Venus. In order to keep Mercury- Jupiter combination active, keep yellow coloured things of Jupiter (gold ornaments) folded in green paper, that will prove *helpful. for combined Mercury-*

*Venus-Saturn one piece each of the bread from one's food be given to cow, crow and black dog. It would render benefic and excellent results for respect, wealth and progeny. In fine, remove the things giving malefic results so as to neutralize malefic effect of that **planet**.*

Remedy of Mars Negative

For removing malefic effect of Mars negative, the skin of deer will help. Mars+ Mercury = Mars negative. The poison of the snake of Saturn or joint Mars+Mercury and Saturn can be remedied by the skin of the deer in which the poisonous snake will not come. A dead deer is a friend of Mars negative.

- (i) The defect of uncontrollable camel would be apparent from its nails because it does not have heart (Moon). The nails of the feet of camel (Ketu) get punishment for the camel. The camel would be controlled by eliminating the malefic effect of Ketu. Moon's worship as per its position would be helpful. Moon is the master of age and is kind on everyone. Mars negative carries the signal of death. Hence wherever there is Moon, there would be no Mars negative. Whenever there is Mars negative, there would be no Moon. On this principle, the remedy of Mars negative is to worship of Moon. **The evil effect of Mars negative can be removed by baking sweet bread in the oven and then giving the same in charity.**
- (ii) The malefic effect of Rahu can be removed by storing barley in a red cloth in a closed space under pressure. Or else wash barley in milk and throw in running water. If one is bothered by T.B. or long fever, barely should be washed in cow's urine and sealed in red cloth. The teeth may be washed with cow's urine.
- (iii) The effect of a malefic planet can be removed through things allied to a planet in exaltation (by worship).
- (iv) Let us have a look at what is concealed in deceptive planets and their remedy. If birth of a son (Sun) or daughter (Mercury) gives malefic effect to the father, a piece of copper round the neck of the son/girl would be auspicious. This would neutralize Mercury.
- (v) If any two of evil planets (Rahu-Ketu or Saturn) are together, it would be auspicious to establish Mars, provided Mars is of Sign Effect

(doubtful) in that horoscope, (Mars should not be in House No. 1, 3 or 8). Otherwise, establishment of Mercury would be helpful.

- (vi) In this way Mercury will be of help for female planets (**Moon-Venus**) provided Mercury is not in H.No. 3, 6, 7 or 9. Otherwise Mars would be helpful. In short, make sure at the time of considering the remedy through a planet that it should not be of Planet Effect (irremediable).
- (vii) The remedy for planets of House No. 9 would be through the colour of the floor of the house. Friendly planets of malefic planet like Venus Mercury or Mars negative in H.No. 9 should be reared or at least things of the colour of the auspicious planet (which is friendly to malefic planet in H. No. 9) be not touched under the feet on the floor of the house where the native is living.
- (viii) When the general remedy is of no use, the following remedies would be helpful within hours:-
 - a. **Mars negative:** Sugar and sesame combined balls be flown in running water- Put *ghee* and sugar in *khoya* balls with a hole on top. Bury at place where ants can easily eat sugar.
 - b. **Jupiter:** Saffron be applied on forehead, umbilical point and tongue or it may be eaten
 - c. **Sun:** Flow down jaggery in water .
 - d. **Moon:** Keep milk or water in a utensil near the bed. Water '*Keekar*' tree with it in the morning.
 - e. **Saturn :** See your image in oil and donate it
 - f. **Venus:** Give a cow or barley (*Churru*) in charity
 - g. **Mars positive:** Give sweets or sweet meals in charity, or flow sugar- cakes in water.
 - h. **Mercury:** Make a hole in a copper coin and flow in the river.
 - i. **Rahu:** Donate radish or flow coal in the river.
 - j. **Ketu:** Give pieces of bread to the dog

1. Wear blue sapphire (other than Rahu being in No. 8 or 11).
2. *Saraswati Puja*.

3. Serve a sweeper.
4. Keep good relations with in-laws and maternal grandparents.
5. Bathe in river *Ganges*.
6. Eat in kitchen.
7. Donate mustard, sapphire, tobacco.
8. Flow barleys, radish, soft wal in running water.
9. Donate coconut, keep summit, keep barely under weight wrapped in red cloth.
10. Drop false coins/lead in running water

I- Ketu

1. Wear cat's-eye/mixed metals (5/7)
2. Fast on *Ganesh Chaturthi*. Worship Lord *Ganesh*.
3. Serve son, nephew, grandson and son-in-law.
4. Gold ear rings.
5. Donate or flow black/white sesame.
6. Donate white and black blanket in a temple.
7. Donate or flow lemon, banana, tangy things.
8. Take two beds and gold ring in dowry.
9. Use essence of gold, silver, iron and fish oil.

Period of Remedy

The period should be for a minimum of 40 days and 43 days at the maximum. For family remedy (for father's debt or mother's debt etc.) the period of remedy instead of daily, can be made weekly (i.e. 40 to 43 weeks, once a week). **If a remedy is discontinued/forgotten even on last day 39th or 40th, all labours done would be wasted. Start afresh and complete (40/43) the whole period.** If the remedy is required to be discontinued, but its effect is to be maintained, rice washed with milk be kept along with you till they are started afresh.

Helpful Remedy as per the Birthday and Birth Time

For example:- If the day of birth is Monday and time is late evening, the day planet shall be Moon and the Time Planet would be Rahu. The planet of birth time would be written in the concerned Fixed House of the

planet of birth day (see chapter 2). In this case, Rahu (which is the planet of the birth time) would be in H.No. 4 which is fixed house of Moon (the planet of the day). The planet of the birthday (doubtful) is remediable but there is no remedy for planet of birth time. In this case, whenever and whatever are the effects of House No.4 would be of Sign Effect which would improve with the remedy of Moon. Rahu would be of Sign effect at the time of giving malefic effect on the items of House No. 4 of that person, whether that planet (of birth time) may not be of sign effect but, if the planet of Birth time (as per the birth in accordance with the above example) in the specific houses of each planet come within Sign effect the given remedy would be useful, for which changed or remediable planet of birthday would be taken and not of birth time. For example, if anybody is born after sunrise of Tuesday and in the first part of the day (at the time of Jupiter) the birth time (Jupiter) planet would be in House No.3 of Fixed House of Mars. Supposing, now Jupiter in H.No.3 creates disease relating to Mars, it would be of Sign Effect which is counted as planet of birthday but Mars is of Sign Effect in H.No.4 and 6 even then in such a condition, the general remedy of Mars would be helpful and the remedy for Jupiter would not be advantageous.

Remedy of Planet

1. No remedy is possible for Planet Effect which is fixed for all time but sign effect (doubtful condition) would be remediable.
2. Remedy is to be done during day time (8 A.M. to 4 P.M.). Night is under the command of Saturn and any remedy done at night may turn hazardous.
3. The period of remedy is 40 days at the least and 43 days at the most. There is no condition of any particular day to start the remedy.
4. In the process of remedy if any negligence or discontinuity takes place, (it may even be 39th day) the entire labour goes waste lost and the remedy is to start afresh.
5. Any blood relation can do the remedy.
6. When planet is posited in another house, remedy of fixed House Lord will remove malefic effects of that planet. For example, Saturn No. 9 or 11 or Rahu H.No. 9 or 11. Fixed House Lord is Jupiter. Treatment of Jupiter will help. If Mercury is in H.No.3, Mars is presumed to be in its Fixed House Lord. Treat Mars for removing

position of Mercury. If Rahu is H.No.4, Moon is a Fixed House Lord of this house. Treat Moon to take benefit of Rahu in H.No. 4.

When a planet is malefic, establishing article of its enemy planet in opposite house will control its malevolence. For example, Mercury in H.No. 12 will be remedied by dropping articles of its enemy (Venus, Rahu) in a well.

The following remedies would be resorted to for the destroyed planets or in case of Father's Debt and for his descendants.

Planet in H.No	Name of Planet	Colour of Planet	Kind of Planet	Known Strength	Remedy for descendant and other factors	General things for remedy
1.	Jupiter	Yellow	Male Planet	<i>Brahma</i>	<i>Haripujan</i>	Gold, Yellow gram Pulse
2.	Sun	Wheatish	-do-	<i>Vishnu</i>	<i>Katha Haribans</i>	Bright Copper, Wheat
3.	Moon	Milky	Female Planet	<i>Shiv</i>	<i>Mahadev Poojan</i>	Rice, Silver and Milk
4.	Venus	Like curd	-do-	<i>Lakshmi</i>	Public Service	Pearl, <i>Ghee</i> , Curd, Camphor
5.	Mars	Red	Male	<i>Hanuman</i>	<i>Gayatri path</i>	Coral, <i>Masoor</i>
6.	Mercury	Green	Emasculated	<i>Durga</i>	<i>Durga Path</i>	Pulse Emrald Full <i>Moong</i> Pulse.
7.	Saturn	Black	-do-	<i>Bhairon</i>	Worship of King	Iron Full Black pulse
8.	Rahu	Blue	-do-	<i>Saraswathy</i>	Giving away of girl in marriage	Blue Stone Mustard
9.	Ketu	White Black	-do-	<i>Ganesh</i>	<i>Kapila</i> Cow donation	Sesame (Black and white mixed)

The planet which gives debilitated effect, respective items given above may be given in charity for its remedy.

Remedies at the Time of Marriage

At the time of marriage (according to Hindu system) it would be very useful to remedy the malefic planets whether in chart of a woman or of a man. Malefic planets of the man must be remedied because with the

completion of the marriage rituals, generally a woman's horoscope becomes **subjugated** to her husband's horoscope.

Example as per Horoscopes

1. If Jupiter is malefic after the time of the girl's pledge (at the time of marriage ceremonies) two equally weighing pieces of pure gold be given in marriage. One of these pieces be flown in running water of river or rivulet and the second be given to the girl (who has now become the wife) with the instructions that she should not sell this. Till the time, this piece remains with her, it will save her from the evil effect of Jupiter. Such a piece of gold cannot be stolen, neither it is lost but if it is lost or stolen, there should be no undue worry. In place of the lost piece another new one may be obtained by the girl from the parents and that would also give same benefic effect. At the time of raising such a piece for the second time, there is no need of flowing the other in the river. If, due to some reason, gold is not available, two tablets of **saffron** or two pieces of turmeric prepared as above would prove same effect as of pure gold. It would, however, be preferable that pure gold is used.
2. If Sun is malefic, red copper may be substituted in para 1 in place of gold.
3. If Moon is malefic, the words 'pure pearl of milky colour' may be inserted in place of gold above. For non-availability of pearl, silver, rice and water of rivulet equivalent to the weight of the man be kept in the house at the time of marriage.
4. If Venus is malefic, the word white pearl of curdish colour be inserted in place of gold.
5. If Mars is negative, Coral (which may be red in colour but not bright one) be taken in place of gold.
6. If Mercury is malefic, word emerald may be taken and in case of non-availability, sea shell would serve the purpose.
7. If Saturn is malefic, iron or steel may be inserted and in case of non-availability, black salt or black antimony may be used.
8. If Rahu is **malefic**, the same remedy as written for Moon. It may

be borne in mind that no blue sapphire ring is given at the time of malefic Rahu. Otherwise elephants of husband would die.

9. If Ketu is malefic, two coloured stone (black and white cat's eye) may be inserted in place of gold.

Additional Remedies at the Time of Marriage

- a) If Venus is in H.No.6, pure gold be given as gift to the girl by the parents at the time of marriage to be established on the head which she should use from now and then to save her from the evil effect of Venus H.No.6.
- b) A little bit of pure gold to be given to the girl in dowry. It will supplement excellent effects of benefic Jupiter.
- c) This must be done when there is planetary movement of debilitated planets in following conditions:
 - i) If alongwith Venus, inimical planets of Venus : (Rahu, Sun, Moon) are poisted in H.No. 2, 7 (Venus Houses).
 - ii) Venus alone or conjoined with another planet in H.No. 4.
 - iii) Rahu alone is poisted in H.No. 1-5-7.
 - iv) Saturn is in Nos. 5, 9 or Ketu alone is placed in H.No.8.
 - v) If any enemy planet like Mars, Moon, Sun, Mercury is with Ketu in any house, get pure silver from house of the woman or remedy malefic Ketu by giving two coloured blanket at a religious place. When Ketu is afflicted with Father's Debt, feed 100 dogs just like a marriage party in one day before sunset.
- d) If Venus is in H. No.4, it gives two wives. To obviate this, the man should perform religious ceremonies of marriage with his wife twice after a break.
- e) For Mercury in H.No. 12, at the time of marriage, an iron ring without a joint be touched by the man (having Mercury H.No. 12) and is thrown in river, and another iron ring be worn by him. This would make Mercury in H.No.12, helpful for all his life.

To turn malefic effect of planets into benefic effect, the remedy of which other planet is required is given below:-

Name of Planet which is malefic	Remedy of which planet would be helpful
Rahu	Remedy of Ketu would be helpful. Ketu's control centre would generally be in House No.10. Ketu's malefic effect would generally be remedied through planets of House No.10.
Ketu	Remedy of evil planets (Rahu -Ketu-Saturn) would be done by rearing the concerned things of the planets. Remedy of Rahu helpful.
Saturn	Give bread to a crow when financial condition is affected. Give bread to a dog when the condition of the descendants is bad.
Venus	Give share of your food to a cow.
Mars negative	Deer's skin is helpful. Give baked sweet bread in charity or to a dog. Wash barley with cow's urine and tie in red cloth (for fever) and flow it into water. Clean your teeth with cow's urine. Flow sesame-sugar balls in the water. Apply saffron on the umbilical centre. Flow barely washed in milk in flowing water. Flow Jaggery in flowing water.

Interrelations of Man and Woman's Charts

1. Man's natal chart for the planets which are irremediable (planet effect).	Moon chart of a man shows the wonders of sign effect. Abrupt auspicious flashes of Major period
2. Moon chart of a man, benefic Planet Effect on his wife. That is in Major Period in the blank years destiny's effect will be good and abrupt.	Man's chart will have the general effect of 'Sign Effect' on his wife.

3. Wife's natal chart for the wife will give the effect of Planet Effect to the woman.	Man's chart will have the general effect of Sign effect on his wife.
4. Woman's Moon chart benefic Planet Effect for her husband (in the blank years of Major Period there would be abrupt brilliance of goodness).	Woman's chart will have the effect of Sign Effect in the general condition for her husband Woman's Moon horoscope for the woman's Sign Effect.
5. Man's right hand has the effect of Planet Effect for himself.	Man's left hand has the effect of Sign Effect for the man himself.
6. Woman's left hand has the effect of Planet Effect.	Woman's right hand has the effect of Sign Effect.
7. Man's left hand benefic Planet Effect for his wife.	Man's right hand, Sign Effect for his wife.
8. Woman's left hand benefic planet Effect for her husband. Woman's right hand as Sign Effect for her husband.	A child is giver of Sign effect, effect for both man and woman.

Steps to be Followed for Remedies

- i) A planet posited in a house will give any effect (whether benefic or malefic) unless there is an issue involving items related to that house. If a planet is under influence of paternal debt, or becomes dormant, gets destroyed, or disappears for any other reason, in that case, resort to remedy of the planets having ownership of blank houses, provided that planet is even to malefic planet, or is friendly to it.
- ii) Thereafter treat planets in Major Period.
- iii) Remove enmity of enemy planets.
- iv) Take advantage of Sign Effect.
- v) If that too does not help, establish Sun.
- vi) If that does not help attend to evil planets (Rahu -Ketu-Saturn).
- vii) As a last resort, treat Mercury.

TAKING BENEFIT OF PLANETS IN PARTICULAR HOUSES

- i) H. No.1- Wear articles of planet in neck.
- ii) H. No.2- Give articles of planet in religious place either Temple/*Gurdwara/Church/Mosque* or according to your faith.
- iii) H. No.3- Wear **metal/jewel** in hand.
- iv) H.No.4- Flow articles in running water.
- v) H. No.5- Donate articles of the planet in a school.
- vi) H.No.6- Throw articles of the planet in a well.
- vii) H.No.7- Embed articles of planet under earth.
- viii) H.No.8- Embed articles of planet in a Funeral place.
- ix) H.No.9- Donate articles of planet in temple/wear on body.
- x) H.No. 10- Give articles to father or embed near a **govt.** office at a place where shadow of the office falls.
- xi) H.No. 11 - No planet gets **exalted/debilitated**. No remedy.
- xii) H.No. 12- Keep articles of planet on roof top.

CHAPTER 9

EFFECTS OF PLANETS

1. The lordship of houses, fixed houses, houses of exaltation and debilitation have been fixed for all planets. To counter their effects, planets be considered like lighting lamps in the houses of Signs. One lamp giving light to the other lamp produces changes in the effect of both the lamps. For example, the lamp of the Sun whose colour is wheatish brown and if with it, another lamp of Jupiter whose colour is yellow be lighted, the colour of the combined lights of both the lamps, would together be apparent in life, as regards human fate. With these changes, there would certainly be variegated spectacles in the field of fate. When one lamp extinguishes, the effect of the planet finishes or when it begins to burn the effect of the planet begins or in one house, another planet (lamp) begins to glow. However, there would be no difference in their scheduled lordship of these houses. It would mean that each planet has a permanent scheduled house with regards to ownership, fixed house, exalted or debilitated condition, irrespective of the fact that planet may go as a visitor to another house. The schedule of such transit of a planet, signifies the timing of the lighting of the lamp. Strength of the planet means candle power of the lamp.

Aspect of a planet	The degree of the effect going from one house to the other house i.e., 25%, ($1/4^{\text{th}}$), 50% (one half), or 100% (full).
Mutual friendship/enmity	Various colours of the lights of the lamps.
Place of lamp	The concerned things relating to each House No.

for example:-

House No.1	Ruler's court
House No.2	Respect, wealth, and place of worship
House No.3	Brotherhood, place of the jungle.

1. Each planet will give benefic fruit in its own sign House even though its own sign has been named as fixed House of another planet as explained in the table on **p172.age**

Sign No.	Sign Lord	Fixed House Planet	Which planet to have benefic effect in this Sign No.
2.	Venus	Jupiter	Venus
3.	Mercury	Mars	Mercury, provided Mars is benefic.
5.	Sun	Jup & Sun joint	Sun.
6.	Mercury-Ketu	Ketu	Mercury, but Ketu itself will have malefic effect on Ketu allied things but benefic for others. If both are joint, benefic effect on Mercury's and Mercury allied things, but Ketu would be malefic on others.
7.	Venus	Venus Mercury	Venus Mercury also gives help to others.
8.	Mars	Mars-Sat. Moon (age)	If any of the three is alone there will be benefic effect Otherwise the effect would be malefic.
11.	Saturn	Jupiter	Saturn. The rest of the planets give supporting effects which apparently are excellent but inwardly deceitful and generally malefic.

i) The effect of a planet would increase with the establishment of the allied things of the planet in the planet-positing house. For example if Ketu is in H.No. 9, the things of Ketu (dog and sister's son) in the ancestral house, be established.

2. Any planet posited in any position in the horoscope would give its effect (malefic, benefic, exalted, and debilitated) only that year in which, as per annual chart, it comes into the scheduled Sign or Fixed House. For example, if Jupiter is in House No. 4, the effect of exalted degree of Jupiter will be felt in the year in which it comes in its good House No. 4 or 2. If in the Annual chart while Jupiter may be exalted since birth, but the real exaltation will be apparent in the scheduled year only when it comes in the fixed house or house of exaltation. In this way, all planets will wink in various ways; neither always benefic nor always malefic. Same is the state of affairs of deceitful planets (as per deceit list). The year in which a deceitful planet comes in House No. 10 (the house of deceit) it will give full deceit. The deceitful planet when it comes in

House No.2 and the destiny planet in House No.11 (the destiny-awakening house) it will give deceptively benefic results. A malefic planet will be real malefic at the time when it comes in House No.8.

3. In this way, as per annual chart, there would be different effects in each house, like Rahu (exalted) in H.No.6, Mercury (malefic) in H.No.8 and (exalted), Ketu in H.No. 12. When any planet goes into own house, or house of exaltation, it will give benefic results. The malefic effect will be when, it goes into house of debilitation or by self-effort any new situation is created which is against that planet. For example, Rahu has taken the pledge of not doing any sin when in No.4. If at that time (when according to annual chart Rahu has come to No.4) the concerned person performs Rahu's things like making sacks or making childless or one-eyed people as his share holders; or constructing a new place for toilet and latrine, and getting the roof of the houses changed, then Rahu will foment mischief, squabbles and riots. In the same way, if with Jupiter exalted (whether in horoscope or annual chart), if the native performs Jupiter allied things such as cutting down *peepal* trees, persecuting *Sadhus* and saints, or ruining them; in that case, Jupiter's gold will be reduced to dust. If Ketu is in H.No. 12, and neither the native does not render service to the dog nor keeps it in his own house, and instead starts killing them, then, Ketu's fruit would be malefic. This is the principle of confrontationist planets and in the houses of aspect.

4. The time of effect (rule) of each planet would be the allied things of that planet. For male planets (Jupiter, Sun, Mars) time of effect would be daytime. For female planets, (Moon or Venus) time of effect would be at night, and for emasculated planets (Mercury, Rahu-Ketu or Saturn) effective time would be the intervening time of day/night or morning/evening.

5. When a planet comes to the house in which it is positioned as per annual chart by the position of the Sun on the monthly rotation, it will give its own effect which is fixed for that planet for that house (benefic or malefic).

6. 12-hour day, 12-hour night, and 12-month year, effect of 12 Signs and 12-year innocent child and after 12 years, hope of good days - all are inclusive in 35 year span. Jupiter is in search of air.

7. Each planet will express its effect through its assigned colour on the article of that colour.

8. As per with the annual chart, a planet which arrives in a house, being the Ascendent, will show its own effect (benefic or malefic) in that house; first of all during the period of its rule, where it is originally positioned in the radical horoscope; secondly on its enemy planets, whether these enemy planets posited in that house where it itself was posited, later, on the friends and on his equivalent planets. If more than one planet is posited in the same house, the planet, which is the ruler of House No.1, will confront with all the planets in the above order and will act friendly with friends. If several friends of transiting planet or enemies are posited in one house, then with the order of planet gait, they will be effective (after Jupiter-Sun and after Sun-Moon etc.). If in the houses, friendly planets and enemy planets are posited in one house, then with the order of planet gait will be effective. If in the houses, friendly planets and enemy planets are posited in separate houses, they will be effective of the in order of houses, starting with H.No.1.

9. The planet of House No.11 when in H.No.1 as per annual chart, it gives excellent results. However, after its own age (Sun 22, Saturn 36 etc.) it generally becomes useless particularly when it is dormant in the horoscope.

10. The planet of House No.2 will always give benefic effect so long as House No.8 is blank. The planet of House No.2 gives its own benefic effect in old age of the subject.

11. The condition of the allied things of the house in which a malefic planet is posited will not be adversely affected but will be helpful. For example, the royal affairs of a person with Sun in H.No.6 (Ketu's fixed house) will become excellent from the birthday of his son.

12. Each planet's allied things contained in the list whenever they are born/found, will show effect in that house. For example, with Venus in H.No. 1-9, with the arrival of white cow or marriage after completion of the 25th year, will give deleterious effect.

13. Each planet, as a lord of the house, will give good effect on the allied things of that house at the time of its occupancy. For example, Sun is H.No.5 will give excellent and benefic effects both for royal affairs and progeny.

14. If exalted planets are spoilt due to some enemy, they will still not give any malefic effects.

15. Each planet will always give benefic effect in its Sign house (as its lord).

16. When any planet is posited in such a house where it is considered to be in exaltation, then that exalted planet while posited with an enemy planet; or an enemy planet posited in such a house from where it would send its effect through aspect in any way; will never give malefic effects. It may or may not give benefic effects. In short, the planet or exalted house will give its own benefic effects and will not abandon its goodness. It may give up goodness when with enemy planet, but will not do anything vicious.

Example: -

Name of the Planet	House	Enemies	Position of enemies
Jupiter	No.4	Venus, Mercury	No.10
Sun	No.1	Venus-RKS	No.7
Moon*	No.12	Mercury, Venus, RKS	No.6-12
Venus	No.12	Sun, Moon and Rahu	No.2.
Mars	No.10	Mercury, Ketu	No.2
Mercury	No.6	Moon	No.2
Saturn	No.7	Moon, Sun and Mars	No.7
Rahu	No.3-6	Venus, Sun and Mars	No.12.
Ketu	No.5-12	Moon, Mars	No. 2

*- Only ill health of wife. No other malefic effect.

Planets which give malefic results in first circle of 35 years, will not give any malefic effect during second 35 years circle. They, however, may not have strength to give benefic results. Hence, during a life span of 100 yrs. pattern of family life will always change whether for good or for bad. If all the planets in a chart are malefic, then the subject will have strength of 100 persons. He will get benefic results from all sides.

The following planets will jointly make the house No. given opposite to them effective irrespective of their joint together in any other house.

Sun-Mars joint will certainly make H.No.1 effective, irrespective of whether their conjunction may be harmful in any house.

Joint Planet	House No. whose effect would-be malefic and would remain revived
Sun-Mars	1
Venus-Jupiter	2
Mercury-Mars	3
Mars-Venus	4
Sun-Jupiter	5
Mercury-Ketu	6
Venus-Mercury	7
Mars-Saturn and Moon	8
Mercury- Saturn (Their personal disposition)	9
Saturn	10
Jupiter-Saturn	11
Jupiter- Rahu	12

It would be possible to separate the effect of the two planets in the artificial condition of another planet and to make the effect of the both as joint. Such an effect would be of Sign Effect (doubtful).

It may be understood that twists of destiny and effect of fixed planet rarely change. Change of artificial planets is possible, and that too, after 7 years of life (7-13). However, from the age of 21, no change in planetary effect is possible. This is the time of attaining puberty. Each 7th year of life, change (for the better or worse) occurs. For people with destined short age, every 8th year of life- 8-16-24-32-40-48-56 and 64 is considered dangerous.

Effect of Colour on Things Assigned to Planets

All articles are connected with one planet or the other but this differs in a few cases. For example, a twin coloured dog if black and white, would be Ketu while in with brown colour, it remains Ketu but

it would have the effect of Sun. In this way, a buffalo is connected with Saturn, and if it is of black colour it would be pure Saturn but if with red colour (brown) it will relate to Sun also. In case of white forehead, it gives Moon's, effect along with Saturn. A horse relates to Moon and if it has yellow colour, it would have the support of Jupiter. If it is black, it will subside the effect of Moon and have more effect of Saturn. In the horoscope of any person, the effect of the planet would relate to the allied articles of the planet. The colour of things and planets would affect a person (benefic or malefic) accordingly.

Name of the planet	On whom it will have effect
Jupiter	those concerning Soul.
Sun	those concerning body.
Mars	those concerning blood.
Moon	having the Mother's status.
Venus	having the Woman's status.

Effects of Moon and Venus on marriage are separately mentioned.

Emasculated Planet: - Effects of Saturn are on mineral matters, of Mercury on vegetables; of Rahu on the motion of brain; and of Ketu on the motion of feet.

Artificial Planet: - Will effect mute animals. (See table on page 178 for special effects of artificial planets)

*It may be kept in mind as per the annual horoscope, the day from which the rule of the Sun starts for the first time, all planets would be considered as adult, whether that age may be less or more than 21 years. Sun becomes effective when it comes in House No.1 in the annual chart If Sun is in Houses No. 1, 5 or 11 (considering birth ascendant as House No.1) whether single or along with other planets, all planets would be considered '**adult**' and effective from the day of birth itself. The period before the start of Sun has the effect of previous actions on the man generally for 7/8 years. Every 7th/8th year is a period of change.*

Effects of Artificial Planets on Special Things

Fixed Planets	Jupiter	Sun	Moon	Mars	Mercury	Saturn	Rahu	Ketu
Artificial Planets:	Sun-Venus (empty)	Merc-Venus	Sun-Jupiter	Sun-Mercury, Mars (+ve), Sun-Saturn Mars (-ve)	Jupiter Rahu	Venus-Jupiter (Ketu like) Mars-Merc. (Rahu like)	Mars-Saturn (exalted) Sun-Sat (debilitated)	Venus-Saturn (exalted) Moon-Sat (debilitated)
Effect of owner	progeny	Health	Lineage	keeping progeny alive	Fame	Health disease	Feuds	Luxury

Identifying Planet of Strength

The planet attributed to a person will work for him in House No.9 notwithstanding the fact that such a planet may be posited elsewhere in the horoscope. (the planet belonging to a man and the planet belonging to the place has been dealt separately).

Any person possessing more strength of a planet will not habitually use things connected with that planet. For example, Sun is considered as salt (white) and Mars as sweet. A man with strong Sun will not use too much salt. In this way the man dominated by Mars will not be too much used to sweet things. He will be habituated to make too much use of salt. With weak Mars, he would be using more of sweet things.

Effect of Planets on the 2nd Generation or Relatives

(i) When someone's Jupiter seems strong enough, the house in which Jupiter is posited, the allied items of that house of the person, will have the attributes of Jupiter. If Jupiter is in its own houses or in fixed houses, his grand father and father will experience the same condition as related to the position of Jupiter. In this way other planets also work.

(ii) If someone's Sun is strong enough, but is in the House No.6 of Ketu, that person's son (Ketu) will have dominating attributes of Sun.

(iii) If Ketu lies in fixed House No.3 of Mars, one's brother will have the attributes of Ketu.

Effect of Joint Planets

Joint planets are not malefic in the centric houses. They give their individual effects in H.No.2. (temple) and No.11 (religion).

(i) When Jupiter-Sun, Jupiter-Mercury, Jupiter-Saturn, Sun-Mercury, Sun-Saturn, Mercury-Saturn are conjoined, they will not have any effect of the parental comfort and ancestor's property. It will only mean worldly comforts of the person, irrespective of the fact that all these planets may individually have different types of relations with their related things or business or the related planet's links.

(ii) Male planets when conjoined with female planets (Moon or Venus or both with Mercury) they will give benefic results.

When two or more than two planets are posited together in the same house, then those having mutual inimical relations, will leave their enmity; but not their mutual friendship despite the fact that they may be with quite a good number of enemies in the same house along with their friends. Mercury, if in its Fixed House (No.7) and any one of the male planets (Sun, Mars, Jupiter and Saturn) coming in the centric houses (House No. 1-4-7-10) or House No.2 or 11 will not have any malefic effect on the physical health of the native, his age and commonly related animate things provided female planets (Moon or Venus) are not positioned with Saturn at that time. For examining the effect of the closeness of female planets with Saturn, see in detail the description of Saturn in volume No.11).

Method of Examining the Effect of Joint Houses (Only joint planets and not their sight)

The degree of effect of aspect is fixed. Planets in a house are considered to be aspecting the planets sitting in other houses with certain degree of sight but practically there is no necessity of keeping in view the degree of aspect i.e., 100%, 50% or 25%. The only thing to be kept in mind is as to which of the planets of the house can aspect the planets of the other houses. That is, the planet of House No. 1 can aspect the planets of House No.7 but the planet of House No.7 can never aspect the planets of House No.1. This means that if a planet in House No.1, which is the enemy of the planet posited in House No.7, the poison of enmity of H.No. 1 can be thrown on House No.7 but planet of H.No.7 will not have any malefic effect on the planet of H.No.1. Keeping this in view, the points emerging from the mutual effect will be as follows:

Joint Effect of House No. 1, 7, 8, 11

(a) In the state of King and Minister

If H.No.11 is blank, the King is without any reins and if H.No.8 is blank, he is without the Minister. In the same way, if a planet in House No.8 is the enemy of the planet in House No.1 (Throne) the planet of House No.8 will affect the enthroned royal affairs in such a way as if

poison has been thrown in someone's eyes while walking, who will experience utmost pain in his head. On the other hand, if the planet of House No. 11 is the enemy of House No. 1, it will affect the royal affairs in such a way as if someone's legs had been filled with poison due to which the enthroned King, if he starts walking by holding the hand of another (whose eyes are deteriorating) he would cry with anguish because of the poison in his legs. On the contrary, if House Nos. 11-1-8 are mutual friends, then the enthroned King will always get help of his legs in House No.11 and eyes in House No. 8. The planet of House No.7 will prove helpful to H.No.8. The Planet of House No.7 will prove helpful to the Minister provided the planets in House No.1 are not more than House No.7. This will happen if there are more planets in H.No.1 than H.No.7, the planet in H.No.7 would get burdened by the weight of planets in H.No.1 and would be damaged. For example, if any or more planets are with Rahu in House No.1 and Ketu alone is in H.No.7. Ketu would be counted as the Minister who will have to comply with the orders of all Kings posited in H.No.1 instantaneously. This would mean that such a Minister would be exterminated. The planet of Ketu would give malefic fruit of all things connected with Ketu, business or relative connected things. Such a native's male child will have bad condition or that person may even be starved of male offspring.

(b) If planets of House No.7 were taken as Ministers, the order of House No.8, for guidance, would be the mental product of their arguments. For example, if Mars is in House No.7, it is said that such person will have wealth and family but if Mercury comes in House No.8 (when Mars is in House No. 7), Mars of H.No.7 would be rendered useless and poisonous. His wealth and family would be ruined and be a source of trouble. In the same way if Mercury comes in House No.1 and Mars in House No.7, even then the fruit of Mars No.7 would be useless. The poison of Mercury No.8 or of Mercury of H.No.1 destroys Mars H.No.7. The only family of such a person would be destroyed by the King (H.No.1) and his excesses, cruelties and mischiefs. However, nature would not deceive him but at the time when Mercury is posited in H.No.8 the fruit of the same Mars of H.No.7 i.e., wealth and family would be rendered useless by the nature despite the fact that the ruling monarch may extend to him sufficient assistance. The result would be mixing of Sand (Mercury) in sugar (Mars). The route of interlines of blood get closed i.e., health and worldly life both would steadily deteriorate.

- (i) The effect of House No.8 can mix in H.No.2 but the effect of H.No.2 cannot mix in House No.8. H.No.2 and H.No.12 do meet mutually as a *Sadhu* (House No.2) and meditation (House No.12), (There is no consideration of degree of sight). In this way H.No.2 mixes its influence in H.No.6 and the personal influence of House No.6 (only that effect of the planet of H.No.6) which has no mixed effect of H.No.2. From the above i.e., without the influence of H.No.2 only that personal influence of H.No. 12 is not mixed in H.No.6 and would be separate. Mercury of H.No. 12 will throw its poison in H.No.6 and Saturn of H.No.6 (snake) will exterminate the planet of H.No.2.
- (ii) The planets of H.No.6 and H.No.8 interact mutually in such a way as the planets of H.No.2 and H.No.12. That is the planets of Nos. 2-12 amongst themselves which effect the meditation of the *Sadhu* or nature of slumber. The planets of H.No.6 and H.No.8 become the causative factor of malefic waves secretly in the lower world in a mysterious way.

It will be clear from the above principles that the H.No.8, taking the consultation of H.No.6, through the route of H.No.11, sends its own abrupt catastrophe to H.No.2. Its foundation may be based on some human being, grazing cattle and the flying bird, which relate to the planet in H.No.8. If in such a movement of the planetary catastrophe or scare of death comes up on the human being, in the relations of the worldly companies of the world, which may be linked with the age of such a person (no good effect of fate would be there); and if H.No.2 and H.No. 12 are good and concurrently H.No.8 and H.No. 11 are mutual enemies, malefic effect of H.No.8 will not go to H.No.2 and there would be no sudden catastrophe, or any worldly discomfort. If due to some reason, some bad development takes place, other comrades would provide all means of comfort and help in not disturbing the night sleep. The manner, in which bad development comes up, the same way helpful comrades would come to rescue instantaneously and even without calling them.

- (c) If in Houses Nos. 12 and 8 such planets are posited which on uniting create inimical behaviour or destroy the effect of one another and concurrently H.No.2 is vacant, then in such a condition the native goes

to the temple, the malefic effect/the mutual enmity of planets of H.No. 12 and H.No.8 will start operating. In other words if such a person abstains from visiting the temple, the malefic effect of the mutual enemy planets of Houses Nos. 12 and H.No.8 will not take place. *In such a condition, worshipping of any idol by touching the idol in the temple is forbidden. It would not, however, be bad to bow in obeissance before the main deity by standing outside the premises of the temple.* Conversely, if in Houses No.8 and 12, some mutual friendly planets are posited or in House No. 6 some good planet is posited and in such conditions House No.2 is vacant, then *bowing in obeissance to the main idol in the temple by touching any part of its body would create benefic effect in all ways.*

Joint Effect of House No. 3, 5, 7, 9, 10, 11

The joint effect of H.Nos.3, 5, 9, 10 and 11 gives it the hidden effect of destiny; and windy rains or abrupt ebb and fall regarding elders; childhood and youth- period of brilliance of fate from the birth of brothers till their youth period and from birth of their children; account of future life of elders and own children; or one's own past before birth and the future of coming generations. House No.9 tells about the condition of the elders but if there is any planet in H.No.3, the effect of H.No.9 will definitely start from the day of birth of the brother. Then again, there would be a change from the day of the birth of the children. If Rahu-Ketu-Saturn are posited in Nos. 5 and 9, there is no scope of the improvement from the birth of the children. On the other hand, when House No.5 has Rahu-Ketu-Saturn and House No.8 has inimical or malefic planet of H.No.11 will start giving malefic effect on articles relating to the planet in H.No.8 or on the allied relatives of H.No.5. If H.No.11 is blank, destiny as regards income remains dormant. No benefit accrues from brothers. If House Nos. 10 and 5 have some planets, the planets of these two houses would be mutual venomous enemies. For example, if Moon is in H.No. 10, Mars in House No.5 now these two planets, though friendly to each other, will not do any good to the native upto 24 years (period of Moon), 28 years (period of Mars), to mother (Moon) and to brother (Mars). If in H.No.9 Sun or Moon is posited and the sinner planets (Rahu-Ketu-Saturn) be in H.No.5 there would be neither malefic effect on the children nor any harmful effect for the subject. If we consider H.No.9 as a sea, H.No.2 would be a long range of mountains.

The master of aerial strength for uniting these two, the planet of both the worlds, Jupiter (Master of House No.9 and 2), would create its golden effect from the waves of the air. Or else, it may give false hopes. Clouds laden with rains strike against the mountain and H.No.9 will harbingers golden rain regarding destiny but if H.No.2 is blank, the monsoon emanating from House No.9 becomes void. That is, if in House No.9, has excellent planets and House No.2 has any other planet, such a person would benefit from the grandeur of his elders during the period of planets in House No.2. However, if H.No.2 is blank, there would be only the lingering hope of the wealth of his elders without any benefit.

If there is a planet in H.No.2 and H.No.9 is blank, it is like a mountain without any pastures i.e., the fabulous wealth of such a person would be a mere ploy like burnt mountain.

Joint Effect of House 2, 4, 10

These determine the length and breadth of the field of destiny of a man (wherein any other brother, parents woman and children, does not have any concern). The planet of H.No. 10 house would give the area of the field of the destiny but the brilliance of the soil of the field will be apparent from H.No.2, which would be mountainous or plain. The temperate climate of such a field or dry pasture, pleasant pieces of land or water springs will be apparent from H.No.4. If H.No.4 is blank or RKS are posited in it, then despite the brilliance of the H.No.2 in the field of destiny, the sinners there like, snake (Saturn), elephant (Rahu) and pigs, dogs and donkeys etc., (Ketu) would create hazards at the time of the need of water for thirst. That is due to the presence of bad watchman (sinner) on the spring of wealth, the water of spring will not have a flavour. However, much the person may earn due to his strength, but when he counts the balance, he will find the small pieces of stone. Snake and Scorpio (Sat), burning coal (Rahu) and worn-out coloured pieces (Ketu) mar the scenario. The splendid edifice of H.No. 10 and even one's bedding will be ablaze. This effect or demonstration of slavery will manifest and grow like silkworm. The expensive stones of the quarry will give bright light more than the Moon in the dark night due to the stone of emeralds. If H.No.8 is bad, foul air and mourning will abound even if there is no death or loss of life. Conversely, if H.No.2 is auspicious,

then even most ordinary/ natural light will automatically come forth to show the path. Dark nights of poverty **will** disappear and the person will prosper.

If House No.2, is blank, then H.No. 10 (field of destiny) despite its being large and spacious, would hardly give splendour or comfort of the worldly life. On the other hand, if there is any planet in H.No.2 and H.No. 10 is vacant, the parcel for destined wealth might have been delivered at the Post Office or Railway Station but for want of proof of identity, or loss or receipt one would be deprived of that and such a person would be left awaiting for arrival of good fortune.

If H.No. 10 and 2, both are blank and if helpful planet is posited in H.No.4, drinking water will be seen but one would not know the route to water spring. Such a person, hoping against hope, would make utmost effort but would be tired. That is he will have both life and wealth but not enough for his requirements.

Joint Effect of House No. 1, 7, 9, 11

As the condition of one of these houses would be similar would be the condition of the other three for royal effects.

Joint Effect of House No. 3, 4, 7, 12

Income, superfluous wealth and expenses (in the chapter on wealth)

Joint Effect of House No. 2, 3, 4, 8

For health, illness and human age regarding cause of illness, last departure, time of death, parental property, theft, hypocrisy and friendship.

Special Effects

Friends do not quarrel, only others stir up quarrels.
Sun and Saturn, when together, quarrel with females.
Female planets, when together, quarrel with Saturn.
In H.No. 2 or else, whosoever aspects, gets punished.
The poison is wiped out by Rahu and Ketu from H.No. 9.
If their assistance is not taken, Mars and Ketu die.
Two planets in adjoining houses are joint.
Enemies never meet, only friendly planets do so.

If a wall explodes, it doubles the poison.

When intellect and luck are bad, death springs up.

When Jupiter comes up, enmity is finished

The (mother) Moon when along, all become friends.

(i) Any planet which aspects Saturn + female planet combination whether in H.No.2 or in any other house, relatives connected with the aspecting planet would be destroyed.

(ii) If a planet is posited or comes in transit to a house of debilitation or fixed house/owned house of an enemy planet, the effect of a such a planet will generally be malefic. On the contrary, the planet will give good results when it is in house of exaltation or in fixed/owned houses of friendly planets. Its effect will continue to be benefic, if an equivalent planet is also posited there.

H.No	Planet	Effect of which planet with what result
1.	Ketu Rahu	Sun would get exalted. Sun gets eclipsed wherever posited.
2.	Mercury	Jupiter would be destroyed.
4.	Mercury	Moon would be destroyed.
6.	Mars	Sun gets exalted.
6.	Mars	Ketu gets destroyed.
11.	Rahu Ketu Jupiter	Jupiter gets destroyed Moon gets destroyed if Mercury is not in H.No.9. Rahu gets destroyed when Mercury is malefic.
12.	Moon	Kem gets destroyed

Effect of a Planet when Posited Alone

Sl. No	Planet	Effect
1.	Single Jupiter	No malefic effect on the native.
2.	Single Sun	Native would be a self-made rich man.
3.	Single Moon	With its leniency and mercy it will save the native's family from getting destroyed by getting forgiveness of sentence of execution

4.	Single Venus	Will never be malefic. Another companion may take its malefic effect.
5.	Single Mars	Would be like a captive of zoo or lion reared among goats.
6.	Single Mercury	Avaricious, wandering from place to place as a result of emasculated condition.
7.	Single Saturn	Would work as Mercury along with single Sun.
8.	Single Rahu	Single world not care for any planet and would protect fully from all troubles. Strikes like lightning upon enemies. There would be no guarantee for the financial condition. This does not mean that he would render the person a pauper but there is no provision for making him rich.
9.	Single Ketu	Whether posited in earlier houses from Rahu in the horoscope or latter, it will work at the behest of Rahu for giving its own effect in both the conditions. Its guide would always be Rahu.

Education may be stopped without any reason.	To apply yellow " <i>Tilak</i> " on the fore-head or turban. Water in the nose to be dried up. Starting work after cleaning the nose would be helpful. From the day the water in the nose dries up automatically, Jupiter will be considered as helpful.

CHAPTER 10

CHANGING CONDITION OF A CHILD WITH THE PLANETARY MOVEMENTS IN THE UNIVERSE

Planets make 12 Spiritual Achievements and 9 Treasurers effective. These are Jupiter (*Brahma*), Sun (Light), Mercury (Sky), Saturn (Crocodile), Moon (Mother), Mars (Brother), Venus (Love). Neither does Rahu decrease nor does Ketu increase the condition.

1. When a child is born; it comes from closed air into the open air of this world. This is a period when the body of the child is soft and his/her disposition is absolutely simple. Uptil now the effect of the seven planets is not complete. The joint thoughts of this world and previous world dominate him. As he gets education from the Jupiter, and changes of time affect him. He then learns deeds and religion. The differences between respect and disrespect become apparent to him/her. This is known to be the spiritual condition. The tissues of the body grow till the age of the Jupiter (16).
2. After attaining education, one starts earning for oneself. This period is known as "Sun Period" (or royal affairs). One becomes adult on attaining the age of 22 years.
3. He begins to serve his mother with his own earning, reaching the period of the Moon after attaining the age of 24 years.
4. His relation with his wife and family life flourishes as period of Venus starts at the age of 25 years.
5. Enjoyments, service to people, fights, bodily diseases manifest due to Mars (Positive and Negative) on attaining the age. of 28 years.
6. Works of wisdom - trade and business transactions, arts and craft and mental abilities (called "period of wealth") start during the period of Mercury with the age of 34 years.
7. Renunciation of the world the handling of house or property adroitly changes the style of earning wealth. This is known as the period of Saturn at age of 36 years.
8. Imaginary apprehension of the world and the shifting of the thoughts in the period of Rahu at the age of 42 years.

9. When he cannot solve the riddles of life, he goes here and there for consultation. This is the period of Ketu at the age of 48 year. Movement of the child, after circulating 4 times of 12 signs became apparent in the four corners of the world.
10. In other words, when there is effect of Jupiter (air) in the blank space, man rolls in the air of the period. He gains strength in motion. It further produces heat and fire on his bodily specter. That is Sun which comes forth in the world, is seen as red colour (red colour is of Mars). This spectacle is known as the day. As Sun goes higher it increases the heat. The redness decreases and the air takes the direction of the Sun. Jupiter is the *Guru* or father of the planets but Sun becomes the father of the world and the spiritual master. The round circle of Mercury (intellect) is also the mental of Sun. When Sun rises, Jupiter, Mars, Moon and Mercury all become one and Venus, Rahu and Saturn sit on the left side alongwith Ketu which turns them all. In this case who will turn Sun, which seems to be advancing ahead due to its spherical roundness? It has not been seen turning by any one. Neither the Sun changes its course nor it recedes.
11. The redness of Mars (friend of Sun) goes higher. It changes into white and starts lighting the world. That is Mars which gets well entrenched due to its rays between Sun and world's soil i.e., Venus. The world's heart or a man's heart - (Moon) abandons steering its own lonely course and its horse (Moon is considered as a horse) and white milk settle in the chariot of the Sun. Moon (the heart of the man and the world) sits in the heart of the Sun. The air of Jupiter (Lord *Indra*) heads towards the world from above. The yellow aerial lion is sent for greeting the master of Leo (Sun) which is exalted in Aries. It makes the land of the Venus as the battlefield with the help of the master of the bloody banner - Mars. Sun itself is a lion and Mars by reddening its mouth, further exalts it. The mouth of the lion does not get provoked with the reddening Sun, and it become brighter and brighter. Mars is a male planet and is driving force of the principles of the battlefield or competition.
12. Venus (Earth) is an one-eyed woman, which seeks all with one eye. Thus, Mars can not attack her; it takes back its own rays and describes very poor reality to the lions of Jupiter and Sun. Mars is master of justice; Jupiter is aerial lion, which is embodiment of

mercy. It does not entertain enmity with anyone. Sun, too, is justice - seeking who encompasses within itself both mercy and justice. Moon is peacefully situated in the heart of Sun. It views the scenario of sins and gets apparently provoked. Aggression against the prostrating one-eyed woman is not the function of Mars as well as of the lions and brave men. The silent spectator Mercury broadens its domain of intellect. Gemini (Sign No.3) is thus created. Mars and Sun of Aries (Sign No.1) together become Sign No.3 and create the mixture of man and women; or mixed intellect of the man and women, or passionate power sits together with it. Mercury starts rearing Venus in its own house. On the other hand Saturn who loaned its eye to Venus (land/woman), makes it understand that it is all an ordinary fact of eyesight (of Venus). Considered to be simple against his own father - (Sun) that comes within its trap (the eye of Saturn) but the soil of Venus though apparently appearing as a simple cow but Saturn's Satanic eye, downs the lions of Sun and Jupiter - everywhere the debilitated fruit spreads which give birth to adultery in the world.

13. In Mars' square typed stomach, knives are pierced. It becomes Rahu which gives rise to movement in the brain. Now Mars has no potential/ability and begins to feel cowardly because of both Sun and Jupiter and thus Mars is ready to beat Venus with her own hand. In such a condition, Mars would be deemed as doing cowardly activities. It thus becomes silent and Rahu too is silent in the presence of Mars due to which the man-woman couple hides within itself the passionate sex. Mars does not leave enmity. When it regains control, it exercises the principle of beating the women. In short, Venus on getting help of Ketu or due to the kindness of Sex Lord and consultation of Mars, (the rays) again comes back to brighten Venus instead of debilitating.(beating) it. Now there is nothing to brighten up on the land. All planets come to know the mischievous nature of Saturn. The air of Jupiter complies with the orders. The field of Mars does not leave heat internally but Mars tosses its rays hither and thither under orders of the Sun. It gives rise to a tussle. Rays cannot do any harm to Venus.
14. Venus air is also gaining strength. Feuds about the wealth (Venus) and the particles of dust pour into the eyes of all but its own eye being made of Saturn is able to see as usual. These particles are the

squabbles of the world. Only he is saved who does not see eye to eye with Saturn. Heat intensifies due to particles, heating the fields but the high mountains remain cool and the universe changes into two aspects - hot and cold. In short form the eye-sparks of the smile of the woman give rise to hundreds of riots and squabbles. This increases to such an extent that the world becomes a battlefield. The stream or lines of comfort and solace begin to flow. Mars is viewing the scenario but Moon does not leave tranquility. The water warms up slowly and slowly but the entire universe of the land or the total land of the Venus becomes narrow due to the mutual enmity of Sun and Venus that the whole of this appears to be running for coming Sun. The particles of dust of Venus in the air of Jupiter spread with volcanic sweep. All concerned feel frightened up as if it would bring down the warmth of Sun but they cannot reign its chariot and lastly all spoil themselves and cannot cause any harm to Sun. Precisely then, Sun's chariot begins to hide and dark night works as the guardian of the Saturn. The rays finish up and Mars leaves. In the absence of Mars, Rahu comes up, Sat becomes night and the old brilliance of Sun begins to appear with the strength of Moon alongwith the cold wind of Jupiter. The warmth lessens and the chill increases. The earth feels some solace and ocean too expels the warmth from itself. Rahu finishes the night and again the cold wind again blows up and as a result of this, there is a difference between the night and the day. Ketu comes up after finishing the day and after the beginning of night, there was Rahu.

15. Now, hope of new Sun springs. With the planet movement, child begins to feel the impact of the air. He feels wisdom and converts green to yellow, which is the period of Mercury. Now the air of the time gives intellect but will convert yellow to green. That is Jupiter's help will be lessened and from the intellect mixed with Mercury (green colour), man will learn to use his head day and night for earning wealth and keep himself engrossed in it. As Mercury has enmity with Jupiter, the mother says that the child has grown up but Jupiter's effect will decrease. At the time of birth Jupiter is of full age and clear from all aspects. Due to vicissitudes of time, several colours appear turning from yellow to green. Blue colour of Rahu accompanies them till a movement creeps up in the mind that along with the righteous actions, the vicious actions get mixed and

it goes to such an extent that the entire world becomes a mystery. Anxiety and sorrow both spring up but it is a matter of gratitude that Rahu and Jupiter are even and not mutual enemies. With the union of the two, green colour crops up. Mercury too, comes up and yellowness vanishes. That is, intellect blooms in full and the credibility of the air of the times vanishes. The issues of excuses, livelihood and death crop up. That is, the written order of the angel of the destiny is forgotten. Not only this but when the round circle of this Mercury or its intellect comes on the mount of Jupiter, the air of the Jupiter evaporates in such a way that for its exit only blank space of sky is left. The round circles of air of destiny begin to form and rise towards the sky. In short, the credibility of the luck/destiny is gone.

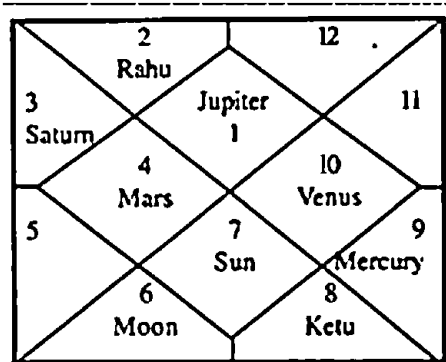

16. Anyway, in the meanwhile Sun disappears from the sky. Night comes extinguishing the fire and giving rise to chill thus finishing harassment and bringing forth consolation. Moon is shining and those tired during the day begin to sleep, giving rise to a number of disorders. In this background from air comes fire and from fire comes water; from water comes dust or the child begins to feel the warmth and coldness from the air of the times and is caught in the lap of its parents and the same air of the blank space now begins to give him breath. On this principle, it has been admitted that with the each coming in and going out of the breath there is a link of the man's destiny. Due to this no intellectual person or master of Mercury or wiseman one can claim that another breath will come or not after the first one but one wishes all the time that if one breath has gone out, the second one may come. That is, if the right one has not been helpful to destiny, the left one may help. By right and left day breathing in 24 hours 12 houses multiplied with seven planets i.e., 84 lakh breaths are completed and is thus suffering the wickedness of this world 84 or its blows. If the breath had not been air or Jupiter, the entire 84 world would have finished as the joint Jupiter - Mercury. With departure of Jupiter from the planet any movement only the round egg of the Mercury or the zero would be left alone. This in the worldly thought, after taking out the yellowness (of Jupiter) the empty structure of the egg would be the upper cover of the child or head. Boundary between Jupiter and Rahu is the foundation of the Sky.

CHAPTER 11

STRUCTURE RECTIFICATION AND KINDS OF HOROSCOPE

Simple Rectification of the Horoscope

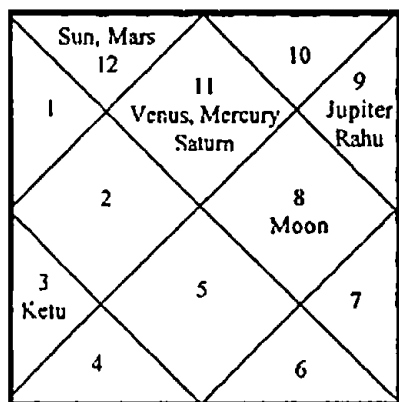

Prepare the natal chart in accordance with traditional Astrology and its ascendant be assigned as H.No. 1. The position of planets in different houses is thus established. For a house, horoscope allied things of each planet or concerned blood relations are taken into account. For 'palm horoscope', first fix the position of male planets

whose position is clear and write rest of planets thereafter. Now see the ascendant at the time of birth and the effect of planets. Compare with the events of past and the chart of the house. The planets posited in H.No.1 may be shifted to No.2 and No.12, and the remaining planets accordingly. Assess the correct ascendant out of them. If time of birth is not known, Moon chart according to traditional astrology be made. Assess the **position/effect** of male planets in different houses and search the correct ascendant. Thus, rectify the horoscope by taking past into account. Then only look for predictions. In accordance with the birth horoscope, the sign number is written in the top most square of the chart. This number is known as the Ascendant. In the ***Samudrik Shastra*** (Lal Kitab), this upper square has been named as House No.1. Other houses are given numbers in an anti-clockwise direction.

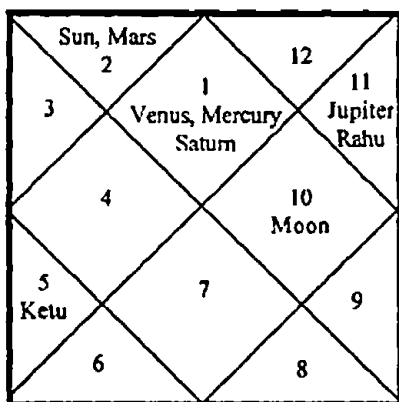

For example DOB March 14,1936, Saturday, 05.00 A.M.

In traditional astrology, Aries to Pisces are the Signs. In ***Samudrik Shastra*** (Lal Kitab), instead of Sign name, H.Nos. 1 to 12 are considered as given above.

HOROSCOPE

LAL KITAB HOROSCOPE

- 1) First of all, a horoscope is formed without writing any numeral in it. In the ephemeris, before each Sign No. time is written in hours and months i.e., each date of every month, the time numerals are given. Before first Sign, in each date, the time written is of morning and the time written in front of each Sign is also the time of that sign i.e., the period of that sign which would end on the scheduled given time. After this, the succeeding Sign would start.
- 2) According to the given birth time, sign number of the birth time be No.11 or Aquarius. In the above horoscope the numeral 11 is written in the uppermost rectangle. Other numerals with planets are recorded in the rest of the houses after 11. It would appear that Moon has been left.
- 3) In the horoscope, both the entry time in the house of Moon, before the date of birth, the name of Sign is given. When Moon enters this Sign, that time is written in periods and moments (*Ghari/Pal*) which would be converted into hours and seconds.
- 4) The entry time given against Moon means that after the rising of Sun, Moon would enter the sign at the scheduled time. Before that time Moon is considered in the previous Sign.
- 5) The time of Sun rise is also given in the ephemeris. Thus, it can be known, at what time Moon would enter the scheduled Sign.
- 6) According to this example, Moon has entered Scorpio from Libra

and would go to the succeeding Sagittarius. In short, Moon would remain in Scorpio and thus in the horoscope the house where 8 Fig. (Scorpio), Moon may be written.

- 7) When the house number attributed for Moon becomes upper most House No., such a horoscope becomes Moon Horoscope.
- 8) Ephemeris have been made on the basis of Chennai (Madras) local time and all watches and clocks are according to Chennai time. The birth time was taken according to Chennai time. Thus, there is no need of preparing a horoscope on the basis of Sun rise time.

Astrology of Birth and Horoscope

If the House No. in which Moon is written is taken as H.No.1, that would be as Moon Horoscope. According to the **Lal Kitab** that would be birth horoscopy for ascertaining the events. Only numerals are changed. The rest of the planets as placed in the birth horoscope are written in the same manner.

Doubts

- 1) In astrology, the basis of a horoscope is Ascendant (rising sign) at the birth time. The Ascendant is consistently remain the same around 2 hours. Ascendant and fate for the children supposedly born during this period would approximately be the same.
- 2) In the science of astrology, there is no consideration of Palmistry. Doubts can be removed by assimilating horoscopes of both the sciences-Astrology and Palmistry. It is also possible that both these horoscopes may not be same. It would not be appropriate to consider them as wrong. The difference would be that the traditional horoscope would give personal account of that person which horoscope of the palm (Palmistry) will tell the account of his ancestors. In such a condition, the difference would crop up due to the fatherly or motherly debt. The horoscope may not be considered incorrect as for the horoscope of palmistry, one has to remedy the debt. This difference may not be taken to mean that the horoscopes of both the sciences are not to be reviewed to find out as to why the difference has arisen. The objective, however, is that, despite all possible scrutiny the difference still remains. The above

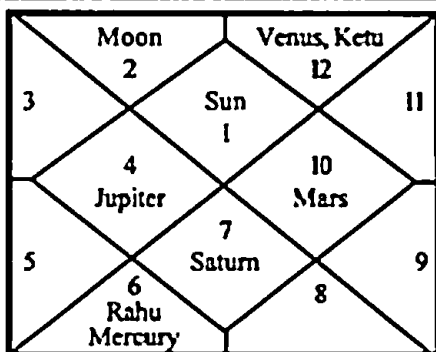

given remedy would be helpful. The important thing, however, is that the difference be eliminated. The right hand of the person (Sun) denotes thinking and self effort which apparently effects results. The left hand (Moon) shows fate part of the elders which is regarding unseen help. Same is the case with females, but from the other hand. If anybody's right and left hands differ, the account of both the hands be seen separately and the result of the effect of both the hands be taken into account and final result is prepared. In routine life the right hand will be more effective but the effect of the left comes sudden which will certainly affect at the time of Moon and Venus. The male planets-Sun, Jupiter and Mars show their results more on right hand. The rest of the planets are emasculated. Thus, on both the sides, these right and left hands give their effect simultaneously. Generally, man's left side of the brain functions more whose link is with the right hand. He functions less from the right side of the brain linked with the left hand. Thus if there is any line on the left hand and is not clear on the right hand, the effect of that line is less as the man will never think of generating that effect. Naturally, it is possible that its effect may become apparent all of a sudden.

Mutual Relationship of Centric Houses and Horoscope

If the thing, binding together the Mercury (Sky) and Jupiter (wind) be counted as a 'child', the brilliance of the planet joined together arising from each fold of the child is the treasure of the man's destiny, and the science arising out of all such folds is known as Astro-palmistry. In it, the close fist (known as Centric houses- No. 1,4,7 and 10) based on the exalted houses of all the **planets**, the treasure of the destiny is brought by the child. For assessing period of youth, Houses Nos. 1-4-7-10 would be considered. One's child life before birth and the condition of the parents would be seen in House No. 9-11-12. From the birth day of a child till death the remaining houses would be Nos. 2-3-5-6. For death, disease, bad period is given by House No.8. It is known as 'death house' which aspects backward rather than forward.

1. Sun- Body
2. Moon- Mother

3. Brothers, relatives
4. Jupiter-Wealth
5. Progeny.
6. Rahu-Mercury. Relatives through wife and father.
7. Saturn- Property
8. Disease, death
9. Religion, grandfather
10. Mars- Food
11. Gate of Entry
12. Venus, Ketu-Comfort from wife.

100% houses of aspect are Nos. 1-4-7-10- Full measure.

50% " Nos. 3-5-9-11- Condition by help of others.

25% " Nos. 2-6-8-12 - Things got from the relatives.

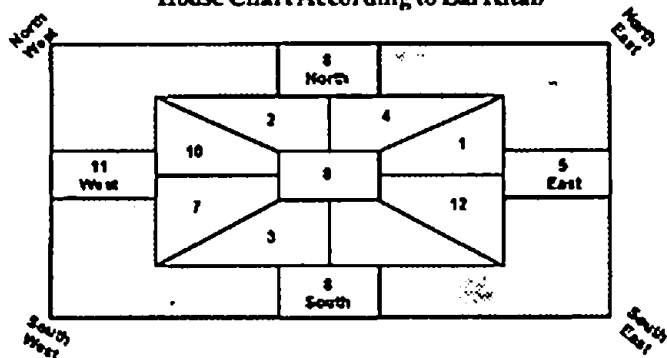

Assessment/Rectification of the Chart as the Ancestral House

From Houses Nos. 1 to 8 (forward) relate to right side of the ancestral house. From Houses No.12 (backward) 12-11-10-9 relate to the left side of the house.

Rectification of the Horoscope through the Native's House

As per the 'Lal Kitab' when a horoscope is prepared by giving House No.1 to Ascendant then in the house horoscope, all planets may be copied, now in house horoscope all sides- North, South, East and West are fixed. Supposing at Birth, Sun is in House No.9, in the 'house horoscope', Sun will be written in the middle of the horoscope and for its correctness, his grand father's house's central place would be having a spacious courtyard or Sun's light. If in the birth horoscope, Venus is of No.5, in the 'house horoscope', Venus would be the wall on the east which would be *kuchcha* or having cowshed. The only advantage is that in the horoscope, the thing of malefic planet may not be allowed to exist in that house No. (as per the house horoscope) in which it is in the birth horoscope. Several children of a father would have a common

grandfather's house. It is not necessary that for each child, his house horoscope may be prepared.

Method of Preparing Chart by Ascertaining the Condition of House

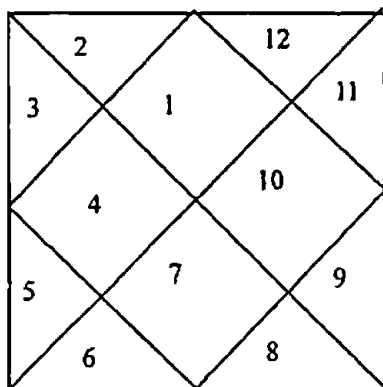

First draw out the figure of house horoscope and further see as to where planets are posited.

If both the animate and inanimate things exist, the place of animate things be considered as the basis. The planet not possessing any thing will be planet of its fixed house. When the house horoscope is made on the basis of the above method, general horoscope may be cast thereafter.

Assessment of the Horoscope

A person said that he was born on 18th of August 1911 (8 *Bhadon* 1968 (BS), perhaps before Sun rise- (between 3 to 5 A.M) or perhaps after sun set after the lapse of 3 to 5 hours. Parents have died and now he is passing through 39th year of his life. There is no confirmed proof of his time of birth. Only hand's sketch can be used to know his condition and fatherly house. He had heard from his mother at times said that his birth chart resembled Lord *Shri Krishna's* birth chart (refer the natal charts given on page 204).

Planet Movement

In the traditional chart, numerals of signs given are erased. By giving numeral No.1 to the house of Ascendant, the horoscope is methodically rewritten with numerals 1 to 12. This horoscope is good enough to see effect of planets. In the house horoscopes, all planets are written exactly with the same numeral which, after modification, the determined houses in the horoscopes are already scheduled. The concerned articles, business, relatives of each planet are fixed. Thus, as per above information, the movement of the planets could be as below:-

Name of Planet	As per horoscope of 5 A.M.		As per horoscope of 11P.M. at night	
	In which House	Which side of the house	In which House	Which side of the house
Sun	2	North West	4	North East

ANNUAL CHART AT THE AGE OF 34

The chart of Cancer was considered correct. Rest of the things resemble both sides and tell the doubtful condition.

Kinds of Horoscopes

Mutual enemies in House No.10, make the chart blind (a)

Saturn in 7th and Sun in 4th, makes it half blind.

With Mercury in 6th, Sun in Nos.1, 5, 11 chart is adult.

Blank Nos. 1,4,7,10 or Mercury, Rahu, Ketu, Saturn make it adolescent.

Saturn No. 11 or support of Jupiter, Rahu-Ketu, Moon No. 10 or 4,

Native was a Sadhu in past, religious chart gives solace.

Jupiter and Venus conjoined, ones present is effective.

No affect of past on the native after 12 years of age.

- (a) With Jupiter Moon or Mars with Mercury; Venus if conjoined with Jupiter, Sun, Moon or Rahu; Saturn with Sun, Moon or Rahu; Rahu with Sun, Moon, Mars or Jupiter; Ketu with Sun or Moon or Mars make 'blind combinations'. At the time of blind combinations treatment through Ketu or works in early morning (Ketu time) will be beneficial. **Feeding 10 blind men at one time will dilute the poison of 10th house.**
- (i) In the half blind charts, business relating to benefic planets at night time, business relating to malefic planets in day time would be helpful.

- (ii) The effect of adult chart is automatic and full. There is no need of any special effort.
- (iii) At the time of conjunction of Jupiter and Venus, after 12 years of age, there will be no fear of jerks of the earlier births.
- (iv) Religious charts are always helpful and a source of comfort.
- (v) Those having adolescent chart will have to seek the assistance of others. While a child grows from adolescence to adulthood, the adolescent chart, however, will remain adolescent throughout life.

Whether Chart of Man would be Powerful or of a Woman

The horoscope of a man overtakes the chart of the woman after marriage. The effect of the man's chart becomes predominant on the destiny of both. A time also comes when man may die or leave, flee, lost or one woman becomes wife of two men) then the own chart of the woman is restored. In this way, so far one is a child, the influence of the parents and the fruit of the earlier births is also effective.

With solemnization of marriage, the chart of the woman proves helpful like Sign Effect. A woman may die (is lost, missing or leaves the country, or another love affair starts or one is lost in the sensual pleasures of the world etc). Various types of jerks in the fate appear. In short, the meeting together of man and woman and separating will certainly cause difference in the filed of destiny but at times without above things happening, various scenarios of fate manifest but in less number and that, too, at a time when in the food of such a couple, the waves of the Saturn, or parental debt is persisting.

CHAPTER 12

ANNUAL PREDICTIONS/ANALYSING EFFECT OF PLANETS/SOME EXAMPLES

In order to find out the year wise account of the fate, if the exact birth time, day, month and place are not known, annual predictions can be made on the basis of a chart based on confirmed events. Such occurrences are happiness, (for example, the month, day and year of the marriage), the birth/death of some blood relation, certain events due to the effect of male/female planets or emasculated planets; birthday (as Sunday/ Monday), the planet to which the man belongs or to which planet his grandfather or self-constructed house belongs etc. The planet in Ascendant, and if Ascendant is blank, the planet lord Birth Sign can be taken. In short, whatever time and exact happening may be available that may be taken.

Supposing the event of anybody's marriage is available. First marriage (if married several times, the first marriage day would be reckoned) if solemnized at the age of 17, it would mean that Venus started showing its effect from the age of 17. If the year, month and day of the marriage is not known and the day, month and year of the death of the first spouse is known, it would be deemed as the expiry of the year of Venus. In the general duration of each planet, the period of Venus is of three years. If the marriage was solemnized at the age of 17, planet of Venus started from the age of 17 and it continued for 3 years i.e., upto the age of 19. If the spouse dies at the age of 17, the Venus expired at the 17th year. Three years before the day of the death of the woman till the day of death there was the period of Venus. For preparing annual chart, the order of planets is as follows. First of all Jupiter, then Sun, then Moon and the last 9th is the number of years of Ketu. For the years of general duration of the planets, their periods and order are given. The total of the general period of all planets is one circle of 35 years. Supposing any body's Venus started at the age of 17, then other planets would be as given below:

Jupiter 6 years	Sun 2 years	Moon 1 years	Venus 3 years	Mars 6 years	Mercurj 2 years	Saturn 6 years	Rahu 6 years	Ketu 3 years
							1-4	5-7
8-13	14-15	16	17-19	20-25	26-27	28-33	34-39	40-42
43-48	49-50	51	52-54	55-60	61-62	63-68	69-74	75-77
78-83	84-85	86	87-89	90-95	96-97	98-103	104-109	110-112
113-118	119-20							

To know whether annual chart is correct or wrong, against 1st year of the start of the age (wherever it may be), the concerned planet may be ascertained. In the correct condition, the planet of house of numeral 1, would be in House No.9 or House No. 1 of the horoscope. House of that person would resemble with the planets of the house of numeral one or that person would be governed by that planet. The planet of the birth day (for Sunday-Sun, for Monday-Moon etc.) can be the planet of numerals. For assessing this-Mars and Saturn or Sun and Mercury or Sun and Moon-would be counted as the same. Otherwise use the other annual chart. If nothing seems correct from the above said things, some other event may be taken and another annual chart be made.

Effect on the Whole Life

Uptil the 12 years of age, there is no certainty of the destiny of the child. After the age of 70, there is no certainty of the destiny of the man. His destiny is determined by his children. All planets complete their once circle in 35 years. The years of the effect of each planet have been given as per the age of that person. Any person born within the stipulated period of each planet given in the Lal Kitab or the chart given below shows the ages as per *Samudrik Shastra* fixed for each planet and the period of its appearance. The periodic effect of each planet, on the worldly human being will be by reckoning the year from that science.

Effect of Planets During life

Years	Planet	Years	Planet	Years	Planet
1-6	Saturn	51-56	Jupiter	95-97	Venus
7-12	Rahu	57-58	Sun	98-103	Mars
13-15	Ketu	59	Moon	104-105	Mercury
16-21	Jupiter	60-62	Venus	106-111	Saturn
22-23	Sun	63-68	Mars	112-117	Rahu
24	Moon	69-70	Mercury	118-120	Ketu
25-27	Venus	71-76	Saturn		
28-33	Mars	77-82	Rahu		
34-35	Mercury	83-85	Ketu		
36-41	Saturn	86-91	Jupiter		
42-47	Rahu	92-93	Sun		
48-50	Ketu	94	Moon		

Time of General effect of each Planet

In order to see the period of general effect of each planet on the concerned animate things, the year of that native may be divided by the numeral in which House No. that planet is posited. The planet will show its effect in residual numeral House No. Divide the year of life by 12 for the purpose of planet in H.No.1, by 11 for H.No.2 and by 10 for planet in H.No.3. For the remaining, divide by the numeral of the house in which the planet is posited. In the condition of zero balance or in case the renamed house number being blank, the planet concerned would be counted to be having its effect in the house where it is posited.

Example :

- 1.(a) For example, if anybody is passing through 25th year of his life and Moon is posited in House No.3 of the natal horoscope, 25 may be divided by 3 and the remainder is 1. It shows that, Moon of that chart which was in house number 3, will give the same effect in the 25th year of its life which, as per effect chart, Moon gives in House No.1. In the same way, other planet would function.

- (b) Each house of the horoscope denotes different works. For the 12 houses of the horoscope their relationship with the articles of works is fixed. Now, if one wants to see the condition of children in the 25th year of life, it may be seen as to which house has been allotted for the children. That is House No.5. If House No.5 is blank, then for the offspring, whatever may be the condition of Ketu as per Annual Chart may be taken. Then 25 may be divided by 5, remainder is zero. It will show the condition of the offspring will be the same which is in House No.5 of the horoscope. If we are to see in the 26th year the House No.5 relating to the offspring may be divided for 26th year, the offspring will be having that very condition which as per this horoscope is of House No.1. If House No.1 is blank, the condition may be taken which is of House No.5.

2. The mutual aspect of the planet, posited in 12 houses of the horoscope, is fixed. Their mutual friendship, enmity and periods are also fixed. Thus, when the effect of two or more than two planets on their aspect or being mutually together are having conjoined effect, the degree of difference in the good or bad condition in the time and effect of these is certainly seen.

3. (a) House numbers have been distributed into 12 houses as regards 12 months starting from April/May for H.No.1 etc. In this way, the houses of the horoscope in which planets are posited and whenever any planet enters these houses in accordance with annual chart, it will show its influence as per its effect in that House. For example, if any planet is in House No.2 it means that the effect of House No.2 will be in the month of May/June. Now, in accordance with annual chart, when Mercury comes up in H No.2, it would be inauspicious for the father. In such a movement of the planets there would be no deleterious effect on the father always. But in the month of May/June the father (thing of Jupiter or relatives concerned with Jupiter) will certainly feel gusts of deleterious air.

(b) In a horoscope some houses may be blank. According to annual chart, the planets which will come in these blank houses will show their scheduled fruit in that month which is related to the house where Sun is posited according to annual chart. For example, if in natal horoscope H.No.4 is blank and in accordance with annual chart Mars comes in

House No. 4 and according to annual chart of that year, Sun is in H.No.8, the given fruit of H.No.4 of Mars will be apparent in the 8th month from the birthday.

4. (a) Beginning of the year (of the year of age) and the end, will be calculated from the dates of local months as the change of the Sun in the horoscope and annual chart has been taken from the 1st of *Vaisakh* and the 1st of *Vaisakh* several times starts on the 11th or 12th but 13th of April. In some places, if there is no 1st date in the local months, according to the Georgian calendar it occurs on the same day and it does not coincide with the *Vikrami Sammat*. Thus, the only principle is this that the science of astrology is based on the foundation of Sun and the change of Sun has gone from the 1st of *Vaisakh* in House No.1 or Aries. On account of this, the change in all months can be effected.

(b) For making the chart for the current year of age, following method be adopted:

(i) To ascertain position of a planet in a particular year, divide the number of the year (of the age) by the No. of House in which that planet is posited (in the natal chart). The planet would show its effect as posited in remainder number house. In the condition of remainder as a zero, the planet would give its effect as in the natal chart. For example, if in a chart, Sun is in House No.11 and the native is running 52. On dividing 52 by 11, the remainder is 8. Now in 52nd year, to see effect of Sun related things, Sun will be reckoned to be in House No.8 and other planets kept in their natal effect. In this way, the condition of each planet will be seen year wise. It may, however, be borne in mind that only that planet be rotated whose related articles are to be known. The rest of the planets, as usual, would be reckoned to be as in natal chart. On this principle, the horoscope prepared by rotating all the planets individually, would give the planetary position of that year.

Part-II: The horoscope whether prepared in accordance with the science of astrology and by above account, the Ascendant be taken as H.No.1.

(ii) The start of the month will be taken from the birthday. For example, if the birth falls on the 31st, the full next month will be taken up to 30th. As the change of the Sun starts from the 1st of *Vaisakh*, thus the birthday will be considered correct from the local months and

difference can be caused in the effect of Sun from the dates of the Georgian calendar.

The 12 houses of the horoscope are the 12 months of the *Vikram* year which approximately starts from 13th April (*Vaisakhi*) or say the effect of 12 houses will be on the following times each month:

House	1	2	3	4	5	6
Month	<i>Vaisakh</i>	<i>Jeth</i>	<i>Asadh</i>	<i>Savan</i>	<i>Bhado</i>	<i>Asoj</i>
House	7	8	9	10	11	12
Month	<i>Kartik</i>	<i>Maghar</i>	<i>Poh</i>	<i>Magh</i>	<i>Fagan</i>	<i>Chet</i>

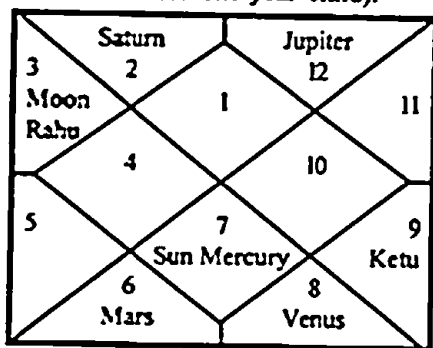

Approx date for start of Vikrami Calendar

Approx. from 10 days	April, May, June, July, August, September, October, November, December, January, February, March
to	
12th of	May, June, July, August, September, October, November, December, January, February, March.

(The same principle would be observed for one-year child).

The matrix for annual chart show H.No. and year which planets would be posited in them.

In the annual chart, i) for monthly chart move the chart as per the Sun, ii) for weekly chart move the Venus, iii) for daily chart move Mars, iv) for hourly chart move Jupiter, v) for minute chart move Saturn, vi) for seconds move Mercury, vii) for degrees move Moon, viii) for night time move Rahu, ix) for day time move Ketu.

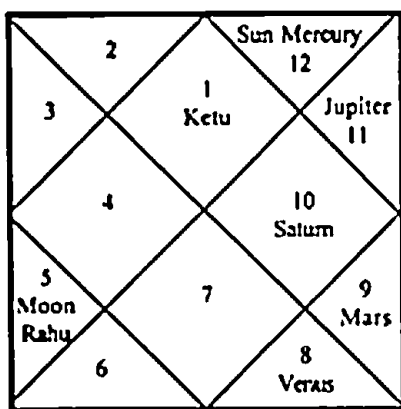

For example, take the case of a person whose 44th year starts from 5.43 p.m on 11.5.41. His original chart is given below:

His annual chart for 44th year is at 'A' (Ketu in H.No.1 Moon-Rahu

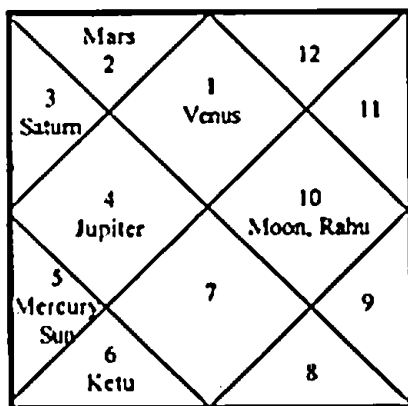

No.5, Venus No.8, Mars No.9 Saturn No.10, Jupiter No.11, Sun-Mercury No.12). If the house in which Sun is posited is given H.No.5 (on 11.9.41 at 5.43 PM), the annual chart becomes monthly chart (Venus No.1, Mars No.2, Saturn No.3, Jupiter No.4, Sun Mercury No.5, Ketu No.6, Moon Rahu No.10). 17 days of September, 41 are left. If 17 houses are counted from the house where Mars is posited, it comes to H.No.6. Hence for daily chart Mars comes to H.No.6 (Mars No.6, Jupiter No.8, Sun Mercury No.9, Ketu No.10, Moon, Rahu No.2 Saturn No.5)

23rd hour of 17th day of 5th month when given to Jupiter (considering Jupiter as house No.1) then Jupiter goes to H.No.6 for hourly chart (Jupiter No.6, Sun No.5). In the hourly chart for 21st minute is taken for moving Saturn, it comes minute chart. In the minute chart if Mercury is moved, it becomes seconds chart. In the minute chart if Moon is moved at 53 degree it becomes degree chart. During 44th year, for night time if Rahu is moved to No.2 (its headquarter) it becomes night chart.

Analysing the Effect of Planets in a Chart

No assessment can be made on the basis of a single planet. Such an exercise might be lopsided, incomplete and deceptive.

Supposing in a chart (A) based on traditional astrology, the Ascendant is Scorpio (Sign 8) and has Moon and Venus in it. Sun-Mercury in Sagittarius, Jupiter in Capricorn, Mars and Rahu in Aquarius, Saturn in Cancer and Ketu in Leo. According to **Lal Kitab** (B) one would say Moon-Venus in No.1, Sun-Mercury No.2, Jupiter No.3, Mars-Rahu No.4, Saturn No.9 and Ketu No.10.

Chart A

Chart B

For conjoined planets, first see the effect of individual planets in these houses and then their joint effect in those houses. At times, by virtue of joint effect, different results come up. For example, if Mars or Mercury is alone in H.No.8, their respective effect would be malefic. But together, Mars-Mercury in H.No.8 give benefic results. Similarly, Venus in H.No.9 is malefic but Venus-Ketu joint in H.No.9 are benefic. Take another case. Mercury H.No. 3 or Venus H.No.9 are generally malefic like Mars (negative) but if Mars-Mercury joint are posited prior to Venus, Mercury will combine the effect of Mars with Venus through its route canal. That will make the individual productive. Despite indications about being childless, the native would have issues. Similarly, if Venus-

Ketu are together in H.No.1, the native will not be able to procreate, notwithstanding the fact that Venus in No.1 is evergreen and Ketu in No.1 exalts Sun even if Sun is malefic. The effect of planets when conjoined would be as given for joint planets. In other cases, they would give their individual effects. If there are 6 planets in a house first look for their joint effect of 6. Next see for 5, 4, 3, 2 etc., and then individual effect.

It has been mentioned at various places that the native should not eat meat, drink alcohol or indulge in debauchery etc., which means that the native would be given to these vices and hence he is advised to refrain from the same. When it is said that the mother would be in a state of mourning, it would imply that mother's side (maternal uncles etc.) would be in a state of destitution and destruction. The native would live the longest life in his family, which would mean that other members of his family would die early. Hence, one should carefully read the text, ponder over the same and then speak with due care.

General Principle of Planetary Effect

Various planets are Sign Lords of different houses but the same houses have fixed house Lord also. If a house is considered a building, the sign Lord owns the foundation. Fixed House Lord owns the building. The mutual relationship of Sign Lord and Fixed House Lord whether friendly or inimical determines the disposition of the house. In case of friendship, the benefic effect is supplemented. Other wise, in inimical relationship, malefic effect comes. On top of this, the disposition of a posited planet in a particular house also makes its effect. The net effect would be determined by propensity of a posited (transitting) planet with respect to Sign Lord and Fixed House Lord.

For example, for H.No.11, Sign Lord is Saturn, Fixed House Lord is Jupiter. If Rahu is posited in H.No.11, the net result will be destruction of Jupiter wherever it is posited. H.No. 11 represents entry gate to the world and earnings of an individual. Jupiter is owner of the building of H.No.11 which has made it as a court of Justice and religion. Saturn being Sign lord provides the foundation of iron, stone, marble etc. Jupiter's Court makes the building glow like gold. Saturn is represented by pitch black colour and Jupiter by bright yellow. Rahu is an evil agent of Saturn.

It is shining blue colour and like an elephant causing earthquake. The presence of Rahu in the court of Jupiter turns the building from yellow to blue/black. The earthquake shatters the building. There is no sign of religious worship or justice. By mixing of blue with yellow, green colour of empty sky (Mercury), dominated by black (Saturn), gets manifested. Net result is destruction of Jupiter. The sky gets filled with smoke (of Rahu) and atrocities of Rahu dominate the world. That is why, it has been indicated that for Rahu in No. 11, one should wear gold. A native with Rahu in No. 11 is harmful, damaging and ill disposed to his father (Jupiter). Jupiter's gold is turned to brass by Rahu.

The joint effect of Jupiter and Rahu makes an artificial Mercury or empty sky. Jupiter controls both the worlds. Rahu controls the blue sky and divides the two worlds. Hence combined effect is of king and a pauper. One's fortune will fluctuate between extreme riches/power and poverty/powerlessness.

The above are general principles governing effect as also illustrated so.

Some Samples for Interpretation

In this system it is presumed that man's horoscope overshadows his wife's horoscope. But there are certain exceptions. These are in respect of unmarried girls, deserters, marriages with a person of other religious faith (like Muslim, Christians, foreign nationals). In such cases, the woman's chart may not be affected by her husband's chart. In such cases, both the horoscopes would act independently.

Assessment for Chart based on Palmistry

Mars in H. No.1 aspects Rahu in H. No.7 and vice versa. Rahu remains dormant when conjoined with Mars. But being posited away, it would keep giving its malefic effects. Upto the period of Mars (28 years), both Mars and Rahu will give their combined effect. Mars for 28 years will adversely affect the health of wife because of its aspect on House No.7. Rahu is effective for 42 years and Mars for 28 years, Rahu's individual effect will be on H.No.7 (of Venus-Mercury together) and H.No. 1 (of Sun) but Venus, Mercury and Sun together have moved to H.No.12. Rahu alone is in House of Venus, but Venus along with friend Mercury have moved along with Sun to H.No. 12 of Rahu. Thus neither Rahu would damage Venus, nor Venus would damage Rahu. At best they can damage only buildings of each other's house. H.Nos. 2 and 12 have 25% mutual aspect. Moon gets exalted in H.No.2. Sun and Mercury are outward friends. But Sun and Venus are mutual enemies. And Moon posited away from them has inimical orientation for both Venus and Mercury. Thus both Sun and Moon damage the effect of Venus and effect of Mercury is afflicted by Moon. But effect of Moon and Sun will be excellent. Mercury when posited with Sun remains dormant for half of its period of 17 years. Thereafter, Mercury alone will give its benefic effect.

Jupiter and Saturn are together in H.No.10. In such a case, both

will give their own effect. But effect of Saturn will be adverse. Jupiter being in company of a malefic/enemy planet will be able to give benefic results only for half of its period, that is for 8 years. Both the planets are related to father. Ketu is in No.3 which is fixed house of Mars and is Ketu's enemy but Mars is in house of Sun and will give benefic results. Besides, Sun also gets exalted by the company of Mars.

Effect of Planets

Jupiter has an effective age of 16 years out of which it gives benefic results for first 8 years. But after first 8 years, Saturn will damage results of Jupiter. While Jupiter has no enmity with any other planet, evil planets (Rahu-Ketu-Saturn) do pollute its results when they come to H.No.2, or Jupiter's house. But when Jupiter is posited in house of an evil planet, it maintains its benefic effects irrespective of effect of the evil planet itself. In the current case, Jupiter is in the house of Saturn, but it will give benefic results for its full duration. However, effect of Saturn itself will be malefic which will start after effective period of Jupiter. Thus malefic effect of Saturn will start after 16 years (age of Jupiter) and last till 36 (age of Saturn) for 20 years. Since malefic effect of a planet is manifested at $1/4^{\text{th}}$ or $1/2$ of its effective period, Saturn malefic effect will manifest at the age of 18 (half of Saturn's 36 years). Saturn cannot give malefic effect so long Jupiter is with it. Jupiter ends at 16. Saturn malefic effects can last from 8 to 16 years.

Sun will be excellent for its items during its effective age. Since it debilitates, the effect of Venus will prevail all along. Further, Moon which adversely affect Venus by 25%, helps Sun in the same degree.

No planet has enmity for Moon. But Moon itself has inimical orientation for Venus and Mercury. Moon being posited in the house of Jupiter (No.2) gets exalted.

Venus: Effective age of Venus is 25 years, Sun 22, and Moon 24. Both Sun and Moon are inimical to Venus. Sun and Venus being together, their effect starts simultaneously. Inimical effect of Sun lasts for 22 years and 25% adverse effect of Moon till the age of 24. Only one year of Venus is left. Rahu in the house of Venus (H.No.7), pollutes the house. On the other hand, Venus being in the house of Rahu (H.No. 12), is in

company of its friend Mercury. However, Mercury is dormant for half of its period of 17 years being in Sun's company. Mercury is not afflicted either by Sun or Venus. After 18, it would help Venus. Thus, first phase of Venus for 25 year gets destroyed. With the help of Mercury or exalted condition of Mercury, Venus can only give daughters but during its second phase, Venus in the house of exaltation in H.No. 12, will give excellent results.

Mars (positive) will adversely affect the native and brothers for 28 years due to evil effect of Rahu. For other matters, Mars effect will be benefic. Mars (negative) is silent. (Mars negative is known from condition of Sun. If Sun is debilitated, Mars becomes negative).

Mercury has effective period of 34 years. It will help both Venus (25 years) and Sun (22 years) but 25% aspect of Moon for the period of Moon (24 years) will be adverse.

The elephant (Rahu) will remain silent under the pierce (Mars). However, being away from Mars, it will continue its enmity with Mars. When the pierce of the elephant driver (Mars) is away with 100% aspect, elephant (Rahu) will try to damage the same. Being in the house of Venus, it will damage the wall of Venus, yet it cannot damage Venus itself which is in H.No. 12.

To save itself from the evil Ketu, Mars has moved from its house (No.3) to H.No.1. Thus Ketu can merely damage the wall of Mars house. It cannot cause any damage to the brothers etc. Ketu aspects H.No. 11 with 50% effect and H.No. 11 is blank. Thus, Ketu would have sporadic adverse affect on H.No.11 of Jupiter (Fortune, gains).

Blank Houses

H.No. 4 is of Moon. Planets in No.10 aspect this with 100% sight. Jupiter's aspect on it is benefic but Saturn will keep blackening the walls of house of Moon.

In H.No.11, Ketu is spreading its tentacles. Moon in H.No.2 aspects H.No.6 with 25% sight. H.No.6 of Ketu is cause of Lunar eclipse on account of 25% aspect of Moon on Ketu, $\frac{1}{4}$ period (12) of Ketu (48 years) will be of Lunar Eclipse. Moon is connected with land and mother. H.Nos. 5 and 9 are both blank. Other planets will determine their fate

(with regard to progeny and religiosity). H.No.8 is house of death. Planets in H.No. 12 aspect it with 25% sight. This is the house of Saturn and Mars negative. There is no Mars negative in this chart. Saturn and planets of H.No. 12 are left for consideration w.r.t. H.No.8. H.No.12 has Venus and Mercury-friendly planets of Saturn. The third planet is Sun which is enemy of Saturn. In mutual confrontation of Sun and Saturn, Sun succeeds. Thus year of death will be of Moon Sign and day will be day of Sun i.e., Sunday. By then, Ketu period would have been over.

Condition of Life

A combined study of birth chart and palm chart reveals that such a person will be connected with royal wars and wealth. His condition will be royal. He would get opportunity to rule the world and amass wealth. Like a shining Moon, he would have glowing prosperity. He would be a self-made person. He would have secret enemies; but before an exalted Moon, they would be silenced. Open enemies will lick dust like an elephant under a pierce. With providential help, such a person will overcome enemies. His complexion will be fair with pinkish glow of Mars like a piece of silver on red paper.

He would be impartial and emotionally strong. Effective writer, expert in use of sword and a wise man. He would not have any disease connected with speech or skin. He would have eye trouble (myopia) at age of 13/14 and poor eyesight by age of 28. As a result of enmity of Rahu (with Mars), he would have to wear glasses. Partaking of alcohol (evil effect of Saturn) will pollute benefic results of Jupiter. He would be fond of dogs (Ketu like). He will remain troubled because of his brothers and their financial condition of sudden hardship. On account of H.No.3 and its 50% effect of H.No.1, he would have trouble w.r.t. parental male relatives, family of wife side, and at the time of taking help from friends but the individual himself will not be affected. Matters relating to others, will affect his gain, fortune and age. This effect will continue till age of 48. Blue or elephant coloured thing (of Rahu) will damage Mars related thing like eyesight.

Black coloured things (of Saturn) will damage gold colour of Jupiter. A dark coloured person will come to live with the native who will be harmful. White coloured things (of Venus) will protect Ketu (save brothers/

relatives from trouble), milk or white coloured things (of Moon) will be beneficial for age, wealth and honors (H.No.2) and luck, age, others (H.No.1 1). Blue sapphire ring (Rahu) on right hand will prove protective against enemies till age of 42. If he remains away from liquor and mischievous conduct (Saturn), Jupiter will give excellent results. Whitish things (of Sun) will make Mars give benefic effect. Worship of Sun or friendship with it, will give excellent results in royal affairs. Sun damages Venus. Family comforts, wife, wealth, comforts of life, expenses (H.No. 12) will be excellent. If milk is present in the house, Moon will spare Venus. Purchase of land for house will indicate exalted Moon and give out that Moon will not adversely affect Venus. After age of 34, when Mercury will be free from enmity of Moon, it will be a period of satisfaction. Mercury will protect itself from Moon from age of 24 but its real and full effects will manifest from the age of 34 yrs. Saturn will give benefic results after the age of 36. It has, however, forgiven Jupiter at age of 16 years. Mercury No.12 is destructive for business. During second round, Venus, Moon, Sun, Mars will be excellent.

For treatment of Mercury No.12. *Durga* path, feeding a parrot, *moong dal* to white pigeon will be helpful. Wasted wealth will be useful for Venus. After age of 34, excellent results of Sun-Mercury will start. After 36, Saturn will also be helpful. Rahu will help after 42 and Ketu after 48. Whenever Venus is exalted, it gives excellent results for 34 years instead of 25. Birth of a son will indicate exaltation of Sun, and will remain effective for 22 years. From date of purchase of land, Moon will be exalted for 24 years. Saturn will be excellent for 36 years from date of construction of house. Loss of a blue/black thing or death of a black dog will indicate exaltation (benefit) of Rahu from age of 42/43. Departure of a twin coloured thing (dog) will indicate exaltation of Ketu from age of 48/49.

Earnings will be honest. Sainly disposition, service to saints, wearing of white dress, service to elders, works started from Sunday/Monday will be benefic for self and children. All round peace and relief can be obtained by the use of wheatish things (through Sun).

That means expenses will equal earnings. Good income from age of 34 to 42, which will be constructively used for construction of house, marriage. Traditional Chart

Lal Kitab's Chart

Periods of various planets are: Jupiter 16 years, Sun 22 years, Moon 24 years, Venus 25 years, Mars 28 years/31 years for help to others, Mercury 34 years, Saturn-18 years for financial condition of parents, 19 years for marriage, 27 years for parental and self financial condition, 33 years for employment and other property matters, 36 years for matters relating to Saturn's own effect, 39 years for action (positive or negative) through its agents Rahu-Ketu, Rahu-42 years, Ketu-48 years (combined Rahu-Ketu till 45 years). Jupiter restarts from age of 49.

1. Mars No. 1: Mars is connected with blood relations of self and brothers. Its general period is 28 years. H.No. 1 has its legs in No.11 and eyes in No.8. Since No.8 is blank, H.No.1 does not have its eyes. That means the person is not led by anyone else, but moves on his own strength. As regards legs (moving with support), in this case the person has three legs. Since there is conflict of Sun and Saturn, Venus will be adversely affected. It will result in destruction of wife during age of Sun and Saturn or Venus itself. The present age of the native is 36 years. His first wife expired 10/12 years ago. Mars helps own blood relations at age of 28, and he gets help from others at age of 31. Sun and Saturn being together become cipher. Therefore, no help from others from the age 28 to 31 years. Venus which got destroyed at the age of 25, would be revived at 31 (age of Mars). Second marriage took place at 31. Mars governs warfield. This chart neither has eyes, nor legs and hence, matters relating to warfield are ruled out.

2. Ketu H.No. 4 and Rahu-Mercury H.No. 10: Ketu is No.4 (a well) neither benefic for Moon nor for self. Male child will be delayed in period of Rahu but may come after period of Mercury. In fact, nothing can be said about male offspring. At the moment, if the native has a child, it should be of 2/3 years. Travels in the evening and towards mother will generally be malefic. (Jupiter is considered open air and Ketu closed air) Rahu and Mercury in No.10, are moved by Saturn. For H.No.11, Saturn is religious, but due to confrontation with Sun, Saturn is being damaged. During age of 34 to 36 (period of Rahu, Mercury) Saturn's black ink and Sun's fire will prove destructive. Burning wood (of Saturn) creates only smoke (Rahu). Sun's fire from 34 to 36

3. Moon is in No. 5 and No. 9 in blank: Moon is able to move only 4 houses. Mercury -Moon have inimical relationship. Hence, Mercury (brain) and Rahu (in-law imagination) go against Moon (heart). Such a person will suffer from headache, mental disease till the age of 42.

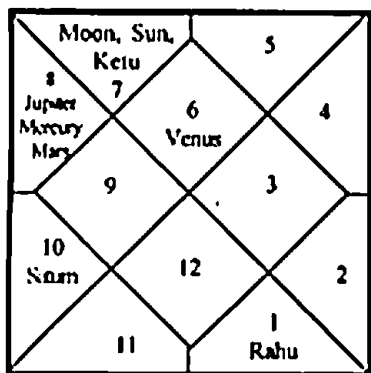

4. Jupiter No. 6 H.No. 12 Blank: Empty air flows in sky but is useless. The native will not gain from gold, *guru* and father. He may, if at all, due to pain and trouble feel breathlessness (but not asthma) and losses gold. Such a person always remains apprehensive. He will not breathe comfortably.

5. Sun-Venus-Saturn No.11, H.No.3 blank Wife will be ferocious

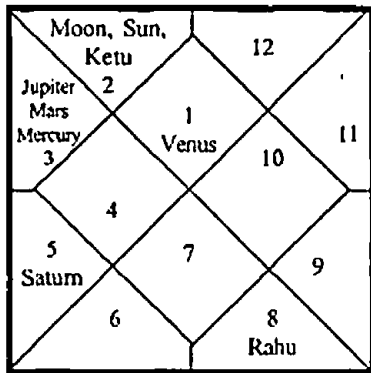

during daytime but an obedient doll at night. She will be a reincarnation of Goddess of Wealth and be productive. She will be given to seeking her own pleasures. If she eats jaggery (Sun) she will be unhappy but if she eats salt, she would get spiritual and physical comfort. H.No. 11 is the house of earning in which Sun-Venus-Saturn are together. Mercury moves Sun and Saturn. Present age is 36. The native is in business of leather. Wife died due to conflict of Sun and Saturn. Income/expenses are even. Age of 37 to 39 is period of religious effect. Hence, works connected with Saturn (iron, wood, leather, varnish, paint, stone, cement) are benefic. Upto the age of 36, Saturn remains under attack from Sun. He would establish Mercury and seek blessings of maidens. Savings at the age of 39 would be cipher. Business in partnership, if done at the age of 39, will not be harmful. Nevertheless he must continue to seek blessings of maidens. Wife's ornaments would be lost by age of 39. Her headache continue afterwards upto 42. To obviate her discomfort, it is better, if she gives up eating sweet things especially jaggery. Present employment will remain intact. He may enjoy as he likes. Results will be excellent.

Moon condition - Mother not alive

Ketu condition - No male issue

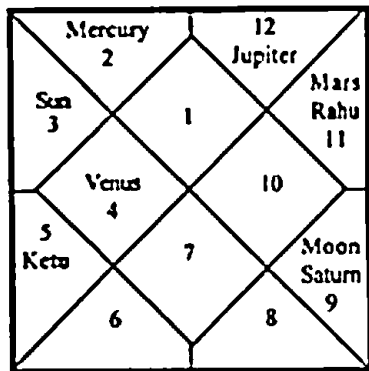

Both Moon and Ketu annul each other. Sun (royal affairs) alone is left in H.No.2. Ketu is in temple, but dormant. The person hates dogs. If he kills dogs, his own leg will be broken. This year he has reared a brown dog (Sun-Ketu). Because of Rahu H.No.8, he is irreligious. He got imprisoned at age of 48. Saturn in H.No.5 is snake without teeth. The person does not drink, though he keeps plenty of bottles of liquor at his house. Saturn is not damaging to progeny. But Ketu (progeny) and Moon (mother) both are missing. Male child will be born at age of 52 even though his wife has not procreated for the last 15 years since Mars and Jupiter have Mercury with them. At age of 52, Mars, Mercury and Jupiter are in H.No.4. It forms a royal combination. If his daughter gets married to an army officer, the native will get promoted in army. Sun, Ketu and Jupiter are in H.No.9 (at 52). This is state of exaltation. He can go up to the seashore but cannot sail. Some woman (Venus H.No.3) is beckoning him from abroad. **For child health, he should take some almonds to a temple, leave behind half of them there and bring back the other half home.** Thus the snake will be sworn not to devour children. CHAPTER 14

ARTICLES, RELATIONS, BUSINESS/ PROFESSION AND OTHER MISCELLANEOUS MATTERS PERTAINING TO DIFFERENT PLANETS AND HOUSES

In this chapter, articles, relations, business, profession and miscellaneous matters pertaining to different planets and houses have been discussed. Whenever a planet is benefic, its related things would be beneficial/benefited. During its malefic condition, it is better to avoid matters relating to it. Further items of various houses have been explained. Whenever a house is blank, following charts could help in identifying items related to it by establishing them, which can be awakened. *It should be borne in mind that whenever it is indicated that a planet in a particular house has malefic effects, it would be advisable to refrain from items relating to that planet.* For example, Venus in H.No.9 generally causes financial losses and hence, whenever in an annual chart Venus is in H.No.9, if a white cow is purchased, it will cause heavy losses. Similarly, if items relating to particular house are established, their benefic or malefic effect will be as per transitting planet in that year.

For example Sun in H.No.4 gives a royal combination and hence items concerning H.No.4 and Sun H.No.4 would give highly beneficial results. It is reiterated that items assigned to 12 fixed houses and 9 planets will either be benefic or malefic.

CHAPTER 15

RESIDENTIAL HOUSE AS PER PLANETS

Jupiterian House: An airy house not facing North-South. A courtyard on one side of the house and not in the centre. A *peepal* tree or a place of worship either be in the house or in close proximity.

Solar House: An East facing house meant to receive sunlight. Courtyard in middle, water source on right side near exit gate and **fire** place in courtyard.

Lunar House: A well, pond, flowing water inside/adjoining or very near the house.

Venusian House: Opposite to Solar house. Entrance porch/entry gate facing North-South having white **plaster**. Some part of house would be *Kuchcha*.

Martian (positive) House: Mars moves along Sun, Jupiter and Moon are like sentry. A North-South house with entry gate *Kuchha* or *pucca* (cemented or uncemented).

Martian (negative) House: A South facing house. Tree along with the house and shade of a tree falling on it. Sweetmeat shop or a furnace or funeral place nearby. Neighbours issueless, if not himself.

Mercurial House: Vacant ground around of a lonely house. Trees with broad leaves. Jupiterean devoid of lunar trees around. If such trees, are there it will make Mercury inimical. (*Peepal-Jupiter*, *Banyan - Jupiter-Moon*, *Berry- Mercury*)

Saturnine House: A bounded house opposing to Sun and facing West. Dark room on right side, after entry. So long as there is no light in this room, Saturn gives benefic effect. Possibly a big stone in the house and entry steps are made of old wood. Perhaps having pillars too.

Rahu House: A big covered earthen hole on right side while entering. Water exit at entry point of house. Opposite house is lying uninhabited or its owner is issueless. House roof has **changed** many a times. A furnace, source of smoke or dirty water pool in close proximity.

Ketu House: A covered house with the in flow of dirty air. Ketu gives clues to windows and doors. May be open from its three sides. Not more than three sons/grandsons in the house. A two way path nearby/ a fallen house in neighbourhood or a place for dogs to roam about.

Remedies for Residential Houses

1. If in a house a place for hearth has been made for some marriage etc., its burnt soil should be thrown in flowing water. In such a house, if a child with Mars In H.No. 8 is born, his birth will destroy the family.
2. It is advisable not to have any idols at home. They better be in a temple. Only pictures of God may be kept. If there is a temple in a house, and a child with Jupiter In H.No. 7 is born, misery will be fall on the family.
3. In the dark room (store) of the house there should be no inlet for light. Such a skylight can cause havoc. If the roof of dark room is to be changed, first cover it with a new roof and then change the old one.
4. If there are any ditches/empty utensils for decoration, keep some dry dates or sweet things in them.
5. One must have some *kuchcha* space in the house. If there is no *kuchcha* space, establish Venus by keeping a earthen flowerpot in the home by planting some plant in it.
6. A South facing house is inauspicious for women. The direction of the house should be changed. Only a small inlet may be left there.
7. Planets in Houses from No.1 to 9 show their effect on the right side (from entry gate) of the house. For example it Saturn is In H.No. 4, Sun No.2, the second room on right will be a place for items of Sun (like grains, jaggery or Sunshine). Fourth room will be of Saturn having safe, iron, wood, place of death of younger paternal uncle. The doors/roof of this room would be made of old wood. If in room No.2 (Sun H.No.2), Sun is established, Room No.4 will be generally a place for the sick and ailing.
8. If according to annual chart, Saturn has benefic relationship with Rahu/Ketu (by aspect or being conjoined.), Saturn will cause houses

to be constructed. If the relationship between Sun, Rahu and Ketu is malefic, built houses will be damaged or sold out. *H. No. 2 gives clue to condition of houses, and H.No.7 gives clue to comfort in the houses. A house made in 'Pushya Nakshattara' is auspicious for generation after generation. After construction of a house, worship/donation is a must.*

9. Before constructing a house, make a water line on the land, embed a utensil full of Moon items for 40/43 days and judge its impact on family. Saturn will show its effect after number of days in which House No. Saturn is posited. If any untoward incident like sudden serious sickness, litigation or any other tragic development takes place, dig out the utensil, throw it and its content in flowing water- Evil will thus pass off but abandon the idea of building a house there since, house made on that land will cause havoc to the family.

Sat in H.No.	Effect on different items.
1.	Crow line effect on construction of house. Poverty, misery, destruction. If Saturn is benefic (House Nos. 7,10 blank) then excellent results of house construction.
2	Whenever made, the house is auspicious.
3	Unless one rears 3 dogs, one will not be able to make a house.
4	Mother's side, grand mother, mother-in-law adversely affected.
5	Self constructed houses will destroy progeny. But houses made by sons would be auspicious. If one has to construct a house, one should donate living things of Saturn (male buffalo) before laying the foundation. It would be advisable to construct a house the after age of 48.
6.	Construction of house advisable after 39 (age of Saturn). Otherwise relatives of daughters will be destroyed.
7.	Will acquire ready made houses. If about to sell, preserve the doorstep from sale. All sold out property will come back.

8.	Starting construction of a house will ring death bells. Effect of Saturn will be determined by Rahu and Ketu.
9	Self made house during pregnancy of wife or other will cause havoc on father. Completion of 3 rd house will bring his own death.
10.	Saturn will continue to give wealth equal to the value of house to be constructed. But once a house is constructed, Saturn will stop giving anymore wealth.
11.	House will be constructed late around 55 th year of age. If house is South facing, long painful disease/death.
12.	Snake and monkey do not make their homes. Now they too will learn to make house. A number of houses will be auspicious even if Sun is with Saturn. One should not resist construction of a house. A square house will be most auspicious.

Type of House

A Square house would be most auspicious. Following corner houses are considered unlucky 3, 5, 8, 13, 18 and empty space like the shape of fish's stomach (Fish like ). They are like a man without arms, brings death and widowhood. A 3, 13 cornered house gives results of Mars (negative). It would harm brothers and relatives (death, due to capital punishment \natural \accidental or fire may take place). H.No. 13 is like a scaffold. Death and fire recur. An 18 cornered house destroys Jupiter (gold, silver).

5 Cornered house brings unhappiness and misery to children.

8 cornered house is like Saturn No.8. It will bring tragedy and disease, and destroy Jupiter (gold, silver). Fish like house would give crow line effect. Progeny will reduce, leaving the man issueless.

Before constructing a house, measure its covered area. Its number will be counted as:

$$\frac{[(\text{Length} + \text{Breath}) \times 3] - 1}{8} = \text{No. of House in the natal chart}$$

$$\text{E.g. } \frac{(15+7) \times 3}{8} = \frac{66-1}{8} = 65 = 1 \text{ remainder}$$

If balance number is odd, 1, 3, 5, 7 it is considered auspicious. If it is even number 2, 4, 6 then it is inauspicious. For them remedies would be necessary.

If balance is 1: It would indicate Jupiter-Sun in H.No.1 The house will be excellent like a King's.

If balance is 2: It will be indicator of Jupiter Venus in H.No.6, Ketu in H.No.6, and poor like a dog. Remedy of Jupiter, Venus in H.No.6, and Ketu in H.No.6.

Balance 3: It will be lion faced. (Front broad, rear short). Effect will be Jupiter-Mars No.3. Excellent for males, works of Mars, Mercury. But unlucky for women and children. But for a woman who has not given birth to a child or living without children, or sleeps only at night, it will not have any malefic effect. A lone woman is Venus in H.No.3 and Mars, Saturn have outward friendship. Hence husband-wife without children are not affected. Such a house is not good for children since Mars H.No. 3 and Ketu in H.No.3 have hostile relationship. If children have to stay, establish yellow flowers (Jupiter) in the house.

If balance is 4: Saturn-Moon No.4 together poor like a donkey. One toils whole day without getting food at night. Remedy of Saturn- Moon in H.No.4 is performed.

If balance is 5: It is like **Sun-Jupiter** in H.No.5. A cowshed wherein women, children get their comfort and relief. Venus will give full benefic effect. It forms a fish line. If front is small and rear is broad like an ox, even then it is considered a cowshed.

If balance is 6: It is like Sun-Saturn in H.No.6 and malefic effect of Ketu. Neither mother nor father nor children/friends get/give relief. Even guests cause trouble, undertake remedy of Sun Saturn in H.No.6 or Ketu in H.No.6.

If balance is 7: It is like Rahu in H.No.7 (elephant). Elephant shed, excellent animal shed will be helpful to Rahu.

If balance is 8: It is Mars-Saturn in H.No.8 wherein eagles roam like in a funeral ground. All worldly relations/comforts come to a naught. Undertake remedy of Saturn, Mars in H.No.8.

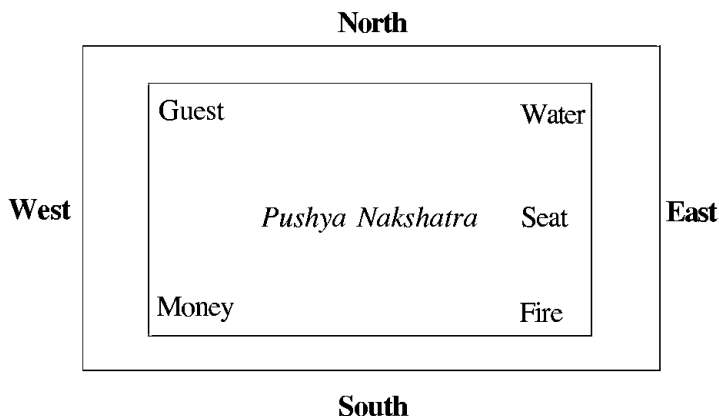

Doors

East Facing - Entry door is most auspicious. All comforts and good luck.

- West facing - Second degree excellence.
 North facing - Auspicious for long journey, worship, Spirituality.
 South facing - Most inauspicious and harmful. Especially for those with Saturn in H.No.3. Cause of death for women. Even males do not remain happy. Like fire in a jail which destroys all inmates. A places for bachelors, widows and place for awaiting death. *For a person living in South facing house, he should donate a goat or items of Mercury now and then (at least once a year). It will save the inhabitants form disease, mischief, financial losses.* Girders (Beam) of entry gate if they are in the direction of the entry, would be auspicious. If number of girders when divided by 4 yield one, it will be a roof of Lord *Indra*. If balance is 2, it will of *Yamraj*, 3 of *Rajyoga*.

Following items will give auspicious/benefic Effects

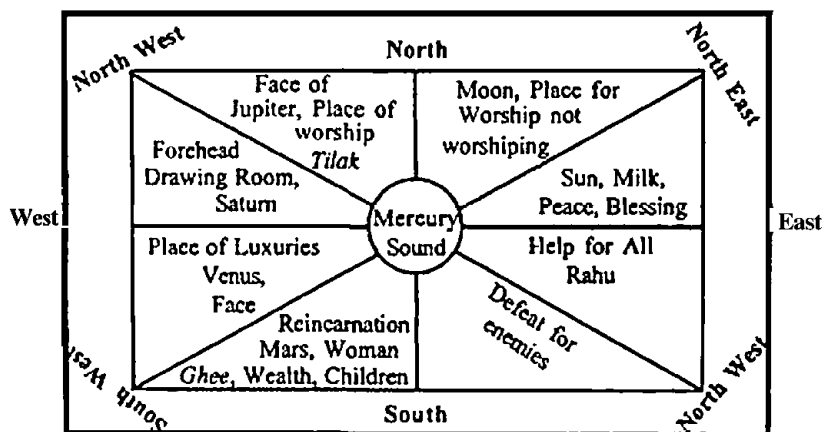

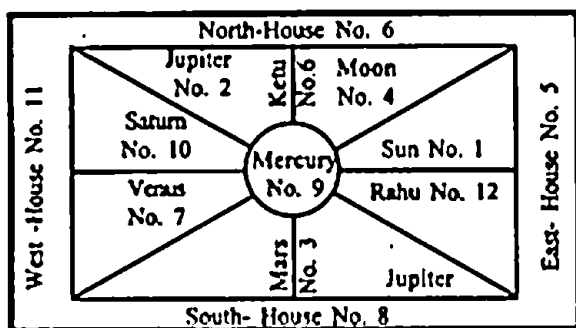

Seat/drawing room in the middle of eastern wall; fire place or safe for valuables in South of South-East corner facing Westward; water source and place of worship- North East; fire on right side of water

container. Vacant space for guests on west, water on right side of exit, fire place on left or near.

Every corner and side of house is fixed place for every planet. If

Fixed Place of Planets in the House

enemy items are established in the fixed place of a Planet, they will not give benefic results. For example, items for Moon in H.No.4 is North east corner. If, in the North-East direction one keeps an iron box (Saturn), it will pollute the effect of Moon. If there a *peepal* tree inside a house or near it (and not in the walls of the house), the same should be worshipped for benefic results. If it is not served, it would prove **malefic**. Same is the case of a well. If there is a well, some milk or sweets should be respectfully thrown in it now and then. If it is afflicted, it would prove destructive. A *kicker* tree in the house, will make one devoid of progeny. For protection against its malefic effect water it in the early morning (before sunrise) for 40 Saturday continuously and thereafter now and then.

A house built on a graveyard, will generally prove damaging for progeny. **For removing its malefic effect, a well should be dug within 40/43 steps on the eastern side while sitting North west on its roof.** A corner house (from where a passage ends) or a house in which air enters directly from a public **place**, would be inauspicious for children and wife. Evil effects of Rahu-Ketu would be a common occurrence. It will be a place where wife cannot stay, a place of abode for the blind, widower, and those suffering from arthritis. **While sleeping, the pillow should be kept on eastern side.** During daytime, Sun gives help and Moon is helpful during night. Feet facing South -East would be harmful and inauspicious. Sleeping in a place, where passages are close or there is no air passage will cause blindness.

Matters Pertaining to Service

Monthly income will be sum total of exalted, alive, lucky planets. It is not necessary that the units quoted above may not change but to check the results planet of luck and other planets may also be considered.

Sl.No.	Planet	Jobs	Income (Units)
1.	Jupiter	Aerial, Sermon, Laws	11.00

Travel

Sea travel is governed by Moon, air travel by Jupiter, and land travel by Venus. But Ketu orders all movement. For each of the travels consider joint planets also. Travel less than 100 days is not considered a travel. Travels in the following circumstances is considered inauspicious:

SLNo.	Direction	Day	Annual Chart
1	North	Tuesday, Wednesday	H.No.6 has Ketu Mars, Ketu, Mercury or Ketu.
2	South	Thursday	Ketu No.3 or Jupiter-Ketu No.3
3	East	Moon, Saturn	Ketu, Moon-Ketu, Saturn-Ketu in H.No.1, 5.
4	West	Friday, Sun	Ketu-Sun, Venus-Ketu H.No.10, 11

If according to annual chart, Moon or Ketu is in good house, or Ketu is prior and Moon is latter (adjoining), travels will neither be against wish nor it will give malefic results provided Moon is not getting destroyed. The result of travels will depend on the house where Ketu is situated in annual chart.

Ketu in	Result
H.No.1	Even though preparations for travel are complete and order of movement has been given, one would not eventually undertake the journey. Even if travel takes place, one would be back home within 100 days. If H.No.7 is blank, travels may be only on paper.
H.No.2	Travel on promotion. Both things will take place together otherwise none, provided there is no polluting effect of H.No.8.
H.No.3	If No.3 is dormant, one would live alone away from friends and relatives.
H.No.4	Generally no travel. Even if travel does take place, it will be only upto the place where mother is situated. No change of residence nor any malefic effects so long as No.10 is not afflicted.

- H.No.5 No change of city. Only local changes, No malefic effects so long as Jupiter is fine.
-
- H.No.6 Travel/transfer order will be changed/cancelled at least once so long as Ketu is alive.
-
- H.No.7 Change of city and travel is certain. The result would be auspicious so long as H.No.1 is not afflicted and Ketu is alive.
- H.No.8 Unpleasant, unwilling and malefic travel so long as enemy planets of Ketu viz., Moon, Mars are not in H.No.1. Ketu's malefic effect will be felt on its items (ear, spinal chord bone, joints). *Remedy: Feed milk to dog; (add sulphur for enhancing effect) or three worldly dogs for 15 days, or to improve H.No.2 take help of planet in H.No.2.*
-
- H.No.9 Auspicious, happiness giving, favourable travel so long as No.3 is not polluting No.9.
-
- H.No. 10 Doubtful condition. If Saturn is benefic, Ketu twice benefic. Otherwise, twice malefic, painful, causing untimely unacceptable travel. If No.8 is afflicted results even more malefic. *Remedy of H.No.2 will help. Treat Moon via H. No.5, (children) or offer items of Moon (milk, water) to Sun. General treatment for Ketu in H. No.8 valid.*
- H.No.11 Order of travel/transfer will not reach. It will get held enroute. One would travel to another desired place rather than unwanted place. Only minor movement. Travel 11 times auspicious so long as no polluting effect of in H.No.3.
- H.No. 12 Time to live with one's family and enjoy life. Promotion without transfer indicated. Travel if necessary will be gainful and bring benefic results provided H.Nos. 6 and 2 are good and do not poison H.No. 12.

CHAPTER 17

MARRIAGE AND PROGENY

Mars joins two individuals together in matrimony. It makes a maiden into a wife. If Mars is positive (Mars gets support of Sun or Moon), married life is happy. If Mars is negative, (Sun-Saturn together or Sun unable to give support to Mars) married life (Venus) remains disturbed. It is like barren land (of Mars negative) without sunshine. Darkness (of Saturn) dominates. Venus denotes a spouse, Husband for a wife and vice versa.

Generally Venus is considered to ascertain the possibility of marriage. However, Mercury (excepting Mercury H.No. 12) also causes marriage to take place. *In the annual chart, (keeping in view friendship/enmity and aspects of planets in the year) when Venus/Mercury gets friendly support of Saturn or if Saturn is in H.No. 1, that is the year of marriage.* Whenever Venus and Mercury are alone, it should be checked whether Mercury is giving support to Venus through its route canal principle. Marriage is brought about by the following combinations (in the annual chart):

1. Mercury or Venus in H.Nos. 1, 2, 10, 11, 12 and Saturn supports by being in H.No.1, 10.
2. In birth chart Mercury or Venus in H.No. 7 but no enemies (Sun, Moon, Rahu) in H.No.3 and 11 and Mercury/Venus come to H.No.7 in annual chart.
3. Mercury-Venus conjoin through route canal of Mercury, and none of the two is afflicted when together and Saturn alone or conjoined is in H.No.2, 7 or 12, but none among the conjoined planet is afflicted/destroyed.
4. If in birth chart Mercury, Venus is afflicted/debilitated but male planets (Sun, Mars, Jupiter) conjoin with female planets (Venus, Moon) and whenever Saturn in transit supports/aspects or Saturn is in H.No.1
5. Mercury/Venus in the same house as in the original chart, provided there is no enemy planet (Sun, Moon, Rahu) (excepting Venus

H.No.4) is in H.No.2 and 7.

6. If in original chart H.Nos.2 and 7 are blank, but in transit Jupiter, Venus come to Nos. 2,7.
7. Whenever Venus or Mercury goes to the house where fixed lord of the house (Mercury/Venus) is posited in the natal chart and such fixed house lord goes to either H.No.2 or 7. For example, if Venus or Mercury is in H.No.3, and Mars is in H.No.9. In 17th years, Venus or Mercury goes to H.No.9 and Mars to H.No.7.
8. Mercury or Venus coming to H.No.2 or 7 but not getting **afflicted/destroyed** and even though Saturn is not **supporting/aspecting**.
9. Jupiter in H.No.4 in natal chart of female brings early marriage.
10. Venus/Mercury in H.No.1 or H.Nos. 2, 7 or 12 exalted Mercury in H.No. 12 or in their fixed H.No.7 but enemy planets (Sun, Moon, Rahu) are not in H.No.3 or 11.

Inauspicious Marriages

1. If Venus H.No.4 in original chart comes again in H.No. 4 (alone or with some other planet) and in H.No.2 and 7 there are no enemy planets of Venus (Sun, Moon, Rahu), marriage may take place but in not auspicious/fruitful. Venus H.No.4 is of doubtful nature, and marriage can get deferred. In such a case if Jupiter is in H.No.7, then there would be no male issue.
2. Marriage is inauspicious when Venus is afflicted. For those having Moon in H.No.1 in original chart, marriage would be in 24th, 27th year or for those with Rahu H.No.7, marriage at the age of 21 is inauspicious.
3. When Sun is poisonous for Venus, marriage would be at 22 yrs. of age (age of Sun) or on Monday but marriage during the period between sunrise and sunset is not auspicious. Similar years/days/period will be taken for other planets inimical to Venus.
4. If Venus is not afflicted, but Saturn is in H.No.6 especially when Venus is in H.No. 2 or H.No. 12 (year 18, 19).
5. With **Sun-Jupiter** or **Mars-Jupiter** together in a natal chart, father and spouse do not survive together.

6. When Mercury is in H.No. 9, 10 or 12 marriage and its fruit will be malefic especially when Rahu or Ketu is in H.No.1 and 7.
7. If Rahu is in H.No.1 or 7 or is linked with Venus in some way or the other then marriage at the age of 21 years will be meaningless. Same is the case, if Sun is linked with Venus for the years 22 to 25. *Remedy of Sun-Venus if they are together especially when marriage takes place during 22nd or 25th is called for.*
8. A girl whose father has Mercury in H.No.6, if she gets married in North direction w.r.t ancestral house, she will remain unhappy after marriage.
9. The condition of Father who get his daughter married in the early hours of morning (Ketu time) when his Moon is in H.No.1 will get harmed including his husband.
10. If a person with Saturn in H.No.7 does not marry before 22, he would lose his eyesight.
11. If Jupiter is in H.No. 1 and H.No.7 is blank, then early marriage is advisable.

Propitious time for marriage

1. If in annual chart Venus and Mercury are destroyed then Moon be considered in place of Venus and an exalted male planet be considered in place of Mercury but if Mercury is posited in House No. 9,10 or 12 then the effect would be mild especially when Rahu or Ketu are posited in H.No. 1 or 7.

Planet		House Nos.					
i) Venus, Mercury alone or together		1	2	10	11	12	
ii) Saturn in No.1, 2, 7, 10, 12 or		9 or 5	10 or 6	6 or 2	7 or 3	8 or 4	
iii) But Mercury should not be in		7	8	4	5	6	
2.	Mercury, Venus alone or together and at the same time in H.No.2, 10, 11, 12 or in their own house	3 Mars	4 Moon (poor)	5 Jupiter	6 Ketu	8 Mars (-ve)	9 Jupiter

3. In annual chart Venus, Mercury come in the same house as in natal chart or in H.No.1, 7 but Venus is not originally of H.Nos. 1 to 6 and Sun, Moon, Rahu not in H.No.3, 11 at that time. In such combination it would not be propitious time for marriage.

Number of Marriages

If somebody has Mars (negative), he could have as many spouses as the number of houses in between Mars (negative) and Venus. If Mercury and Venus are in separate houses then considerations of route canal of Mercury and preceding and succeeding houses of Mercury, Venus should also be reckoned. If in such a case if Venus is alone in H.No. 2,4 or 7 (female houses) there would be only one husband. But the man can be married many times-whether he gets marital bliss or not is uncertain. If Mercury alone is in Nos. 1,5,9 or 12 (male houses) wife would be one but she may have many husbands without fruits of marriage. If in the above two conditions Mercury and Venus are in opposite houses, the result can be reversed. Such multi-spouse situations come when female planets/male planets are outside their houses and do not even aspect their houses, or do not become companion planets of Venus or Mercury.

One wife and happy family life

Married life is happy and one has only one spouse if

- i) Saturn supports Venus and enemy male planet is not with Venus,
- ii) Mercury and Venus are both benefic or exalted and Saturn aspects Sun,
- ii) Mercury is prior or in H.No.6 and Venus is not afflicted.

However, if Mercury is depressed, even if Venus is exalted, marriage is fruitful after 28 and male offspring are rare.

Wife who would lose husbands

If Mercury and Venus are though well posited but are both aspected by enemies, and if Sun or Ketu aspects or conjoins Mercury, the woman would lose her husbands after remarriages.

Husband who loses wives

- i) If Venus is debilitated or conjoined by enemies and Sun aspects Saturn.
- ii) Mercury, Rahu, Ketu and Saturn in H.No 5, 8 and/or Venus is in H.Nos. 2, 4 or 7.
- iii) Jupiter is debilitated in H.No.10, and Sun in H.No 5.

In the above cases, one loses wife after wife.

If Rahu, Ketu and Saturn are posited on either side of Venus, or Sun, Moon or Saturn alone or together are in the 4th or 8th house from the house in which Venus is posited, spouse (Venus) would be burnt. *In such a case, donation of cow/bull will be helpful.* Or if in a chart Venus is alive or its friends Mercury, Saturn, Ketu are with it or in the adjoining houses or support Venus by aspect, only one spouse is indicated. If enemy planets damage Venus, one would have more than one spouse. If Sun, Mercury and Rahu are conjoined, one would have more than one marriage, but no martial bliss. If Mercury is in H.No.8, one would have more than one spouse but all would be alive. If Mercury is in H.No.8 or Venus H.No.4 and House Nos. 2 or 7 are blank, one would have more than one living spouses. Every time, during transit, if Sun and Saturn confront outwardly, marriages will take place especially when Sun in H.No.6, Saturn H.No. 12 indicate loss of spouses without producing a child.

Complexion, nature of wife

One would have a powerful wife like an elephant, if Ketu, Saturn Ketu or Venus is exalted. Wife would be like a deer, if Venus or Rahu is with Sun or Venus or Rahu is in H.No.5 (of Sun), or H.No 10 (of Saturn). Link between Sun and Mercury will give clue to nature and complexion of wife. Wife will be noble and of fair complexion if Sun is in prior houses (Nos. 1 to 6) and Mercury in latter houses (Nos.7 to 12) provided Saturn does not cause any obstruction. If Mercury is prior than Sun, Wife will be affected in her complexion and temper. If Sun/Mercury are together or alone in benefic house for Sun, and there is no malefic effect of Saturn or enemy planets, she will be excellent. Otherwise, wife will be clever (like Saturn). Sun-Mercury in H.No.7 gives a wife from richer family, (if Venus is good), otherwise wife will be from a poor family.

Age of Couple

If Venus is alive or friendly planets aspect/support Venus, wife will be long lived. Aspect of enemy planet will make her life short. If Mercury is alive or aspected/supported by friends, husband will live long. Aspect of enemy planet will shorten his life. Similar is the case, if friendly or enemy planets aspect Mercury-Venus together. If Venus is aspected by its friend (Saturn) and Mercury is aspected by its enemy (Moon) wife will live longer and husband shorter. If Mercury is aspected by a friend (Sun, Rahu) and Venus is aspected by enemy (Sun, Moon, Rahu), male will live longer and wife would die earlier. If Venus is aspected by its enemy (Sun, Moon, Rahu) and Mercury is aspected by its friends, male will remain alive even if his wife may die. If Mercury is aspected by its enemy (Moon) and Venus is aspected by its enemy (Sun, Moon, Rahu), woman will live, though her husbands may die. If Venus is unafflicted, native will have only one spouse. Sun H.No.6 or Saturn in H.No. 12, will cause repeated losses of wife.

Fate, happiness etc. after marriage

The fate of husband and wife gets determined by relationship of Venus and Mercury.

- (i) Aspect/company of Jupiter (with Venus, Mercury) gives respect and fate, Sun:-general conduct, life status, Moon:-wealth, age and peace, Mars:-conception, Saturn:-property, Rahu:-unhappiness, losses, enmity and deaths, Ketu:-pleasures, property and happiness.
- (ii) If Venus is established, alive or gets help of friends there will be long life of wife.
- (iii) Mercury established, alive or gets help of friends will give long life of male.
- (iv) If both Venus and Mercury are established/helped by friends-both will have long life.
- (v) If Mercury, Saturn are together or Jupiter is alone in H.No. 10 - male remains unhappy.
- (vi) If enemies of Venus are in H.No.7, or Moon-Saturn are together, or Mercury and Moon are together or Mercury is established but Venus is depressed or Mercury/Venus linked with Moon, Mars

(negative) in all such cases, divorce or separation takes place and wife remains unhappy.

- (vii) If Sun is in H.No.7, comfort from spouse is little and one has liaisons outside.
- (viii) If Venus is in H.No.4 to 6, 9 or 12 male would have long life.
- (ix) If Venus is in H.No. 1, 2, 7, 8, 10 or 11 wife would have long life.
- (x) If Saturn and Rahu are in H.No.7 wife's parents would be of higher status.
- (xi) If Sun and Ketu aspect Mercury wife would lose husband one after another.

Matrimonial partner for daughter

1. A person with Saturn in H.No.1 may be of high status, prosperous and with a large family. But during the period of his life meant to enjoy worldly comforts/family life of such a person is capable of deserting his family and leaving them in a state of pitiable misery.
2. A person with short aged planets will have doubtful age. He may at best, live for 64 years. And he would be deprived of financial wealth and worldly comforts.
3. A person with a malefic Rahu, or Rahu in malefic houses, or Mercury-Rahu together in H. Nos. 3, 8, 9 or 12, or Saturn in H.No.3 will destroy his spouse and in-laws.
4. A person with the following combinations will be impotent/and will be deprived of male offspring:
 - a) Venus-Ketu together in H.No. 1
 - b) Moon H.No.1 or 2 and Venus in H.No.5
 - c) Sun in H.No.4, Saturn in H.No.7
 - d) Mars, Mercury and Moon are damaged.
5. A person, with Sun H.No. 6, Mars No 10 and if H.No.12 is damaged, will lose son after son.
6. A person with Sun No 4, Mars H.No. 10 will be one eyed and irreligious.

7. **Jupiter-Venus** together, or **Moon H.No.1** and **Jupiter H.No. 11** will make the person highly indulgent. Excessive sexuality will destroy wealth, relatives of Moon (mother, grand mother, mother in law etc.) and Mars (stomach problems, brother's/father's elder brother, elder maternal uncle).
8. **Sun-Saturn** together or **Sun-Saturn** conflict by aspect or **Sun-Venus-Mercury** together (unless there is Ketu or any other planet in H.No. 12) deprive one of issues and give rise to divorce and ill fame.

Tips for the comforts of family life

1. To give a part of one's meal to cow, crows and dog will lay the foundation of happy married life.
2. If one partakes of food in the kitchen itself, it will save one from evil effects/mischief of Rahu and give benefic effects of Mars-Rahu together.
3. Once a month, one should make a few sweet breads (more than the number of family members and usual monthly number of guests/visitors) and serve them to animals. This will ensure peace of family life, and save one from family quarrels, disease and unproductive expenses.
4. At night, keep some water under the bed and throw it respectfully in the morning (other than in toilet etc.). This will save one from mischiefs of Rahu (conflicts, quarrels, dishonour, disease, false allegations, litigations, etc.)
5. One's nature is generally dictated by his planets. But if a person goes against planetary disposition, he will harm his interest. For example, Saturn H.No.7 gives a person capacity to judge mischief and some element of cleverness. But if such a person becomes excessively religious, kind and honest, then he would remain perturbed, unhappy and often suffer losses.

For the benefit of progeny

1. A red thread around arm of pregnant woman may be tied. This can be transferred to the child and a new red thread tied by the mother. This may continue till the child is 18 months old. This is specially useful, if there has been frequent loss of children.

2. For progeny, worship of *Ganesh* (Ketu) is helpful. Moon represents mother, Ketu progeny, and Saturn is the accountant. There is outward enmity of these. Hence, family and wealth hardly go together excepting for Moon in H.No. 4 and Mars-Venus are together, Such a Moon does not have enmity with Mercury and Ketu. Hence, wealth and family can go together. Mars, Mercury together make benefic Moon and gives benefic results in H.No.4.
3. Before delivery, keep some milk and sugar (touched by wife) near the bed. This will ensure smooth child birth. After that this milk and sugar along with the utensil may be given in a temple. Don't bring back the utensil and the more this utensil is used in the temple, more benefit it will give.
4. While going out for more than 100 days, throw a copper coin in flowing water/river enroute. This will save the family from troubles during one's absence.
5. Make sweet bread (other than on iron) on soil where fire can be lit or removed, and hot earth used for baking sweet bread or in an earthen oven. Such sweet bread may be served to dogs.
6. If one suffers loss of children, one should distribute saltish things instead of sweets for 40 days after birth of a child.
7. A child conceived or born in a religious place (Temple, Mosque, Church, *Gurudwara*) will live long.
8. Rearing of a single born male puppy dog will help in extending progeny, and family comfort.
9. A person with exalted Ketu will have abundant progeny. Similarly a person with exalted Venus will benefit from service/worship of women, their affections and help.

Adoption

1. If younger paternal uncle adopts his nephew/niece or spends money for their marriage, it will cause poverty, unhappiness, childlessness of the adoptee's especially for Saturn in H.No.6. But this does not apply to elder paternal uncle.
2. At times of adversity the adoptee should donate articles of Saturn. But indulgence of Saturnine mischief by him will cause havoc.

Role of planets in Creation of Progeny

The Moon chart is not valid for consideration regarding conception.

Jupiter - Child birth is caused by Jupiter (artificial Sun-Venus together). It is not considered for the survival of the child but provides for soul of the body.

Sun- (artificial Venus-Mercury together) creates light in the empty womb of the mother, enlightens the fate of parents by virtue of children, brings light to dark homes and controls health.

Moon- (artificial Jupiter-Sun together) governs wealth, age, pious relations with parents, etc.

Venus- (artificial Rahu-Ketu together) provides soil for the body, family comfort, and facility of child birth.

Mars- [(artificial Sun -Mercury together Mars (positive) Saturn-Sun together Mars negative)] provides blood, capacity to procreate and provide for generation of family line. For a person, it provides virility and keeps the soul and body together. It keeps the progeny alive like growth of a creeper plant.

Mercury- (artificial Jupiter, Rahu together). Controls relationship of progeny with other's, creates and keeps womanhood alive, provides imagination for virility, free space for interaction for self and children with others, respect and honour.

Saturn (artificial Venus-Jupiter together, Ketu temper, Mars-Mercury together Rahu-temper) determines time of birth, property, ill repute, disease and death.

Rahu (artificial condition Mars-Sat (exalted) or Sun-Saturn (debilitated) - causes conflict/quarrels, opposing/silencing Jupiter, blocking entry of soul, causing death and delay in child birth, secret providential obstruction, causing tremors. But helpful to girls.

Ketu (Moon-Saturn-debilitated Ketu, Saturn-Venus exalted Ketu) provides happiness to children, their prosperity, restricting number of male children, Ketu gives male offspring, if it is not aspected by enemy planets.

Desire for sex is created by Mercury, Mars provides strength for procreation and Jupiter gives life to progeny. These three planets (Mercury, Mars, Jupiter) are the **three** legs of Ketu. Together they form seed (Venus). As the **position/exaltation** of these three planets, so the chances of child birth. If Jupiter, Mars and Mercury are exalted, they will give excellent results but if Jupiter or Mars are in H.No.6 or 12, and even if Ketu is exalted, the net result is poor.

Birth of children

Venus, Mars, Mercury, Ketu and Saturn contribute to the birth of a child. The period of child birth will be when male planets (Sun, Mars, Jupiter) and Moon are in Nos 1 and 5, Mars H.No.2, and Ketu H.No.11. Whether it will be a son or daughter will be determined by position and strength of Mercury and Ketu. If Mercury is stronger, it would be a daughter. If Ketu is stronger, it would be a son. If Sun, Moon, Jupiter or Saturn is in H.No.5 it would be a male child. If Ketu in H.No. 11, and Jupiter, Saturn or Moon is in H.No.5 there will be delay in child birth or the child may be born dead or there may be obstruction or difficulty in child birth.

If Venus-Sun-Rahu/Ketu-Mercury-Saturn are in H.No.3, 5 or 11, they will give a male child who will live long. If Ketu is alive it would give son. If Rahu is alive, it would give daughter. Moon in 6th house gives more daughters and Ketu in H.No.4 gives more sons.

If according to a male chart, Moon is destroyed, it will as well destroy progeny. *40/43 days before child birth, a white carrot and items of Saturn and Rahu may be kept near head side of a pregnant woman at night and are given by her in a temple in the morning.*

Time of Birth according to annual chart

1. Jupiter, Sun, Venus and Mercury all alive.
2. Jupiter or Sun or both alive.
3. Mars in Fixed Houses of Venus, Mercury.
4. When Mars-Mercury-Saturn-Rahu together or Saturn in their fixed houses.
5. Moon with male planets-long life for progeny.

6. Mars-Saturn together in grandfather's chart would delay in grand child birth.
7. Venus-Mercury-Mars H.No.3 and H.No.9, 11 blank- delay in marriage and progeny.
8. Sun H.No.8, Mars H.No. 10, 11 and Moon destroyed, destruction of progeny.
9. Mars and Mercury together-destruction of progeny.
10. Jupiter H.No.1-4 and Mercury H.No.9-12 would give male offspring.
11. Following combinations in annual/natal chart will decide the birth of child.
 - (i) Mars H.No. 1 -4, Jupiter H.No.5-8, Mercury H.No. 9-12- **male**.
 - (ii) Mars H.No. 1-4, Mercury H.No.5-8, Jupiter H.No.9-12- **female**
 - (iii) Jupiter H.No. 1-4, Mars H.No.5-8, Mercury H.No.9-12 **-male**.
 - (iv) Jupiter H.No. 1-4, Mercury H.No.5-8, Mars H.No.9-12 **-female**.
 - (v) Mars H.No. 1-4, Jupiter, Mercury H.No. 9-12 -male child, but unlucky for father.
12. If H.No. 5 is afflicted (Rahu-Ketu-Saturn), it will cause obstruction in child birth.
13. Ketu in H.No.1, 2, 5, 7 and Saturn in H.No.1, 11 (if not as evil) will give male child.
14. If Mercury helps Venus, it will give a male child, otherwise a female child.
15. Male child is born if :-
 - a. According to birth chart Mars, Venus, Ketu, Mercury or Saturn is in H.No.1.
 - b. Moon or a male planet is in H.No.1 or 5.
 - c. Ketu in H.No.11.
 - d. Mars H.No.1 and Venus, Ketu, Mercury are in H.No.2 as supportive planets.
16. In fact the period of exalted planets will be a period of child birth but also see the positions of malefic planets which oppose child birth.
17. Male children are given by friends of Venus (Saturn, Ketu, Mercury) not Venus itself, but when it is in good position (H.No.3, 5, 11), Mercury and its friends will help it.

18. When Mercury is exalted or in H.No.3, 5, 11, Sun, Venus and Rahu will help it.
19. If Jupiter is alive (not aspected by enemy planets) all children will survive. If Ketu is alive, all males survive, if Rahu-daughters do so.
20. Moon H.No.6 - all daughters, Ketu H.No.4 all sons. Moon-Ketu together even number.

Number of children

The number of houses that Jupiter is from Venus or Mercury or Venus-Mercury will give number of children. (mean of Jupiter-Mercury, Jupiter-Venus number of houses). The exception of issuelessness will, however, apply. If male planets are alive, there would be no loss of progeny. If Venus, Mercury, Jupiter or any two of them are together, from their position upto the fixed house of any of them or sign Lordship will determine maximum number of children. For example, if they are together in H.No.5, the limit is H.No. 12. Intervening 6 houses are blank. If Ketu is in H.No 9, three sons (or at least two) will survive. Ketu in H.No. 12 gives 6 sons provided male planets Sun, Mars, Jupiter are alive/exalted.

If Saturn is in H.No.5, there will be only one son till the age of 48 of the native, provided one does not construct a house out of his own earnings. If in a chart, apart from actual Saturn, there is an artificial Saturn also (Venus-Jupiter together- Ketu temper) there would be very large number of children. In case of artificial Saturn, (Mars-Mercury together- Rahu temper), there would be many abortions. Saturn in H.No.7 gives at least 7 sons provided Rahu is not in No.11 and male planets are not debilitated. Saturn in H.No.3, Sun in H.No.5 would make one unhappy on account of children.

In such a case, if Jupiter, Moon or Sun is exalted, children will be born after 36 (age of Saturn) If such a support is not available, child birth will be decided by position of Ketu. If Ketu is also malefic, Venus will decide.

Moon-Ketu together in H.No.5 gives 5 children.

If Rahu is alive in H.No. 11 or 5, it will give daughters provided Saturn is not debilitated or in H.No.6. Rahu H.No.9, only one son will survive between the age of 21 and 42. After that, there will be at least

2 more sons. Rahu H.No. 5 is extremely malefic for child birth, if it does not get support of adjoining Moon/Sun (by being in H.No.4, 6).

Relationship Between Parents and Child's birth

H.No. 1. to 4 or Prior	H.No. 5 to 8 or later	H.No.9 to 12 or later	Effects
Jupiter/its aspect	-	Mercury	Children- yes,
Mercury	-	Jupiter	Parent unhappy after Mercury period.
Mercury-Jupiter	Opposite each other	-	More daughters
Mercury	Jupiter	Mercury	Male offspring
Mars	Mercury	Jupiter	Males
Jupiter	Mar	Mercury	Males
Jupiter	Mercury	Mars	Males
Mercury	Jupiter	Mars	Males
Mercury	Mars	Jupiter	Males
Mars-Jupiter	-	Mercury	Mixed -happy
Jupiter	-	Mars-Mercury	Daughters. Parents unhappy
Mars-Mercury	-	Jupiter	-do-
Mars	-	Mercury-Jupiter	-do-
Mercury	-	Mercury-Jupiter	Both unhappy

If in a chart, friendly planets of Sun are with it, the child will be better than his father. If enemy planets are with Sun, children will be worse. If in a chart, Jupiter and Moon are separate, mother will live longer. If Moon is posited prior to Jupiter, father lives longer. If Jupiter is prior to Moon, mother lives longer. Company of enemy planets with Jupiter/Moon will damage father/mother, mother-in-law. This will be indicated by the condition of planets in H.No. 13 and 5.

Large number of children

If any of Jupiter, Venus, Mercury, Saturn or Sun is alive and exalted, it ensures large progeny. If benefic planets are in H.Nos. 1,3,5

one would have comforts from his children. Good health, wealth, long life and family comforts would come.

1. If Venus is in H.No.2, 6 and gets support of Jupiter and Sun, it forms fish line.
2. If Sun is in H.No.6, 12 and in the company of Mars and Mercury and in H.No.3 there is Rahu or its friend, such a combination ensures progeny.
3. If Jupiter, Ketu aspect Saturn, all the three planets are excellent it will give progeny and comfort of wife.
4. Jupiter Sun, Venus Mercury Saturn all alive and exalted.
5. Only/both Sun and Jupiter alive.
6. Mars in fixed/sign houses of Venus or Mercury and all aspected houses are blank.
7. Mars is alive and benefic.
8. Mars with Mercury, Venus, Rahu in their fixed/sign houses and Saturn is with Sun, Moon, Jupiter in their fixed/sign houses.
9. Mars, Saturn together give sons but grandsons are delayed.

Eunuch

A child would be born eunuch if Moon is in H.Nos 1 to 6, Saturn in H.No.7 or Venus in H.No.5 and Sun in H.No.4.

Impotent man

A man would be impotent if Moon is in H.No.1, Sun No.4, Venus in H.No.5 and Saturn in H.No.7.

Barren Woman

A woman would be barren when Venus is posited in H.No. 2 or 6 without Mercury or Mars and there would be link between Saturn and Jupiter and aspect of H.No. 8 is blank. If Venus in H.No.2 or 6 and aspected houses are blank, then it would also be a condition of barren woman

Combinations for having children

Planets (A)	H. Nos.	Friends of A	H.Nos.
Jupiter	3,8	Mars	2,5,9,12
Jupiter	1,5	Sun	2,5,9,12
Jupiter	4	Moon	2,5,9,12

Mercury	8,10	Saturn	6,7
Saturn	12	Rahu	8,10
Rahu (without enemy)	6	Ketu	12

Issuelessness

1. If in H.No. 1 - Mercury/Saturn or Mars/Ketu or Venus/Moon, Mercury or Mars are destroyed.
2. If Jupiter, Venus in H.No.7 and Moon No.8.
3. Moon and Venus opposite to each other and enemy/evil planets are conjoined.
4. If roof and well are covered, it **makes** pregnancy doubtful.
5. H.No.5- Venus, Rahu (only one daughter).
6. H.No.11- Moon, Ketu.

General

1. Male Planets with Moon gives long life to children.
2. Rahu Ketu-Saturn in H.No.5 are damaging for issues, but a planet in H.No. 9 will protect children from its effective day whether it is friendly with planet in H.No. 5 or its enemy. For example, if Saturn in H.No.5 and Mars is in H.No.9, a child born on Tuesday will live long.. Ketu in H.No.5, Rahu H.No. 9 and if child born in the evening, it will survive. If Rahu is H.No.5, Ketu in H.No.9, child born on Sunday morning will survive.

3. If Venus or Mercury or both are in H.No.5, there is no adverse impact on progeny. But if either or both are in H.No.9, the progeny is adversely affected.
4. If Moon is damaged or destroyed, condition of progeny is similarly affected.
5. If Sun/Moon/Jupiter with Rahu and Ketu are in H.No.5 or H.No.9, the progeny will be affected.

Obstructions of child birth/marriage

1. Venus-Mercury-Mars in H.No.3 without any benefic aspect on them and H.No. 11 blank.
2. Venus or Mercury with in No. 7.
3. In H.No. 5/H.No.9 or H.No.3 / H.No.9, enemy planets of Sun, Jupiter or evil planets are posited.
4. Mars in H.No.4.
5. Rahu-Ketu-Saturn in H.No.9.
6. Mercury-Rahu in H.No.1
7. Ketu-Venus in H.No.1
8. Rahu alone in H.No.9.
9. Venus Ketu in H.No.1, Mars in H.No.4.
10. Rahu-Ketu-Saturn in H.Nos. 1, 5 or 9, Mars in H.No.4.
11. Sun in H.No 6, Mars in H.No 10 or 11 there will be loss of sons one after another.
12. Saturn, artificial Saturn (Mars-Mercury together-Rahu temper) together in a chart.
13. If Sun is in H.No. 12, or Mars-Mercury together by position/aspect or in each other's house/sign they will not make a person issueless.
14. If Jupiter-Venus in H.No.7, and Moon/Mars are destroyed it keeps one issueless.
15. Venus-Ketu in H.No.1, and Mercury destroyed or Moon Venus are opposite to each other and in houses/company of evil planets or Moon in H.No.8 and one lives near a covered well, these combinations make one issueless.

CHAPTER 18

MONEY MATTERS

(Average **Monthly Income of the native**)

An aggregate of planets of exalted houses, live planets or planets of luck or most powerful planet would be taken into consideration. Rahu, Ketu, Venus and Saturn are not taken together since Saturn and Venus are for pleasure pursuits, Rahu and Ketu form artificial Venus and blank Jupiter gives only fictitious results. Mercury and Mars would be taken as Mars (negative) and Mercury and Saturn are considered for property.

Planets	Jup	Sun	Moon	Ven	Mars	Merc	Sat	Rahu	Ketu	Total
Unit*	11	10	9	6	7½	3	10½	8	5	70

* Units can be converted into the currency of the country which the native belongs e.g., 1 unit is equal to one Indian rupee or one US \$ or take any other equivalents.

If two planets conjoined then the units would be:

Jup-Sun-21	Jup-Moon-21	Mars-Sat-18	Jup- Sat-21½
Sun-Merc-13	Moon-Mars-16½	Merc-Ven-9	Sun-Moon 20

In the table given below, multiply the unit by number of years from the beginning of earning. For example, if someone has Mars - Saturn together, he has earning for 19 years, his monthly income would be 19 x 18 units.

SLNo.	Joint planets	Type of earning	Units/p.m.
1.	Jup-Sun	Super- royal income	21
2.	Jup-Moon	Hidden wealth	20
3.	Jup-Venus	False showy wealth	17
4.	Jup-Mars	Honest family wealth	18
5.	Jup-Saturn	Wealth of an Ascetic	21
6.	Sun-Moon	Super employment	19
7.	Sun-Mars	Landlord	17
8.	Moon-Mars	Noble wealth	16

9.	Ven-Mars	Female wealth	13
10.	Ven-Sat	Fictitious wealth	16
11.	Mars-Merc	Cause of death	10
12.	Mars-Saturn	Wealth of dacoit, doctor	18
13.	Ketu prior Rahu latter	Wealth of issueless	13
14.	Moon-Saturn	Defamed wealth	19
15.	Merc-Saturn	Inherited wealth	13
16.	Sun-Merc	Job relating to writing	13
17.	Ven-Merc	Non-Govt. job	09

If a good planet is in 7th it represents surplus wealth. Spring of wealth is 4th, or 11th fills but 4th and 3rd drains it out. Single Moon gives wealth and prosperity, Saturn guards it. Centric houses brought in wealth, 9th gives inheritance from ancestors while 3rd makes a pauper, 11th moderate, 1st, 5th, and 9th are excellent and the conflict of 2nd and 3rd brings discomfort in life.

- a) Condition of Moon determines beginning, end, and excellence of flow of wealth. Sun and Jupiter would support this spring. H.No.2 represents cleanliness of income and H.No.3 deals with expenses and dirt.
- b) Centric Houses Nos. 1,4,7 and 10 indicate wealth like that of a railway passenger kept in a cloakroom. H.No.9 is inherited (kept in brake of the train) and H.No. 10 is parceled wealth of ancestors and extent of one's luck.

Wealth brought in for the native is shown by centric Houses No. 1 4,7,10. H.No.3 shows income from brothers and uncles. H.No. 5 from children, H.No. 10 from parents and H.No.11 indicates earned wealth, and H.No.2 denotes income from in-laws, H.No.6 from friends, relatives of children, maternal uncle and grandfather while H.No.8 bring inanimate providential help.

Savings Expenses

Jupiter- Sun together make one rich, Jupiter-Saturn give average savings and Jupiter-Sun-Mercury together relate to royal count: Planet in H.No.2 itself saves. A male planet or exalted planet in H.No.11 keep income increasing.

Combination of Jupiter-Venus, Jupiter-Mercury or malefic planets in H.No. 12 with H.No. 11 and 12 are blank, gives rise to unproductive and wasteful expenses. Sun-Saturn if linked with Jupiter or one of them is exalted give excellent savings. Otherwise, they cause losses, increase expenses and decrease the wealth.

One would end up a gainer if ,

- (i) there is an exalted planet in the chart,
- (ii) H.No. 4, 5, 6 are blank or only one planet is poisted theme.
- (iii) there are some planets in H.Nos. 1,7,8,10 and 11.

H.No.4 is considered to be the source of generation of wealth. If H.No.4 is blank, then Moon will be presumed to be in H.No.4 itself. Hence, planets in H.No.3 or those which are friends/conjoined, adjoining to planet in H.No.4, are generators of wealth.

Types of wealth denoted by the combination of planets

1. **Moon-Mars together-** Excellent noble wealth (especially H.No.3). Such wealth will increase by donation. If these planets are in H.No. 10 or 11 or linked with Saturn, one would become greedy.
2. **Moon-Jupiter** - Hidden wealth which can be recycled and also a source of help to others. If Moon -Jupiter are in H.No. 10 or 11 and linked with Jupiter, the wealth will be excellent. Otherwise, this will be a source of defamation.
3. **Moon-Saturn** - If with Jupiter or in the houses of Jupiter, they give excellent wealth. Otherwise, they will bring defamation.
4. **Mars-Venus** - Woman's wealth coming from her parents and get increased/decreased as per woman's fate.

5. **Saturn-Jupiter**- Link with ascetics and education. It will increase from the date of marriage.
6. **Mars- Jupiter** - Excellent wealth connected with a man's tribe.
7. **Mars-Saturn**- Wealth of a dacoit.
8. **Mars-Sun** - Landlordship, royal wealth, education, spiritual
9. **Venus-Jupiter**- False wealth.
10. **Sun-Jupiter**- Super class of royal wealth.

Planets in H.No. 2 are the cause of loss, theft, and unproductive expenses with respect to wealth generated by enemy planets in H.No.2. Income comes via H.No. 11 and goes via H.No.3. Wealth by planets in H.No.3 is good, H.No. 11 better and H.Nos. 1, 5 and 9 is the best. If there is no planet in Centric Houses (H.No.1, 4,7,10) it means one has not brought any wealth along with him. If all planets are in H.Nos. 1,4,7 and 10, his wealth disappears with him only.

Moon represents wealth and Saturn is its guardian. The condition of both will determine by one's financial status. Saturn and Mars also indicate property. Moon- Jupiter together governs gold and silver. Income will be indicated from H.No.1 1, expenses from H.No.12, savings of own income from H.No.2, financial transitions from H.No.6 and savings from forefathers from H.No.9 while from children side are seen from H.No.5. Jupiter-Sun, Sun-Mercury, Jupiter-Saturn and Mercury-Saturn, together in good houses, or both separately alive, or both with their respective friendly planets will ensure savings. If Sun and Saturn are not linked with Jupiter in anyway, they form a unique combination. If one reduces one's expenses, income will decrease. If one spends, income too increases.

If a person has planets in centric houses, or a male planet in H.No.1 1, such a person will earn on his own and spend out of that. For other, this would not apply. More the male planets in H.No. 11 more the income. More the number of planets in H.No.2 more would be the expenses. The net balance in savings will be the difference between H.No. 11 and H.No. 12. In a chart, more the exalted/alive planets, more these planets will benefit. Malefic planets will cause financial expenses. The mutual difference in sum total of benefic and malefic planets will give the net balance. Supposing, in a chart, 5 are benefic planets, 4 are malefic. $9 + 5 = 14/9 - 4 = 5/$ balance $(14+5)$ divided by $2 = 9.5$ is the

saving. If a person had property with 2 units at his birth, his property at the time of death would be $2 \times 19/2 = 19$. This will be achieved within 35-year cycle. If there is Father's debt by virtue of malefic condition of Rahu and Ketu, position of malefic planets in H.No.2, H.No.6, H.No.8 and H.No. 12 will not be helpful. Father's Debt is also indicated by a planet in a Major Period. If there is planet of debt in Major Period, there would be losses. Even equivalent planet in Centric Houses or an exalted planet in outside these houses, or benefic condition of Moon will obliterate the condition of Major Period. A planet in H.No.9 denotes gift brought from others at the time of birth, and planet in H.No.2 indicate the balance wealth which will survive till the end.

Financial Transactions and Money Lending

One gets divine help if Sun, Venus, Rahu (friends of Ketu) or Mercury are in H.No.6. Condition of malefic and Venus determines the condition of wealth. If H.No.6 is blank, Mars and Moon determine the financial condition. Jupiter and Sun make the financial position brighten and Saturn blots it.

Houses representing financial transactions

H.No.1	Items/professions related to exalted Sun.
H.No.2	In laws, religious place.
H.No.3	Brothers parental uncles.
H.No.4	Exalted wealth items relating to Jupiter.
H.No.5	Children
H.No.6	Friends, relatives of children, male side
H.No.7	High property relating to exalted Saturn
H.No.9	Forefathers
H.No. 10 -	Relating to exalted Mars
H.No. 11 -	Own earning
H.No. 12 -	Inanimate worldly/divine help.

H.No.6 will be seen for financial transactions in the world. There is no concern of planets having lordship of H.No.6. Friendly planets will help while enemies oppose.

Donations

Planets for donations would be considered from original chart and not from annual chart. Donations are forbidden under following conditions, and also by annual chart which will not be beneficial and on the other hand can cause loss/damage. Such a loss can only be for that year.

Situations which prohibits donations

1. Don't donate items relating to exalted planets.
2. Don't accept gift relating to debilitated planets.
3. For a person with Moon in H.No.6 donation of tank, well, water tap etc., for public use, will cause untimely deaths and loss of progeny.
4. Saturn in H.No.8 gives damaging effects, if one gives money for construction of inns, places of public rest.
5. For Saturn in H.No.1 or when in addition to Jupiter in H.No.5 the donation of copper (items of Sun) would prove destructive. Occasional donations of other coins, food clothing are not forbidden.
6. Jupiter in H.No. 10 and Moon in H.No.4 will cause false allegations, one gets punishment if donations are given for works relating to the construction of temple/religious place.
7. Venus in H.No.9- giving free scholarship/adopting or looking after orphans will bring poverty.
8. Moon in H.No. 12 - free food to beggars at religious places. Donation to a school will cause sickness, loss of peace.
9. Jupiter in H.No.7 - Giving free clothes to a priest at a religious place will cause issuelessness/ damage to children.

CHAPTER 19

HEALTH-DISEASE/HEALTH-DEATH/ GAIN-LOSS/VICTORY-DEFEAT

The principle governing health, disease, gain, loss, victory and defeat are the same. Planets in 5th position (w.r.t. each other support) 7th (oppose), 8th (from each other) of H.No.9 become the foundation. Planets in 3rd from each other are separate and can meet only through Mercury. In 10th position they are outward enemies and are deceptive.

As per the annual chart, malefic condition of H.No.3 gives indication of happenings. If H.No.3 is blank, malefic condition of H.No.8 will show the adverse results. If H.No.8 too is also blank, the condition of H.No.5 will do so. If H.No.5 again is also blank, condition of H.No.11 will do so. If H.No.11 once again is also found to be blank, (all 3,8,5,11 blank) the H.No.4 will provide the clue..

Disease will start from H.No.8, while H.Nos. 2 and 4 will become the cause. H.No. 10 will increase/decrease its intensity and H.No.5 will indicate medical expenses. H.No.3 will give the order for final march (death) since planets of H.No.3 are saviours from malefic condition of H.No.8 provided H.No. 3 is not afflicted through enemy planets in H.No.1 1. Final appeal will be heard by Moon. If Moon is in H.No.4, Rahu/Ketu are in H.Nos. 2/8 or 6/12, they will not show any malefic effect on age.

H.No.2 is the beginning of the cause of disease and H.No.10 aggregates the same. Whenever there are two outward enemies posited in H.No.2 or else their effect is afflicted by enemy planets in H.No.8, their position will not affect **articles**, business or relatives regarding H.No.2. Planets in H.No.2 always give their own effects even if they are outward enemies. Poison generated in H.No.2 by enemy planets or due to enemy planets in H.No.8, and if H.No.10 (which can increase/decrease **intensity** of disease) is blank, it will certainly impact on cause and increase/decrease in intensity of disease.

However, if H.No. 10 is blank, the malefic planets whether of H.No.3 or any other houses when come to H.No.3 or H.No.9 in annual chart, they will ring the bell of adversity. The basis of their mischief would be Rahu-Ketu. The temper of Rahu would be revealed by Mercury

and of Ketu by Jupiter. First aid will be by treatment of planets in H.No.8 and full cure by treatment of planets in H.No.5. If H.No.5 is blank, then the health will remain excellent. If one falls sick, one would recover on his own.

In fact if H.No.3 will cause disease, H.No.5 will cure it. The foundation of both H.No.3 and 5 will be H.No.9. If Nos. 3 and 5 are both blank, the combined effect of Nos 2,6,8,12 will give the decision. The final appeal will be on Moon. If Jupiter is malefic, its adverse effect falls on H.No.5.

Poisonous effect of planets of House No. 2

Planets becoming poisonous	Effect
1. Mercury	A skilled shy person where innate disposition is quarrel some. His own mischief and self created conflict will cause him mental distress/problems.
2. Rahu	Shortage of blood, muscular problem.
3. Venus	Narrow minded, greedy, hasty, revengeful, anaemic.
4. Jupiter	Heart problem, hasty, stupid, disease of chest/lungs, general weakness.
5. Saturn	Shortage of money which is spent on disease
6. Rahu	Critical state.
7. Ketu	Hereditary disease.

Houses responsible for diseases

H.No.	Damaging H.No.	Type of damage	Helping H.Nos.	Type of help
3	1	Sudden hit	11	Outward
	6	Deception	7	Basic
	8	Malefic hit	2	Joint wall
5	7	Sudden hit	1	Outward
	8	Deception	1	Basic
	10	Malefic	4	Joint wall

If H.No. 3,9 are malefic, H.No.5 will also be malefic but if there is Sun or Moon in H.No.9, H.No.5 will be excellent. Planets of H.No.5, 6 will be sworn enemies of H.No. 10. Symptoms of adversity will be given by items relating to malefic planets.

If in the original chart, anyone of Venus, Mercury, Rahu-Ketu or Saturn is conjoined with Sun or Moon and whenever they come to H.Nos. 1, 6, 7, 8 or 10 they will bring ill health.

If H.Nos. 3,5,9 are malefic, H.No.5 will also be malefic. If Sun or Jupiter is in H.No.5, Planets in H.No. 10 will poison it. Moon in H.No.5 is poison for planets in H.No. 10 even if Sun or Jupiter is in H.No.10.

Planets and their diseases

Whenever a planet get afflicted/ weakened/damaged/debilitated, it would give the following diseases.

Planets	Disease
Jupiter	Breathlessness, lungs/asthma.
Sun	Palpitation of heart, Lunacy/foam in mouth (Sun not getting support of Moon), Weakness, blood pressure (Sun H.No.6, Mercury H.No.12)
Moon	Heart disease, eye ball problem
Venus	<i>Skin disease, (Nose hole/Remedy Mercury)</i>
Mars	Stomach/liver problem, Cholera, diarrhea,
Mars (negative)	Fistula
Mercury	Smallpox, disease of skull, nerve, loss of taste, tongue, teeth, eye, cough. (For eye disease throw coconut in flowing water).
Rahu	Fever, Mental problem, Plague, accident, sudden injury.
Ketu	Backbone, Joints pain, Boils, urinary track, swelling, tumour, ear, hernia, loss of virility.
Saturn	<i>Cough of all types. Eyesight (Flow coconut in water).</i>
Jupiter-Rahu	Asthma, breathing problem.
Jupiter-Mercury	Asthma, breathing problem.
Rahu-Ketu	Piles.
Moon-Rahu	Lunacy, Pneumonia.
Jupiter-Rahu	Asthma, Tuberculosis.
Sun-Venus	-do-
Mercury-Jupiter	-do-
Mars-Saturn	Leprosy, Blood-disease, splitting of body skin.
Venus-Rahu	Impotence.
Venus-Ketu	Nocturnal discharge.

Confrontation Glands

Mercury, Mars

Jupiter-Mars Dysentery, loose motions, jaundice.
negative

It follows there from that whenever these diseases manifest, their causative planets should be remedied. In case of joint planets, treat the planet which pollutes the effect of other planets. For example, at the malefic time of Jupiter-Rahu the remedy of Rahu will help.

If disease persists or in a family one member after another falls sick, following remedies may be performed :-

1. **Once a month make sweet breads more than the number of member of family and usual guests and feed them to dogs, crows, animals.**
2. **Yellow ripe dry pumpkin may be given in temple once a quarter/six months or year.**

If a patient does not recover, keep two copper coins on his bed side and give it to a sweeper for 40/43 days. This is called tax of previous life.

4. **While passing by a funeral/burial ground, once in a while throw a copper coin into it. It will bring spiritual help.**

Age

When the treasure brought by centric houses (H.Nos. 1, 4, 7, 10) exhausted, life will end. Relationship with spouse, parents, brothers and sisters, sons and daughters, day and night birth and death, beginning and end, sky and air, male planets and planets in temple, nobility and evil, are all predestined. Rahu and Ketu together forming artificial Venus determine family life and marriage, air passage Jupiter, empty sky and wisdom of Mercury, Light of Sun, darkness of Saturn together determine day and time of death but leaking out secrets of this unless asked for, is forbidden but without disclosing the reason, any possible remedy must be clearly spelt out. Calculations given hereafter are a matter of human effort. No body can penetrate the secrets of Almighty. There is every chance of mistake. Error can be disastrous. The clue to length of life lies in combined result of H.No.6, 8 and 12. These must be closely scrutinised. Life of

children is controlled by H.No. 11, of mother by H.No. 6, of father by H.No. 10, and of self by H.No.8. Moon determines length of life but for someone who has father's **debt**/mother's debt, Sun determines the span of life. Sun not Moon, H.No.9, 2-8, 3-7, 4-6, 5-5, 6-4, 7-3, 8-2, 9-1, 10-10, 11-12 and 12-11. For example, if in a chart Sun is in H.No. 6, Moon will be taken as of H.No.4*. Age given by Moon is given below:-

Moon H.No.	1	2	3	4	5	6	7	8	9	10	11	12
Age	90	96	80	85	100	80	85	90	75	90	90	90

If Moon is linked with Venus, age will be 85 or it is with a male planet, the age will be 96. If Moon is with Rahu, Ketu, the age will be reduced by 3 years. If Jupiter-Saturn are together in a chart, planet in H.No.11 will decide but if H.No. 11 is blank, Moon will decide.

SLNo	* Position/ effect on the native	Remaining age

If Moon and Rahu are separately posited but together aspect a house or are seen from a house they would be treated as together (e.g. Moon in H.No. 1 or Rahu in H.No.7). In such a case life will be shortened by half. Relatives of aspected sign will be adversely affected. Supposing they are in H.No.3 and 5 and aspect H.No.9 which is blank, in that case relatives of H.No.9 (forefathers) would be affected. If Mars is in H.No.9, his brothers would be affected provided both together are free from aspect. If they are in prior houses, death will not occur, but death like situation prevails.

If Moon is in H.No.1, day of death will be Wednesday, in H.No.2 it is Friday etc. If H.No. 12 is blank, death would be on the day where lord of the house Moon is posited. Life span of Jupiter is 75 years, Mercury/Ketu- 80 years, Saturn/Mars/Rahu 90 Years, Venus/Moon 85 years, Sun- 100 years.

Short age

- i) If Jupiter is surrounded by enemies.
- ii) Mercury, Jupiter and Venus are in H.No.9
- iii) Enemies of Jupiter (Mercury, Venus, Rahu) in H.No.9
- iv) Moon-Rahu in H.No.7 or 8
- v) Mercury in H.No.9
- vi) Jupiter in H.No.6,8 10 or 11. Or Venus and Mars in H.No.7, Mercury, Venus and Moon in H.No.5- age 2 years.

In above cases age may be 8 months or 8 years. Every eight year would be dangerous.

- vii) If Jupiter, Moon or both are excellent or also in H.Nos. 3, 6 and 7 age may be long but family life will be very poor.

When a malefic planet comes to malefic houses in the annual chart, it gives very poor results but when a planet of H.No.8 comes to H.No.8 again, its friendly planet will be sacrificial goat and relative of H.No.6 will be on way to death. Similarly, when a planet of H.No. 6 comes to H.No.6 again, its friendly planet will be the sacrificial goat and relative of H.No.8 will be in very poor and in a death like state.

If there is no planet in H.No. 12, the house in which Moon is posited will determine the day of death. If birth day lord and birth lord are same, such a planet will never do harm. Death will not take place at

that time, even if, owing to Moon position, that is the destroyed day of death (provided that planet is alive). In other cases when birth day planet and birth time planets are different, planet effect, sign effect, even equivalent planets or outward enmity/friendship will effect the result. Day of death can be calculated on the basis of strength of planets in H.No.8 and H.No. 12. If Moon and Rahu are together, the age is reduced by half.

Last year, day of death

Last day and year would be indicated by the position of Moon in the annual chart, and combined effect of H.No.8 and 12. The First of malefic planet in H.No.8 will be very bad. Planets in H.No.12 aspect H.No.8 by 25% sight. When the sight of planet in H.No. 12 on H.No. 8 in the annual chart ceases to the benefic, that will be the last year of life.

Mercury in its fixed House No.7, Male planets or Saturn in H.Nos 2,4,7,10 or H.No.2, or H.No. 11 will never adversely affect health/life of the native provided in these houses, Saturn is conjoined with female planets (Moon, Venus).

- ii. House No 3 blank, or malefic planets in H.No.3 and H.Nos. 6,8 getting singly or jointly malefic.

1. The air locked in a man's palm and spread over the open sky with capacity to move both the Worlds and the Universe; and also move within and outside a man is called 'Jupiter'. In its closed form, it conceals the secrets of destiny bestowed by nature. In its open form, it reveals treasures of previous birth. It is the cause of birth and death of a man. Jupiter is the Lord of both the Worlds and also the Master of all other planets. Jupiter determines noble relationship with friends and relatives, earnings, comforts from sons and parents, respect in the world, religiosity, happiness/misery in everyday life and comfort from/to spouse. Due to Jupiter, one earns with his wisdom, one gets power of royalty, intellectual strength and lotteries etc. It is effective in 'intermediate stage'. To start with, it gives results of Ketu, intermediate stage is of its own and latter part is of Sun. Jupiter does not have animus for any other planet. In its own houses or even in enemy houses, it gives benefic results for 8 years. Enemy/evil planets in Jupiter's houses, (excepting H.No. 2) give malefic results. While Jupiter has enmity for none, Mercury and Venus do have animosity for Jupiter but the net result is their own destruction. With Saturn, Rahu and Ketu, Jupiter are like melted gold, whose 'doubtable position' can be exploited. Remedies of evil and Mercury are helpful.

2. Thus, while posited in a house, Jupiter is capable of giving both types of extreme results depending on its orientation - benefic or malefic. It can make a man like a King or a beggar, gold or brass, a great philanthropist or a thief (a saint without qualms of conscience). Malefic effects of Jupiter are reflected through items of Saturn and its own benefic effects are reflected through Jupiterean articles, works and relationships themselves.

3. Jupiter is a first rate benefic planet. It is the lord of 9th and 12th houses and is a significator of position; and if conjoined with other planets

or has any relationship with them by occupying their star sign etc., one can make a judicious choice and cultivate habits, concentrate, meditate and pray. When Jupiter and Venus conjoin or aspect each other, prosperity is the result. Jupiter is for the **upliftment** of the soul, one leads spiritual life without much attachment to domestic life. Its thrust is towards the other world. Jupiter governs power. *Its direction is North-East.*

4. **Benefic Jupiter** - When Jupiter is benefic, it bestows on the native geniality and generosity, joy, jubilation and joviality. One can expect respect and good reputation during its period. Cooperation and congenial atmosphere, progress and prosperity in life, philosophic and philanthropic conduct and morals, peace, health and wealth, all are bestowed by benefic Jupiter.

5. **Malefic Jupiter** - If Jupiter is afflicted (by adverse company/ aspect) or is in malefic houses, the native will not be moderate but an extremist. He will be very liberal, extravagant and even lavish. Over optimism, false hopes, carelessness, debts, disputes and failure in speculation, desperation, gambling and pressure from creditors, anxiety on account of children, false prestige, large donations beyond normal capacity, vain pomp, loss in reliance on others and standing surety for them, cheap popularity, default and infamy, extravagance, gluttony, unusual girth, misjudgment and miscalculations - are all attributed to malefic Jupiter.

6. Dual results of Jupiter

7. Position & Effect of Jupiter in Different Houses

Unpolluted, alive Jupiter H.No. 1. gives education, wealth, long life. Jupiter in 2nd (8th being blank) bestows high spiritual results. With a favourable Mercury, Jupiter acts like a roaring tiger in 3rd. 4th Jupiter makes one a renowned King with a bejeweled throne. In 5th - perfect *Brahma* (Creator), 6th gives unsolicited gains. Jupiter in 7th makes one's son unhappy. Long life, fortune in 8th, Makes one a *Yogi* (detached) in 9th, reduces wealth in 10th, Religiosity is keynote for 11th, perfect happiness in 12th, Rahu & Ketu determine night comforts, enemies perish by divine help.

8. Effect of Jupiter in Different Houses

H.Nos.	Effect
1,4,7,10	Extremely beneficial for the native and key to inheritance, health, worldly affections, internal strength and position of power in the world. The native flourishes and his wealth abounds.
15 and 12	Gives high degree of comfort, positive help and protection. Excellent position.

9. Effect of other Planets on Jupiter

Links of Jupiter with Rahu Ketu and Saturn or Mercury, Make Jupiter remediable through companion planet.

If evil are malefic, Jupiter too is so. Mars if destroyed damages Venus effect.

When in Venus influence, it destroys its enmity.

When none helps, Jupiter alone comes to rescue.

It gets Ketu killed when itself under adversity.

- i) When conjoined with Sun and Mars (male planets) or aspected by them, Jupiter converts copper into gold.
- ii) When conjoined with Venus and Moon (female planets), Jupiter turns water into milk.
- iii) Without Jupiter, other planets do not have any capacity to give combined effect by conjunction or aspect.
- iv) If evil planets (Saturn, Rahu & Ketu) are malefic, Jupiter will give malefic results. Gold will become brass, fresh air will turn poisonous.
- v) Both Jupiter and Rahu are considered to be positioned together in the sky (H.No. 12). While Jupiter has divine powers, it is Rahu which provides Jupiter a blue inlet/outlet. Hence, as the Rahu (gateman) so the Jupiter. If Rahu acts like a mad elephant, gives poisonous gas and shakes the earth, Jupiter cannot give benefic results but an exalted Rahu or posited before Jupiter (whether in natal chart or annual chart), makes Jupiter the owner of the two Worlds. It gives divine results and spiritual powers. Otherwise, Jupiter becomes domesticated, starved of money and deprived of spirituality.
- vi) If Jupiter is posited alone, notwithstanding malefic aspect of another planet, Jupiter would never give malefic effects.
- vii) If Jupiter has lost its strength i.e., it is affected by enemy planets (viz. Mercury, Venus, Rahu and Saturn) or evil planets (Saturn or Rahu or Ketu) join Jupiter anyway by position or aspect; in such an eventuality Jupiter is like a blank Mercury and its conduct is determined by the conduct of Mercury. **However, Jupiter will be remediable, Remedies of enemy planets would help.**
- viii) Rahu & Ketu cause irritations here and there and it is Jupiter which controls Rahu and Ketu. Hence, if these two (Rahu & Ketu) are upto some mischief, Jupiter would give out indication thereof through its articles/business/relatives. The power of Jupiter to control the two worlds and its capacity to give benefic results is destroyed by eclipse formation (Sun-Rahu/Moon-Ketu) or company of enemy planets (Mercury, Venus, Rahu & Saturn). If Mercury-Rahu are together; or each one alone is in H.No. 2, 5, 9 & 11, or Mars is negative or in H.No. 4, the effect of Jupiter will be malefic. Jupiter in H.Nos. 6 to 11, makes the native a thief.
- ix) Jupiter in H.Nos. 1 to 5, or H.No. 12 will help both Saturn & Sun. Jupiter in H.Nos. 6 to 11 will only help Saturn.

10. Relations with other Planets

Sun

When Sun is benefic or it forms benefic aspect with Jupiter, Jupiter gives the native a broad outlook, abundance, rapid recovery from even severe illness. The native will earn the friendship of all by his cheer, kindness and sympathy. He will never betray anybody. He will think clearly, do his work ably and will judge properly. He will earn only by fair means and it will never have 'tainted money'. He will not seek to draw benefit by causing loss to others.

If Mercury were to give the native a promotion, then the higher official will be transferred and that vacancy will be filled up by him. If Saturn has to promote him, his senior may pass away, retire, be compulsory retired, dismissed, demoted and the native will be promoted. If Jupiter offers him a promotion in its period, there may be expansion in his department creating a post and in the chain of promotions, he will have his promotion also. His children and himself will be lucky, and have excellent future and govt. support.

He may be religious and be one of the so many pillars of religious society. An exalted Sun is extremely benefic for the subject and his offspring and brightens his future.

Legal, finance, political, banking and educational departments and institutions may be his profession. Posts of political office are offered either by Sun or by Moon forming benefic aspects with Jupiter.

Moon

When Moon is benefic or it forms a favourable aspect with Jupiter, Jupiter would give the native a noble, magnanimous and optimistic disposition. He will be popular, honest and fair. As he grows, he will have good health and his reasoning faculty of lofty ideas, with fertile and fruitful imagination will improve. General success in life, no trouble through litigation. One will not be extravagant and one will not take desperate chances in speculation and gambling. Items made of Moon like fine white flour and aerial help will be auspicious. Items made of gas/liquid will be helpful.

Mars

When Mars is benefic or Mars and Jupiter are in good aspect, Jupiter

offers the native sincerity, nobility and honesty. He will be straightforward, neither too lavish nor too conservative. He will be successful in business, popular in society, will do the job whole heartedly. A good sportsman. Love for travel, desire for captaincy, respect, abundance of wealth, health, vitality, power and endurance, are attributed to this beneficial aspect. For a managerial posts, President of any Society, Judge, religious head etc. one must have this aspect. Mars positive - Friends and brothers helpful. Present excellent. Mars-negative (Sun-Saturn together, or Mars in H.No. 4 and Jupiter in H.Nos. 6 to 11) - *Sadhu* acting like a thief. Loss of gold. Obstructions and losses. Evil effects of Saturn will give indications of the same.

Saturn

If Jupiter receives benefic aspect from Saturn, one will have a philosophical turn of mind and will not be much attached with relatives or friends. He will have a strong sense of justice, fair play and will earn the love of the young and the old, will be respected in society. One will become rich when dealing in mines, cement, construction work or cooperative schemes or society work. He will lead a happy religious life with wife and children and will enjoy good health and wealth. Later in life, one may practice *Yoga* and may become a *Sanyasi* (detached from worldly affairs).

Saturn in H.No.1, Jupiter : It would give wealth which give
in H.No. 6, 7 prosperity/growth after marriage

Or

Jupiter in H.No.1 and

provided none of them gets debilitated during
annual position.

Saturn in H.No. 3, 6 or 9

(If malefic effects of **Jupiter** manifest, give **items of Saturn** in a religious place).

The effect of Jupiter with regard to position of Saturn is as given below:

Saturn's position in H.No.	Jupiter acts as malefic when posited in house
1st	7th
2nd	8th and 12th.
3rd	5th, 9th and 11th.
4th	2nd, 8th, 10th and 11th.
1st, 6th	Jupiter generally malefic.
5th to 9th, 11th, 12th	Jupiter alone anywhere is not malefic

Jupiter is like wind and Saturn is like mountain. Whenever wind with water vapour strikes the mountain, beneficial rains will fall but if for some reason, wind blows in reverse direction, it would destroy properties (of Saturn) and reduce mountain to dust. Venus (woman, worldly comforts etc.) Mercury (**deception./breaking of promise**) and Rahu (secret mischief) would be the causative factors for such an eventuality. If Sat's position is prior to that of Jupiter, Saturn/Jupiter interaction would be ineffective but if Jupiter is posited in houses prior to those wherein Saturn is posited, Jupiter/Saturn interaction will always give beneficial results. Saturn will always be 'doubtful' while in House H.No. 6 but Jupiter will always give poor results if Saturn is in 1st and 6th House. **In such a condition, throwing coconut or almonds (items of Saturn) in flowing water will always be beneficial.**

Aspect of Jupiter on Saturn

Position of Jupiter	Position of Saturn	Jupiter aspect	Effect
5 3	9 } 9 or 11 }	50%	Makes one a magician
2 8	6 } 12 }	25%	Makes one a <i>Yogi</i> .

If Saturn aspects Jupiter

**Jupiter becomes inauspicious for father.
Whenever the native constructs a house
The fountain of Wealth (Moon) will flow
if he rears the land, Moon and Gold.**

If Saturn or Jupiter is in H.Nos. 2 to 5 and the other one is in H.Nos. 9 to 12, then after the age of Saturn (i.e., 9, 18 and 36 years) upto age of Jupiter, father, grandfather and tutor will be adversely affected. There will be loss of natural, physical strength and wealth. A locked house will be in an alarm bell of events to come.

Mercury

With Jupiter and Mercury in favourable aspect the native will always look upon the bright side of things. Even in times of adversity, he will keep his spirits and be broad minded and versatile, of good judgement and intelligent deliberation. He will reason out correctly. He may be slow to form an opinion (due to Mercury), but his decision or conclusion will be found incontrovertible.

Law, literature, contact with foreigners, foreign collaboration, export or import, editing, publishing, publicity, mathematics, banking accounts, auditing, civil engineering may be his various occupations. Plurality of interests is indicated by Mercury.

If Jupiter is alongwith Mercury or has its aspect on Mercury, it will lead to destruction of Jupiter. However, if Mercury is alone or with Jupiter is in H.Nos. 2 and 4, benefic results will flow. Financial position will be good. If Jupiter is posited in 1st to 6th houses and Mercury in 7th to 12th houses, Jupiter will be benefic till 34th year of age and Mercury will be malefic from 35th year of age. On the other hand, if Mercury is posited in 1st to 6th houses and Jupiter 7th to 12th houses, Mercury will be benefic upto 34th year of age and Jupiter will be malefic. After that (35th year) malefic results of Mercury, but benefic effects of Jupiter will start.

If Mercury and Jupiter aspect each other, it will result in poor results of Jupiter. Mercury will tie up Jupiter in its evil circle. Following circumstances will, however, remove poor results of Jupiter :

1. If during transit (Annual Chart) Jupiter alone occupies houses No. 10, 11 (of Saturn) or H.No. 5 (Sun.)
2. Or else either Saturn or Sun comes in house Nos. 2,5,9,12.
3. Or else if Saturn comes in House No. 5 and Sun in H.No. 2, 5, 9, 12.

If in the above three conditions, if Sun or Moon or Saturn is benefic, it will bring benefic results from Jupiter. Otherwise, it will remain a mirage.

Venus

Venus in benefic aspect to Jupiter promises grand success and good fortune. The native will accumulate wealth, enjoy all the fruits of life, will marry a good wife. He will maintain high social prestige. He will be ever smiling, jovial, optimistic and large hearted. He will enjoy life to the fullest extent. By travelling, one will make friends, will have lucky business partners. One will be social, well-respected and popular. Bankers, Judges and Advocates will be much helpful.

Rahu

When in a natal horoscope or annual chart Rahu is exalted or posited in prior houses than Jupiter (H.Nos. 1 to 6) especially 3rd, 6th or the 8th and Sun, Moon and Mars are benefic; Jupiter will be benefic. The native will receive help from others and will lead a comfortable life without any effort. Jupiter will give both worldly and spiritual power and physical strength. If Jupiter is in prior houses than Rahu, Jupiter is master of worldly things. If Rahu is prior, Jupiter is spiritual.

With Planets other than Sun, Moon, Mars - Jupiter will have 50% strength (of this world only).

Sun-Rahu or Moon-Ketu in the chart - Jupiter's effect becomes malefic in position but also in aspect on planets and houses. Disappointment, suffocation, chilly air, poor fortune everywhere.

Mars-Saturn or Mars-Moon aspect Jupiter : Unexpected hidden help and long life.

Ketu

When Ketu is posited before Jupiter (prior houses), Jupiter will give malefic results. When Jupiter is in prior houses than Ketu, then Moon effect will be adversely affected in place of Jupiter or Ketu.

If Jupiter is posited in H.No. 1, it would make the person wealthy whether he is learned or not. With Jupiter in H.No. 1. religiosity and magnanimity will always give him prosperity and rise.

Support of mother and luck will continue to flow till age of 51. Items and relatives regarding Moon will always be Jupiter) always be helpful and Ketu (male offspring, works/items connected with Jupiter) beneficial. Though financially poor but a hermit of excellence

Jupiter's effect can be spoilt by Father's Debt/enemy planets (Mercury Venus, Saturn & Rahu in H.No. 2, 5, 9, 12) and debilitated Sun & Mercury. The evil effects of these will be seen on Jupiterean items but, Jupiter will positively make up in the second round (starting after 49 years) if not in the first 35 years circle of life. For this, one has to abstain from asking for favours of others and remain contented with his lot. The native will have a lot of enemies but he will eventually conquer them.

A planet in H.No. 8, 10, to 12, gives happy kids and wealth.**

Sun	1	Sun is like a monkey who does no evil. Keeps gasping for Jupiter's air.
Rahu	12	The elephant of Rahu alongwith Ketu in H.No. 6 will keep its ears alert and will keep waiting for Jupiter's sermon. Jupiter in H.No. 2 is not affected by Rahu.

Moon	4	The stream of heart always flows to Jupiter in H.No. 2
Venus, Mercury	7	Marriage and intellectual work for H.No. 2.
Mars	3	It has a joint root with H.No. 2

No. 2, Venus's item (cowshed) is situated therein. Jupiter oversees all from H.No. 2 like *Lord Shiva* on an ox, oversees all other Lords.

Benefic Results (Jupiter House No. 2)

H.No. 2 is the best position of Jupiter Saviour of all like a worshipper who does not indulge in anything evil. Though native may flourish by donation - but will further grow with service of visitors. His fortunes will grow with service of visitors. His fortunes will grow by his becoming a family man (other than meaning to procreate children) and his relations with his in-laws. Enemy planets posited in H. No. 2 & 8 may have their evil effect but would not be able to pollute benefic results of Jupiter H. No. 2. Jupiter will beneficially effect results of all planets other than

of Sun which gives its own results (benefic or malefic) as per its own position. Such a person will be a *guru* of women, he may as well be one of men. Such a person adds to the wealth of his father. Even though a family man, he would be a learned hermit. Wealth will flow like air and be spent like water. He would have excellent mental power. He will get honour everywhere and will flourish as ever. He will lose if he does business of gold. Works connected with earth, construction of earthen houses, agriculture, items of use by women will give him benefit. He will get government favours and honour at the age of 27 even if Sun is malefic and native is born in a poor family. He will accumulate wealth from age of 16 to 32. His family may not be large or he may not be like a King. Either his father or he himself will build property. He would have clean heart, firm determination, broad mind, noble thoughts. Power of throne will be available to him. Jupiter in H.No. 2 is never polluted by evil planets. A person with Jupiter H.No. 2 does not have to make effort to earn. **Benefic Effects
(Jupiter House No. 10)**

His destiny will depend on his conduct. More he becomes pious, more he will be poor, unhappy, disappointed and have false hopes. However, if he is clever, he will get comfort but liaisons will be deceptive. Though poor, but wise. Sat's condition will determine condition of life and comfort to parents.

Saturn is benefic and Sun or Moon is in H.No. 2 and 6: Living in a Jupiterean house or a temple near or in corner of the house will enlist support of Saturn. Cleverness will be key to success. Even ordinary iron will be like a gold bar. Saturnian works will be profitable. Comforts of parents and worldly affairs will give happiness.

Saturn will decide comforts from the parents. If Saturn is benefic, luck will flow at the age of 36 to 39 years.

Mars or Venus H.No. 4. Dust will turn to gold provided he does not have secret liaisons but he may have any number of legal wives of his **own**.

Sun H.No. 4. Jupiter will no longer be debilitated. It will become exalted and turn burnt stone to gold.

5. Mars H.No. 4. Items/works relating to Mars will become excellent till age of 28 with help of brothers.

10. Mercury benefic and does not destroy **Jupiter**. All male children. Copper will become gold. Prosperity.

Malefic Effects (Jupiter House No. 10)

The man is religious and a man of integrity but his poverty will increase as his goodness increases. His fine oil will not be taken even as urine. Both childhood and old age bad. Father too will be poor, will not leave any inheritance. Even if father leaves anything behind, the subject will not be able to make use of the same. Empty dreams and unfulfilled desires. Gold will turn into dust.

Religiosity makes Jupiter 11 times beneficial.
If one is immoral, one has to face ignominy in life.
Even if Venus is exalted, (c) wife remains unhappy.**

- a) If Mars is in 3rd, death stalks family. Mercury in 3rd, native may earn well but remains in debt.
- b) If H.No. 3 is blank such a person will do no good to others. For himself H.No. 3 blank is excellent. Friendly planets in 3rd will help at age of 23.
- c) Either wife will die or divorce.

**Benefic effects
(Jupiter House No. 11)**

Benefic effect on future. Takes pity on the poor. So long as he remains within the family, he will live well but if he separates like a tree of dates, Jupiter will become malefic. So long father is along, even snakes will pay obeisance. When father dies, wealth, protection of Govt/King, *Sadhu* and his protection will vanish. Father even if rich will not leave anything for the native. Saturn lord of religious court is already has its influence in No. 11, It swears by Jupiter. So by religiosity, wealth and Jupiter's effect increase 11 times. Keep your promise for good results.

- 1. H.No. 3. blank. Jupiter will be dormant. Decision of Jupiter will be on Saturn but it will be good for the native.

| | Saturn in H.No. 10 and
Mercury in H.No. 2 or
Saturn in H.No. 11 | Both Saturn & Jupiter will give benefic results. |

Malefic Effects (Jupiter House No. 11)

Generally Mercury (sister, father's sister) will give poor results. Like an irreligious King, the native will not give benefit to anyone but will be good for himself. After father's death, the native will become powerless. If his character is loose, he will get ignominy. However, rich his family may be, he will even not get coffin especially because of malefic planets he will die outside. **Hence, providing coffins for other dead will be helpful.** Jupiter (father/grandpa), Sun (self), Moon (mother), Venus (wife), Mercury (Sister/daughter), Saturn (paternal uncle), Rahu (in-laws), Ketu (children, son).

| 8. | Moon malefic. | Effect of Mars, Jupiter, Saturn- all malefic. Provide coffins to dead. |
| 9. | H.No. 3 blank. | Jupiter will be dormant whose decision will be on Saturn. Tall, kind hearted, religious. |

Benefic Effects (Jupiter House No. 12)

The winds of Jupiter may rain gold.

Native may choose not to enjoy.

Also has effects of Jupiter H.No. 9.

The benefic effect on life may be related to *yoga*, penance, worship. During younger days, during period of Rahu, father may be worried about expenses. A worldly creature who does not bother about wealth. Benefic effects of H.No. 9. His house will be full of prosperity. Even if Mercury is polluted or Ketu is malefic, flow of wealth will remain uninterrupted, Venus wherever it may be posited will be benefic for wealth for 25 years. Blessings of such a person will benefit others, his curses harm others. His own wealth will grow with his distributing the same to others. If he goes into a silent *Samadhi*, he will get rain of gold. Philanthropy will give rest at night. He will have strength to chain an elephant with gold chain. This will bring him night comfort and wealth. He will be like a Minister from age of 11. He will rule with a philanthropic heart. Kind hearted. Expenses may be heavy but they will on good things. His visits will be welcomed by hosts. Early years of life excellent. He will worship in a temple. All this possible provided he does not give false evidence and refrains from deception. He will always be in a state of meditation, thoughts of other world and welfare of others. If anybody teases him, the teaser will get cursed. One who shows respect will get blessings. Good years of life are 9, 11, 19, 31, 42, 43, 57, 84, 89, 101, 114. Full benefit of Venus for a period of 85 years. Venus will act like his Minister.

1. Saturn along/adjoining or in H.No. 9.

Benefit from Saturnian things. Motor cars Machinery benefic, comfortable nights. Royal position. But anxiety about exit because of Saturn since Rahu and Ketu somehow get to Saturn. Work started with both nostrils or right blowing benefic. Left breath not good.

| 5. | Ketu exalted. | Ketu decides religiosity. Extremely wealthy and comfortable. |

Malefic Effects (Jupiter House No. 12)

Poor results of works commented with Jupiter. Habit of wearing necklace, gems, company of *Sadhus* and *Peepal* signs of malefic Jupiter. Father adversely affected for 10 years and 6 months or at age of 10 years and 6 months of the native.

- | | | |

SUN

(Lord *Vishnu*, Rearer of All,
Exalted King)

SUN

(Lord *Vishnu*, rearer of all, exalted King)

**Hot by temper, foundation of prosperity, in excess burns.
Made of rays of Mars, shape of Mercury and glow of Moon.
Eclipsed by the evil Rahu & Ketu, who govern its benevolence.
Exalted Sun makes Moon, Mercury and Venus benefice.
Ketu in 1st and Mars in 6th always elevate the Sun.
In 6th-7th while it is afire, still remains bountiful.
Giving up salt, helping friends' father exalt it.
Conjoined with enemy destroys Ketu (a), saved by alms.
Even an enemy helps if it is posited in H.No. 1, 5, or 11.
If Sun aspects Moon when not posited in 1st.
Everything becomes good after half age of Moon.
Whenever Mercury aspects Sun whatever the degree.
Both give benefice results be it health, money or mind.
When Sun aspects Saturn, Venus gets adversely affected.
Saturn prior to Sun, makes male planets, wife good. (b)
When Saturn & Venus aspect Sun it gives painful death.
One's wealth is lost in building houses of relatives.
Sun if posited in H.Nos. 1, 4,5,8,9 & 12 is always benefice.**

- a) Sun when debilitated or in malefic houses becomes destructive (angry), affects the fortune of family and father. Rahu-Sun gives dirty thoughts, Venus-Sun spoils love, Saturn-Sun gives deception, Sun-Ketu makes one suspicious, adversely affects gait. Death of red cow/buffalo, shrinking of parts of body, continuous flow of spit (for progeny), confrontation of Sun and Saturn (wife) are malefic signs of Sun.
- b) Propitiation of Sun itself helpful other than when Sun itself is malefic.

Sun is the name given to light in the sky, heat of the earth, magnanimity of the King, truth, rearing and prosperity. For an individual, Sun governs royal position, owner, father, mental anxiety, own work, official work, education, bones and palpitation of heart. Its presence makes the day and absence causes night. It is the soul of the human body and gives strength to help others. Coolness (Moon), heat (Sun itself) redness (Mars) and empty circle (Mercury) are essential components of Sun. It is the foundation

of air and wisdom of Jupiter, worldly wisdom and luck. Jupiter is the carrier of virtues of Sun. Apparently, moving but being in fixed position are wonderful traits of Sun.

Effect of Sun in 12 Houses

While in 1st, it makes the native a King and philanthropist, gives comforts in 2nd, unbounded wealth in 3rd prosperity in 4th. Gives sons in 5th, but causes financial worry in 6th. May cause shortage of family in 7th, makes a renowned King in 8th. Increase in family and wealth in 9th, good health and finances in 10th. Fully religious in 11th and comfortable nights when in 12th.

House No. 1

The native will give full help to father though he may not expect anything from his son. May not inherit anything from his father but will certainly leave behind inheritance. An impartial King. Strong but inwardly kind hearted.

House No. 2

Like the light of the temple. Religious, medium financial status, even-natured, a small time King. Will certainly give prosperity to friends, children and relatives though he may not be so wealthy. **Service of Sadhus will bring prosperity.**

House No. 3

Someone having strength to scare and deny death. Would himself be rich and share his prosperity with others too. Harsh on falsehood and bias. Mercury the Lord of this house would tend to make the jungles so thick that Sun rays do not penetrate them but Sun will be so strong that its heat will cause fire in the jungle. **It is obligatory for a person with Sun in H.No. 3 to look after others too. Otherwise, he would himself be destroyed.**

House No. 4

Positively a King, whether born in a royal family or not. He may have started his life like a pauper but he will certainly make riches available

to his children. His father may have wife like relationships with many women but the subject himself would be of high character. The native would prefer to suffer himself but will not allow others to suffer. If he keeps any other person's wife, he will remain or become issueless. He would have capacity to give pearls in alms.

House No. 5

A person who is a symbol of humanism. A respected King who will make a temple out of his blood relationships. As he grows, so would his wealth grow. Lucky by birth. Spendings will bring prosperity to children. He would favour freedom for those in bondage.

House No. 6

A foolish King. Sun's heat does not extinguish even at night. When a field of wheat goes afire, only one who gives milk in place of water and blesses the wrongdoer even may survive. He would be obstinate like a banished King. Foolish enough to see his subjects perish. He may have to encounter misfortune but would never be evil hearted or foulmouthed.

House No. 7

His birth may raise false hopes but he may be unlucky to start with. By his wisdom, still he saves himself from total destruction. As he becomes self-dependent, he starts earning his bread and prosperity comes. He still remains a King without a crown. Even if he is born in a royal family, he will not be enthroned as King. He should adopt the policy of strong approach in dealing with royal matters and softness in business dealings.

House No. 8

He will stall death if he is present. Even if **born** in poverty, he will rise to become a King. Nobody will harm him but whatever is lost will not come back. If he is rich, his riches will grow. If he is a beggar, he will not get alms. So long as he does not harm his own blood relations, he will not get destroyed. He will have the disposition and strength to review the dead.

House No. 9

A royal doctor who has capacity to cure even without administering medicine. Will be a source of strength to his friends and family.

House No. 10

One whose worth is not recognised. The world fears honesty of such a person. An arrogant, obstinate King who will prefer to perish than bend. Unsparing even for his own kith and kin. A friend of friends and an enemy of enemies. Apparently truthful but inwardly clever and cunning.

House No. 11

Greedy but religious and forgiving. If he eats meat (Saturn) with bread (Sun), then in conflict of Saturn and Sun; Ketu (offspring) will suffer. A firm believer in doing good to others.

House No. 12

A carefree King who has comfortable nights. In his Kingdom even monkeys would learn the craft of building houses but if there is religiosity, it will lead to daytime robberies. **To ward off discomforts, service of Sadhu and rearing of Venus will be helpful.** There may not be happy mornings, but Sun will act like a saviour. Despite adversities all around, he will be saved from being ruined. He will not become poor or childless.

Effect of Exalted Sun in Various Houses and its Relation with other Planets

An exalted Sun gives worldwide fame, prosperity, long life (100 years). At bad times, its malefic effect remains hidden like a dream. The native will not have to ask for favours from anybody but instead would oblige others. He would take the blow himself but not allow anybody else to be harmed. His end of life will be peaceful and glorious. He will start earning from royal court from the age of 23. Rahu and Ketu would be indicators of Sun's benevolence. When Sun is exalted, Moon, Venus and Mercury will give excellent results. Ketu in H.No. 1 or Mars in H.No. 6, exalts the effect of Sun wherever it may be posited.

1. Sun aspects Moon but Moon's effect will remain subdued for Sun is not in H.No. 1 half of its period. Thereafter, Moon will give its exalted effect like Sun. Dry wells will spring with water. (Natal chart for the years 6-12-24 and annual chart for 3-6-12th month).

- | | | |
|----|--|---|
| 2. | Moon aspects Sun | No contribution from Moon to Sun. Its own effect may dilute. |
| 3. | Mercury in H.No. 6 and Sun unpolluted. | Own pen will cause increase of royal wealth. Honest earnings will help. |
| 4. | Sun aspects Mercury 100%. | Help to Sun. * |
| | Sun aspects Mercury 50% | Wife's luck shines. In-laws will be rich. |
| | Sun aspects Mercury 25% | Yoga practice, Astrology, Maths excellent. |
| | Mercury aspects Sun. (whatever to the degree of aspect) | Excellent effect of Mercury. Health, brain power, wife, all excellent. |
| | Saturn aspects Sun 25% | Sun's effect destroyed but Venus will flourish. Maths & editing improve. |
| | Saturn aspects Sun 50% | Items of Saturn helpful. Magician |
| | Saturn aspects Sun 100% | |
| | Sun aspects Saturn i.e., Sun in prior houses to Saturn | Venus gets destroyed. Wives will die one after the other but his physical prowess will not diminish. |
| 8. | Saturn in prior houses to Sun. | <p>Dilution in effect of Sun. Due to Saturn's poison, Sun light will be destructive. Poor physical health but Moon, Mars, Jupiter, Mercury not effected.</p> <p>Remedy - Keep a half baked earthen pot full of water in Southern direction of the house. Don't allow its water to dry for 40/43 days.</p> |
| 9. | Rahu, Ketu, Saturn in H.No.5 (root of Sun) and Venus Moon, Rahu H.Nos. 2, 7. | Doubtful age of parents. Items of the house in which Venus is posited would be adversely affected but Venus will not adversely affect the house in which Sun is posited. |

When Sun gets support from its friends (Moon, Mars, Jupiter) or if the native does not eat (much) salt, he will grow ahead of his father in worldly affairs and good deeds.

A chart having Sun in H. Nos. 1,5, or 11 becomes adult. Sun of H. No. 1 will be helpful to planets with it whether they are its friends or enemies. When Sun is in H.No. 5 or 11, other planets will themselves come forward to help Sun; even if they are enemies of Sun. However, if there is Sun-Rahu (Solar eclipse), Moon-Ketu (Lunar eclipse) combination in the chart, no planet will give benefice results till age of 45.

Sun alone, even if debilitated or in a bad house never gives malefic effect but instead, Ketu (son's fate, age, comfort to father) will become a casualty. Fits of anger will cause destruction. **Public service and donations will remedy the situation.**

Whenever Sun comes to H. No. 1, Venus becomes malefic but Sun will be excellent for itself. **In such a case, take help of Mercury.**

Sun will not give benefice effect w.r.t. items of houses No. 2, 6, 7, and 8,10,11,12 if posited alone in these houses but it does not imply that its effect will be malefic. If Sun is with enemy planets (Sun-Rahu, Sun-Saturn, Sun-Venus, Sun-Ketu) and in transit comes to the same house, it will give malefic results. In such a condition, effect of enemy planets during their periods will also remain malefic. Supposing Sun-Venus are in H.No. 5. At age of 25/34, the skin of wife will be adversely affected. **Help of Mercury should be taken** but if friendly planets (Moon, Mars, Jupiter) are also there, along with enemy planets and Sun, the evil effect will pass onto items related to friendly planets in that house. If enemy planets are in prior houses by position or aspect (1, 2, 3 numerically), the effect of Sun will become malefic. If enemy planets are after the position of Sun, the effect will be on enemy planets and their houses.

Remedy

If Sun's effect is malefic on other planets, improve friendly planets (Moon, Mars, and Jupiter). When Sun is in H.No. 6, 7, the remedy of Mercury will help and also by destroying Moon. (Extinguish fire at night by throwing drops of milk on it). Whenever any planet is being destroyed by Sun itself, then remedy Sun itself. When Sun's own effect is being destroyed, then improve (purify) the planet which is causing this damage.

If Sun alone is in houses Nos. 2,6,7,8,10,11,12, its benefice effect will cease on items related to planets (Venus, Rahu, Ketu & Saturn) who own these houses by lordship and exaltation.

Effect of Sun's enemy on body and other related items

Sun's Enemy	Part of body	House of enemy	Related items
Venus	Kidneys	2	Wife, savings, beloved, mother, aunts, potato, cowshed, <i>ghee</i> , white camphor etc.
Ketu	Backbone	6	Sun, relatives, before birth, material uncle, maternal parents, rabbit, male sparrow
Venus	Skin	7	Outside woman, marital life, white cow, skin, barley, bronze vessels.
Mars-ve	Ears	8	Male-female, Scorpio.
Saturn	Knees	10	Ancestral property, comfort of parents, black salt, oil, iron, wood, eyesight, age, hair, place of abode for 3 years, crocodile, snake's body.
Saturn	Hips	11	Earnings till death time, purchased house, number and age of children, first ruler, physical prowess, decision of effect of Rahu & Ketu.
Rahu	Skull	12	Curse on wealth, bones, brain, works, ill repute, common age of husband wife, coal, elephant

Mercury and Venus make an artificial Sun. In this case **remedies are:-**

- i) Take jaggery before starting work,
- ii) Flow jaggery in water,
- iii) Extinguish fire at night with milk,
- iv) Wear Ruby in copper between 8.00 a.m. to 10.00 a.m.

H.No. 1 is Sun's fixed house. It is benefice in H.No. 1,2,3,4, 5,8,9,11,12 exalted in H.No. 1, debilitated in H.No. 7. H. Nos. 6, 7 and 10 make Sun malefic. Rahu, Ketu & Saturn (RKS) are enemies of Sun. Moon, Mars and Jupiter are its friends.

SUN IN HOUSE NO. 1

**The world could have turned to ashes by fire.
 Only due to religiosity, this world survives.
 Sun in H.No. 1, 5, 11, makes one a pious King (a)
 In built influence of Saturn always causes disharmony.
 Wealth increases with Moon H.No. 2 and Saturn H.No. 11.
 Venus coming to 7th, shortens life of father. (b)
 And Saturn in 8th causes death of wife after wife.
 With Mars in 5th, loss of son after son.
 If Sun's friends are poor, so is the Sun itself
 Mercury-Venus together gives lifelong prosperity.**

- a) Relies on what he himself sees, respects old thought, helps the poor, religious. His fortune will shine after marriage if his house No. 7 is blank.
- b) Wife health poor. May even have T.B.

Benefic Effects (Sun House No. 1)

A King like officer. He would have matured outlook in life. Such a native will build charitable houses and wells. He serves his father but may not be blessed with any property from him. He may not have many younger brothers/sisters and have fewer comforts from his children but will serve them too. His adversaries and enemies would perish. Generally the condition will be below average. When a planet posited in 8th house (if any) transits 2nd House, he will gain in profession and wealth. The 13th, 29th, 41st, 54th, 64th, 72nd, 78th, 86th, 98th and 119th year of his age will be favourable.

Remedy

1. In this case, best remedy will be that one should keep clean and sober outlook, one should be a strong administrator and a soft spoken businessman.
2. If Saturn is posited in H. No. 1 or afflicts Sun, remedy of Moon will be beneficial. One should extinguish the firepan with milk after preparing dinner. Benefic effects
(Sun House No. 8)

Those affected by Saturn and Mars negative will now get positive results. His presence will rejuvenate the sick and dying so long one of the **worldly** dogs is not present or one does not become one and one does not steal.

Friendly planets in H.No. 1

or Mars positive

Mars and Saturn will give benefic
results instead of **malefic**. Benefic
results of Sun and friendly planets.

Malefic Effects (Sun House No. 8)

If Sun is alone in 8, it will give malefic results in conjunction with Saturnine things (like snakes, poisonous reptiles). Illicit liaisons will cause havoc. If the native is eldest brother or worships a cow, it will give long life. White cow will cause losses. Southward entry gate will be first indicator of death in family. Fond of three dogs of the world and theft. If given to multifaceted temper and philandering, it will destroy the person and his progeny.

Sun in 10th House is unfavourable for ancestral property, comforts from parents. **It** causes affliction in eyesight, loss in business of oil, iron, wood and buffaloes and longevity (items of Saturn). Links with in-laws inauspicious.

If such a person talks about his misfortune and narrates the stories of his miseries, these become the foreshadow of his ruin. One may be learned and his ancestors may be religious but **if such person remains bareheaded, he will face failures everywhere.** If there is source of light from western wall of the house his neighbour is not blessed with a child. It will be a sign of bad luck. Without support of male planets, royal affairs suffer. Sun alone in H.No. 10 is always malefic. His merit would not be recognised. Extremely honest, obstinate, unsparing and arrogant.

Poor Saturn, Mercury in H.No. 3 and Moon in H.No. 8.

Donating raddish will be beneficial (a)

- a) Donation of white vegetables: keeping items of Sat (almonds) at bedside and giving them away in the morning will be beneficial.
- b) Do not accept items of Saturn as gifts. If Mercury is malefic or one eats items of Saturn, giving away live goat will be beneficial.

Benefic Effects (Sun House No. 11)

If such a native is a vegetarian, he will be blessed with a son at the earliest. If religious, he will lead a comfortable long life. A man of power and authority. If such native is not afflicted by the bad deeds indicated by Saturn (addiction to meat, wine, women etc.), he will be blessed with three good and lucky sons. Gains from govt., comfort seeking.

Malefic Effects (Sun House No. 11)

Sun posited alone in this house has malefic effect on items of Saturn like, life long income, purchase of readymade houses, respect, power, spiritual power, decision about effects of Rahu & Ketu. If he is a meat eater, it will be like eating flesh of one's own kith and kin for 45 years. Male offspring will be lost especially when there is a tree in adjoining street. Coming of his bad days will be indicated in his dreams (like snakes), quarrels, abuses, false evidence, cheating. Saturn will obliterate positive effects of Sun; and in H.No. 11 (which is court of Jupiter) Saturn will issue death warrant of Sun. That is, use of Saturnine items like meat and liquor will cause death of children. **In such a case donating a live (male) goat will be helpful.**

5. Moon in H.No. 5 Short age of 12 yrs. only. Will deprive male issue. Or dead male child will born.

SUN IN HOUSE NO. 12

**(A carefree king - comfortable sleep,
but burnt by fire lit by others)**

**Problems of others, bail or evidence are unfavourable.
No quarrel between Saturn and Sun, nor Venus/Mercury malefic.**

Effect of Jupiter may be doubtful, but native/wife happy.

If one is pious, gets progeny, evil gives no benefit.

Whether rich/poor, would not deviate from religion.

Rahu-Ketu in H.No. 1 service problems, discomfort, loss of sleep.

(a)

Forgiveness in adversity always brings conquest.

- a) Eclipse in service matters, but excellent for business.

Benefic Effects (Sun House No. 12)

Sun in this case is under the influence of Rahu. This will give happy domestic life but the more one is religious, more one will be blessed with comforts, wealth etc. If he has small flour mill (Venus-Mercury in the chart) in his house, he will not be deprived from wealth etc. If not favoured by the Govt., gain through business is indicated. Whether one is a master or servant and poor, one would not be without religion and progeny. He may be highly propertied, very knowledgeable and brave.

Works of Saturn like machinery work will not be profitable but even then to be a religious is certain. Till the courtyard of a house remains, Sun will remain favourable and the native will become prosperous. No conflict in Sun and Saturn. Mercury and Venus - benefic. Jupiter may be doubtful.

- | | | |
|----|-------------------|--|
| 1. | Saturn in H.No. 6 | Domestic bliss. |

Malefic Effects (Sun House No. 12)

Sad, afflict eyes, mental problems, affected by tortures of others.

- | | |
|----------------------------------|---|
| Sun alone in H.No. 12. | No benefic effect of items of Rahu. Head injury, afflicted relations with wife/pleasure of beds, ill repute and enemies. Loss in position and business of Saturn, machinery etc. but because of exalted effect of Mercury gain in business is denoted. As the size of courtyard increases business will increase. Joint business with in-laws and other traits of Rahu will be unfavourable. Jealousy, living in dark houses, troubles of others, false evidence, bail or defalcation will bring evil effects of Sun. |
| 2. Rahu-Ketu & Saturn in H.No.1. | The native will become poor, Sun will be unfavourable, sleeplessness and disturbed peace of mind is indicated. To avoid the evil effects, one should for give enemies, This will give success. |
| 3. Moon in H.No. 6. | Either the native or his wife or both will loose one eye. |

Remedy:

Moon

(Lord *Shiva*, Mother, Forest *Land*, Age)

MOON

(Kind Lord *Shiva*, mother, forest land, age)

Moon denotes mind and mother. It takes light from Sun and is the junior representative of Sun. While Sun may be hot tempered, Moon is always cool and carries out its instructions peacefully. The self, body and soul of a man (Sun); head (Mercury), eyes (Saturn); wife and family (Venus), mother and mind (Moon); brothers-in-law (from wife and sister sides) indicated by Mars is positive and brothers, preceptors and father (Jupiter) all seek help of Moon.

It is generally believed in Hindu Astrology that the period after Sunset, the first part of the evening is controlled by Rahu and last part of the night before Sun rise is controlled by Ketu. In between period of night is controlled by Saturn. Full night is denoted also by Moon, whether waxing or waning. This Moon period is shared by Jupiter, Sun and Moon. The evil (Rahu-Ketu, Saturn) try to mix poison in the milk (Moon) and spoil comforts of night. So Moon's influence is over Jupiter, Sun and Moon and also over Rahu-Ketu and Saturn. On this basis, effect of Moon is analysed.

While Jupiter is Lord of all planets, Moon controls age (a)

It reflects effect of Sun in natal chart or transit,

Affected by enemy or polluted, still not destructive

Prior Jupiter and latter Ketu, both adversely affect Moon.

If Jupiter is prior to Moon, but no mixing by aspect

Moon gets spoilt resulting in discomfort to parents

Jupiter aspect benefits mother, older Moon effects later

Mercury prior poisons it, especially in H.No. 3, 4, 7, 9 (b)

Company of evil destroys Moon, affecting age and Venus (c)

Moon destroys Mars negative, blank H.No. 4 or lone planet excellent

Sun's aspect not from H.No. 1, fortune smiles 1/2 Moon age.

- a) Moon effect is divided into three parts: Jupiter, Sun, Moon
- b) Moon in H.No. 3 - Victory in battlefield
Moon in H.No. 7 - Wealth and prosperity.
Moon in H.No. 8 - Protection from death, long life.
- c) Venus becomes useless like spoilt milk, A person with poor Moon will not get benefit in Venusian works, but items of Moon will be beneficial, Ice of water useful but ice of sky harmful.

General traits in 12 Houses

In H.No.1 mother lives long, wealth; in H.No. 2 self-created wealth

Nothing stolen in 3rd, Wealth grows with spending 4th

In 5th, religiosity, wealth, Poor but religious in H.No. 6,

Goddess of Wealth when in 7th if not polluted by Rahu-Ketu

Mother affected in H.No. 8, unbounded wealth comes in 9th

10th polluted, insignificant 11th, destructive 12th.

H.No. 4 if blank, Moon gives excellent results all life.

In case Moon is malefic, it will affect the individual and not the family. In a horoscope when Jupiter is posited earlier than Moon and Ketu is latter Moon is always malefic but in this case when Mercury is benefic, Moon will indicate favourable results.

When Venus aspects Moon, it denotes opposition from women but when Moon aspects Venus, the native will be a man of authority, blended with inner power but given to intoxicants.

Sun will always blend its influence with Moon, be it placed anywhere in the natal chart. Sun linked with Moon, scares away Mars negative.

When 4th House is blank, Moon will give benefic results may be strong or otherwise. A single planet in H.No. 4 will also give excellent results.

The best method to enjoy the fruits of Moon is to get blessings of elders by touching their feet.

Moon-Mercury relations

1. If Moon is posited before Mercury, Moon will have its effect on Mercury. This will indicate benefic results for all affairs other than worldly matters.
2. If Mercury is posited before Moon, Mercury becomes more benefic/effective.
3. When Moon and Mercury are in opposition or aspect each other, finances will not be affected. Heart or mind may be afflicted. One may lead a life of troubles and turmoils leading to depression/suicide.

i)	Exactly in opposition	Very malefic .
iii)	50% opposition	Malefic.
iii)	25% opposition	Minor malefic .

4. When Moon is in 7th House and Mercury in 4th House, it will indicate favourable results but if both are conjoined in 4th or 7th house, they become **malefic**.

Moon-Saturn relations

When Moon aspects Saturn, Moon will confer benefic results whereas Saturn will indicate malefic effects and vice versa.

When Moon and Saturn are posited in different **but** adjoining houses, they will act separately being inimical to each other. The effects **will** be malefic. In such combination, if a house or an underground place is constructed by demolishing the wall of a well, the malefic affects will be like death of the mother, loss of wealth and children. The native may also be paralysed in half the body.

Moon-Rahu-Ketu

When malefic planets like Rahu, Ketu and Saturn or enemies of Moon are conjoined with Moon or aspect Moon, it will become malefic and Ketu will give unfavourable results. Profit through traits of Venus is not indicated, whereas profits through trade or articles relating to Moon will be beneficial. **In such cases remedy of Moon should be done.**

The evil planets (Rahu-Ketu, Saturn) will always pollute Moon. When Moon aspects its enemy planets, it stops giving its benefic results. If enemy planets are posited opposite Moon, the evil effect will be on near relatives of the native but not on his own. (e.g., Moon aspects Sun, and Rahu-Ketu, Saturn are in H.No. 5).

When Sun and Mars are conjoined in a chart, Moon is malefic. In case Moon aspects Jupiter but Mercury, Venus, Rahu or Saturn are posited in 2nd, 5th, 9th and 12th houses, Moon is malefic.

Malefic Signs : (i) Death of a milch animal, (ii) Drying of wells, water taps, water tanks, (iii) Power of touch goes.

Moon in H.No. 1 to 6 -discomfort to mother. **Rear rabbit for progeny.**

1. Worship of *Shiva* and service to mother enhance benefic effects of Moon.
2. Taking blessings by touching feet of elders, *Sadhus* and *Brahmins*.
3. Keep water by bedside at night and watering *Kikker* with it in the morning strengthens weak Moon.
4. Flowing sugar cubes in a white cloth on Monday at moonlight night or before moon.

Sun + Mercury - artificial Moon : **Wear pearl in silver.**

H.No. 4 is fixed house of Moon. It is exalted in H.No. 2 and benefic in H.No. 1,2,3,4,5,7 and 9. It is debilitated in H.No. 8 and malefic in H.No. 6,8, 10,11 and 12. Sun, Mars, Mercury and Jupiter are its friends. Rahu-Ketu are its enemies.

Effect of Moon on water and education

House No. 1

Like clean water kept in utensils or pitcher.

Money spent on education will not be wasted. It will instead be beneficial for getting a govt. position.

House No. 2

Benefic sprouting water from a mountain.

Mother, education, ancestral property, wealth all excellent. Mercury will obstruct flow of sprouting water. No guarantee for comfort from education till father/grand father is alive. For the native himself, his education will make him worldly wise. He may not work in education department but do business like of horses, silver, irrigation department.

House No. 3**Water of a desert.**

As education grows, financial position of father will fall but not break in education so long as Ketu is benefic and is not affecting Moon. Otherwise mother will act like father. Worth of learning will fall as his age advances. If such a person is in education department., he will fall in position. Money earned through education will hardly be useful for his worldly affairs.

House No. 4**Sweet water of a water spring.**

Education helpful. All support for completing education Comfort giving education.

House No. 5**A river which waters populated areas.**

Money spent on education will not give full benefit. While having technical education, he will not get full benefit. While having technical qualification, he will not be able to make use of it. While he does good to others, but himself would not get good in return. Relatives will try to harm him.

House No. 6**Water from infernal sub-terrain, hand pump, etc.**

Education helpful, but one will have to spend a lot of money to get educated.

House No. 7**A river which waters agricultural produce.**

He will complete his education before he gets married. So long as he studies, his marriage will not take place. Education not very productive. The person will be like reincarnation of Goddess of Wealth.

House No. 8**Either nectar or poison.**

Mother will suffer so long as he studies, (either mother or education). His education will be like dry milk. Either he will complete his education, or if does not do so, he will also not allow his children to do so.

House No. 9**Sea water.**

His education will benefit others, but he will not be known as a learned person but comfortable.

House No. 10**Water obstructed by a mountain.**

. Lack of education. He will stone his teachers. Obstructions in his education but he will have expertise in dry medicines. If H.No. 8 is malefic, he will get ignominy everywhere but if H.No. 2 is exalted, Moon in H.No. 10 will be doubly benefic.

House No. 11**A drain of rainy water.**

Either fully learned or totally illiterate.

House No. 12**Rainy water like ice, stones, dirty water of laterine, obstructed stinking water.**

If evil (Rahu-Ketu, Saturn) are badly posited, his house will be destroyed as he studies but if Sun and Jupiter are benefic, his water will be clean and pure. His water will turn into milk. Whether he is highly educated or not, but whatever he learns will prove beneficial. For *Sadhu's* meditation, a platform of silver will be available. His children will be well educated. Even if he is not very well educated, he will be able to manage to get benefits like the educated.

MOON IN HOUSE NO. 1

[Wealth, pure milk, till mother is alive]

If one obeys mother, long life and abundant wealth. (a)
Moon in H.No. 1 is like pure milk, wealth, river in desert.

- b) Moon would come to H.No. 1 in age 1,13,25,37,39,61,73,86,97,109 as per Annual Chart.

This position of Moon indicates that one will be blessed with long life of 90 years. Respected by the rulers and Govt., he will enjoy comforts from 27 years of age. Comforts from children are denoted. The peculiarity is that a number of his brothers and sisters must have died before his or her birth or he may have many sisters before birth and the native was born after long wait by the parents. Financial status of his parents should be average at the time of native's birth.

Such a person should not marry in 28th year or before which will be a source of ruin to him. If one constructs a house or a child is born before 24th year of age, same adversity will be fall on him.

The use of silver vessels for milk advisable. Use of green coloured articles relating to Mercury will be very unfavourable for health. Specially use of a soldered silver vase (Mercury) can affect the health of mother,

who can even become blind between 34 years to 48 years. For protection to family whenever travelling outside for more than 100 days, he should throw a copper coin in running water but on the other hand, donation of milk will indicate favourable results of Moon. One should not deal with milk and other articles of Moon for business.

In order to gain wealth and comforts, one should deal with red coloured articles of Mars, round utensil of silver. Service to relatives, guests, near and dear ones will be a source of wealth. **One should use a bed at night provided with four copper nails on the four legs of the bed in order to have a sound and comfortable sleep or one should water the banyan tree occasionally. This will bring him respect, finance and authority.**

Between age of 24 and 28, he would have abundant flow of wealth. Blessed with a mother, who will enjoy long life. In case one remains dutiful to his mother and receives her blessings by touching her feet etc., it will make him a good scholar and wealthy. Everything will be ruined after the death of his mother. **To ward off the evil results, his mother should donate rice, silver etc. before her death.**

Malefic Effects **(Moon House No. 11)**

Moon in 11th House will give very ordinary results. Ketu wherever posited will denote malefic effects. Ketu will indicate that the native will not be blessed with a male child till the grand mother is alive. In case one is blessed with a male child and grand mother sees him, it will be inauspicious. Either grand mother will become widow or will be ruined or the child would die. In case she is already widow or blind, one will no doubt be blessed with a male child but at the age of 12 years of the child or during Saturn period, either of the two will survive.

Remedy

In such circumstances, if there is a hand pump in the house and a stone slab where the water falls, the mother of the child should wash that slab daily or she should wash her head and eyes with milk or should donate milk in *Bhairon Mandir* or temple. It will reduce the malefic effects of Ketu.

For the long life of children, birth of a male child or for sexual virility, one should take a bar of gold which should be put in fire and on being red hot, be extinguished in milk and taken before the time of intercourse. This process will be repeated eleven times and one will be benefitted to the maximum extent.

In case one has rheumatic pain, the use of milk is unfavourable due to some other disease but the use of above water in which gold bar has been extinguished will be very favourable. The use of above milk will increase the virility of the native or the medicine in which gold or saffron has been used will also be beneficial.

- | | |
|-----------------------|---|
| 1. Saturn in H.No. 3 | Afflicted health of mother, worry, or death. |
| 2. H.No. 3 is malefic | The childhood of native will be troublesome. If following five things happen they will ruin the native. |

- a) If the birth of a daughter falls on Wednesday or articles or business for articles related to Mercury is done on Wednesday.
- b) A marriage of the native or of any blood relation falling on Friday.
- c) To construct or demolish a house on Saturday or to deal with articles connected with Saturn.
- d) To donate or accept donation in the morning or to deal with articles of Ketu.
- e) To sermon or to hear sermon in the evening (Rahu) or to deal with the articles of Jupiter in the evening (Rahu).

Remedy:

To ward off the above evils, the mother should shift from present place to another place at the time of birth of her child and should never touch or see the child for 43 days. In case the wife of native has her Moon also in 11th House, then the mother of the native should also observe the above for a period of 43 days.

- | | |
|--------------------|--|
| 3. Ketu in H.No. 3 | Death of child or mother, loss through voyages and through misguidance of somebody is indicated. |
|--------------------|--|

Remedy:

In order to help the mother, the native should prepare sweet balls of milk product equal to the weight of diet of a man and such 121 balls be distributed amongst children or thrown it in the river. Feed milk to 11 persons. 5 and a half Kg. milk (11 bags of half Kg of milk) be given in *Bhairon* temple.

- 2) H.No. 4 is house of Moon, Water will fall on planet in H.No. 4. If there is Mars in 4th which is generally Mars negative it will be cooled by the water driblets. Malefic Effects

- 3) Anxiety and discomfort at night. Inanimate items of Moon will be generally bad.

Rain on deserts is burnt, destroys crops, fortune.
Causes addiction of opium, milk wealth become water.
No wealth, honour, respect, relatives, work & religion.

- 4) Moon's result will be like a dirty water stream in rainy season. Misery all around especially when Moon in H.No. 12 comes to H.No. 1 in-laws are destroyed and the native is not spared. One's religiosity and work are destroyed. **Help of Jupiter will act like a soothing balm.**
- 5) 12th house Moon comes to H.No. 1 in age 12-24-35-46-59-71-82-97-106-111. It will destroy crops. 12th house Moon is in H.No.12 at age 4-17-28-48-55-68-80-90-101-116. It will give very malefic results once again.
- 6) At times of flood, streaks of water are useful but Moon in H.No. 12 is a river which destroys habitat and takes dirty water to fields. When Moon of H.No. 12 comes to H.No.1 or Moon of H.No. 2 comes to H.No. 12, will destroy inherited property.
- 7) As times grows worse results come. Memories of past look like uncertain dreams. One feels like a lost forlorn King. One cries over spilt milk and lost glory. The native says he recalls lost glory of past and becomes desperate. His father was a King. He committed some error or some unknown event occurred and everything is lost.

Everything becomes barren. One feels like a fool decried by everybody.

Malefic effects

Loss of property, troubled native, loss to in-laws when Moon transit H.No. 1. Transit of Jupiter in good house may be helpful. Transit of Moon in H.No. 1 will indicate troubles for the native in his 12, 24, 35, 46, 59, 71, 82, 97, 106 and 111th year of age and will be more harmful during 4, 17, 28, 48, 55, 68, 80, 90, 101 and 116th years of age when Moon transits in 12th House.

Venus

(Lakshmi: Goddess of Wealth,
Luxury)

VENUS

(Surreptitious evil brings bad times)

Love of good life and God are not bad and so alone Venus.
It is the stream of progeny, soil and worldly comforts.
Represents wife for a man and husband for a woman.
Romance is blind in adolescence, despicable in old age (a)
When Sun aspects Saturn, it is Venus which gets affected.
Saturn prior to Sun makes Jupiter, Mars and Venus benefic.
Venus aspecting Saturn, one misappropriates others' wealth
Saturn aspecting Venus makes all planets helpful.
Effect of Rahu is malefic if Venus is prior to Mercury.
And Mercury, if prior to Venus, it makes Ketu benefic.
Sun, Rahu, Moon (enemies) with Venus, spoil each other.
Venus is lord of Saturn's eye and aspects all around. (b)
Whenever Saturn is hit, Venus gets affected (c).
5th Venus gives full family, it is debilitate in the 6th.
In 7th, companion effective, Venus destroyed in 8th.
Venus in 9th pollutes Mars and is tolerant in 10th House.
Fountain of wealth in 11th, most auspicious in 12th.
Crow Line when in 1st and is pious while in 2nd.
Brothers help, gives two spouses if in 2nd or 4th.

- a) Rahu-Ketu together form an artificial Venus. Venus more effective in young age when in H.Nos. 1 to 6, and old age in H.Nos. 7 to 12.
- b) When a planet in a house aspected by Venus becomes malefic in transit, Venus too becomes malefic.
- c) Venus effect goes to the house where Saturn is posited, but Venus will have inverse sight.

General

- 1) Venus is not concerned with destiny. It is only bothered above love and romance. It has the capacity to convert failure to success and vice versa.
- 2) Relations with women, family life, condition of children, all are determined by Venus. Its period is first 25 years. This planet has a

tendency to do evil (since Rahu-Ketu together form artificial Venus) and throw dust in family life.

- 3) Venus represents wife in a male chart and husband in female chart. Venus alone will not give malefic effects, nor will such a person do any harm to others.

Relations of Venus with Mercury

- 1) When Venus and Mercury are in opposite houses, they give individual (debilitated) effect.
- 2) If Mercury is posited prior to Venus, their combined effect incorporates nobility of Ketu. If Mercury is latter than Venus, ignoble prosperity of Rahu manifests.
- 3) When aspected by other planets, the strength of Venus increases but if Mercury is malefic and in prior houses, Venus would not be able to resist poison of Mercury resulting in adverse effect on family matters.
- 4) When Mercury & Venus are outside H. No. 1, 4,7,10 and opposite to each other, the effect of both planets will be poor. This happens during when Venus in H.No.2 - Mercury in H.No. 8, Venus in H.No. 3 - Mercury in H.No. 9, Venus in H.No. 6 - Mercury in H.No. 12, Venus in H.No. 8 - Mercury 2. However, when Venus is in H.No. 12 and Mercury is H.No. 6, both give exalted results. In this case, condition of adverse aspect does not apply.
- 5) When Venus and Mercury are in separate houses and do not conjoin by aspect, Mercury would mix its effect with Venus through its route canal and many times converts malefic effect of Venus into benefic but when enemy planets of Venus (Sun, Moon, and Rahu) are posited alongwith Mercury, Venus will not allow Mercury to mix its effect in it. That is, Mercury cannot spoil, pollute or destroy Venus when Mercury is conjoined with Sun, Moon or Rahu.

Venus and its Enemies

Saturn and Sun are mutual enemies but when they are together, there is no malefic effect. They even out each other but when Venus is posited alongwith Saturn and aspected by some other planet, Saturn in such a case

will destroy the aspecting planet. During conflict of Sun and Saturn, Venus becomes the casualty. When Sun aspects Saturn, instead of Saturn, Venus gets destroyed but when Saturn aspects Sun, Venus will flourish. Whenever there is any enemy planet with Venus by position or aspect, items, works, relatives connected with both Venus and its enemy planet will get damaged.

Relationship between Venus and Rahu

1. Venus is a cow and Rahu is an elephant. When they conjoin, their relationship can hardly be auspicious.
2. Whenever Rahu and Venus aspect each other Venus is damaged. Wealth and spouse both are destroyed. Even one's life could be in jeopardy.
3. Enemy planets in adjoining houses give their respective effects but if Venus is in enemy house and Rahu is in adjoining house. Rahu will destroy Venus as if it were conjoining with or aspecting Venus.
4. If in the natal chart Venus is aspecting its enemy planets, whenever Venus becomes malefic during transit, the enemy planets will pollute the effect of Venus even if they are not in a position to aspect Venus. The same items, relatives, business towards which the native had secret enmity will become inimical and cause of destruction.

His health, power of speech and sight remain good. His relations with female sex and his wife are good, but he does not earn out of Govt. job though he develops relations with a woman earning from govt. Venus gives debilitated results and at times causes damage to its companions. At times the native shows signs of lunacy and brutal behaviour. Indicators are for Saturn (house, machine), Mercury (sister, daughter), Ketu (son, joints of the body). Articles of Mercury (hollow spaces under floor, circular utensils). Saturn (large iron boxes) would be found embedded under the floor. Condition of Mercury or its support to Saturn will make the decision. When a malefic planet of natal chart transits H.No. 1 Venus will be benefic and will ward off evils **but if the wife of the native moves barefooted it will deny progeny. Check the position of Mercury also.**

In such case the best remedy will be that wife should always wear always gold ornament in the head and wash her private parts with curd. This will be benefic for children, OR if two pieces of ornaments of gold are donated at the time of marriage to the man/woman in whose natal chart Venus is in 6th it will be beneficial for progeny throughout life.

Mars

(Hanumanji : An Arms Wielder)

MARS

An Arms Wielder

(Mars acts in two ways : like wax or axe)

Charity and good deeds make Mars benefic.

Evil deeds and revenge are actions of Mars negative.

Mars positive in 3rd, blocks death, Mars negative dominates H.No. 8.

If Mars gets help from Moon and Sun, Mars becomes positive.

Mars negative is scared of Moon, but becomes so in 4th.

Mars is not malefic with Rahu-Ketu-Saturn or mutual enemies.

Positive Mars gives property, negative destroys same.

Mars is fiery in 1st, supportive of the native in 2nd.

Acts like a caged lion in 3rd and fire in 4th.

In 5th makes parents rich, denies sons in 6th.

Rears like *Vishnu* in 7th, destroys brothers in 8th.

Gives Royalty while in 9th and makes a King in 10th.

Makes one a pauper in 11th, destroys Rahu when in 12th.

If Mercury is malefic so is Mars. Planets of 4th decide.

MARS

Before delineating effects of Mars in different houses, some curious but useful relationships of Mars with Saturn, Rahu and Ketu may be considered.

Mars - Saturn Relations

Saturn is a dual planet for good and bad. Rahu and Ketu are its agents. Saturn is more a friend than foe, provided one follows the path shown by it, otherwise it whips sternly.

Saturn is also controller of eyesight. It gives power of quick perception. **Saturn is a friend of Mars but Mars is enemy of Saturn.** Saturn in Mars's House No. 3 becomes poor and makes one penniless.

Mars is a good planet and a one track pusher. When a native is addicted to bad habits or vices, then it pushes the native on that path.

It is for the native to safeguard his interests. It is not wise to involve in vice deeds. Mars or Mars-Saturn in 10th House is favourable.

Mutual aspects

Mars-Saturn

1. Saturn in H.No. 1 and Mars in 4th House are unfavourable.
2. When Mars aspects Saturn, effect of Mars will be unfavourable. Professions, articles, relations connected with Mars will not be beneficial. One may be devoid of progeny but on the other hand, in this case, articles professions and relations connected with Saturn will be lucky and doubly favourable.
3. In case of aspect of Saturn on Mars, both will be beneficial and bestow the native with favourable effect.

Mars-Rahu

1. When Mars aspects Rahu- Rahu is not malefic.
2. When Rahu aspects Mars- it results in diseases of arms, belly or blood and affliction of left portion of body.

Remedy of Moon beneficial

Mars-Ketu

When these planets aspect each other or are in opposition, both become malefic

MARS

Benefic effect

When Sun-Mercury are together in a chart, Mars is positive. If Sun and Saturn are together Mars is negative. Matters pertaining to livelihood, service of brothers, quarrels and conflicts, physical discomforts, 28 yrs. of life are governed by Mars. Umbilical region is the capital headquarters of Mars. Sun rays converge there. Planets in H.No.4 will give a clue to nature of Mars. Giving charity is an important aspect of Mars. Mars alone is like a lion in a jungle. Positive Mars gives its indications through

items of exalted planets of the chart. A negative Mars gives indication of bad events about to come through malefic planets. Mars effect will remain same and steady for one year.

Malefic effect

An epitome of evil and revenge. *Whenghee* (Venus) and honey (Mars positive) are equal, they form poison (Mars negative). If in a chart, Venus is prior to Sun, Mars is negative. But if Mars gets support of Sun or Moon, Mars is not negative. If any two evil planets like Saturn-Rahu, Saturn-Ketu or planets of inimical combination like Mercury-Ketu or Sun-Venus are with Mars, in that case also Mars is not negative. When it comes to strike, Mars will destroy the whole family. If Mercury is malefic, Mars is weakened and behaves like a lion reared among goats. Birth of still born child, loss of one eye and loss of virility indicate malefic Mars.

Similarly wisdom increases by its use by the native.
Given to deceit, Mercury resorts to secret mischief. (a)
It behaves like planet which is its Fixed House Lord.
Becomes malefic with enemies and benefic with friends.
In Moon and Rahu conflict, Mercury gets destroyed. (b)

Mercury if posited prior to Moon is like poisonous water
Planets in H.No. 3, 4,7, 9 become malefic in that case.
If Venus is prior to Mercury, effect of Rahu becomes malefic.
And Mercury if posited before Venus improves effect of Ketu.
If Mercury-Venus do not combine and damage life.
If enemy of either is with them, both are ineffective. (d)
When in Houses Nos. 2,4,6, Mercury gives royal position (e)
In the 7th it converts metal to gold, exalts companion.
Mercury is most damaging in H.Nos. 3,8,9,11 and 12.
A roving King in H.No. 1, 10, gives wealth/family in 5th. (f)**

- c) Jupiter, Moon especially malefic.
- d) Enemies of Venus-Sun, Moon and Rahu. Enemy of Mercury is Moon.
- e) Rahu-Ketu do not give evil effects when Mercury is in H.No. 4. Hence, it is a royalty. Elsewhere Rahu-Ketu are within the circle of Mercury.

While in H.Nos. 3 to 8 Mercury may cause misery, but it will be supportive for Sun for creating wealth. In H.Nos. 3,8, it may cause misery.

Mercury's Relationship with Rahu

Whenever Mercury and Rahu are together or Mercury is malefic (generally in H.Nos. 3,8,9,12) and Rahu is malefic (in H.Nos. 1,5,7,8,11), both will lead to imprisonment, madness, death or destitution even if there is no fault or illness. Mercury's Relationship with Ketu

Whenever Mercury and Ketu conjoin by aspect, Mercury's effect remains unaffected but Ketu becomes **malefic**. Without Mercury other planets also do not have flexibility.

General Comments and Manifestations of Mercury

1. Works and professions of Mercury are : business, craftsmanship, handicrafts, earning wealth with brain power upto age of 34. During regime of Mercury, other things do not matter.
2. Mercury, which is full of poison, when in H.Nos. 1,2,4 does not adversely effect its companion planet. It may be self-destructive but will not cause any mishap. When in H.No. 3, it destroys other planets. As it harms planets in H.No. 11, 12, they will cause further harm like mad dogs.

3. When in company of a malefic planet, Mercury will further aggravate its malefic effects. When it is with a benefic planet, not only will it improve its benefic effect but also become benefic. That is, Mercury will give effect of the companion planet. It is deceptive like a bat at night. **If the stairs of a house are changed (without change in roof or walls), Mercury will get damaged.**
4. **A person with malefic Mercury should get his nostril holed, keep his teeth clean, worship maidens. For better effects serve a goat or donate it. If malefic Mercury causes a stammer, it will not give any other malefic effect. If in a family, sickness persists, give one full dry pumpkin (yellow coloured and hollow from within) in a temple.**
5. Rahu-Ketu move within the circle of Mercury excepting in H.No. 4 where Mercury will give royalty. This is because Rahu-Ketu have taken a pledge not to do any evil in H.No. 4.
6. In **conflict/confrontation** between Moon and Rahu, Mercury gets destroyed.
7. Mercury will help malefic Venus but it would itself get polluted by Rahu-Ketu causing death bells to ring. In fact, in such a case Venus is also in bad houses, Mercury will damage Venus also.
8. If Mercury is alone, it is useless, powerless and ineffective. In that case, it will give results of the planet which is the Fixed Lord of that house. For example :- Mars is sign lord of H. No. 1 but Sun is Fixed House Lord. If Mercury is in H. No. 1, Sun is in H.No. 12, Sun is Fixed House Lord of H. No. 1. Hence Mercury in H.No. 1 will give results of Sun H.No. 12. Similarly, if Mercury is H.No. 1, Sun is in H.No. 4, Mercury will give results of Sun H.No. 4. If Mercury is in H.No. 1, it will also adversely affect sign lord Mars if it is in H.No. 9 and make Mars malefic and ineffective.

Following table will further clarify the position :-

Mercury alone (H. No.)	Mercury will give results of	Mercury will inflict the following planets, if in H.No. 9
1.	Sun	Mars
2.	Jupiter	Venus
3.	Mars	Venus
4.	Moon	Moon
5.	Jupiter	Sun
6.	Ketu	Ketu, Mercury
7.	Venus, Mercury	Venus
8.	Mars, Saturn	Mars
9.	Jupiter	Jupiter
10.	Saturn	Saturn
11.	Jupiter	Saturn
12.	Rahu	Rahu, Jupiter

Mercury in H.No. 3,8,9,11,12 is malefic, stupid, self-destructive, obstructive and for earnings.

Mercury in H.Nos. 1, 2, helps Saturn (in good sense).

Mercury in H.Nos. 3 to 8, helps Sun.

Mercury in H.Nos. 9 to 12, helps Saturn (in poor sense).

Relationship of Mercury with other Planets

Mercury	Jupiter	-	Ash
Mercury	Sun	-	Mercury (chemical Hg)
Mercury	Moon	-	Flute
Mercury	Venus	-	Curds
Mercury	Mars	-	Lion's teeth
Mercury	Saturn	-	White lead
Mercury	Rahu	-	Trunk of an elephant.
Mercury	Ketu	—	Tail of dog.

If Mercury and Saturn are in adjoining houses, construction of courtyard by raising girders in one space will destroy Mercury. Madness, mental disease and loss to sister. Father's sister may occur.

The egg of Mercury is not the seed of wisdom, but copying of wisdom is the circle of Mercury which is born in H. No. 9. Mercury in H.No. 2,4,6 is egg in erect position (she parrot, goat) and prostrate egg (goat) in H.No. 8, 10. Mercury in H.No. 12 is like a rotten egg. Normal

condition of Mercury is in H.No. 1, 7. When in H.No. 3 or 9, Mercury is highly deceptive like a bat. Mercury in H.No. 5 is milk giving male goat/bearded female goat. Mercury in H.No. 11 is like a tree with broad leaves, sermon of she parrot, red necked parrot, imitator of Jupiter.

Route Canal of Mercury

Normally planets in houses third from each other (like H.No. 1 and H.No. 3) cannot meet but through Mercury's route canal, they may get conjoined but will give benefic effects. However, they do not conjoin for malefic effects.

Mercury and Venus together are very auspicious. H. No. 7 is their joint house but when they are in opposite houses (7th to each other), the effect of both of them is destroyed. If they are not opposite to each other, Mercury will conjoin the effect of all planets in its house along with its own effect with the house where Venus is posited but Venus does **not** take the effect of its house to the house where Mercury is posited. Only Mercury does so. In brief, during Venus period (Venus H.No. 1), the effect of Mercury based house would mix with Venus based house but when Mercury is in H. No. 1, the effect of H. No. 1 **will** not go to the house where Venus is posited and all planets in Mercury based house will give their respective effect.

The effect carried by Mercury, if posited prior to Venus will be positive and benefic but effect carried by Mercury when posited latter than Venus will be negative and malefic but if there are enemy planets of Venus in the house where Mercury is posited. Venus will not allow Mercury to carry the inimical effect to Venus house but Venus will not obstruct this mixing if friendly planets of Venus are with Mercury. When Venus does not get support from Mercury, it goes mad but Mercury will carry effect of its house to Venus house if friendly planets of Venus are posited with Venus.

Supposing in this process, Ketu is H.No. 1 and Mercury and Venus are opposite to each other. In such a case, this combination will give negative results. This will particularly be so if Mercury is in latter houses than Venus. In such a case, Rahu-Ketu mix with **Mercury-Venus** and cause havoc for the native during their transit to H.No. 1 but this may not be the case when Mercury is posited prior to Venus. When Mercury or Venus is in H.No. 1, it will not be a malefic combination.

This positive **route** canal effect of Mercury has special significance

for Mars. At times Mars does not seem to be getting help from Sun/Moon. (Mars without support of Sun and Moon is negative) but with the help of Mercury, it can become Mars positive. Mars and Mercury are outward enemies. Without Mars support Venus cannot give children. When Mercury is with Mars, it is like a red necked parrot which will bring about conjunction effect between Mars and Venus and give/save progeny by Venus. In such a situation, the condition of Mercury being latter than Venus will not remain valid. The benefic effect will remain since Mars will give its effect to Venus during transit of Venus to H. No. 1. The route canal of Mercury thus has additional aspect than usual 100%, 50% and 25%. It is so because Venus has mixed effect of Mercury in it. When Rahu is with Mercury, Venus will not allow effect of Mercury to come into it, go berserk and give results of Venus H.No. 8. Similarly, without support of Venus, Mercury will only give flowers and no fruit. One would have sexual power but Mars will not support Venus in producing a child.

Teeth of Mercury

When teeth are intact, one would have control over his voice and capacity to produce children because of Jupiter's power and support of Mars but when teeth are not there, Moon will help. A child without teeth gets mother's milk. When it gets teeth, it will get grains (Venus) to eat. When Mercury is there, one can always expect help of Venus but when teeth go, Mars is no longer in support of Mercury nor will there be connection of Jupiter. The man/woman will no longer be able to procreate.

Secrets of Mercury

1. To understand role of Mercury, multiply house number with respective strength of the planet in it, add all nine multiples and divide by nine. If after division by 9, balance is zero, Mercury will give results of the planet posited in H. No. 5. In this case, Rahu and Ketu get entrapped in the circle of Mercury. Rahu and Ketu will not be able to influence any other planet. Their power has become zero to the circle of Mercury but respective effects of Rahu and Ketu will remain intact. This is because effect of Rahu-Ketu is always there in Mercury excepting in H. No. 4, wherein Rahu-Ketu have resolved to do no evil. If Rahu be taken as key of a watch, Ketu is the dog of the watch. Both are moved by Jupiter but they do their movement

within Mercury's circle. If H. No. 5 is blank, Mercury will give results of Sun as posited.

If after dividing by 9, there is a balance, Mercury will give results of the planet which has that quotient of balance. The following table will be useful for such calculations.

Planet	H. No. of the planet	Strength of the	H. No. × Planet Power
Jupiter	4	6/9	24/9
Sun	3	9/9	27/9
Moon	6	8/9	48/9
Venus	5	7/9	35/9
Mars	5	5/9	25/9
Mercury	3	4/9	14/9
Saturn	12	3/9	36/9
Rahu	2	2/9	4/9
Ketu	8	1/9	8/9
Total		45/9=5	219/9=24+3/9

Balance quotient is 3/9. It is power ratio of Saturn which in this case is in H.No. 12. Mercury, which is in H. No. 3, will give results of Saturn in H.No. 12. Rahu is in prior houses, Ketu is in latter house. The effect of Saturn H.No. 12 would be **malefic**. Thus, during transit of Mercury, Saturn will be twice as malefic since both Mercury and Saturn are malefic in nature.

3. Remedy of Mercury will also entail remedy of the planet whose effects Mercury will give. **If Mercury is in H.No. 3 or H.No. 9, take help of red iron ball but if Mercury is benefic, instead of iron ball, take glass ball and colour it with the colour of the planet whose effect Mercury is giving as above.**
4. When Mercury is in H.No. 12, **take help of planet which it destroys or rear a black and white dog** (not having red colour). Mercury is like a blank book, plain paper, glass and alum. Any addition will effect it accordingly.

Malefic effect of Mercury in H.No. 3 or H.No. 9 or in any other bad house, will improve only when it becomes benefic because of its transit but the first month of that year will be still bad. In comparison with Sun and Mars, Mercury's effect will disappear. Sun with Mars positive will remain dormant for 1/2 period, but will still be doing its secret mischief. Mars positive does have Sun in it and will remain dormant with Sun.

(Bhaironji Maharaj)

SATURN

(Those who Lead an Evil Life
Ridicule Decent People)

The boat of evil does not float for all times.
Nor does the necklace of planets always shine.
Were not Saturn *Munsif*, world would have drowned
Rahu-Ketu along adjoining/aspecting make Saturn an evil
Decides fortune as per Mercury, Rahu and Ketu.
But Saturn always take decisions judiciously.
If Ketu prior to Saturn, Saturn becomes helpful.
But if Ketu is after Saturn, Saturn becomes destructive.
Saturn is the snake, Ketu its tail, Rahu its mouth.
Atrocities of Sun are secretive, Saturn strikes openly.
Jupiter makes cool mountains, Saturn in Jupiter houses heals.
Saturn by nature destructive in enemy houses (a),
Saturn does not strike single son and pregnant wife.
Venus does not destroy offspring, Saturn devours same. (b)
Sun aspect on Saturn, results in damage to Venus.
It Saturn before Sun, male planets, wife are excellent (c).
Saturn in aspect of Venus, one devours wealth of others.
When Saturn aspects Venus, all planets become benefic.

- a) Black (Saturnian) things will always give malefic results whenever Saturn is malefic. Specially when it is in H.No. 5 (destroys progeny) and Mars is also negative.
- b) Mars-Mercury together malefic (like Rahu); Jupiter-Venus together benefic (like Ketu).
- c) Excepting Sun.

**Effect of Saturn on items other than those relating to
H. Nos. 2 and 10**

Prior House	Intermediate House	Later House	Effect
Rahu	Saturn	Ketu	Malefic
Rahu	Ketu	Saturn	Malefic
Rahu-Ketu	Ketu	Saturn	Malefic

Prior House	Intermediate House	Later House	Effect
Rahu	Ketu	Saturn-Ketu	Malefic
Rahu-Saturn	Ketu	Ketu	Malefic
Saturn	Rahu	Ketu	Malefic

Effect in positions other than above will be always be benefic.

General Condition of Saturn on 12 Houses

If malefic, Saturn is thrice so when in 1st. (a)

And twice as malefic in the 2nd.

Even effect when in 6th, but not always malefic.

Like snake in water H.No. 4, devours kids if in 5th.

In 2nd, under protection of Jupiter, its Hqrs is 8th.

Saturn is like God's pen when in H.No. 7, 9 and 12.

In 10th like plain paper and 6th is the ink. (b)

Saturn H.No. 11, son birth, clears all evil, protects.

- a) Addiction to liquor is first indicator of malefic Saturn. Fraud, dishonesty, evil intention, useless thoughts will cause havoc. Illicit liaisons in youth will sow seed of Crow Line. A bad man and a liar will destroy his own roots. During malefic period of Saturn, one would become fond of black things.
- b) Temper of Saturn in 10th is determined by (planet in) 6th house.

General Disposition of Saturn

1. Saturn by nature makes a man detached. One thinks that this world is only a deception. On the other hand, one runs to grapple everything. One wonders why everybody is acting in an inimical manner. Saturn would have these both aspects. It governs houses, property, wealth gained by clever means upto 36 years.
2. Saturn is the unchallenged controller of all agents taking stock of evil and pious deeds, built up property, eye sight. It gives positive results when in benefic condition. It will never give malefic effect when posited in H. No. 2, 5, 9 and 12 of Jupiter. Ketu will be its agent which is the driver of life's transport system.

3. Whatever depositions are made by Rahu and Ketu, Saturn will give its verdict judiciously. When benefic Saturn will give benefic results in 10, 19 and 37th years of life.
4. Since Saturn is like a serpent, its tail will be in the house where Ketu is posited and its head will be in the house where Rahu is in position. If Jupiter is well placed, Saturn will be like a cool prosperous mountain especially when Moon is benefic. Saturn is a great healer when in Jupiter's houses H.No. 2, 5, 9 and 12.
5. Saturn is like a blind serpent when confronted with a pregnant woman or a single son. It will never strike.
6. If Ketu is prior to Saturn in the chart, Saturn is extremely helpful.
7. If Venus is prior to Saturn and aspects Saturn, then other friends, acquaintance, relatives, house, Saturnian items will swallow native's wealth like ants.
8. An alone snake will not poison children but if the chart has two snakes **Jupiter-Venus** (artificial snake with Ketu approach - good and **Mars-Mercury** (artificial snake with evil Rahu approach); they will even bite children. More so if Saturn is in H. No. 5 or **Mercury-Mars** are together in H.No. 5 (Rahu temper).
9. Whenever Saturn is malefic, it would have turned black both from within and without. It will be carrying the death noose to cause havoc openly. Instead of giving alms to a beggar, it will snatch the same from him. Despite depriving others of their wealth, it will make the native poor. It will strike those who benefit it. Dirty liaisons will be a common occurrence. Incidents of arson and even pitiable death will occur. For manifestation of malefic effects of Saturn, its agent will be Rahu, which is depository of poison.
10. Whenever Saturn is malefic, black items will give malefic results. Either with their common location, adjacency or through aspect Rahu and Ketu gang up with Saturn. **In** such a case, Saturn becomes an evil planet. Its evil propensity will reflect itself. Whenever Saturn originally in bad houses comes back to the same position during transit (years 9, **18**, 27, 36), that year will be full of poisonous events and heavy losses. Whenever Moon/Rahu either alone or together are in H.No. 12, they will make Saturn malefic whatever be its position in the chart.

11. Two or more of male planets (Sun, Mars, Jupiter) whenever with Saturn, control it and do not allow it to spill out poison.
12. However, when enemy planets (Sun-Moon-Mars) confront Saturn, their intensity increases and Saturn will turn worse. **In such cases, donation of Saturnian items like almonds, items made of iron such as furnace, baking plates and other kitchen items to the poor or *Sadhu*, giving food to 100 labourers at the same time will be auspicious and helpful.**
13. Whenever Saturn is malefic; often Rahu and Ketu if in adjacent houses give malefic effects.

14. Whenever female planets are conjoined or in adjoining houses of Saturn or linked to Saturn, Rahu and Ketu will give malefic results if in H.No. 1, 4, 7, 10. This is so because Rahu and Ketu are considered as the foundation of Saturn. The same will apply to Saturn in respect of the house in which it is affected by female planets. If enemy planets of Saturn are in company of female planets and are confronting Saturn, in such a situation Saturn will spare female planets but will destroy enemy planets. Saturn's position will be like a snake in front of a pregnant woman. It will not strike (female planets). If Saturn is afflicted by placement of Rahu and Ketu in adjoining houses Saturn while in houses owned by enemy planets, will destroy them (the house owners).

No. 11 will be most benefic and religious. Saturn in H.No. 4 of Moon will revive these paralysed but Moon in Hqrs. of Saturn (H. No. 8), which is also house of death (of Mars) will be debilitated. Since, Venus has borrowed Saturn's eyes, Saturn in H. No. 7 of Venus will be exalted, Rahu is an agent of evil but Saturn in Rahu's H. No. 12 will be extremely benefic. Ketu is an agent of good but Saturn in Ketu's H. No. 6 may give some good results like a spoilt child/fake coin, though it will still be a dangerous snake.

18. Rahu is like head of Saturn (snake) and Ketu its tail (trustworthy). Ears, feet are items of Ketu. A buffalo will be identified by its male (Saturn). When Saturn aspects Rahu, it causes havoc. If Rahu is malefic, results of Saturn too will be malefic but when Rahu aspects Saturn, it (Saturn) will become like Sun.

In such a case, the native will be subjected to litigations, unwanted expenditure, quarrels and becomes very unlucky and nobody will be helpful in case of native's arrogance. This may cause such mishaps/accidents, disease and loss of wealth especially when Rahu, Ketu, Saturn are in straight line and poison Moon.

When the eldest member of the family is of black colour, one eyed or without any child (which all are traits of Rahu) Rahu will not be malefic.

When Rahu transits 8th House, then Rahu will be very malefic and the native will suffer losses, humiliation and hard luck in all the ways. **To ward off these malefic effects, the native should take almonds daily into temple and bring back half of that. JUPITER-SATURN

(A Saga of an Ascetic which cannot be deciphered)

**Jupiter is like rainy clouds, Saturn like a mountain.
 Bring rain, sea (Moon) does not reach desert (Mercury).
 When in house Nos. 3, 6, 7, 9 they form Wealth Line.
 Marriage brings prosperity as also when in H.No. 1.
 Aspect of Venus destroys wealth; of Ketu progeny.**

Like an ascetic's bag, it is not easy to decipher secrets of fate. Planets in H.No. 11 will decide fate of Jupiter-Saturn and if H.No. 11 is blank, Saturn will give its own results. Both will be considered together upto 34 for father's age and upto 43 for prosperity. Jupiter will be 5 units and Saturn 4 units. Jupiter-Saturn will determine the intellectual prowess of the native.

When Saturn is in malefic house and Jupiter is strong, such a person will have a *midas'* touch for others. When Jupiter is malefic and Saturn is benefic, one will conquer all adversity.

Jupiter-Saturn together and Sun comes to H.No. 1

- i) Excellent results when Jupiter, Saturn both are benefic.
- ii) Damaging for self earned wealth and loss of limb when both are debilitated in malefic houses.
- iii) When. Saturn is benefic, Jupiter malefic, loss of wealth earned from government but not of limb and vice versa.
- iv) Jupiter-Saturn will be awakened by the planet in the aspecting house and planet therein will give support for its life i.e., Sun at 20-22 years, Moon 24 years, Mars 28 years, etc.

Benefic Effects

Saturn's deception will be subordinate to Jupiter if the native only asks for his share of fortune from God and has a contended temperament. This will hold good even for Jupiter-Saturn in H.No. 1 (Saturn-debilitation) and H.No. 10 (Jupiter-debilitation). Such a person will have strong intellectual capacity. He will have strength to progress and self-dependence.

When **Venus** aspects **Jupiter-Saturn**, his wealth will be like a mound of soil. More show, less substance. His wealth will be used more by his children and wife. His wealth will increase from day of his marriage.

Malefic Effects

Drinking will spoil benefic effects of Saturn. Given to free food, misappropriation, discomfort in old age, diseased, dirty thoughts. When Ketu aspects Jupiter-Saturn, miseries befall on children.

Jupiter-Saturn H.No. 2

A learned person whose decision will be on Saturn but no guarantee about his luck being good or bad. Moon will give exalted results. He would not be a defamed lover, but a genuine lover.

When Jupiter-Saturn comes to H.No. 2 during transit (9, 21, 33, 45, 57, 65, 74, 96, 105, 117) items of Jupiter, his own health, life of his father may be in jeopardy. Items of Saturn will give indications of the same.

Remedy of Saturn will help.

Jupiter-Saturn H.No. 7

**When Moon, Venus, Mars are benefic, Fish Line,
The poor gets wealth and the rich gets power.
Saturn afflicted, reverse results come.
Mercury H.No. 3 adverse influence, downfall starts.**

Works/items, relatives connected with Saturn will be auspicious (like construction of a house). As one spends, one's wealth increases. Fish Line gives money to poor and power to rich when Moon or Mars or Venus is alive. Progeny will flourish. Such a person will have a large family. He will marry at age of 16 to 25 and have children in quick succession. Excellent results of Saturn. If Venus is unafflicted, one has relations with women. If Moon is unafflicted, one gets support from mother's side and relatives and there will be excellent results of Moon. Mother will have a long life. If Mars is unafflicted (in H.No. 6 or 12), no adverse effect of Moon or Venus. Wealthy through unfair means.

With Sun in H.No. 1, condition of wife's brother may become very poor at Saturn's age (9, 18, 36).

Like a crocodile, he will eat small fish and amass wealth.

Jupiter-Saturn H.No. 10

Own house becomes auspicious. Extremely lucky for himself. Lord *Ganesh* will be benevolent. On the other hand, Saturn may destroy Jupiter and Sun in its house, if Sun comes opposite in H.No. 4. While Sun will burn itself, since it is in House of Moon, it will convert all burnt stone into jewels but Jupiter may not escape fury of Saturn. His wealth will prove destructive for others. Influence of Mercury through aspect will afflict effect of Saturn. Ill gotten wealth may stay for 12 years but home and earnings of Jupiter will vanish. Jupiter's items relatives or works will cause increase in wealth even the Saturn may continue to cause depletion.

Jupiter-Saturn H.No. 11

Mercury moves Jupiter and Saturn in House No. 11.

JUPITER-RAHU

(An Elephant Vanishing a Poor Man's Hut. Asthma for Elders)

Jupiter is the air, Rahu smoke; together form Sky/Mercury. While Jupiter sworn to moves straight, Rahu never does so. From one, it now becomes 12, *Sadhu's* seat full of smoke. Moving together in evening, Jupiter into deep meditation. (a) Neither smoke disappears, nor *Sadhu* awakens. All people of the world are in their patronage. As their conflict grow, Sun (22) appears. Moon (24) becomes the horse and Mercury (17) the wheel. Venus (25) - *Lakshmi*, Saturn (36) - *Bhairon*, Mars (28) - *Cheetah*. Ketu's arrival turns everything into a dream (b) As the elephant look up, finds its head in two pieces. Ketu at feet of Jupiter has two colours, Jupiter sees both worlds. Destiny becomes dual, like a King or a Pauper. Jupiter is dormant - Ill repute, conflict, loss of wealth.

- a) Rahu's Major Period - 19 years.
- b) Ketu comes at age of 12, 24, 48, birth of a son.

Jupiter-Rahu is like fight between a lion and an elephant. The sky reverberates with the trumpets of an elephant. A lion may be killed by an elephant, but will not give up its fight (for nobility) till extinction. An elephant with a speed of lightening does not move along beaten track even if it is hurt by the lion. Jupiter will not deviate from path of nobility. Rahu will not deviate from its crooked path. How long such two travellers can move along. Saffron colour (of Jupiter) when attacked by **black/blue** rays (of Rahu) convert gold into brass. At times brass shines like gold. In brief, fluctuating destiny.

In twelve years, both Jupiter/Rahu complete their journey in 12 houses. The ancestral house of such an individual is filled with smoke.

The lion (fate) goes off to sleep (poverty) bringing misery all round. Relatives of the individual suffer while both the lion and the elephant are adamant. At age of 20-22, Sun dawns; one starts earning and getting support of Govt. For the first half, Mercury effective for 17 years (like a wheel). Moon at the age of 24 provides the horse for the chariot. Wise actions at age of 17 prove auspicious. Royal affairs get support of horse. Venus becomes effective with marriage and introduces *Lakshmi*. The lion of Mars roars at age of 28. Friends and brothers come to help. Saturn rises at age of 36 which sees construction of houses, eye sight and recognition. Family starts having comfort and growth. Ketu becomes effective at the age of 48 and gives dual results. Jupiter wakes up at age of 49 and sees evil effects of Rahu. Rahu finds its head split into two.

Such a person if born poor will become rich and vice versa. As clouds of adversity will disappear with the arrival of a son. Both together form an artificial Mercury. Mercury will like a green parrot chirping **meaninglessly**. Rahu will be of debilitated form. Jupiter will be dormant but would not disappear. If Jupiter-Rahu are in Nos. 1 to 6, spiritual help will come. If in H.No. 7 to H.No. 12, no spiritual help.

Malefic Effects

Excepting when Jupiter-Rahu is in H.No. 2, 12 in other houses at 8/12 years of age, gold would turn to brass and even rust further blue. Even a *Sadhu* will act like a thief. His father will become handicapped between age of 16 to 21. Theft of gold and losses relating to items/business of Rahu and Jupiter at the age of 42. Jupiter-Rahu combination will act like a malefic Mercury. For father, their effect will be like Rahu H.No. 11. For his livelihood, efforts would be anfractuous. It would be like an elephant entering a *Fakir's* cottage. His fortunes, whether be a King or a pauper will fluctuate. From a King he may turn a pauper. From a pauper he may become a King. When he is rich, elephants will bow before him but when he is poor, he will toil lifting the excreta of the elephant.

Remedy

Treatment of Ketu will help. Wear gold on body. If Ketu (son) is also bad, take help of Moon. Wash your ring of cat's eye everyday with water used by a cow. Thereafter, donate articles of Mars. Or else keep with self some barley, wheat washed in water and throw some in flowing water for 43 days.

If Saturn is like a snake, Rahu is its jewel which sucks its poison. Saturn is iron, Rahu is magnet, Saturn an agent of death, Rahu is its vehicle. Both together form a non-poisonous helpful snake which guards treasures. It dies of its own death, but cannot be killed by anyone.

A small black mole represents minor Rahu. Lotus is a black mole smaller than a thumb. Larger than thumb represents an eclipse indicating poor effects.

RAHU-KETU

(Ketu Prior and Rahu Latter)

**Ketu is like the hand of a watch of evil, Rahu its key.
 Moon, Sun give out their secrets, Saturn in H.No. 2 gives wealth.
 When Rahu and Sun meet in H.No. 9 and 12, form Solar Eclipse.
 Lunar Eclipse is formed when Moon-Ketu meet in H.No. 3 and 6.
 Whichever is in earlier houses is dubious in conduct.
 Effect on destiny is latter whether exalted or debilitated.
 Rahu-Ketu are called the Evil, they overshadow all others.
 Jupiter alone moves them both, but they move within Mercury.
 Whether planets are 7 or 9, only these two are real Evil.
 Conflicts caused by the two only without Rahu-Ketu only 7.
 Malefic in H.No. 1, 4, 7, 10 (a) remedy through exalted planet.
 Venus prior to Mercury, Rahu malefic, Mercury prior to Venus, Ketu
 benefic.
 Either in 4th, make effect of Mercury, Saturn benefic.
 Sun/Mercury exalt Rahu, Sun/Saturn debilitate it.
 Moon/Venus exalt Ketu, Moon/Saturn debilitate it.
 If Mercury Sun together are exalted, Ketu is benefic.
 Mercury-Venus give good health, eclipse not effective.
 Rahu is the head of a serpent, Ketu is its tail.
 Jupiter gives out conduct of Ketu and Mercury of Rahu.**

a) If Rahu-Ketu are in H.No. 4, both Mercury and Saturn are benefic.

According to traditional astrology, Rahu and Ketu cannot be conjoined in position; but only do so by aspect in the latter house where second evil is posited. For example., if they are posited in H.No. 1 and 7, they would be considered conjoined in H. No. 7.

However, this condition of Rahu-Ketu being 1 to 7 from each other does not hold for a chart based on Oceanic Thought. They can even be together. Whenever they are separate, wherever they are together by aspect, their combined effect for that house will be considered. Based on this principle, their conjoined effect for 12 houses has been given.

Disrepute, bad times (given by Rahu) would be indicated by Mercury,

but down of good (by Ketu) would be indicated by Jupiter. Rahu is secret evil and Ketu is open evil. When Ketu is in prior houses and Rahu in latter houses, Ketu will be zero and Rahu will generally be malefic. Rahu is tied with Jupiter in the sky of H.No. 12. Ketu is with Mercury in infernal subterranean of H. No. 6. Both are agents of Saturn in H.No.8. H. No. 2 is outward gate of the world. Both Rahu and Ketu form artificial walls which are not permanent, but are collapsible. Their effect is obliterated when eclipse goes. After removal of eclipse, the eclipsed planet comes to its full form.

Rahu or Ketu whichever is in previous houses (H. No. 1 to 6), will mix its effect with the other in latter houses (Nos. 7 to 12). From the consideration of aspect whichever planet is latter would have benefic effect. But there is no guarantee of good conduct of planet in prior houses. Both give malefic results in H. No. 5 and 11 since in these houses, there is no consideration of aspect effect, but there will be no effect on adjoining houses (No. 4, 6 and No. 10, 12). Rahu is chopped head, Ketu is headless body. But in human body, portion above navel is of Rahu and below navel is of Ketu. The headquarter of Rahu is the chin and Ketu's station is the foot. Their front seat is thumb of the hand, H. No. 2 (place for *Tilak* on forehead), anus (H. No. 8). Both give evil effect at these locations. Such evil effects are unfortunate events, evil acts, unnecessary allegations, disrepute, turbulence in family life etc.

Rahu-Ketu together form artificial Venus. When they act as agents of Saturn, they are known as the evil. Matters relating to family life, airy power, business of inanimate objects, diabolical conduct of women, evil deeds in a religious place are all centered in H. No. 2. As agents of Saturn, in relation of animate objects, their location is in H. No. 8 which is the gate of death. It is a place of joint operations by Saturn, Rahu and Ketu. Rahu-Ketu prepare their statements in H. No. 2 announce the decisions of Saturn in No. 8. Both move within the circle of Mercury. As the Mercury, so their conduct. They will move around Mercury. Both planets or alone in No. 4 or with Moon make the native religious and tolerant. Evil planets will not have their effect. All planets will be religious.

To test Rahu, do remedy of Moon. Keep a piece of silver with you. For Ketu do the remedy of Sun. Keep Sun item (like a copper coin) with you; or feed jaggery to a monkey or throw jaggery, copper

or food grain in running water. The impact of these planets will surface. If either of Rahu-Ketu is in No. 8, Saturn would be presumed to be in No. 8 irrespective of the fact as to where Saturn is **posited**. That is to say decision will be as Saturn is. (See benefic condition of Rahu and Ketu).

Malefic Effects of Rahu-Ketu

A person having Rahu-Ketu together in his chart will leave no evil undone. By his own effect, he would bring disrepute, dishonour and misery to himself. According to traditional chart in the house where Rahu-Ketu conjoin, the worldly relations, items of Rahu and Ketu for that house, business, would often be adversely affected and would cause adversity, but if Rahu-Ketu are in No. 6 and 12, this condition does not apply. In these houses, the results of either can both be exalted or debilitated. Bad period of both is generally one year for Rahu and 2 years for Ketu - total 3 years. If Rahu/Ketu both give malefic results (and there is no connection of Moon or Sun) and there is no Solar Eclipse or Lunar Eclipse in the horoscope, Rahu can do harm upto 42 years and Ketu upto 48 years. Their joint evil effect may be upto 45 years. 48 years is the outer most limit. This period would be counted from the year Rahu-Ketu come to H. No.

H.No.	1	2	3	4	5	6	7	8	9	10	11	12
Position in H. No./ Year	1	2	3	4	5	6	7	8	9	10	11	12

Deterioration in nails of hand gives clue to malefic Rahu; of feet of malefic Ketu. This effect will be evident 9 months in advance. If a nail of right hand is damaged, Rahu's Period will be for 6 years. If it is of left hand, Rahu's Period is of 18 years or till age of 42. If nail of right foot is damaged, Ketu Period will be for 3 years and for left side it will be for 7 years or upto age of **48**.

Planets in H.No. 2 give their own individual results. When Saturn is in H.No. 1, and H.Nos. 7 and 10 have planets in them or Moon is in

H.No. 6 it would form a Crow Line. Whenever such a person does any work pertaining to Saturn (like starting his house construction), Mercury of H.No. 2 will attack his father (Jupiter).

Remedy - Same as for Mercury H.No. 2

Jupiter-Sun-Rahu

Being a King, he will behave like a thief. Disconcerting attitude of his relatives. Mixed effect of the three will manifest. Smoke rising from his grain house and his official position will be under cloud. But if they are in H.No. 5, there will be no adverse impact.

Jupiter-Sun-Ketu

Highly malefic effect of Sun. If Ketu aspects Jupiter-Sun, as the degree of aspect so the degree of Maleficence. Extremely malefic effect of the three, excepting in H. No. 5 wherein they will give excellent results.

Jupiter-Moon-Venus (JMV)

Fate will be fluctuating. Sometime rich, other times poor. Sometime happy, other time unhappy. In benefic condition, milk will sprout in the field of destiny (excepting in H.No. 7). Mother will be pious, contented, noble and of good temperament. But this success/prosperity will come to a naught from day of his marriage. His gold and silver will turn to soil.

When JMV are in H.No. 7, he will be highly sexy/lecherous. But if Sun is poor, he would be an unsuccessful lover who would be ill-reputed and destroyed. JMV in H.No. 2, and Mars poor will deprive the native of progeny.

Jupiter-Moon-Ketu

Malefic results of all the three. Depression due to cold breathing air. Instead of water (Moon), one would get urine (Ketu) to drink.

Jupiter-Venus-Mars

Annual Chart Table (Varshpahal)

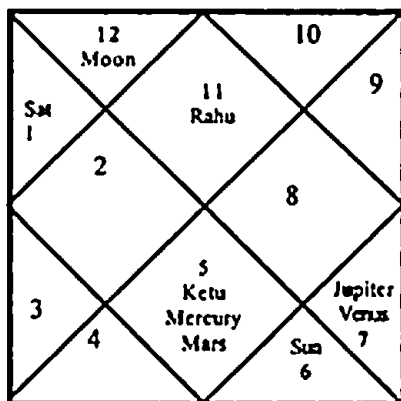

CHART GIVING PLANETARY POSITION WITH RESPECT TO AGE

The matrix given in the coming pages is used for preparing the Annual chart according to **Lal Kitab**. The numbers shown from 1 to 12 are the twelve houses of the natal chart and numbers from 1 to 100 are the age of the native.

Prepare the natal chart according to **Lal Kitab** (C-II) as told in the introduction section of this book by giving the ascendant as House No.1 and remaining Houses as 2, 3 in the anti-clock direction.

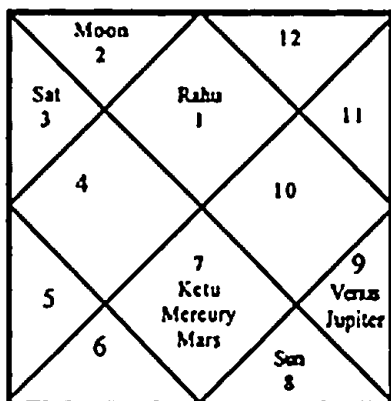

The age of the native is calculated from his date of birth. Now for preparing the Annual chart, first see the number of his/her age in the chart in the line of age for **which** year Annual Chart has to be prepared. Now write the planets of the chart **as** per the corresponding numbers in front of the age below the House. For example, for date of birth 17. 9. 1970 the annual chart would be as C-III

Traditional chart

It may be noted here that prediction for natal chart and Annual chart are same. While examining the horoscope, grammar discussed in the first volume should be applied.

Traditional horoscope

Lal Kitab's Horoscope

While interpreting the horoscope prepared through traditional method, first rearrange the horoscope as per the method told in the Chapter 12 of the **Lal Kitab Volume -I** by giving the Houses as No.1, 2 and so on in anti-clock direction. It may be noted here that No.1 in House No.1 does not mean Aries and No.2 Taurus. In Oceanic Knowledge, while interpreting the horoscope, **Lal Kitab** had given no reference of constellations and Signs (1942-edition- page 334) and houses are counted from the ascendant. Moon Chart also may be prepared according to the method told in the first volume. Here we would like to again underscore that Moon chart would not be that much effective before marriage of the native (male) but after marriage Moon chart would give its full result which is considered the fate brought in by his wife. On the principles of **Lal Kitab** Astrology, first we would prepare a chart having details of relations between the planets which would be helpful in interpreting the horoscope.

According to Aspect, sudden strike help, deception, foundation confrontation the planets would behave as below

Good result of own fate through children. The native would work honestly and this would boost his business. Love extended to children would give fruits in old age. Son would be born on Thursday and luck of both would be like two lions in the field of luck. Prior to the birth of Son, luck would not be that much favourable. However, such person would be short tempered but he would be full *Braham*. He would give due regard to others and devoted to his duties. He would not be jealous of the prosperity of others and would maintain that others be prosper, if not on his cost, would not harm him. If he eats meat (Saturn) with bread (Sun), then in conflict of Saturn and Sun, Ketu (offspring) will suffer. A firm believer in doing good to others. If he would be fond of eating pulses (vegetarian) then male issue would be born early after marriage. He would be greedy but a person of higher status. He would be a religious person, which would bestow him with a happy family and long life (90 years).

If the native continues to drink the water of the earthen pot in his home he would get benefic effect. Money spent on education would not be 'wasted and the native will get benefit from the Govt. He would inherit some qualities from his mother if he had breast-feeding from her. This position of Moon indicates that one will be blessed with long life. Respected by the rulers and Govt., he will enjoy comforts from 27 years of age. Comforts from children are denoted. The peculiarity is that a number of his brothers and sisters must have died before his or her birth or he may have many sisters before birth and the native was born after long wait by the parents. Financial status of his parents should be average at the time of native's birth. Such a person should not marry in 28th year or before which will be a source of ruin to him. If he constructs a house or a child is born before 24th year of age, same adversity will befall on him. The use of silver vessels for milk is advisable. Use of green coloured articles relating to Mercury will be very unfavourable for health. Especially use of a soldered silver vase (Mercury) can affect the health of mother, who can even become blind between 34 years to 48 years. For protection of family whenever travelling outside for more than 100 days, he should throw a copper coin in running water but on the other hand donation of milk will indicate favourable results of Moon. The native should not deal with milk and other articles of Moon for business. In order to gain wealth and comforts, he should deal with red coloured articles of Mars or round utensil of silver. Service to relatives, guests, near and dear ones will be a source of wealth. Between ages of 24 to 28, he would have abundant flow of wealth. In case the native goes out of his home during this period it would affect the mother's health that could be remedied by embedding the articles of Mars. In case, he remains dutiful to his mother and receives her blessings by touching her feet etc., it will make him a good scholar and wealthy. Everything will be ruined after the death of his mother. Wife's health condition will remain poor. She will have mental problems/short memory.

The native would have comforts of conveyance and have animals in plenty. He may hanker after women at the age of 16 to 36 spend his life in Venusian's pursuits and lose control over himself eventually selling his honour for women. Venus in H.No. 1 might slightly damage comfort of children and worldly comfort but one may become reckless for sake of sex; but inwardly the person will remain a *sufi*. While his own health may not be affected, but his wife's health would be affected. He would himself be lucky. Taking counselling from others would be helpful for him.

With Mars in 9th, it is like two lions in a forest or two brave kings in one state cannot survive but separation of the native from his brother would be malefic for him. Therefore, the native should not separate from his elder brother because it would result into two lions playing in the field of fate. Separations would cause havoc. Unity will make both of them invincible. Brother's wife will bring good luck. Both Venus and Moon will give excellent results. Sun will give excellent results like Sun in second House. Prosperity will come if elder brother or articles of Mars or relatives connected with Mars are kept. Excellent living condition will be like victorious warrior Kings. He would get prosperity through military hardware. Actions, deeds and age will be excellent.

Sun is considered as monkey and Saturn serpent. It is the quality of monkey that before eating anything it smells it and if that thing is poisonous it will throw it or crush it between its jaws. In this action the bag of snake's poison will be separated, the teeth of Mercury will take poison and would kill some other person. In the same manner monkey and serpent (Sun and Saturn) escapes from the poison of Mercury and sometimes changes the poison of Mercury in a useable thing. There are no indications of separation in the native's horoscope

A snake with four eyes will not harm the native. Even if one is paralysed, snake comes, sucks, and revives the man. In condition of poverty, items/works connected with Saturn will relieve him from poverty. The native has a number of persons in the family who are doctors. He himself is connected with medical profession for his earning. Help given to those bitten by poisonous elements helpful but sale of snake oil will make him childless. He will see misfortune if he has destroyed Saturn by drinking, getting snakes killed or laying foundation of houses at night. Saturn will act like a watery snake from the moment the native lays foundation of his house. Mother will get snakebite and maternal uncle will be poisoned. His own financial condition will remain destroyed till age of Saturn. Saturn will not give malefic effect the native but due to foolish deeds of his wife Saturn may give malefic effect and Venus would be poisonous. If there are no hairs on the native's chest, he is not trust worthy.

The native has to keep patience for children. Remedy of Jupiter is recommended.

Rahu is of Sign Effect (doubtful). It would be good for father and would enhance the reputation of the native. It would behave like an elephant crossing through mud creating an apprehension whether the elephant would come out without being dirty. The native would be miser which would be a reason of enmity with others.

Jupiter will give good effect to father and *Guru*. It also enhances the power of both in worldly affairs. He would not leave any stone unturned in helping his children. When Jupiter is exalted in the horoscope or in Annual Chart, articles relating to Moon would give their malefic effect. The native would be rich and God fearing.

The native is advised **to perform following remedies to increase the benefic effect and decrease the malefic effect of the planets.**

Jupiter :- Jupiter would leave its malefic effect on maternal uncle or cousins. Ketu's remedy would be useful. When Jupiter is malefic donate the articles of Saturn in temple.

Mars :- Worship *Hanumanji*.

Mercury :- One should keep his promises. One should keep going to temple. Saffron coloured things would give benefit. Flowing of new earthen pot in the flowing water would be useful.

Saturn :- Donations of articles related to Saturn would give malefic effect. Flowing of milk in the well would increase the effect (Financial) of Moon.

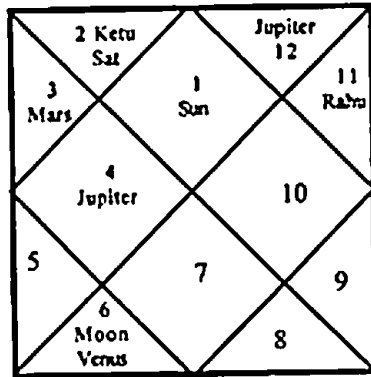

Rahu :- Always wear a cap.

Ketu :- Donation of gold in the temple would be useful or taking blessing from the family priest would be helpful.

There is no planet of Father's debt in the horoscope.

The native visited the astrologer on 14.9.1997 when he was running 36 years. On the basis of matrix given in the second volume of **Lal Kitab**, the Annual chart was prepared. After preparing the Annual Chart it was rectified on the basis of principles told in the book through palm reading.

Saturn: - Construction of a house would give benefic effect to the native. Putting *tilak* of oil would be benefic for the native. Feeding milk to snake would be beneficial for the in-laws. Drinking liquor would be sign of malefic effect of Saturn. Donation of articles of Saturn would be benefic to the native.

Rahu: - Establishing Jupiter would check the malefic effect of Rahu.

Ketu: - The native would have travels which would be beneficial for him.

CASTING HOROSCOPE FROM THE PALM

In oceanic knowledge planets are considered as lamps glowing in their houses and zodiac signs are the place for their lightning. The time of every planet is the duration of the lamp which would give light in that house. For example, the lamp of Sun gives light brown colour and if the lamp of Jupiter also starts giving its saffron light then both would give mixed colour light. It may always be kept in mind **that** the lamp of any planet may glow in anyone's house but the House would also have its effect on the lamp.

The time when the native visited the Astrologer his age was 37 years. The horoscope made at that time through palm is as below:
How the palm horoscope was formed and the reason for writing the planets in that house

H. No. Signs on the palm

- 1  Square on the mount of Sun which is Sign of Mars and mount of Sun has been given H.No.1
- 2 A straight line from the mount of Moon towards mount of Jupiter. Hence it is given House No.2
- 3  Sign of Ketu on the mount of Mars positive which is as signed H.No.3
- 7  Rahu is situated on the mount of Venus which is given H.No.7
- 10 Two branched line is situated under the fore finger and middle finger which is joining Saturn and Jupiter, i.e., Jupiter in H.No.10 which is given the Mount of Saturn and due to line of Saturn, Saturn itself in the House No.10. (own house)
- 12 Different lines are going towards the mount of Sun and Mercury in the house of Expenditure No.12.

Horoscope of the native at age of 37 years.

Interpretation of the horoscope

The planets of H.No.1 and 7 are having 100% aspect. Rahu posited with Mars remains quite. A square on the mount of Mars negative which has been given House No.8. Mars would give its benefic effect. Of course, Rahu would remain inactive in the presence of Mars but it would try to gain mileage from the distance maintained by Mars in the shape of slow poison resulting into bad health of the native's wife. After the Mars's period (14 Years) both (Rahu-Mars) would start giving their effect. The age of Rahu's effect is 42 years and Mars's 28 years. Hence, during the same period both would give their effect and for the remaining 14 years Rahu will act independently. It will affect joint seat of Mercury and Venus (H.No.7) and Sun (H.No. 1). All the three are now posited in H.No. 12 and Rahu is posited in the house of Venus as a guest and Venus with its friends is posited in Rahu's House No.12. Therefore, Rahu will not leave its malefic effect on Venus and otherwise. They may disturb the building of each other.

House No. 2-12:- Having 25% effect. Moon is exalted in House No.2. Sun and Mercury are outward friends but Sun and Venus are enemies. The distant Moon is inimical to Venus and Mercury. In this manner Moon and Sun would destroy the effect of Venus and Mercury. However, the effect of Moon and Sun would be good. Mercury while posited with Sun remains quite till half of its effective period i.e., 17 years and after that it gives benefic effect for remaining 17 years.

House No.10 :- Saturn and Jupiter are posited jointly. In this situation both would give their own effect but Saturn would give its malefic effect Jupiter would also give its benefic effect till half of its period i.e., 8 years though posited with an evil planet. These planets are related with father.

House No.3 :- Ketu is posited in Mars's house which is inimical to Mars but Mars has shifted to H.No. 1 (Sun). When Mars is with Sun it would always give benefic effect and Sun is always exalted with Mars.

The Planets would affect the native in following manner

Jupiter: - The total duration of this planet is 16 years and out of it, Jupiter would give benefic effect for 8 years. After that period, Saturn would spoil the effect of Jupiter for remaining 8 years because Jupiter would not be inimical to other planets but evil planets would give their evil effect when either they come to H.No.2 or Jupiter went to their house in transit. Now

Saturn is posited in House No.10 and Jupiter is posited with it. Saturn would give its evil effect and Jupiter would give its benefic effect till half of its age.

Sun: - It would give its benefic effect throughout his life but it would affect the Venus's effect on the native. Moon is aspecting by 25% but Sun would give 25% help to the Moon

Moon: - No planet is inimical to this planet but if it will call enemies for him then no one can stop him from doing so. Therefore, the effect of this planet, in the presence of Jupiter, would be on the native but it would make Venus and Mercury inimical to it.

Venus: - The period of Sun is 22 years and Moon is 24 years. Both these planets are inimical to Venus. The period of Venus is 25 years. Now Sun and Venus are posited jointly then their effect would start at the same time. Sun gave up its inimical attitude at the age of 22 years. The 25% malefic aspect of Moon ended at 24th year. Now the period of Venus is only one year. On the other side Rahu is also spoiling House No.7 of Venus and if it is posited in its House No.12 (fixed house of Rahu). Though its friend Mercury is with him but it is inactive up till the half age of Sun i.e., 17 years. Mercury becomes inimical neither to Venus nor with Sun. It may start extending help to Venus after 18 years but the age of Mercury starts at 34 years. Hence, the total period Venus is spoiled. With the help of Mercury or exalted Mercury, Venus only gives girl child therefore Venus could not give help in its first circle. Though Venus and Moon are inimical to each other but in the second round Venus which is exalted in Pisces H.No. 12 would give benefic result in its period.

Mars (Positive): - Up to 28 years evil tricks of Rahu would give malefic effect to children, brother, relatives, friends and sight but other related matters would be benefic.

Mars (Negative): -   Sign of Mars negative has fixed this evil planet which is posited in H.No.8 therefore it would not give its malefic effect during its circle in the transit. This planet has been considered in oceanic knowledge to judge the malefic effect of Sun. It means that when Sun is debilitated or when Sun is not with Mars then Mars is also treated as Mars negative. However, when a sign of  triangle is found on the palm at separate place then it would be considered a separate planet.

Mercury: - The period of this planet is 34 years. This planet would help both the friends Venus and Sun. The period of Moon (24 Years) would give

malefic effect to this planet as Moon is having 25% aspect. It would not be inimical to Moon.

Saturn: - According to the natal chart it would spoil the effect of Jupiter but there is no planet in H.No.4 to interfere in the effect of this planet.

Rahu: - This elephant would be checked by the sword of Mars and remain quite but being distant from Mars it would remain inimical to Mars (when Mars and Rahu are posited jointly then sword of Mars would keep Rahu quite) but when the sword is having 100 % aspect then the elephant would try to destroy the sword. It would spoil the building of Venus by virtue of being posited there. It would not spoil Venus because Venus is posited in house No.12.

Ketu: - To escape from this evil planet, Mars is already absconding from its house therefore it can only destroy the building of Mars. Ketu is aspecting House No. 11 with 50 % which is blank therefore it may affect the H.No.1 of Jupiter and leave a black stigma over it.

Blank Houses

House No. 4:- It is house of Moon and planets of H.No. 10 are having 100% aspect over it. Jupiter of H.No. 10 would have benefic effect over it but Saturn would deface the walls of Moon's house.

House No.11:- Only Ketu would interfere in this House. Moon posited in House No.2 aspect H.No.6 by 25%. House of Ketu is like Lunar Eclipse for Moon. Now Moon aspecting Ketu by 25% (1/4 part of Ketu's period - 48 years). After 12 years it would be lunar eclipse. Moon is related to soil and mother.

House No. 5 and 9:- Both are blank. We would take their effect for children, religious work which would be helped by other planets.

House No. 8:- (House of death) This house is aspected by the planets of house No.12 by 25%. This house is of Saturn and Mars (negative). Now remaining planets are Saturn, Sun and planets of H.No. 12 out of which Saturn is friendly to Venus and Mercury. Saturn is inimical to Sun. In their tug of war Sun would have an upper hand, therefore, the year of death would be Moon's Sign and day of death would be Sun's day i.e., Sunday and up till then Ketu's period would have ended.

The remaining effect of the planets could be judged on the basis of grammar discussed above.
